Tide of Toys Drive Begins After Xmas

Toys for distribution to children in Europe and Asia will again be collected here this year, according to officials of American Legion Post 158, sponsor of the drive last year.

The "Tide of Toys" drive will begin soon after Christmas and Legion officials are asking each child from this area to donate, if possible, one toy.

Many foreign children who will receive the gifts have never seen toys, declared the Rev. E. Guthrie Brown, Post 158 commander.

National Legion headquarters has received many letters from the foreign children, expressing gratitude for the gifts. Children this year will be asked to attach their names to their gifts so that foreign children will be able to correspond with the donors.

Toys will be collected through schools and Legionnaires will do all wrapping and shipping.

Electric toys and war-like toys will not be accepted, the Rev. Mr. Brown cautioned.

By Mrs. Fred Shepherd

Make this Christmas Season more meaningful by attending as many of the Christmas services of your local churches as possible. In our community, the Methodist folks will have their annual service with a visit from "Santa" following on Sunday evening, the 24th; beginning at 7:30 p. m. On Wednesday evening, the 27th beginning at 7:30, the Brethren folks here will have their service, and the whole community is cordially invited. Their service will consist of a modern-day dramatic version of the Christmas story. During the service everyone will present a gift for a baby or small child which will be sent directly to World Relief. This will be the offering, and will, we believe, make the Christmas season more real to all. Please come!

If you would like to hear the carolers on Christmas Eve, will you please notify any of the young people of the Nokesville Church of the Brethren know, and they will sing for you. After caroling they will all go to the Souffrank home for a social hour.

The WCSO of the Nokesville Methodist Church held its meeting at the home of the Grover Browns on Thursday night. We have heard such interesting reports of the lovely way in which Mrs. Brown received her guests and how they enjoyed the lovely decorations and refreshments in keeping with the holiday season. The main feature of the evening were the reports of the recent bazaar and supper committees, who performed so well on a recent Saturday night. After all expenses were paid, there was a net of \$563, to which will be added enough to make \$700, that

Christmas 1950

ON THIS MID-CENTURY anniversary of the birth of the Prince of Peace, God-fearing people are again called upon to meet the challenge of atheistic tyranny. Through the teachings of Christ and with the help of our Heavenly Father, in whom we put our trust, we will meet this challenge and triumph over those who seek to destroy the Christmas spiritual liberty of mankind. Yet this is Christmas, the day of days for Christendom—a time for rejoicing and honoring the nativity of our Saviour. Now, more than ever, let us everyone, reaffirm our Faith in God and pray to him to keep us steadfast; to give us strength and courage to meet sacrifices; to guide our leaders in unified statesmanship and unselfish devotion to our country; to comfort those in grief and pain and to bring lasting peace to all the world.

"Neither Sleet Nor Snow Nor Dark of Night.."

Although the Manassas post office is near the bursting point with what may turn out to be a record volume of mail, postmistress Mrs. Elizabeth Davis says postal employees are just about caught up and will deliver all mail by Christmas.

A peak was reached Tuesday and volume is expected to decrease slightly the rest of the week. Ordinarily, Mr. Davies said, the peak would have been about two days earlier, but the rail strike threw matters and postal workers behind.

Stamp sales for Monday were greater than ever recorded during a single day at the Manassas post office, according to the postmistress.

Despite the high volume, Mrs. Davies said post office employees would "do everything possible to see that all mail here will be delivered by Christmas."

The post office will be open Saturday until 6 p. m. and the parcel post window will be opened on Sunday from noon until 5 p. m. for delivery of packages.

Only special delivery parcels will be delivered on Christmas day and post office windows will be closed all day.

Rt. 15 Work Nears End

Completion of construction work on U. S. Route 15 between Buckland and Haymarket is expected in about three weeks.

Workers from Construction Camp No. 28 currently are building a channelized intersection where the new highway meets Route 211 near Buckland. When this is finished the workers will be moved to Loudoun County to extend the highway to Leesburg.

About 19 miles of the highway are now completed. The two-lane blacktop road runs from Buckland through Route 55, at Haymarket and on Route 50. Highway officials expect the road to be extended to Leesburg during the Spring.

