## Auxiliary Firemen For Civilian Defense

A group of auxiliary firemen who are organizing to complement the regular fire department in the event of a civilian defense emergency are shown above as they met in the fire house last Thursday evening. Organization of local auxiliary fire departments has been urged by Prince William civilian defense co-ordinator Hunton Tiffany. The men above are: front row, usual order; Tom Larson, Herbert Runaldo, Berge Jewell, Hunter Jewell, Buddy Merchant, Robert L. Byrd, Jr., Maurice Smith, Eugene Worley, William Johnson, and C. M. Hawkins. Back row, left to right; the Rev. Fred Edge, Ray Gibson, Robert Hall, Monroe, Francis Rosset, Francis Holsenback, Hervis Polen, Max Shepherd, C. C. Lynn, Jr., and Ned Wine.

## Postdated Letter No Help; Nokesville Now In 5th Place

A letter, intended as evidence in their case, backfired on Nokesville last Saturday night and the Northern Virginia Basketball League protest board penalized the firemen five games, in an action that may have cost Nokesville the league championship.

The letter in question, signed by one Eddie Campbell, was presented to the board by Oather J. Pitt, water manager of the Nokesville team, as evidence that Nokesville had acted in good faith when they replaced Campbell with Cleveland Flory. Campbell wrote that he was leaving for the Army, had enjoyed playing with his teammates, so long, etc. According to League by-laws, a player who is inducted into the armed forces may be replaced, and Nokesville contended that they thought the said Campbell actually had gone into the Army. They did not know he still was working in Washington, as was discovered last week, they declared.

At first the protest board officials (Kelly Peach, John Benner, and Curtis) were inclined to admit the evidence, but on a second glance someone noticed that the letter was dated December 9, 1951. Only a year ahead of the calendar!

With that the protest board tossed the case out of their court and, although no one would say so, the

implication was that some patron of the Nokesville team had written the letter for the guy named Campbell after last week's ineligibility rumpus began.

Besides penalizing Nokesville the five games they have won with Flory (one game in which Flory played was lost, legitimately, to the Legion), they declared Flory ineligible for the remainder of the season. The five games lost: against Occoquan Jan. 6, Occoquan Jan. 8, Warrenton Jan. 10, Gainesville Jan. 12, and Hawks Jan. 17.

Considerable re-shuffling of the league standings followed, and now Nokesville is in fifth place with a revised record of four wins and six losses. However, they are not completely out of the running and by winning all their remaining games, Nokesville could squeeze in for a tie.

Warrenton, and Occoquan also have nine games each to play. Nokesville plays Warrenton and Occoquan twice each; and one game between Occoquan and Warrenton is coming up. If Nokesville can win all the way, and if Warrenton can beat Occoquan, then the latter two teams would have six losses each, the same as Nokesville has now. Moreover, the possibility some other team knocking off Warrenton

Continued on Page 5

## Draft Hits Manassas Baseball; Red Sox - Macs Merger Due

Possibilities that the two Manassas baseball teams will be able to field nine men each this year appears slim in face of the draft and players are reported dicker for some sort of merger.

Representatives of the Red Sox and the Macs have informed the Journal that the problem of getting together nine men to put on the field, much less 18 or so necessary for a roster, appears to be insurmountable.

The armed forces' need for brawn has cut in considerably and even if draft calls don't increase by spring, neither team can make it, they ruefully admitted.

Hit hardest are the Red Sox. Buddy Merchant, second-baseman, stated this week that his team now has only six men available for play and that no other possible players are known. "We can't do it," he said. "The boys have been talking over, and we've decided the best thing to do is disband until the war is over. Some of us want to play for the Macs and one or two want to play for Triangle."

Merchant said eight or ten people have stopped him on the street and told him they had rather see in Manassas one good team than two mediocre ones. Neither team makes money the way things have been going and the increased attendance we had one team instead of two would make all the difference in the profit and loss column, he said. Although the Red Sox have not officially approached the Macs, Maurice Smith indicated that the arch-rivals of two seasons would be welcome in the enemy camp. Smith, who is manager of the Macs,

said his team is in pretty tough straits itself and would welcome anybody who knows which end to hold a bat by.

In Triangle, "Top" Amidon, manager of the baseballers there, said he had heard no reports of Red Sox players wishing to come down and play for him, but like the Macs, he could use any player wanting to sign up with the Triangle team.

If the Red Sox fold up and the players go back to the Macs, baseball in Manassas will be just about where it was two years ago. At the beginning of the 1949 season some of the Macs followed Dallas Posey as he jumped the established team and formed an independent team, which has played the Red Sox for the past two seasons.

The offering quickly became stronger than the parent, as the Red Sox took three straight from the Macs last season for the Town championship. But evidently, their strength came from a bunch of teenagers, highly susceptible to the draft. And the old man will be around now while the kids are off fighting a war. It's odds-on that only one team will play for Manassas this year, and it will be known as the Macs.

● Mrs. Benjamin Muse of Manassas is recovering at home from shock suffered in a non-collision automobile accident on Route 234, near Independent Hill. She and Col. Muse, who was driving, were returning from Durham, N. C. when their automobile skidded on icy road, went out of control, and then turned completely over. Col. Muse was uninjured.

## James Colbert, Ex-Policeman, Back on Force

James Colbert, who resigned from the Manassas police force last July charging that Councilman Roy Doggett's "interference" made effective police work impossible, will return to the police force on February 15, Town Manager Ritter reported this week.

Authorization to hire Colbert as a fourth officer was given by Council at their called meeting last Thursday evening, in a stormy session witnessed by one of the largest crowds to ever attend a Council meeting here. Several townspeople urged Council to hire a fourth officer and on two occasions the partisan crowd booed Doggett, who was opposing the move. Newly-appointed Councilman Ferris Gue voted negatively along with Doggett and the resulting tie was split by Mayor Davis' vote in favor of a fourth officer.

Colbert, who served the Town as a policeman from May, 1949 until July 1950, is a retired Marine and has lived here for several years. Town Manager Ritter regards Colbert as "one of the best officers ever to work on the Manassas police force."

In a resignation statement to Council last July, Colbert charged that Doggett "spewed and drove recklessly through Town," and told police who reprimanded him that he would "have them fired." Colbert also objected to nominal punishments meted out in Mayor's Court. Shortly before resigning, a drunk punched him in the nose, as the officer made an arrest and the man was fined \$18 in Mayor's Court, Colbert declared.

## \$3,300 Sought By Red Cross Here In March

Prince William's quota during the 1951 American Red Cross campaign will be \$3,300, it was announced this week. The fund drive will be held March 1 through March 31.

