Class Night For Parents At Occoquan

A special program designed to promote better understanding between parents and school by giving parents first-hand experience in their children's school routine is being planned by the Occoquan High School Parent-Teacher Association for its next meeting, on February 19.

The evening's program will be led off by a business meeting and parents then will attend simulated classes where teachers will outline methods and objectives sought in their particular class.

The "class night for parents" will be divided into three sections: (1) elementary procedure—the parent will attend the grade in which his child is currently enrolled. At the end of thirty-minutes he will be "promoted" to the succeeding grade. Parents who have children in the seventh grade will proceed to a special section to be conducted by Mr. Herbert Saunders for the remaining 30 minutes of the program.

(2) 8th grade procedure—parents of 8th graders will spend the full 60 minutes under the direction of the 8th grade teachers.

(3) High school procedure—daily routine will be followed. Parents will be grouped into sections, each section of which will visit each class according to schedule. Each teacher will present the objectives of each course he conducts.

Small Boy Dies Suddenly In Nokesville

The citizens of the Nokesville community were saddened Monday morning by news of the death of little Paul Mason Olmsted, son of Mrs. Frances Olmsted. He died unexpectedly as his mother and a doctor were preparing to remove him to a hospital. He had been ill only one day. Death was attributed to a virus infection.

The Olmsteds moved to Nokesville from Fairfax just a few months ago but already they have made many friends, all of whom are anxious to help the family during its bereavement.

Funeral services were conducted at the Methodist Church in Nokesville on Wednesday, February 14, the Rev. L. W. Griggs officiating. Interment was in the Valley View Cemetery.

Palbearers were Messrs. William Walsh, Carlton Walsh, Wilson Walsh, W. R. Giddens, William Mahone, Edward Hutchins, and Steve Vassel.

Owners of property where an accumulation of trash or other inflammable material is found will be notified to have the hazard removed, or face a possible fine.

Most of the fire hazards are being found in alleys and sheds behind business establishments, Davis reports. Residential properties appear fairly clean of dangerous debris, he reports.

Fire Destroys Porter's Inn Near Dumfries

Fire caused by an overheated coal stove destroyed Porter's Inn, one mile north of Dumfries on U. S. Route 1, early last night.

Before firemen could reach the scene the fire spread from its origin in an adjacent garage to the main building—an eight-room, one-story frame house and brick winds gave the blaze a headstart which firemen could not overcome. Triangle fire chief John Pattle reported. Value of the building was estimated at \$12,000 to \$15,000. No one was reported injured.

Pattle said the first alarm was turned in by three members of the OWL volunteer fire department who noticed the blaze as they drove south from Woodbridge to attend a meeting of the Prince William County firemen's association in Triangle. The men stopped to notify occupants of the inn and, unable to get a phone call through to Triangle, drove there instead and turned in the alarm. Several people were eating dinner in the inn and were unaware of the fire, Pattle said.

The Triangle-Dumfries fire department was first to reach the scene, but ultimately 13 pieces of equipment and almost 100 men came from fire departments in Annandale, Alexandria, Penn. Daw, Mount Vernon, Occoquan-Woodbridge-Lorton, and Quantico Marine Base. The fire burned itself out about 10 p. m.

Owned by Frank Porter, of Dumfries, the inn reportedly was insured for \$500.

700 Trucking Violations Tried Here Each Month

Despite higher fines imposed in an effort to make it prohibitive for truckers to overload their vehicles, the offense continues and State police at the Woodbridge weighing station are nabbing truck drivers at a rate of about 700 per month, according to records at the office of Trial Justice C. Lacey Compton. During the last six months of 1950 the number of overloaded trucks reached a peak and almost 5,000 cases were tried by Judge Compton. Fines and court costs from these cases resulted in gross receipts of more than \$300,000.

Trucks, which travel Route 1 more thickly perhaps than other highways on the Eastern Seaboard, are overloaded with everything from pig iron to potatoes, Compton declared. Most of the truck loads appear to be composed of fresh produce being rushed from farms for weekend sale. Thursday night is the time of heaviest truck traffic on Route 1, he said.

The Woodbridge weighing station is manned by State police 24 hours a day, seven days a week, and trucks sometimes are checked and driven over platform scales at the rate of three per minute, which indicates the volume of traffic.

Individual fines average about \$65, but sometimes go as high as \$700 or \$800. A new State law, effective August 31, 1950, provides the following scale for fining overloaded trucks: two cents per pound up to 5,000 pounds of overload, and five cents for each pound of overload if the overload exceeds 5,000 pounds.

The legal limit is 50,000 pounds for tandem-axle trailers, and 40,000 pounds for single-axle trailers. Axle weights must not exceed 18,000 each. However, the State allows a tolerance of five per cent and many truckers try to load right up to this tolerance which accounts for large number of violations. Compton said a fine of \$250, for instance, who keeps his load below 52,500 pounds pays a fine, but if he slips and tries to haul a load weighing 52,600 pounds he has to pay a fine of \$52 on 2,600 pounds overload.

Even though the highways are taking an awful beating, somebody may benefit. Receipts from the fines go to the State Literary Fund, which is distributed among localities for school construction.

The story of a faith that paid off

**YOU KNOW IT'S TRUE BECAUSE IT'S HAPPENED TO YOU
AND YOUR FRIENDS AND NEIGHBORS**

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help bring closer the victory of World War II? After V-J Day, when those bonds became Savings Bonds, you continued to buy them because you had learned how regular saving could build security and contentment for yourself and those you love.

