## PRINCE WILLIAM LADIES SCORE

Mrs. J. F. Dogan and Mrs. C. C. Lynn Tie for Fourth Place in State Butter Contest.

(Miss Lillian V. Gilbert, County Home Demonstration Agent)

The State Butter Contest, held at Charlottesville February 16 and 17, was a success to be proud of, as there were a greater number of entries than of any previous year by double, there being 168 entries in all.

The judge was Mr. Fryhoffer, official inspector for the United States government in New York city. Mr. Fryhoffer was very careful in his work, as will be seen from the report that seven women made a score of 92. It will be interesting to know the names of the winners of the coveted honors, so I am giving them in the order reported:

The silver cup was won by Mrs. J. H. Obaugh, of Harrisonburg, score, 93 points; second winner, Mrs. R. E. L. Hiner, Fishersville, score, 92½ points; third, Mrs. J. F. Nanse, Moneta, Va., score, 92¼ points. The remaining seven prizes were divided equally between Mrs. E. E. Marshall, Eastham; Mrs. B. E. Sedivy, Church Roads; Mrs. J. F. Dogan and Mrs. C. C. Lynn, Manassas; Mrs. M. Miller, Edinburg; Mrs. Sinclair Brown, Roanoke; Mrs. E. L. Cousins, Big Stone Gap, all with a score of 92.

The following women from Prince William entered the contest: Mrs. George Ayres, Mrs. Frank Coverstone, Mrs. J. F. Dogan, Mrs. R. A. Collins, Mrs. J. F. Fairfax, Mrs. C. C. Lynn, Mrs. J. J. Payne, Mrs. John Seymour, Mrs. F. M. Swartz, and Misses Nellie Ewell, Addie Green and Bettie Shirley.

To be a good butter maker is something of which to be proud. Now that we are all interested in our county fair, to be held September 27-29, it is hoped that not only those who entered the State Butter Contest, but many others, will enter our County Butter Contest. Why not have at least 50 entries?

## "OLD TIMERS" COME BACK

Defeat Strong Warrenton H. S. Team by Score of 20 to 23.

The strong Warrenton high school basketball team was defeated here last Saturday night by a local team composed of former M. H. S. players in one of the fastest and most thrilling games seen on a local court this season.

The game proved much better than was expected as the local boys had not practised together this winter and it was a surprise to them as well as to local fandom that they won by a score of 20 to 23. At the end of the first half the score stood 10 to 9 in the visitors' favor but when play was resumed Manassas took the lead and maintained it to the end.

Those who played for Manassas were: Sanders, P. Lewis, Larson, J. Lewis, Hooff and Mills.

## CARD OF THANKS

We wish to express our appreciation for the kind sympathy shown us in our recent bereavement and to extend sincere thanks for the many floral tributes.

Mrs. E. T. Lawler and Children.

Mr. J. B. Ellis, of Gainesville, was in Manassas on Wednesday.

## LOCAL CHAPTER, U. D. C., MET AT MRS. NEWMAN'S

Will Write Representative in Interest of Appropriation for Battlefield Park.

The monthly meeting of the Manassas Chapter, U. D. C., was held at the home of the president, Mrs. W. A. Newman, Wednesday afternoon, March 1.

By order of the January session, roll was called to which the following responded: Mrs. W. A. Newman, president; Miss Isabelle Hutchison, recording secretary; Mrs. Albert Speiden, corresponding secretary; Mrs. C. M. Larkin, treasurer; Mrs. Westwood Hutchison, historian, and Mrs. Maggie Barbour and Miss Flora Lion.

A letter of instruction to chapters, from the new state president, Mrs. James Alexander, of Lynchburg, was read. Acknowledgement, by letter from Mrs. Blenour, was made of the \$5.00 contributed by the local chapter toward the Lee Camp Home Christmas Dinner. Report was made of the response to the call of Dr. R. Benton Davis, Commander Virginia Division, S. C. V., to write our representatives in the legislature in the interest of the bill before the State Legislature for an appropriation of \$25,000 for the Manassas Battlefield Confederate Park, Inc., \$15,000 of which is for a monument to Stonewall Jackson.

## FARMERS TO MEET

Meetings Will Be Held in Various Parts of the County.