Mrs. Joseph Mills Hanson, chairman for the drive, said the local quota is 10 percent higher than last year's because of increased Red Cross services to our "military forces, the need for more blood and plasma, and a first aid training program for 2,000,000 Americans." Prince William residents contributed \$2,950 toward the County goal of \$3,000 last year, Mrs. Hanson said.

"Mobilize for Defense" is the slogan for the forthcoming campaign and residents of Prince William can help mobilize the forces of mercy for protection and defense of families, communities and the nation through generous support of the 1951 Red Cross fund campaign," Mrs. Hanson declared.

● Town Council will hold a caucus meeting each Friday night before their regular monthly meeting, members decided this week. Probably they are tired if the lengthy sessions which sometimes drag on past midnight and hope to avoid arguments in regular meetings by thrashing out issues at the caucus.

BOY SCOUTS OF AMERICA

## Suit Begins To Force Correction of Sewer System

A lawsuit to force the contractor to correct infiltration of surface water into Manassas' two-year-old sewer system will be entered soon, following last night's Council meeting.

Council instructed Town Attorney W. Hill Brown, Jr. to notify the Langley Construction Co. of Portsmouth that legal proceedings will begin shortly unless the faulty mains are repaired. Langley Construction Co. was the contractor for the \$122,000 project, completed about two years ago.

Town Manager Ritter told the Council there is no doubt that surface water seeps into sewer pipes following heavy rains. Flowage at the disposal plant has been measured at 2,000,000 gallons per day during rainy seasons, while the average flow is only 200,000 gallons per day, Ritter stated.

Correction of the defective system would do much toward alleviating the overload at Manassas' new sewage disposal plant, which was built to dispose only of sewage and not surface water from the entire town, Council thought.

Residents of Manassas henceforth will be prohibited from connecting rain spouts to sewer mains, in a further effort to reduce the sewer odor during wet weather. Council thought that an inspection should be made of two critical areas in town and on South Main to determine if residents there are connecting drain spouts with the sewers. Most of the excess sewer water originates in these two spots, Ritter said.

Councilman Ferris Gue told the Council he had watched while the sewer project was being constructed and noticed faulty workmanship in the project. Pipes were laid in wet ditches and a poor grade hauling was used, he said.

## Irving Fox Serving 30 Days For Hit-Run

Irving Fox of Manassas was given 30 days in jail by Trial Justice C. Lacey Compton yesterday, following his conviction for hit-and-run driving and drunkenness in a public place.

Fox was arrested by Trooper Phil Herndon at 8 p. m. Monday and charged with hit-and-run after Mark Eutler reported his automobile was sideswiped about 6 p. m. as he drove toward Manassas, near Yorkshire.

Compton gave Fox a choice of \$200 fine or 30 days.

● The Nokesville Methodist Charge will observe annual Layman's Day on Sunday, February 4. Services will be held at Asbury Church at 10 a. m., at Nokesville at 11 a. m. and at Centerville at 7:30 p. m. Lay speakers will be heard at the programs.

## Plans For Dispersal Facilities To Be Presented Supervisors At Special Session Today

### Local Scouts Will Manage Town Friday

Next week is National Boy Scout Week and, in observance here, 12 Explorer Scouts from Troop 219 will converge on Town Hall and take over the local government for a day.

The scouts have picked 12 of their members to serve as Town officials, councilmen, and police. They will attempt to run the Town just as it actually is being run today, with one exception. They have appointed a Town Manager and a chief of police, as well. Town Manager Ritter actually serves as police chief, but possibly the boys are taking a tip from recent emphasis on the need for a larger police force.

For mayor the scouts have chosen Billy Springs, Paul Royer will serve as town manager, and Dwight Knupp will be the town clerk. Frank Hoss is the scouts fire chief and Robert Parker will be chief of police.

Town Council, which will meet on Friday evenings will be composed of Scouts Hardesty, Richard Black, Curtis Harrover, and Jack Cross.

Police officers, in addition to Parker, are to be Ronald Black, Julian Rector, and Emory Mayhugh.

All the Explorer Scouts, accompanied by their advisor, J. P. Royer, attended a Council meeting last Monday evening to learn how our local government works.

The Explorer Scout group which includes boys 14 and 15, is one-half of Troop 219. The other half consists of boys under 14 and is led by Assistant Scoutmaster Harold Blevins. Kenneth Aldrich is Scoutmaster.

Construction of a runway at Manassas Airport will be delayed again while new engineering bids are asked. Council resolved bids last week, but rejected the low bid, submitted by Johnson-Williams, Inc. of Washington, because of alleged engineering imperfections in the sewage disposal plant which that firm designed.

Councilman Roy Doggett said no further Town work should be given Johnson-Williams, since it was under their supervision that the Town's leaking \$110,000 sewage disposal plant was built.

The State Corporation Commission has told Council that an engineering survey must be made by June 30 if the Town is to take advantage of a \$15,000 State-Federal grant now available for improvement of the airport.

The Prince William Board of Supervisors were meeting today in special session to consider plans for the accommodation of as many as 30,000 new residents who would move here following location of a government agency in this area.

Realizing that many problems will be thrust on small communities which are picked as sites in the dispersal program, the National Capital Parks and Planning Commission has asked local government officials to suggest plans for providing certain facilities for about 1,000 agency workers and their families who would eventually move near the dispersed agency. Tentative plans call for dispersal of from eight to twelve agencies into northern Virginia and Maryland.

Government officials' awareness that the problem would be too big for a small community to handle alone, is reflected in the request for estimates of how much in Federal funds would be needed by the communities if adequate schools and utilities were to be provided.

Prince William planners are expected to tell the Supervisors that at least \$10,000,000—perhaps as much as \$20,000,000—will be needed for water, sewage disposal, and schools in the event an agency is planted in this county.

Today's special session of the Board was called by chairman J. Murray Taylor at the request of J. Carl Kincheloe, who attended a meeting Tuesday of the Northern Virginia Regional Planning and Economic Development Commission at the Department of Interior. Representatives of the National Capital Parks and Planning Commission and an official from the General Services Administration also attended the meeting.

Representatives of the northern Virginia commission were asked to return to the areas they represent and have local officials prepare plans to be heard at a meeting in Alexandria next Tuesday night.

Amid speculation as to possible sites for dispersed agencies, reports were heard that the Carr Farm at Bristow had been sold to the Government. Investigation, however, disclosed that this was not true. H. J. Carr, of Takoma Park, Md., who is co-owner of the 240-acre farm said he knew nothing of any Government plans to buy the property. A brother, William G. Carr, of Suitland, Md., is also a co-owner. The farm has been vacant for three years, but is leased for sharecropping and cattle grazing. It lies on Broad Run, a possible source of water for building in area.

## Trinity Women to Hear Speech on UN

Miss Eda Willis, who spent a week at Lake Success last fall, observing the operations of the United Nations, will discuss UN next Monday at the monthly meeting of the Church, at the Parish Hall. Auxiliary Woman's Auxiliary of Trinity members are asked to come at 3 o'clock for a short business session.