Christmas Business Here Is Up 10-15 Per Cent Over Last Year

Business volume in Manassas is up 10-15 per cent over December, 1949, and total sales and dollar volume for the year are probably the best ever experienced here, a survey of local business revealed this week.

Despite the Korean War and world crisis, consumers here are spending more than in any other Christmas season in the past, businessmen believe.

Only one merchant questioned by a Journal reporter said that his business was off from last year. Others gave varying reports of prosperity with increases which ranged from five to thirty per cent over last year.

Merchants advanced several reasons for their greater volumes of business. All agreed that the War has been chiefly responsible, with consumers rushing to buy merchandise which may become scarce in a few months.

A big factor in the increase was said to be the influx of new residents in the Manassas vicinity. And most businessmen are optimistic over the possibilities of even larger numbers of people removing from the metropolitan area and settling here.

With the outlook favorable for continued employment and high wages, resulting from Federal defense efforts, consumers are spending more readily and apparently are confident of the future though facing it with smaller savings.

Local banks report that more war bonds are being cashed this year than last and that savings accounts are dwindling. One bank, however, reported that savings deposits with them have actually increased about seven per cent over last year, despite the record amount of spending.

Although credit buying is higher at Christmas than other seasons, it is not higher than it was December a year ago, businessmen thought.

Even though the cost of living has risen by 20 per cent, it would appear there is more money available for Christmas purchasing than last year.

Electrical appliance dealers are enjoying the greatest increase in sales and dollar volume. Customers, remembering the shortage of all appliances during the last war, are buying now while stockrooms are full.

Automobile dealers are also riding on the peak as motorists rush to replace old model autos before manufacture of new models is curtailed. Despite Federal regulations designed to curb credit buying, purchases of 1951 autos has not decreased. Enactment of Federal regulations designed to curb credit buying has not noticeably affected purchase of 1951 models, dealers report.

Thief Breaks Head Open; Who Pays?

Who pays the bill when a down-at-the-heels thief, pursued by a policeman, breaks his noggin' on a railroad track? Alexandria Hospital authorities were pondering that one this week.

About dusk, Saturday, December 9, Cline Posey of Manassas parked his car in front of B. C. Cornwell's service station on M. in St. and went to the grocery. Returning, Posey then parked his groceries in his car and left to do some more shopping.

A moment later Town Policeman Harold Bowers spotted a man, later identified as Billy Perkey, 30, reaching for Posey's groceries.

Bowers went after Perkey. Perkey dropped the groceries and fled toward the railroad tracks, with Bowers in close pursuit.

Crossing the tracks, Perkey, who had a stomach full, not of groceries but of ABC wares, found the going tough and fell headfirst.

Perkey lay unmoving between the tracks and pursued was apprehended by a pursuer.

A doctor diagnosed the injury as a fractured skull and advised that hospital treatment was needed. So Perkey was admitted to Alexandria Hospital where he lay swathed for six days. When he left Bowers was there to meet him. Hospital authorities presented Bowers with a bill for \$90 and Bowers gave the bill to Town Manager Ritter.

After conferring with Town Attorney W. Hill Brown, Jr., Ritter notified the hospital that the town was not responsible for the bill, since Perkey had not been injured while in custody of a policeman.

The Department of Welfare, who had been looking after Perkey in the past, declared that they were unable to assume the debt since Perkey had been self supporting for the last two months.

And Perkey told Ritter that he couldn't pay the bill even if he wanted to—he didn't have any money.

So Alexandria Hospital authorities are getting ready to sue somebody for the \$90. They haven't made up their minds who.

Meanwhile, Perkey goes about his joyous business while awaiting trial for attempted theft and drunkenness in a public place.

Big Week-end For Children Is Coming

This week-end promises to be the biggest and best of the year for the children with Santa Claus arriving today for a parade and a party. Guided by Rudolph, Santa will come again on Christmas Eve in a whirlwind tour of children's homes everywhere.

These two visits from Santa Claus will not be all the fun though, as a Christmas party at Potts Theater is scheduled for tomorrow afternoon at two. A full-length movie, as well as shorts and cartoons, will be shown the kiddies, according to Henry Marple, theater manager.