(W. L. Browning, County Agent) At the request of County Agent Browning, Mr. George Bowles, state secretary of the Farmers' Union, will be in this county the last of next week and will address the farmers, both members and non-members, at the following places:

Haymarket, Thursday, March 9, at 2:30 p. m.

Wellington, Thursday, March 9, at 7:30 p. m.

Nokesville, Friday, March 10, at 10 a. m.

Greenwich, Friday, March 10, at 2:30 p. m.

Brentsville, Friday, March 10, at 7:30 p. m.

Manassas, Saturday, March 11, at 10:30 a. m.

The meeting to be held in Manassas at the courthouse will be a culmination of all the other meetings held, at which time we want to take up matters of county wide interest, and perfect a county organization that will make itself felt as a factor for good to everybody in the county.

We would like to see every member of the various locals at their respective meetings and everyone possible to attend the county meeting.

## VETERAN PASSES AWAY

Mr. Edwin R. Higgenbotham, Confederate veteran, died at his ancestral home "Mountain View" in Nelson county last week. Mr. Higgenbotham was an uncle of Mrs. L. W. Kasehagan, of Washington, who formerly made her home in Manassas.

During the Civil War he was wounded at the battle of Drury's Bluff and as a member of Longstreet's Corps, Pickett's Division, he was one of the few survivors of Pickett's famous charge in the battle of Gettysburg.

He is survived by sixty-three descendants, seven of whom are sons and daughters. There are fifty living grandchildren and six of the fourth generation.

## LOCALS READY FOR BIG GAME

Crowd Expected at Eastern-Martha Washington Game Tomorrow Night.

Manassas will be the scene of two exceedingly good basketball games this week. Tonight the Northern Virginia high school championship will be decided when the Alexandria and Warrenton boys' teams clash in the Eastern gymnasium. These two teams have met twice this season resulting in a victory for each, so in order to decide which team should represent this section in the state tournament it was decided to play off the tie on a neutral floor.

Tomorrow night local fandom will have the chance of seeing a game between two of the best girls' teams in the South when the Eastern College-Conservatory lassies meet the Martha Washington girls, of Abingdon, Va., claimants of the state championship for the past five years. It will be remembered that Eastern gave this team its first defeat for the past five years last fall when they played on the Martha Washington court. If Eastern wins again there should be little dispute as to where the state championship should rest for the coming year.

In order that local fans will not be confused by the different style of play which will be used in this game the following explanation is given. Each team will have five players on the floor and will play under the two zone rules. The centers of each team will be permitted to play on any section of the floor as in the boys game while the floor will be divided into two, instead of three, sections in which the guards and forwards are to play.

## MEMORIAL MEETING HELD

Rev. A. Stuart Gibson Named Historian of Local Association.

The quarterly meeting of the Ladies' Memorial Association of Manassas, postponed from February 22, was held in the National Bank building with a quorum for the transaction of important business, preparatory to the general reunion.

In response to a letter from the Historian-General, Miss Mildred Rutherford, an historian was elected, Rev. A. Stuart Gibson being named to fill the office. Mr. Gibson will be glad to have any information relating to the war of the sixties, photographs, relics, etc.

Report was made of response to the "call" of Dr. R. Benton Davis, commander, Sons of Confederate Veterans, Virginia Division, to write our representative in the interest of a bill before the State Legislature for an appropriation for the Manassas Battlefield Confederate Park, Inc., \$15,000 of which is for a monument to Stonewall Jackson.

Delegates were elected to the C. S. M. A. Convention which meets at the same time as the reunion. The president and secretary were named, with Mrs. Maggie Barbour and Rev. A. S. Gibson, alternates.

Announcement of time and place of the reunion, namely, June 19-21, 1922, Richmond, Va.

The recent installation of a bread moulder to the equipment in the Prince William Bakery enables them now to turn out bread that is machine made from start to finish.

## CHAMBER OF COMMERCE LIKELY

Number of Local Business Men Seem Heartily in Favor of Proposed Organization.

After the town council meeting Monday night Mr. James R. Larkin addressed those present in the interest of the formation of a local chamber of commerce. The benefits to be derived from such an organization he stated were many. Through the chamber, he said, Manassas could speak authoritatively. The saving in one year's freight alone would be enough to pay the cost of operating such an organization for at least ten years, he further stated in mentioning a few of the benefits of having a chamber of commerce.