## Job's Daughters, Bethel 21, Receive Charter

The recently-formed Job's Daughters of Manassas are shown above in a formal picture taken last Saturday evening as they met in Manassas Lodge to receive their charter. Mrs. Florence Moore, Grand Guardian for Virginia, presented the charter to Bethel No. 21. The young ladies are, left to right, front row: Nancy Breeden, Marshall; June Warner, Senior Princess; Mary Elizabeth Bradford, Honor Princess; and Mary Ann Sinclair, Guide. Second row: Ann Walser, Ratcliffe, Second Messenger; Carol Breeden, Third Messenger; Phyllis Richardson, Outer Guard; Carol Luck, Fourth Messenger; Lydia Rice, Page; Gloria Wayland, Librarian; and Peggy Hawkins, Senior Custodian. Back row: Mary Sue Carter, Inner Guard; Patty Lynn Adams, Chaplain; Fay Clark Wood, Treasurer; Jean Childs Wood, First Messenger; Ann Lewis, Fifth Messenger; Sylvia Sinclair, Recorder; and Sue Espenshade, Junior Custodian.

from Korea and stationed at Bolling Field (not Walter Reed) and the grandparents are Mr. and Mrs. John (not George) Donovan.

Mrs. John Samsky and not Mrs. John Carter is at home with her parents, Mr. and Mrs. W. E. Galliday, while her husband is stationed in California.

Mrs. John Cox, President, and Mrs. Nicholas Webster, member, of the Manassas Garden Club and Mrs. Charles P. Kempton and Mrs. R. F. Powell, Home Grounds Leaders of the Brentsville Home Demonstration Club, attended the lecture on "Landscaping" given by Mrs. Annabelle Grimes from the Waynesboro Nurseries, Inc. at the Pitzer Theater in Manassas on Thursday, January 25 at 2:00 p.m.

About fifty persons attended this joint meeting of the Garden Club of Manassas and the Home Demonstration Clubs.

Sunday, January 21, the Ben Breedens had the following guests in their home: Elmer Green, of Washington, D. C., son of Mrs. Breedens, and Mr. and Mrs. Ralph Burke of Bradley Forest. Mr. Burke is a brother of Mrs. Breedens.

The Manassas Journal, Manassas, Virginia

Charlotte and Hazel Breedens spent Friday, January 26, with their Grandmother Burke in Bradley Forest.

Miss Rosa Walters of Yorkshire and Mrs. Ethel Pendergraph of Manassas were evening visitors of Mrs. C. C. Cordell on Tuesday, January 23.

Mrs. Grover Brown, Chairman for the Brentsville District Area March of Dimes campaign, wishes to remind everyone to make a contribution either directly to her or place it in the jars that are located in the various stores in the Brentsville Area.

Thomas Whetzel wishes to remind the bowlers of the Brentsville community that he still needs more team members for the Presbyterian Church team. His phone number is Manassas 0 126-F4.

Nicholas Webster, Motion Picture Director of the Production and Marketing Division of the Department of Agriculture, departed for Richmond for a three day meeting on Sunday, January 28.

Mrs. Thomas E. Didlake of Manassas, Chairman of the Volunteer Service Branch of the Civilian Defense program for Prince William

County, has appointed Mrs. Nicholas Webster to be in charge of the Brentsville community, and Mrs. John Cox as director for the Bradley Forest area. These ladies are busy calling on the residents to fill in questionnaires prior to the organization of classes for training in civilian defense.

Mr. R. B. Bradford of Falls Church visited his parents, Mr. and Mrs. Louis Bradford, on Monday, January 28. Sunday he was a visitor at the Jim Shoemaker home.

Mrs. Rose Bean of Haymarket visited friends in Brentsville on Saturday, January 27.

Mr. and Mrs. Ermine Wade and children of Alexandria were Saturday visitors of Mrs. Grady Shoemaker.

Mrs. Joe Keys entertained fifteen ladies at a Stanley party at her home on Tuesday, January 23. After the party refreshments of homemade ice cream and cake were served.

Mr. and Mrs. Willie Nalls and son, Lewis, of Alexandria spent Saturday, January 20, at the home of Mr. and Mrs. W. R. Stephens.

Shirley Bradshaw, Jackie Pope, Frederick Whetzel and Loren Runyon had dinner, and attended a movie in Washington on Sunday, January 28.

Mr. and Mrs. Clarence Pope and daughter, Della, of Alexandria were Sunday visitors at the R. F. Powell home.

Mrs. Sara K. Ross, mother of Mrs. Anne Keys, is somewhat better and is now at the home of another daughter, Mrs. J. A. Wood, near Warrenton.

Mrs. Emma Wolfe attended the Potomac Presbyterian mid-winter meeting in Washington at Central Church on Wednesday, January 24. She represented Brentsville Presbyterian Church at this meeting.

Mrs. James Cooper has received word of the death of her mother in England.

Sunday evening, January 28, the Charles F. Kemptions entertained the R. F. Powells at their home.

The Brentsville Mail Box Improvement contest is progressing as letters and entry blanks are being sent to the rural box holders of that area this week.

Mr. and Mrs. Joe Keys had as their Sunday guests, Mrs. Keys' cousin, Wm. Heslin and family of Rectortown, her sister, Mrs. D. T. Payne of Longview and their daughter, and her husband Mr. and Mrs. James Burdette and Kay of Washington.

Mr. and Mrs. George Katsarelis announce the birth of a son, born January 21.

Mr. and Mrs. Ed Brawner of Washington visited the former's mother, Mrs. Mamie Sisson on Sunday. The many friends of Mrs. Sisson are pleased to learn that

her health is improving.

Friends who called on the Warfield Brawners and Mr. and Mrs. Waddell Fraley on Sunday were Col. and Mrs. Sam Shaw and son from Alexandria, Sgt. and Mrs. Robert Hookey and sons from Midway, and Mr. and Mrs. Thomas McMichael and family of Rectortown.

Mr. and Mrs. Grover King had as their guests on Sunday Mr. and Mrs. Percy Burdette and Master Billy King, all of Alexandria.

Mr. and Mrs. George Baker and family spent the weekend visiting relatives in Livestville.

Mr. and Mrs. Randolph Brawner and daughter, Jocelyn, visited Mr. and Mrs. Lafayette Price and Mrs. Cora Merchant in Chevy Chase, Md. on Sunday.

Mr. and Mrs. Dasquey from Rectortown visited Mr. and Mrs. T. M. Milligan on Monday evening.

Mr. Herbert Smith visited his two sisters, Mrs. M. E. Bresnahan and Mrs. D. C. Thornton in Hillside, Md. on Sunday.