The Junior Women's Club and the Manassas Volunteer Fire Department will distribute favors and candy to the children at the theater party.

School children throughout the county will have Christmas parties in their classrooms today and then at 1:30 p. m. will be dismissed for the holidays.

Santa Claus is scheduled to ride through Manassas on a fire engine and then give a party at 2 p. m. in Osbourn gymnasium for pre-school age children.

Proceeding the parade, Santa will visit pupils at Baldwin and Bennett schools.

A supply of the necessary forms which will have to be filled out and mailed to the Collector of Internal Revenue by all farm operators employing farm labor has been received by your local Extension Office as a service to the farmers. Since this is the responsibility of the farm operator, and is an entirely new program, we will be glad to give you information concerning the new Social Security Act and explain how it affects farmers any time you have a chance to come to our office, located in the Post Office Building.

The annual Virginia State Dairy-men's Convention will be held in Richmond, Va., next month on January 18 and 19. A number of interesting speakers are scheduled, and the program will be well worth anyone's time if he can get down to this meeting.

A quickened trend in Virginia toward production of light weight cattle probably will result from the revision of Federal grade standards for steer, heifer, and cow carcasses recently announced by the Production and Marketing Administration. There has been a gradual shift in Virginia from producing three-year-old grass-fed steers for several years. Now, however, the trend is expected to become even more pronounced. The higher quality young beef currently is graded "commercial." Under the new set-up it will fall into the "good" grade, and as such is expected to be in greater demand. The new classification probably will ease the Virginia producer's dissatisfaction over present grading for young beef, but here is little chance of its helping heavy cattle. Briefly the revision includes combining the present Choice and Choice Best grades under the name "prime." Re-naming the present good grade as "choice," and setting up a new grade to be called "good" which will consist of beef from the higher quality young cattle now graded "commercial." The new "choice" beef is that which has been most desired by the housewife, even though, heretofore, it has been graded "good."

THE STAR

I stood alone on Christmas Eve
And gazed upon the eastern sky,
As I have done so many times
On this sacred night in years gone by.

I thought of the precious Christ Child,

Whom God had so graciously given,
I felt as if lifted above the earth
And brought very close to Heaven.
My love reached out to the Precious Son,

So warm, so full, so strong,
I felt that an angel stood near me,
To carry my love along.

I thought of that wonderful long ago,

When the Blessed Christ Child lay

(The lights of Heaven shining down)
In a manger on the hay.

And as I gazed upon the stars and dreamed,

A larger, brighter star arose, or so it seemed.

Up, up and then so gently down,
I think it must have been the

Mince Pie Has Varied History

A wealth of tradition is covered by the crust of the Yuletide mince-meat pie.

Although few people today know it, the pie represents the cradle of the Christ Child surrounded by the gifts of the Magi. It was made originally in oval form, to symbolize the cradle, and the varied ingredients were the gifts.

At one time mince-meat pie was banned, and at still another time in its history, it was the cause of Christmas itself being abolished for a brief period.

For many years in England during the time of Oliver Cromwell, the custom of feasting and drinking at Christmas was regarded as worldly and sensual, and the more strict Puritans refused to eat mince-meat pie during the holiday season. This prejudice was finally overcome after the Restoration.

In the New World, during the first half century after the Pilgrims' arrival at Plymouth, similar troubles caused the banning of mince-meat pies and Christmas. In 1659, and for several years thereafter, there was no Christmas in New England as a result of an argument over the shape and meaning of mince-meat pies. Eventually the indignation spent itself, and the ban was lifted.

A pie which no other can approach in the intricacies of its creation, mince-meat pies originally were made almost entirely of meat seasoned with spices. Fruit, chiefly currants, was added, and probably because the dish was regarded as a sweet, the fruit content was gradually increased until mince-meat became a mixture of fruit and spices, with or without the addition of meat.

The whole world has a part in the making of a mince-meat pie. There are lemons, citrons, and oranges from Florida and California; apples from half a dozen states; currants from Greece; raisins from the Pacific Coast; sugar and syrups from Louisiana and Cuba; suet

Star

That shone o'er Bethlehem town,
That led the wise men from afar
That brought the humble shepherds there.