In a general discussion, which followed, all present showed marked enthusiasm for the plan. It was proposed that the organization be launched with a banquet, but this plan did not meet with much favor, as it seems that this plan had been tried several years ago without material results.

A temporary organization was formed with Mr. James R. Larkin, president, and Mr. George B. Cocks, secretary. Messrs. J. M. Bell, R. S. Hynson and Harry P. Davis were appointed members of a special advisory committee.

Before launching the organization, it was suggested that the temporary officers get in touch with officers of an active chamber of commerce in some town nearby in order that they might better know how to proceed with the matter. The body, as a whole, seemed in favor of employing a paid secretary should the chamber materialize.

## HAYMARKET LADY DIES

Funeral Services Held From St. Paul's Church Monday.

Mrs. Betty Harrison Thorpe, widow of Arthur St. Edmund Thorpe, passed away Saturday morning, February 25, at her home in Gainesville, following a short illness of influenza and pneumonia. The funeral took place at St. Paul's Church, Haymarket, Monday, at 11 a. m., the rector, Rev. T. M. Browne, officiating. Several hymns which she had selected were sung. Interment was in the family lot in the churchyard.

Mrs. Thorpe was born November 29, 1853, in Portsmouth, Va. Since her marriage to Mr. Thorpe about thirty-five years ago, she has lived at Gainesville. She was a most faithful and loyal member of St. Paul's Church, representing that type of unflinching churchmanship which the present generation needs so much.

Her death was a great shock to her many friends and she will be much missed in the community and in the church. She is survived by her son, Mr. F. Gwynne Thorpe and a sister, Miss Fannie Harrison.

## CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends for their kindness, sympathy and beautiful floral tributes rendered at the death of our beloved daughter and sister, Elsie Raggett.

## PAST YEAR THE BEST IN PROJECT HISTORY

Boys at Manassas High School Make Good Agricultural Records With Projects.

H. W. Sanders, Director of Agriculture.

The summary of the projects conducted by the boys of the agricultural classes of the high school for 1920 and 1921, a complete report of which projects has recently been approved by the state supervisor of agricultural education, reveals the fact that the past session was the most successful in the history of the agricultural department with reference to this phase of the work. Twenty-seven acres of crops, principally corn, were cultivated by the boys with total charges amounting to \$611.47. Total receipts from these crops were \$905.10, leaving a net profit of \$341.08. Labor to the amount of \$144.09 was included in the cost, thus making the total project income \$463.77.

From the standpoint of financial gain on the project, William Varner, of Bristow, ranked first. Varner grew one acre of potatoes at a total cost of \$95.31, from which the total receipts were \$176.25; net profit, \$80.94. This does not include \$21.20 paid self for labor. Naturally, the boys who grew corn did not make proportionately large profits. In the order of financial gain the boys who did creditable work rank as follows: Oscar Eline, Carroll Sanders, Maxwell Covington, Arthur Fairbanks, B. H. Lewis, Conway Seely, Paul Rhodes and Joe Lewis.

## PRESBYTERIAN LADIES MET

Missionary Society Entertained at Home of Mrs. Meetze.

(Mrs. J. H. Dodge, Secretary) The Missionary Society of the Presbyterian Church met at the home of Mrs. C. J. Meetze on Tuesday afternoon, February 23, with Mrs. E. K. Mitchell as leader.

The topic of the afternoon, Korea, was fully and interestingly discussed. Mrs. E. L. Hornbaker, president of the society, gave an account of the Workers' Conference of the Presbytery of Washington city, which was held on Monday, February 27, at the Presbyterian Church of the Covenant in Washington. At this conference the church budget for the ensuing year was considered. Dr. McDowell, secretary of the Home Mission Board and Dr. Folkes, chairman of the New Era Committee, gave wonderfully inspiring and enlightening information on the church work.

The meeting closed with the usual benediction and our hostess, Mrs. Meetze, served delightful refreshments. The pleasant social hour spent by all present will long be remembered.

## RITENOUR-STRAWDERMAN

Mr. Earl D. Ritenour and Miss Beryl Mae Strawderman were married at the Lutheran parsonage Wednesday by Rev. Edgar H. Pence.

The bridegroom is a son of Mr. and Mrs. M. V. Ritenour, of near Catlett, while the bride is a daughter of Mr. and Mrs. Adam Strawderman, of Aden.