### Customers' Corner

Many customers have told us how impressed they are with the high caliber employees they meet in their A&P.

The reason so many high-type men and women are daily seeking jobs with A&P is simple:

A&P is a good place to work.

It has always been A&P policy to give employees good wages, hours, working conditions, vacations, pensions and other benefits.

We are proud of the employees who have done such a good job for our customers in the past; and we welcome applications from men and women who want to join us in serving the public even better in the future.

You will be rendering a real service to our present and future employees by giving them your suggestions for making A&P a better place to shop. Please write:

## The Readers' Forum

The editor of the Manassas Journal is the Committee for the Progress and Advancement of Manassas. Who are its members? Our readers should know—in this community where we all know each other to such a large degree—who make up such an important-sounding committee. Their names are even more familiar than the title.

10 years I have used the phone here and at Manassas and have never felt an "impulse" to give I ever "blast away" at the operator for the delay. And have never overheard her do so. On the contrary I always had the feeling that a friendly member of the community at the switchboard.

The telephone service has not been adequate, especially at times when there was only one line from Manassas to Nokesville. It has been vastly improved, and we all look forward constantly to greater improvement, particularly on the Nokesville party line.

But I hear no complaints. Some seem pretty well agreed for the rate charged we should

not grumble. Indeed, the Committee for the Progress and Advancement of Manassas seems to me to believe its name. For what could be more important than to advise and upon what, with all its faults, must be to Prince William, a cherished institution, headed by men whom they consider public-spirited?

It is for this reason that I am again what is the composition of the committee.

"Incidentally I am surprised to read in its advertisement, 'In Manassas... there are more than 2,000 phones...' As I remember the recent census placed the population at less than 1,500. Or am I mistaken?"

Also I am surprised to note that the committee appears ignorant of the news carried recently in the Journal to the effect that the telephone employees voted against being "organized" by the Communication Workers of America.

Is there not something very contradictory about all this?

Percy Noel

The ad in question was inserted in the Journal by A. V. Atkinson, president of Virginia Division 33, Communication Workers of America, and was paid for with a check signed by Bonnie Skelton—Ed.

## County Agent

By CHARLES L. HALL, Jr.

Assistant County Agent  
Pastures will be the key work in Virginia agriculture this year. Farmers throughout the State are making plans to participate in the 1951 Virginia pasture clubs. The trend toward grassland farming is in line with Virginia's rapid shift to a livestock economy, and is particularly sound in view of impending farm labor shortages.

Twelve farmers in Prince William County qualified for pasture club certificates last year and these will be awarded to one of the meetings planned for this spring. Certificates again will be issued to all farmers who qualify for membership in the pasture club this year.

Here are the rules of eligibility:  
(1) The farmer must be a member of a county pasture club or similar organization approved by the county agent.

(2) The pasture must be inspected and its carrying capacity estimated by at least two disinterested persons.

(3) The pasture must be a mixture of grasses and legumes that will provide adequate grazing for one animal unit to the acre for the equivalent of at least 200 days or at least 5 percent of the open land on the farm, or on one acre, whichever is the larger. If the pasture is used exclusively for hogs or poultry, it may be composed of legumes only.

**Egg Price Decline May Continue**  
The steady decline in egg prices, which has prevailed since mid-December, is expected to continue until spring. However, the egg price outlook for 1951 is much improved over earlier predictions. Even with the mid-December drop, the average price in Virginia of 62.5¢ a dozen was 18.5¢ above a year earlier. Last week's egg market stood at a 40¢ level for top grades. The number of layers in farm flocks, although declining seasonally, has dropped compared to last year at so rapid a rate that new estimates of egg prices and production in 1951 will be necessary. The number of chicks to be raised for flock replacements may also increase with more favorable prices.

The new "outlook" from USDA, expected to be out in February, likely will show the situation in light of the 4 percent drop in potential layers, reported January 1. The reduction now in potential layers is twice that on which the earlier outlook was based.

A joint all-day meeting for Prince William and Fairfax poultry producers is scheduled for Tuesday, February 6, at the Centreville

School. Speakers on the program will include Harry L. Moore, A. Lawrence Deane, and Denver Bragg, V.P.I. Specialists. Among the subjects to be discussed are poultry, breeding, housing, feeding, management, culling and selection, incubation, sanitation, and disease control. Arrangements have been made for all who attend to eat lunch at the school cafeteria. This is the first of a series of schools which will be available to Prince William citizens. Of course there is no expense or charge for attending these meetings. An attempt has been made to bring specialists to the county this spring who will bring Prince William farmers up to date on the latest developments in agriculture. Other schools which are being planned for the county are: A county soils and crops school on Tuesday, February 13 here in Manassas. A county livestock school, Tuesday, February 27 at Manassas; county vegetable and fruit meeting will be in February although the definite date has not been announced as yet. All of these schools will be of great interest to the farm people of the County, and it is hoped that they will take this advantage of getting new ideas and additional information.

Most anyone would like to get twice as much for the price of one, but in one instance the dairy farmer is just satisfied with one. This is certainly true in the case of twinning in dairy cattle. As you may have read or heard, twinning most of the time does not just happen, but can usually be traced back to an inherited characteristic through the ancestors of the individual. A cow that twins is materially set back in her lactation and it is usually after her next dry period, before she can regain the body reserve to produce her normal flow of milk.

A study of twinning was made in a herd over a period of 25 years by P. M. Reaves, Professor of Dairy Husbandry, V. P. I. There were 1,884 calvings, 45 of which or 2.39% were multiple births. Of these, one was mixed triplets, and 44 were twins. Twenty-two sets of twins were mixed sex, 10 were males, and 12 were both females.

One family group had 12 sets, (including the triplets) in six generations; one family accounted for five sets of twins. Two families each had three sets of twins, and four families had two sets each.

A survey was made of two twins dropped in eight herds. Sixty-three sets of twins were reported, 15 in five family lines and the remaining 48 apparently independent.

A tabulation of twins registered was made from volume 99 of the Holstein-Friesian Herd Book. In 34,200 females registered, there were 445 sets of twins recorded. From

## Clifton

By Mrs. Inez Kincheloe

The Home Demonstration Club met last Wednesday with Mrs. Jack Detwiler. A good-sized crowd attended.

Miss Priscilla Robey, who has been visiting relatives in Lorton, has returned to her home here. Miss Gertrude Robinson of Washington was at Clifton last Sunday.

Mrs. Nan K. Johnson visited Mrs. Cora Cassidy in Washington last week.

Mr. and Mrs. Jimmie Johnson were Richmond visitors last week-end.

Mrs. Inez Kincheloe visited her parents, Mrs. Wheatley and Mrs. Laura Holt at their home in Washington on Tuesday last.