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the highways—Savings Bonds cars, bought with the product of individual thrift. On the farms, Bond-purchased equipment has helped produce bumper crops and prosperous years. Everywhere in America, man's urge to get into business for himself

has become a bright reality. So has the ambition of loving parents to send their children through college. Time and time again, Savings Bonds have made those dreams come true.

You KNOW they've come true, because it's happened to you or to some of your own friends.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

How much money is that? It's enough to build a new \$10,000 mortgage-free home for every family in

San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

Kind of a king-size success story, isn't it? Your success story because you and the millions of your neighbors are living it right now. Your own faith in America—your own desire for the warmth of family security and independence—have made the Savings Bonds story the thrift miracle of all time.

**For your security, and your
country's too, save now—through regular
purchase of U.S. Savings Bonds**

JUNIOR WOMAN'S CLUB

Mrs. Garland Boatwright, President of the Junior Woman's Club of Manassas, gave a detailed report of the Federation Board Meeting held in Richmond in January, at the club's regular monthly meeting Thursday evening, February 8. Mrs. Boatwright said that those present at the meeting were taken on a tour of the Crippled Children's Hospital in Richmond, where they met and talked with the children of the Hospital, whose care has been the major project of all Junior Clubs in the State during 1950, and will continue to be the major project during 1951. Clothes, which were made by members of the local club, were delivered to the Hospital by Mrs. Boatwright. Another major project undertaken by the club is Civilian Defense. Mrs. Leslie Bourne was named Chairman of the committee to head the house-to-house canvass of Manassas for volunteer civilian workers for defense. Others named to the committee were: Mrs. Frank Parrish, Mrs. R. R. Brumback, and Mrs. James Davis, Jr.

Club members voted to contribute a walker for an indigent crippled child of the County and six school lunches for underprivileged children. This committee, under the chairmanship of Mrs. Maury Wells, also sent clothes and medicine to the two "adopted" children of the club.

Mrs. Boatwright announced that since March is the end of the club year, all committee annual reports were due in March and she appointed a nominating committee as follows: Mrs. Russ Cullen, Miss Nancy Dilake, and Mrs. Arnold Service.

The program, a lingerie party, presented by Mrs. Dorothy Upgrove of Washington, proved to be interesting to those present. After the business session, members adjourned to the home of Mrs. E. K. Evans on Prescott Avenue for refreshments. Hostesses for the evening were: Miss Carol Faulkner, Miss Nancy Dilake, Mrs. Robert Byrd, Jr. and Mrs. John Gregory.

Sunday School Lesson

By T. H. CARRICO

Sunday School Lesson for February 18
Jesus the Christ—Mark 8:27-37
Golden Text: Thou art the Christ, the Son of the living God, Matthew 16:16.

Thou art the Christ, the son of the living God. This was the answer to a question that Jesus asked his disciples. "Who do you say that I am?" It is interesting to note from the disciples got the answer. We read in Matthew 16:17 "And Jesus answered and said unto him, 'Blessed art thou, Simon Bar-jona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven.' It was not by some work on Peter's part nor his knowledge. Not even by seeing the miracles that Jesus did: for there were others who saw the miracles but did not know that Jesus was the Son of God. Some said that he was John the Baptist, others a prophet. It is just as true today, for some have head knowledge and some have heart knowledge. Heart knowledge is the work of God, and when a man has that knowledge he can truly say that Jesus is the Son of God and his personal Saviour. Some one has asked the question, 'Why did not all know Jesus as the Son of God, for many saw the miracles that He did?' He did not do anything in secret. Was it not

because of the unwillingness to trust in God? If Jesus had done this thing in the name of man he would have been honored and believed in. But He did it all in the name of His Father and gave Him all the glory.

There were different types of people who followed Jesus in those days as there are today. Some followed Him for the loaves and fishes; some followed to be in the crowd; others thought He was a good man. Some turned and went back when the going seemed to get hard. Remember when Jesus turned to the crowd when there was a large multitude following Him and He told them what it took to be His disciples also. He said unto them, 'whosoever will come after me, let him deny himself, and take up his cross, and follow me!' and also John 6:65-69 'and he said, therefore said I unto you, that no man can come unto me, except he be given unto him of my Father. From that time many of his disciples went back, and walked no more with Him. Then said Jesus unto the twelve, 'Will ye also go away?' Then Simon Peter answered Him, 'Lord, to whom shall we

go? Thou hast the words of eternal life. And we believe and are sure that thou art that Christ, the Son of the living God.'

Let each one of us ask the question, 'which group are we in? Can we truly say from the heart that Jesus is the Christ, the Son of God?' If so, it has been revealed from above.

Let us see what Jesus meant when he said, 'Let him deny himself, and take up the cross, for our will is contrary to God's will. That is what Jesus meant when He said, 'For whosoever will save his life shall lose it, but whosoever shall lose his life for my sake and the gospel's, the same shall save it.' We have to lose our life in order to find it or save it. When we take up the cross are willing to do God's will instead of ours. This dying to self is completely concerned with living for Christ always. It is only this kind of life that will stand the test at the judgement seat of Christ.

Paul tells us that he crucified self daily. In Galatians 2:20 we read, 'I am crucified with Christ: nevertheless I live; yet not I, Christ liveth in me.'

Verses 36 and 37: 'For what it profit a man, if he shall lose the whole world, and lose his soul? Or what shall a man in exchange for his soul? For the Lord Jesus Christ is your soul, you are eternally lost.'