Attending the marriage ceremony were Mr. Roy Strawderman, brother of the bride, and Miss Grace Naselrod.

Mr. J. C. Parrish, who has been ill with influenza, is able to be out.

## COUNCIL SIGNS COAL CONTRACT

Enter Contract for Year's Supply—Rescind Motion to Reduce Power Plant Force.

At a meeting of the town council held on Monday night, February 27, Mayor Harry P. Davis and the following town councilmen were present: Messrs. D. J. Arrington, J. M. Bell, J. H. Burke, E. R. Conner, B. C. Cornwell, R. S. Hynson, C. M. Larkin and M. Bruce Whitmore.

After the roll had been called and the minutes read by the clerk, a representative of the Deegans Coal Company, of Huntington, W. Va., presented a contract whereby they were to furnish coal to the town at the current rate not to exceed \$2.00 per ton f. o. b. at the mines. This contract, which was approved and accepted by the council, calls for the delivery of 150 tons of coal per month for twelve months beginning with April, 1922, the total supply for the year not to exceed 2,500 tons.

A letter was read from the State Highway Commission requesting that a map showing the corporate limits of the town be sent them to help in the preparation of a map of the state and county highway system of Virginia. Whether or not this information can be furnished is not known as it seems that there has been no map made of the town since the corporate limits were extended.

Building permits were granted to R. C. Bowers to construct a garage and to H. W. Sanders, director of agriculture at the Manassas high school, to construct a horse and buggy shelter to be used by school children who drive to school.

A rebate of \$6.00 was allowed Daniel Lomax on his water bill for the quarter ending September 30, 1921.

In a report from the Maryland Casualty Company, which was read before the council, it was stated that the engine and boiler at the power plant were in a safe condition.

A request to construct a path of cinders across Grant avenue between Lee and Portner avenues was refused.

The resolution passed at the last meeting whereby the working force at the power house was to be reduced, was rescinded and in its stead a resolution was passed to keep the present force but to reduce the salary of each \$10 per month and to likewise reduce the salary of the town superintendent \$10 per month, making a total reduction of \$40 per month in town salaries. At the same time it was decided to grant each of the employees at the power house a yearly vacation of ten days.

At the suggestion of Mr. Hynson, Superintendent Gae was instructed to investigate the cost of cabling the high tension wires which carry the town current over the railroad tracks, under the railway.

## STATE NEWS NOTES

That Mabel Dixon, whose death in New York during January, is being investigated, was killed by drug peddlers because she had been instrumental in the breaking up of a drug ring, is the latest sidelight thrown on the mysterious demise of the former Danville girl. Dispatches from New York now say that the actress was employed by the Canadian Mounted Police to break up drug smuggling over the Canadian boundary into America, also that her life had been threatened, and that on the date of her death the Canadian authorities were about to ask the New York authorities to grant her protection. It is also said that other young women active in fighting the drug ring have been marked for death.

Hugh L. Brent, a Nelson county farmer, died Saturday at University Hospital, Charlottesville, from a gunshot wound, but by whom it was inflicted could not be ascertained. Brent was rushed to Charlottesville last Friday afternoon from Lovingson but his condition was too critical to permit of an operation. He was accompanied by his brother, James C. Brent, who refused to divulge any particulars of the shooting further than to say it was a "clear case of homicide" and that it occurred Thursday evening of last week, in an out-building on the victim's farm, the shot having been fired at close range through a hole in the door. A shotgun was used, the lead entering the lower part of Brent's chestbone and some of the shots perforating the intestines. Brent was a married man.

Edward Disharoon, of Danville, who recently sold an automobile to Peter Cook, which was found to be a car stolen from Winston-Salem, N. C., has satisfied the police as to the bona fides of the transaction. Disharoon has traced the man from whom, he says, he bought the car, to the North Carolina penitentiary where William Payne is serving a four-year term for automobile stealing. Disharoon, faced with the task of showing the police the man from whom he bought the car he later sold to Cook, went to North Carolina with a local detective. Their first stop was at Greensboro, N. C., where it is said, officers readily identified Payne from the description given. The Greensboro officers said that their understanding was that Payne was in jail at Mount Airy. The two Danville

men went there and discovered that Payne was in the State penitentiary.