Mrs. Charles Robert Buckley entertained a number of her friends at a birthday dinner given in honor of her husband on Saturday night.

Mrs. Bessie Buckley visited the Kemper Grills in Falls Church a few days last week.

Mr. and Mrs. Harold Moore of Falls Church were Clifton visitors on Sunday.

Mrs. Will Whitmer continues quite ill at her home here.

Mr. D. W. Mathews' condition is also not improving.

Mr. Guy McMullen is on the sick list.

The many friends of the Rev. and Mrs. Frank Liddell are pleased to learn that the couple has purchased a stone house on Main Street, and will soon move there.

The 9,800 registered males, 181 sets of twins were recorded. This represents 1.26% for the females and 1.85% for the males.

A total of 626 sets were recorded. Ninety-three of these sets had twins in their pedigrees. Thirty of the pedigrees had a twin animal appearing in one place in the first generation, 66 pedigrees had a twin appearing, 71 times in the second generation, 36 pedigrees showed 41 twins appearing in the third generations, and 34 pedigrees had 48 twins in the fourth generations.

## Sunday School Lesson

FEBRUARY 4

By T. H. CARRICO

JESUS USES HIS POWER

Mark 5:21-24, 33-43

Golden Text: Jesus... saith... Be not afraid, only believe—Mark 5:36.

Let us see how Jesus used his power. He always used it for others or to glorify His Father. We can't find at any time where he used it for selfish purposes.

We read in the scriptures that He said, "All power is given unto me in heaven and in earth." He has the same power today for there is nothing impossible for Him to do. When Christ walked here on earth there was not a disease that was incurable. He had power over nature, demons, disease and death.

We are so glad to know that He has the same power today. He can heal soul, body and mind. There was not a case too hard nor ever will be, if we remember the word that He spoke to the ruler of the synagogue, "Be not afraid, only believe."

It is well for us to remember that Christ has healed many more by His death on the cross than by His life. Only a small number of people met Christ when He lived on earth, but now all those who have faith in Him can have their hearts healed by Him. When we, by faith receive Him as our Saviour, our sinful hearts are healed. Praise God there is power in the Blood.

There is an interesting story in verses 22-23 telling about the healing of Jairus' daughter. "And behold, there cometh one of the rulers of the synagogue, Jairus by name; and when he saw him, he fell at his feet, and besought him greatly, saying, My little daughter lieth at the point of death. I pray thee, come and lay hands on her, that she may be healed; and she shall live."

There is an interesting story in verses 22-23 telling about the healing of Jairus' daughter. "And behold, there cometh one of the rulers of the synagogue, Jairus by name; and when he saw him, he fell at his feet, and besought him greatly, saying, My little daughter lieth at the point of death. I pray thee, come and lay hands on her, that she may be healed; and she shall live."

"And behold, there cometh one of the rulers of the synagogue, Jairus by name; and when he saw him, he fell at his feet, and besought him greatly, saying, My little daughter lieth at the point of death. I pray thee, come and lay hands on her, that she may be healed; and she shall live."

It is interesting to note that before he came to Jairus' home, a servant came and said, "Thy daughter is dead; why troublest thou the Master any further?" "How true it is today when we see someone so deep in sin to say "Why troublest thou the Master any further?" That is the kind Jesus wants us to bring to Him. He said "The things which are impossible with men are possible with God."

As soon as Jesus heard the word that was spoken, he said to Jairus, "Be not afraid, only believe."

When Jesus arrived at the house He touched the little girl and she was brought back to life. It is still true that when Jesus touches the body or soul of any person there is life. To be brought from a life, dead in trespasses and sin, to life eternal, all we need to do is—only believe.

How much the parents of the girl had to thank Jesus for. But isn't it true that we, who are saved by His divine power, have much to be thankful for and to praise Him for? He only wants us to go and tell others of His wonderful love, how He can heal hearts today because He died on the cross and shed His precious Blood.

## Pedestrian Protection

A slip can be FATAL!

Yes, just one slip can mean death or serious injury if you slip on the street in front of an approaching automobile. During these winter days when streets are wet or covered with ice and snow, watch every step you take, advises the American Automobile Association. Never rush across the street when it's icy. Avoid that fatal slip.

—AAA Safety Feature

**Nothing Better Than Good Food, Says Ohio Man**

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 35th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B, B<sub>12</sub>, Nicotin and Iron.

Here is Mr. Damillot's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL, I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

© 1951, The LeBlanc Corporation

# the Railroads RESPECT... the Labor Unions seek to REPUDIATE this agreement!

## MEMORANDUM OF AGREEMENT

Washington, D. C.  
December 21, 1950

1. Establish 40-hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 8, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if when the 40 hour week actually becomes effective.
3. Settle rules for 40 hour week and 6 day week.
4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.
5. Settle following rules:  
Initial Terminal Delay. (Conductors and Trainmen)  
Interdivisional Runs  
Pooling Caboose (Conductors and Trainmen)  
Reporting for Duty  
More than One Class of Service  
Switching Limits  
Ain Hoss (Conductors and Trainmen)  
Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
6. Road men to receive 5 cents per hour increase effective October 1, 1950, and additional 5 cents per hour increase effective January 1, 1951.
7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for place for such meeting, Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

\*\* The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

At various states in the present dispute with the brotherhoods of railroad operating employees... the railroads agreed to arbitrate. The union leaders refused. ... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused. ... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused. Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement. The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated. The Agreement is given in full below.

### LEGAL NOTICES

VIRGINIA  
In the Clerk's office of the circuit court of Prince William County:  
4th day of January, 1951

Willard Nails  
In Chancery  
Eleanor L. Edmonds Nails  
The object of the above styled suit is to obtain a divorce a vinculo matrimonii by the complainant from the defendant on the ground of desertion for a period exceeding two years. And it appearing by affidavit filed according to law, that the residence of Eleanor L. Edmonds Nails, the above-named defendant, cannot be ascertained by the complainant after exerting due diligence in an effort to ascertain her residence.

It is therefore ordered that the said Eleanor L. Edmonds Nails do appear within ten days after due publication of this order, in the Clerk's Office of Prince William County and do what is necessary to protect her interest, and it is further ordered that this order be published once a week for four successive weeks in The Manassas Journal, a newspaper published in the County of Prince William Virginia and that a copy of this order be posted on the front door of the Court House of Prince William County within ten days after the date of its entry.

WORTH H. STORKE  
By his deputy—  
Leda S. Thomas  
Clerk, Circuit Court, Prince William County, Virginia. 38-4-c

VIRGINIA: In the Circuit Court of Prince William County, January 24, 1951.  
Mabel Davis, complainant  
v.  
In Chancery  
George H. Davis, Mabel Davis, his wife, Annie Davis Hereford et al. Defendants.