I called them from the house,
But no one else could see
The golden star of Bethlehem
That shed its light for me.

And then the spell was broken,
And ever as before
The stars shone silent, calm and bright
Upon the Eastern Shore.

—Margaret L. Lunsford

from the Middle West; spices from far-away Ceylon; and other ingredients from far and near.

By and large, mince-meat pies have not changed noticeably since those early days when New England cooks began preparations for making the mince-meat weeks in advance of actual pie making.

History, tradition, and its own merits have made mince-meat pie one of the most interesting of all food products—rightfully occupying its place of honor at the Yuletide feast.

As Samuel Pepys stated in his famous diary about his 1662 Christmas dinner:

"We had, besides a good chine of beef and other good cheer, eighteen mince-meat pies."

Nikolai Bulgannin, Marshall of Soviet Russia:

"Korea has become the banner of the battle of the liberation of the oppressed and dependent countries."

Edith Head, fashion stylist:
"One of the important purposes of clothing today is to cover up imperfections or to disguise deficiencies."

Double Proof

that Dollar for Dollar you can't beat a Pontiac!

① A look at the Car proves its Quality
② A look at the Price proves its Value

In the short time since it was presented, thousands of people have flocked to see the great new Silver Anniversary Pontiac—few cars have ever had a reception to equal this. Most people came to admire, which is natural enough. But a great many people do more than admire, they start figuring—they begin to compare this wonderfully beautiful and desirable car with the modest price tag it bears. No car, at any price, offers more for every new car dollar you invest than a great new Pontiac! Drop in any time and look at the car—then look at the price—you'll be doubly sure that dollar for dollar, you can't beat a Pontiac!

The Glee Club of the School, under the direction of Miss Dawn Arey, helped so much to make the annual party of the Faithful Climbers for their families a great success. Anytime you have a chance to hear these folks, be sure to do so for their music is wonderful.

The Young People of the Nokesville Church of the Brethren were very warmly entertained at the Pastorage on Friday evening. The Fleishmans had planned a wonderful evening of worship, recreation and refreshments for the young folks.

Keep in mind the fact that you will be well rewarded if you plan to attend the New Year's Eve Service at the School Auditorium, which is being sponsored by the Religious Education committee of our District. It's for all. Please plan to attend.

One of the nicest events ever planned by the Nokesville Church of the Brethren folks was held on Sunday night following the monthly night church service. The church was almost filled, with most of the families of the church represented. The members had planned an old-time "pounding" for their pastor and his family, the D. D. Fleishmans. A lovely set of dishes, setting for twelve, was presented to them by the various classes and groups of the church.

Laurentian Skiing

WINTER has come to the celebrated Laurentian Mountain winter sports country, just north of Montreal. In the above photo, a skier is trying the new powder snow near Morin Heights, which with St. Sauveur, Shawbridge, and other popular skiing centers, is easily reached by regular and special ski trains over the Canadian National Railways from Montreal.

RECORD YEAR FOR CHEST CAMPAIGNS

The nation's Red Feather campaigns are headed toward a record breaking total in funds raised, according to C. E. Wilson, national campaign chairman. On basis of present returns, Mr. Wilson, who is president of General Electric Company, predicted that the 1250 local Community Chest drives will exceed a total of \$200,000,000. Previous record (with exceptions of World War II years) was made in 1949 when a total of \$193,000,000 was secured. In 1944 the combined totals of War Chests and Community Chests amounted to \$221,000,000. Mr. Wilson cited the growth of Community Chests as proof that contributors approve of the idea of putting many appeals into one united campaign. "Ten years ago, there were 598 Chests which raised a total of \$90,000,000. Today's figures show more than a 100% increase in both the number of cities that conduct united Red Feather campaigns and the total amount of money raised," Mr. Wilson said. The first 200 Community Chests to report results have raised an average of 100 per cent of their goals and 110 per cent of last year's totals. No national goal is set for the Red Feather campaigns since each community determines its own goal locally. Chest campaigns this year include funds for emergency services to the armed forces and other defense related activities.