While driving a wagon about the streets of Hopewell recently, John Withers, a colored man, employed by the city in the sanitation department, went suddenly insane. A citizen noticed the strange behavior of the man and notified the police, keeping him under surveillance until their arrival. He was immediately taken to headquarters, and appeared to be steadily growing worse, although he was not violent. His insanity was believed to have been caused by a fall from a wagon several days previous in which his head came in violent contact with the asphalt. Although at the time it was thought that the injury was merely a flesh wound it is now believed that his skull was fractured.

Two mules, a wagon and 140 gallons of liquor were seized recently by federal officers at Cave Springs, near Roanoke. An automobile containing 240 gallons of liquor escaped from the officers, according to the report made at the Federal Building. No arrests were made, but federal officers declared they knew the names of the alleged offenders, and arrests will be effected within the next few days. In view of the fact that only fines and small jail sentences were imposed on the offenders at the recent term of Federal Court, officers are of the opinion that rum-running and bootlegging will be increased greatly in that section of the state within the next few months.

One of the worst conflagrations Front Royal has seen for several years occurred Wednesday night of last week, about 9 o'clock when the Ford Mill building caught fire and was practically gutted before the fire department could be notified and the flames extinguished. Several thousand dollars' worth of feed, flour and meal was damaged by the fire. Bales of hay, sacks of middlings, bran, meal and flour were soaked by the water and had to be thrown away. The building itself was also badly burned and damaged by fire and smoke. The rear of the mill is constructed of tile and was only slightly injured, but the front frame structure was blackened and charred both on the first and second stories. The machinery used for grinding feed and meal was also badly damaged. A good portion of the stock is covered by insurance. Charles A. Ford, member of the House of Dele-

gates from Warren and Clarke counties, is owner of the property, and the business had been recently purchased and was being operated by C. C. Robinson.

The police of Petersburg have been asked to be on the lookout for Christine and Emily Golink, two girls residing at Hopewell, and employees of the Tubize Artificial Silk Company. The girls left their home last week to view the remains of their grandmother, Mrs. Honersh, who was killed by a Norfolk and Western freight train near Disputanta. They had not returned to their homes in Hopewell Saturday. Christine is sixteen and Emily nineteen years old. It is said that two young men and three other girls accompanied them when they left their Hopewell home. Police are searching that vicinity for the girls.

One of the most revolting things that has happened in that section of the country for a long time was the attempted crucifixion on Monday of last week, of Harvey Greenawalt, white youth of fourteen years of age of Winchester, by two young negroes. Greenawalt was returning from a moving picture show about 7:30 o'clock when the two colored boys sprang upon him, dragged him to a nearby building and despite his struggles and cries drove a spike through the fleshy part of his left hand into the wood of the building. At the agony and pain the victim increased his struggles and outcries and presumably for this reason the two malfactors fled before accomplishing any more of their evil intent. After some time the Greenawalt boy was able to pull the nail out from the board and release his hand. He then went to a doctor's office and had the wound cauterized and was given an injection of antitetanus serum to prevent lockjaw. His hand is terribly swollen and he is suffering intense pain from the terrifying experience. On last Wednesday week, Greenawalt identified two negro boys as his assailants, Charles Menifee and Fletcher Day, both about thirteen years of age. Both prisoners strenuously deny perpetrating the act.

### THE OUTLOOK BRIGHTENING

Virginia's good roads stock took another sharp upward swing yesterday, when the Senate Committee on Roads and Internal Navigation recorded its approval of the Vaughan bill providing for a bond issue of \$12,000,000. The ratio of the committee's division, 8 to 3, indicates how strongly the merits of the bond proposal had been impressed upon the minds of this particularly group of Senators. Recommitment to the Finance Committee is made necessary by the nature of the measure, but there is a most confident feeling among the friends of good roads legislation that this will represent only a momentary pause in the course of the bill through the mill of the upper branch.

An amendment that probably will result in strengthening the bid of the Vaughan bill for legislative approval was adopted by the Senate committee which reported yesterday. This provides that discretionary power with respect to issuance of the bonds shall be committed to the Governor, the Treasurer and the Attorney-General, instead of the Governor alone, and that there shall be no issue without the approval of two of these officials. This amendment, doubtless, was attached in a spirit of friendliness, and designed to abate still further the apprehensions of legislators who have regarded a bond issue with disfavor. In any case, it should have the effect of completely disarming the most skeptical member; it means that no bonds would be issued until these three responsible, high officials of the state had carried out a careful survey of conditions, and declared by a majority vote their belief that the issue could be made, not only safely, but advantageously.