The general object of this suit is to have partition or sale of Douglas Hall, containing 319 acres, more or less, the Robinson tract, containing twenty-one and one-half acres, more or less, and the Hutchinson or Moss tract, containing 143 acres, more or less, fully described in deed book 43 p. 354, deed book 71 page 74 and deed book 71 page 390, respectively, situate in Prince William County, Virginia, and for general relief.

And an application and affidavit having been duly made and filed that the said George H. Davis, Mabel Davis, his wife, and Annie Davis Hereford are not residents of the State of Virginia: it is therefore ordered that the said George H. Davis, Mabel Davis, his wife, and Annie Davis Hereford, defendants as aforesaid, do appear within ten days after due publication hereof and do what is necessary to protect their interests, and that a copy hereof be sent, by registered mail, to each of said mentioned parties defendants to their respective last known addresses as set forth in

### SOCIAL SECURITY NEWS

By RUTH G. DUFFY, Manager Alexandria Social Security Office  
There are times when each of us asks the question: what is going to happen to me when I get too old to work? Or: what is going to happen to my family when I die? Who will care for them? These are vital matters affecting our lives and the lives of those close to us. That's why we owe it to you to give you information on your new social security. I've been asked why "your new social security?"

The Social Security Act itself is not new. But was amended in 1950, giving just about everybody a new measure of social security. For many, it means just that—NEW social security—because many people are now included for the first time. How much do you know about your new social security? Do you know how it will affect you? Are you among the new millions who may have social security protection beginning this month for the first time?

Lots of folks have found it worth while to visit our office, or to meet our representatives on their regular scheduled trips in this area to find out about their particular situation. In this connection, I wish to remind you of the pamphlets which we have available. These pamphlets give simplified explanations of various phases of the new law. Here is a list of these:

- No. 1. Earnings While You Receive Payments
- No. 2. Service in World War II
- No. 3. Household Workers
- No. 4. If You Work For Yourself
- No. 5. Farm Workers
- No. 6. Employees of Non-Profit Institutions
- No. 7. Employees of State and Local Governments

In addition to the above, we have a booklet called "Do You Have a Maid?" All this material is free and will be sent to anyone upon request. Just send a letter or a post card to the Social Security Administration, 815 King Street, Alexandria, Virginia, giving the number or name of the pamphlet you want.

A representative of this office is in Manassas in the Court House (Trial Justice Room) on the THIRD Thursday of each month at 9:30 a. m. The next visit will be on February 15. If you wish to file a claim for benefits or to ask questions about the social security program, please see the representative on February 15.

## Nokesville

(Continued from Page 1)

Round Table at the Newport News Church over the weekend. The president of the District is Harley Kline of Manassas. Plans were made to hold the next meeting at the Nokesville Church of the Brethren some time in April.

The Junior Women's H. D. Club held its annual luncheon in the Home Economics cottage on Tuesday afternoon with 14 present. The luncheon was served by Mrs. Marang and the H. E. girls. Mrs. Vera Albrite was heartily welcomed by all her fellow members who were so glad to see her well enough to attend. A Stanley party will be held at Mrs. Grover Brown's home on Thursday evening, February 8. The profit will go toward buying more equipment for the Home Ec cottage. The ladies presented the cottage with a shower of much-needed articles. The ladies want you to know that anytime you need cards of any kind they may be purchased from Mrs. Mildred Hale.

The Brentsville District World Day of Prayer Service will be in the Nokesville Church of the Brethren, Friday evening February 9 at 8 p. m. The theme "Perfect Love Casts out Fear" will be carried out in a well-planned program by the women of the various churches of the district. Won't you come and enjoy an evening of worship? Everyone is invited.

The young people of the Methodist Church here in Nokesville are having a Bake Sale at Fitzwater's Garage on Saturday, February 3, beginning at 10:30 a. m. The young folks are hoping to make enough to pay their quota to the Youth Fund and want also to have some money left for their own projects. Miss Betty Flickenger is the president of the organization. We are sure they will have many good things to eat for sale, and we urge you to buy your weekend baked goods from the young people.

Mr. and Mrs. J. F. Hale visited the Conway Owens, Jr., near Falls Church on Thursday afternoon. The Owens three left on Friday morning with neighbor friends to spend two weeks at St. Petersburg, Florida.

Little Miss Janice House spent Wednesday night with her little classmate, Joan Shepherd.

The Wade Wetzels spent Sunday afternoon with Mr. and Mrs. Gale Gibson in Leesburg. Glad to hear that the Gibsons are still subscribing to the Journal—"Just to read the Nokesville News"—they say.

Mrs. Frank Foster has been quite ill for some time.

Mrs. David Yankey is confined to her home with bronchial pneumonia. Also ill this week is Mrs. John Randall. We do hope our sick folks recover soon, for believe me, I know being ill isn't so nice for anyone.

Mr. Will Herring was taken to Physicians Hospital in Warrenton last week with virus pneumonia.

Mr. and Mrs. George Jones and Jackie were dinner guests of friends in Fairfax on Sunday.

The many friends of Mr. and

Mrs. A. W. Wilkins will be glad to hear that they now have a telephone.

Mr. and Mrs. LeWine Kerlin of Washington spent the weekend with the W. F. Hales. Mr. and Mrs. David Kerlin visited in the Hales home on Saturday night.

Mrs. L. J. Bowman and S. S. Stultz accompanied Mr. Saylor Duhl back to Spring, Fla. They left Friday morning and arrived there on Saturday evening. They will stay in Mr. Diehl's trailer at the Shepherd Trailer Park, and we are sure they will enjoy the sunshine and visiting with many "Northern" friends.

Sunday dinner guests of the Ted J. Shepherds were Mr. and Mrs. Howard Johnson, Mr. and Mrs. Zane Lawson and Mrs. Keay Aquason of Leesburg, Mr. and Mrs. Curt's Lanham of Catharpin, Mr. and Mrs. Charles Rice and Mr. and Mrs. Billy Foley and children of Manassas. Grace's sumptuous dinner was in honor of her father's 57th birthday.

Saturday guest of Mr. and Mrs. George Owens was Mrs. O. E. Meisner of Washington.

Weekend guests of Mr. and Mrs. Bobby Britton were Mr. and Mrs. Junior Miller and Little Bonnie from Arlington. Junior was a buddy of Bobby's in the Navy.

Sunday dinner guests of Mr. and Mrs. Bobby Caton were Mr. and Mrs. Raleigh Nelson and Little Gary.

About 20 young people from the Nokesville Church of the Brethren spent Thursday evening roller skating at the Alexandria Rink. They were accompanied by Mr. and Mrs. Bobby Caton, Mr. and Mrs. Harold Hopkins, and Misses Joyce Moyer and Betty Flickenger.

Mr. and Mrs. David Kerlin and

## -the- PARTY LINE

-By-  
"OSBOURN OLLIE"

For the third consecutive year the National Symphony Orchestra, under the direction of Howard Mitchell, will again give a concert on March 16. The concert will be held in the Osbourn High School Auditorium at eight o'clock p. m.

The Lions Club of Manassas is sponsoring this music festival to enable local students to enter competition for the Bland Music Scholarship and for the entertainment of the community. Tickets for adults are \$2 and children's tickets are \$1. We hope that everyone will attend this concert because it may help a friend have the opportunity to compete for a music scholarship.

Osborn High School faculty has a new male member, Mr. Walter Dedovitch. Mr. Dedovitch is taking over the position of Mr. Richard Meers, Mr. Dedovitch was born in Shamokin, Pennsylvania. He attended Bloomsburg State Teachers College and East Stroudsburg College in Pennsylvania. He is now teaching bookkeeping, mathematics, economics, and English. Mr. Dedovitch was recently married in Shamokin, Pennsylvania.

Although Mr. Richard Meers was Mr. and Mrs. Harry Miller went to the Briary Branch Church of the Brethren on Sunday to attend the funeral services for Mr. William Miller. The Millers used to live where the Flemings now live, and where the Flemings now live, many folks here will still remember them.

with us for only a short while, we learned to like him and to co-operate with him. Mr. Meers has gone to Petersburg, Va., to accept another position. We wish Mr. Meers the best of luck and happiness in his work there.

The March of Dimes campaign has been carried on throughout the whole community. The student and faculty game on Saturday, January 27 was a big success. The envelopes for the collection of dimes and dollars are slowly being filled by the students of Osbourn and Manassas Technical School.

Miss Jackie Bailey gave a surprise birthday party for Dennis Ayers of Alexandria. The party was given at her home. There were about fifteen guests. They danced, and delicious refreshments were served.

MISS RITENOUR WEDS  
PFC. EARL W. WELCH, JR.

Mr. and Mrs. Chester L. Ritenour of Calhoun announced this week the marriage of their daughter, Helen, to Pfc. Earl W. Welch, Jr. of the U. S. Marine Corps. The wedding took place on New Year's Eve at the Rhode Island Avenue Methodist Church in Washington.

The bride wore a blue suit with navy blue accessories and a corsage of white orchids. The maid of honor, Miss Jackie Norfleet of Washington, wore a dress of baby blue and a corsage of rosebuds.

Cpl. Arthur Hall, USMC of Camp Lejeune, N. C., was best man.

The groom is the son of Mr. and Mrs. Earl W. Welch, Sr., of Washington. He is now stationed at the Quantico Marine Base, Quantico, Va.

Following a reception at the home of the groom, the couple left for a northern wedding trip.

## Ann Neely Leo Hostess At 5th Birthday Party

Mrs. James J. Leo and Mrs. William Shields entertained little friends of Miss Ann Neely Leo at a birthday party in celebration of Ann Neely's fifth birthday on Sunday afternoon, January 29 at Mrs. Shields' home on Ball Street.

After the gifts were opened and admired, games were enjoyed by the guests. At 4 p. m., guests were into the dining room, where cream, cake, cookies, and candy were enjoyed. The "Teddy Bear" birthday cake delighted the guests of the little hostess. Plastic balloons filled with candies and lollipops were given as favors. Mr. Robert Churchill and Mr. Robert DeWolfe took motion pictures of Ann Neely as she greeted her guests, opened her gifts, blew out the candles on her cake, and bade her guests goodbye.

The guests for the birthday party included Linda Merchant, Rhoades, Mary Lela Ringler, Rhoades, Donna Lee Ringler, Rhoades, Susette Barbee, Vicki Cullen, and Gale Wine. Other guests included James Howard Luck, Rhoades, Charles Wesley Rhoades, Peter DeWolfe, and Michael Johnson of Richmond.

Mrs. J. E. Hope of Chester, S. C. is Ann Neely's grandmother who also attended the birthday party.

Russell A. and Dena Whitesell, Athey Bisk, 197 acres of land, or less, Gainesville Dist., Deeds.

The bigger the executive the actual work he performs.

## 6 ways to avert disaster

Don't Start or Re-light Fires  
With Kerosene Or Gasoline.

Don't Carry Lighted Oil Heaters  
Or Lamps About Your Home.

Don't Smoke Near Gasoline  
Or Kerosene in Storage.

Don't Let Vapor Escape  
From Storage Cans Or Barrels.

Don't Use Gasoline Indoors  
For Cleaning Clothes.

Don't Leave Liquid-Flammables  
Within Children's Reach.

Hundreds of lives and hundreds of thousands of dollars in property damage are lost each year in this country as the direct result of explosions and fires touched off by the careless use of liquid flammable products about the home. These tragedies often result, according to the Esso Standard Oil Company, from the mishandling, and the improper storage and use of kerosene, gasoline and similar fluids. If you haven't thought recently about such dangerous practices, illustrated above are several hints for saving lives. Be cautious when handling gasoline, kerosene and other flammable products. Observe safe practices and take the necessary precautions against such accidents, which may result in injury or loss of life to you or to your family.

SEED NOW FOR SPRING  
PASTURE OR HAY

A few dollars' worth of Southern States seed planted now... will produce many times its worth in feeding value next spring—either pasture or hay. Among the Southern States legumes and grass seeds now available are...

Super Lespedeza ... \$5.27 bu.  
Red Clover ..... \$27.65 bu.  
Orchard Grass .... \$4.60 bu.  
Ky. Blue Grass .... \$10.10 bu.  
Red Top Grass ... \$21.10 bu.

\*Southern States Legume Seeds are Kem-Fee treated for increased germination.

All Southern States seeds are adapted varieties of known origin and selected percentage. In addition, Southern States seed are...

- High in Purity and Germination
- Low in Weed Content
- Chosen for Resistance to Disease
- Treated as Recommended by Experiment Stations against Seed and Soil-Borne Diseases

## Exceptional opportunity for qualified girls

**TO GET THE FINEST PROFESSIONAL EDUCATION IN THE WORLD!**

Do you want a career in your own town—or anywhere you would like to go—that offers prestige, opportunity for advancement, financial security, personal satisfaction? Nursing offers all these things—plus a splendid professional education, a chance to meet and work with some of the finest people you'll ever know. This year a selected group of young women will begin their education for this proud profession. You can be one of them—if you act now!

If you are a normal, healthy girl, a high school graduate and over 18, you can probably meet the entrance requirements for your local School of Nursing. You will receive an education that will be useful all your life!