The signs point to a rapid, substantial accession of strength for the good roads bond proposals. Governor Trinkle, both at Norfolk and in an elaboration of his views since returning to Richmond, has presented the case for bonds in a way that leaves extremely slender support for continued opposition. The arguments of the antibonds contingent of the General Assembly, valid enough, perhaps, several months ago, and reiterated in perfect good faith since the Legislature convened, have been answered with singular conclusiveness. The Governor's review of the essential details in which conditions have changed materially within recent weeks is sustained at every point by knowledge that is common to every informed person. And it is worthy of remark that the advantages of these changes are to be supplemented by reorganization of the Highway Department along lines that will certainly strengthen popular confidence in the efficacy of that constructive branch of the government.

The outlook for good roads is brightening. The Governor's quickening declaration at Norfolk marked the turning point. Yesterday's vote in a Senate committee shows the advantage promptly followed up. The next few days should bring the goal definitely within view.—Richmond Times-Dispatch.

### PENNY WISE AND POUND FOOLISH

The Joint Legislative Committee on Economy and Efficiency has recommended in its report to the General Assembly the discontinuance of county demonstration agents and all other county agents.

We know of no other means by which the legislature could as efficiently cripple the farmers of Virginia than by adopting this recommendation. So far as agriculture in the state is concerned there is nothing which the General Assembly could do which would be quite as retrogressive as the adoption of this measure which has been recommended by this committee.

Since 1907, when the first county agent began work in Virginia, there has been a gradual increase in the number of agents and proportionately in the advancement of good agricultural practices. At the present time, there are about seventy counties with farm demonstration agents. These agents are of incalculable value to agriculture in the counties where employed.

The county agent is the leading spirit in the boys' corn clubs, which have grown to wonderful proportions in Virginia. The county agent is the leading spirit in the boys' and girls' calf clubs, which last fall exhibited hundreds of calves at the state fair. The county agent is the leading spirit in the poultry clubs, which have done so much toward placing Virginia in a leading position among poultry raising states.

The county agents are ones which are helping farmers to organize and holding the organizations together. The county agents are doing the most effective work toward co-operative marketing. In some communities, they take almost entire charge of the farmer's buying and selling co-operatively.

They are the leading spirits in educating farmers in the peanut sections to the advantage of joining and supporting the Peanut Growers Associations. In the tobacco sections, they are the ones which are getting farmers together in the Tobacco Growers Associations.

The county agents are teaching farmers crop rotation. They are teaching them how to select and test seeds. They are teaching them how to eliminate poor animals and to breed animals for improvement. There is no phase of work on farms in which the county agents have not been of value to the farmers of Virginia. They produce wealth far in excess of their cost.

The "other agents," which probably mean home demonstration agents, are doing equally as much for the women on the farms. They are teaching them how to economize time and labor. They are teaching them better methods, making the farm woman's life easier and more tolerable.

How this joint committee could recommend the discontinuance of all these activities and call it economy and efficiency is beyond the grasp of intelligent understanding. Who are the economists on this committee? What do they know about the needs of Virginia farmers? These are questions which we would like to have answered.

Why have they recommended the destruction of the agency which is helping farmers more than any other at this time? We had hoped that this General Assembly now in session, would at least be progressive in its action towards agriculture. Nor can we now believe that any such backward movement as the above recommendation will receive any serious consideration from any considerable number of its members.

We urge farmers and farm organizations over the State to write and wire their representatives demanding that this particular part of the committee's recommendation be thrown out. Do not wait; send your representative a telegram and then write.—Southern Planter.

### "I WANT THE FLOWERS AND SINGING NOW"

You need not sing "Lead Kindly Light"  
When my poor soul has taken flight  
Nor bring me floral "Gates Ajar,"  
They won't be half so sweet, by far,  
Heaped high upon my lonely box  
As jest some common hollyhocks—  
Th' old style kind, say pink and red,  
Brought in to me before I'm dead.  
For don't you know, I feel somehow  
As though I want my flowers now.