**NURSING—**  
**A CAREER WITH A FUTURE FOR YOU!**

As a graduate nurse, you will have your choice of many different fields—hospital service, doctors' offices, public health, airlines, industry, foreign service, the Federal services. And when you marry and have a family, you will

use your knowledge of child care, nutrition and psychology every day. Nursing is a profession which you can follow profitably all your life or to which you can always return. Your education will help you all your life—no matter where

you go or what you do. Nursing is not for every girl. A nurse must be loyal, faithful, sympathetic and intelligent. She must be quick with her hands, and gentle. She must love people and want to understand and help them.

**IF YOU ENROLL NOW—**  
 before classes are filled—you may enter the school of your choice. Go to your local hospital and talk to the Director of Nurses. She will be glad to answer your questions about nursing and tell you where to apply.

## BEAUTIFUL NEW 1951 DeSOTO

**NOW ON DISPLAY AT FITZWATER'S**

A multitude of sweeping changes have completely transformed the new 1951 DeSoto line. Many improvements have brought distinctive and distinguished exterior and interior styling, a new standard of riding comfort and convenience, exceptional safety features, and added power from a larger engine. These, plus many more exciting features, make the 1951 DeSoto America's most desirable automobile.

The public is invited.

**Club News****WOMAN'S CLUB**

The Fine Arts Section of the Manassas Woman's Club met at the home of Mrs. Ole Fisher on Grant Avenue Monday night, January 15. Seventeen members and 10 guests attended. The Club voted to give financial support to both the March of Dimes and the National Symphony Orchestra Fund. Mrs. W. L. Lloyd, program chairman, introduced Mr. Cleveland Fisher, who played and explained a group of recordings by world-famous orchestras, including the London Philharmonic. Mr. Roy Lilly discussed and reviewed, "Hog on Ice", a book on the origin of American phrases and expressions.

**MANASSAS GARDEN CLUB****H. D. CLUBS**

A group of horticulture enthusiasts, representing the Manassas Garden Club and the Home Demonstration Clubs of the vicinity, gathered at Pitts' Theater on Thursday afternoon, January 25, to hear Mrs. Annabelle Grimes of the Waynesboro Nurseries, Waynesboro, Va., give an illustrated lecture on "Landscaping the Home Grounds."

Mrs. Grimes told the group that one should use one's own ideas in landscaping the home grounds, but suggested a few general rules that should be observed. She also suggested having an out-of-doors living room. Planting should be done in easy flowing lines in order to give a feeling of ease and relaxation. Mrs. Grimes told the assembly.

Following the lecture a question and answer period produced a great many interesting suggestions from the speaker.

Over 50 women and a few men attended the meeting.

**Mrs. Ruth Lynn Hill****Weds Capt. Remington**

Mrs. Ruth Lynn Hill of Dumfries became the bride of Capt. Richard Matthew Remington, of the U. S. Marine School, Quantico, in a double ring ceremony performed at 6 p. m. Saturday, January 27, by the Rev. Clark H. Wood at his residence on N. West Street, Manassas.

Major Naylor of the U. S. Marine Corps and Mrs. Naylor were the couples only attendants.

The bride is the daughter of the late Mr. and Mrs. Andrew N. Lynn of Dumfries. She is employed as a draftsman at the U. S. Marine School.

The couple will make their home in Quantico.

**HOME ITEMS**

By VIRGINIA W. POST  
Home Economist  
Virginia Electric and Power Co.

**MACARONI, SPAGHETTI, NOODLES**

Macaroni, spaghetti, and noodles make many delightful dishes. Their excellent proteins and energy-yielding carbohydrates add valuable nutrients to the diet. The bland flavor of these products make them excellent carriers for the flavors and food values of a great variety of other foods. Like almost all other products made from cereal grains, these three products are economical and give large returns in food value for a small expenditure of money.

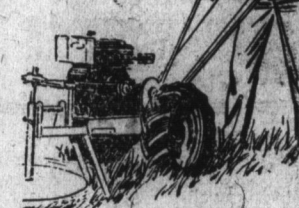

To cook 4 ounces of macaroni, spaghetti, or noodles, put 2 to 3 quarts water (for 6 to 8 ounces, use 3 to 4 quarts water) and 1 table-

spoon salt into a large pan. Bring water to a bubbling boil, and gradually add macaroni, spaghetti or noodles, so as to keep water actively boiling. Leave the pan uncovered. If the products tend to stick to the bottom of the pan, loosen it gently with a wooden spoon. No stirring please!

Any one of these products is done when a piece pressed gently with a spoon against the side of the pan cuts cleanly. Cooking time varies with the product. It also depends on whether the product will be served plain or combined with other foods with which they will cook a bit more. Directions giving cooking time are usually on each individual package.

When done, drain macaroni, spaghetti, or noodles by pouring into colander. Rinse or "blanch" by letting water run gently over the product while still in colander. If it is to be served hot, use hot water. If it will be served in a cold dish, such as a salad, use cold water.

The simplest method for measuring these products is by weight. In most recipes, macaroni, spaghetti, or noodles may be used interchangeably. A satisfactory guide is to allow 1 ounce macaroni product per serving when used in combination dishes, and 1½ ounces when served plain, with sauce or otherwise.

**Macaroni Loaf**

6 ounces elbow macaroni  
1 c. bread crumbs  
1 c. milk  
1 c. grated American cheese  
1 tbl. chopped parsley  
1 tbl. minced onion  
2 tbl. chopped pimiento  
1 tsp. salt  
2 eggs, beaten  
1 c. ground cooked meat  
Cook macaroni according to label instruction given above. 3 minutes will be proper. Drain and rinse. Combine macaroni, cheese, parsley, onion, pimiento, salt, eggs. Fold in meat. Macaroni loaf. Pour half the mixture into greased loaf pan, 4x8x4 inches. Sprinkle meat over the top. Then pour remaining macaroni mixture on meat. Bake in degree F. oven for 1 hour.

**BASEMENT SAFETY**

With the first chill blast of winter, millions of home owners the nation over forsake their dens and retire to home workshops there to try their skill at carpentering from simple carpentering to complicated cabinet work. They bring into these home workshops the same zeal they a few months previously to their gardens. And they should carry over into their new pastime a high regard for the cardinal rule of home safety. Just as we were careful in their gardens to step on a rake left half-buried in the grass, they should be equally careful to have a profound respect for the business end of a power saw.

Probably as sure a way as to minimize workshop accidents is to keep the shop clean and orderly so that it becomes confused cluttered in such a way that a piece of metal or sharp tool is not overlooked.

The worker is also a patient man. Many home accidents are caused by impulsive actions, by attempting to rush jobs that require taking care and can't be hurried beyond a reasonable point.

The prudent craftsman has found it pays to take care of his tools or materials. He keeps his hands off an adhesive bandage of those ready-to-use ones with the gauze pad already attached to the adhesive tape - and a bit of antiseptic in case he does cut or scratch.