I will not hear th' male quartet;  
'Twill matter not how sweet they sing;  
I'd love it while I'm living yet.  
An' if you have some flowers to bring—  
I would not ask for lilies tall as me or you,  
But jest some violets, still wet with dew,  
They'd feel so soothin' to my fevered pa'm.  
So give 'em to me now, just as I am,  
For don't you know I feel somehow  
As though I want my flowers now.

Caress me with your lovin' hands,  
Before I cross the borderlands;  
For when I pass beyond the bar  
I will not heed the "Gates Ajar."  
So if you have some flowers to bring  
Or, if you have a song to sing,  
Sing it now, before I go;  
Sing it soft, an' sweet, an' low,  
While I can hear, while I can see—  
For don't you know I feel somehow  
I want my flowers and singin' now.  
—C. E. LEAP.

### LAUGH AND LIVE

#### THE WHOLE TRUTH

Teacher Fisher had been giving the class a little talk on honest methods at all times.

"Children," said the teacher, "be diligent and steadfast, and you will succeed. Take the case of George Washington, for instance, whose birthday we always celebrate. Do you remember my telling you of the great difficulty George Washington had to contend with?"

"Yes, sir," said one little fellow promptly. "He couldn't tell a lie."

#### NOT HIS OBJECT

Kind Lady (to a small boy who has been taken out of the water)—"Dear me. How did you come to fall in?"  
Small Boy—"I didn't come to fall in. I came to fish."

#### THE SUBSTITUTE

What do they sell in that garage besides gasoline, father?" inquired a small boy, as his father's car crawled along painfully.

"Besides, my boy? You mean 'instead of,' was his parent's disgusted reply, as he tried to get more speed out of his car.

#### EASY EXPLANATION

"I say, Stalker," he said, "you remember you told me you had hunted tigers in West Africa? Well, Captain Smith tells me there are no tigers there."

"Quite right, quite right," said Stalker, blandly. "I killed them all."

#### PERFECTLY EQUIPPED

At the back door a large and healthy individual had asked for "a little something to eat," and had been told that he might have it if he would work a while at the wood pile. He shook his head mournfully.

"I've got the ague," he explained, "and my head is so unsteady that I couldn't hit more'n one stick in seven."

"All right!" exclaimed the mistress of the house, "then shake those shakes for me."

#### WANTED IT THICK

Lithead—"Rastus bring me a side order of meat.

Rastus—Yes, sah.

Lithead—And by the way, Rastus, tell them to cut it thick enough to enable me to find the other side.

# Peace Time Patriotism

¶ The American people were fairly started on the road to National Thriftness during the war. They learned how to get along without a good many things that had theretofore been considered necessary, and many who had never saved before managed to lend money to the government.

¶ It is to be hoped that the people will not forget the war's lesson of economy and thrift, and that those who have fallen back into the old ways of extravagant living will soon come to realize that patriotism can be exemplified as well in peace as in war.

¶ Patriotism demands thrift.

All members are requested to bring a simple lunch. It is hoped that every member of the auxiliary will make a special effort to be present and also to bring in new members.

The Epworth League room is on the second floor of the M. I. C. building directly above Beachley's store room.

**MINSTREL WELL ATTENDED**

Bayou Minstrels, Given by Eastern Girls, Draw Big Crowd.

The Bayou Minstrels of Eastern College-Conservatory, composed of erstwhile fair ones, gave a delightful minstrel show before a good audience in Conner's Hall on Monday night. It is said that a sum of about \$40 was realized toward the defrayment of the expense of bringing the Martha Washington basketball team here tomorrow night.

The costuming of the minstrels was excellent and helped much toward making the evening a success. Songs and solos, novelties and dances, local jokes and the chorus brought roars of laughter time after time from the appreciative audience.

**JUNIOR WORKERS WIN BANNER ONCE AGAIN**

Will Become Property of Gold Ridge Club if They Win in 1922—New Club Started.

(Miss Lillian V. Gilbert, County Home Demonstration Agent)  
The Junior Workers' Agricultural and Home Economics Club of Gold Ridge school has won the county banner for the second time. Also the secretary's book from this club goes to Blackburg to enter the State Banner Contest. It is time for all the clubs to hustle now, for if junior workers win in 1922 the banner becomes their property. Some of the clubs are aware of this and are right up to time with their meetings and in sending reports in and in sending news to the county paper. Let's all watch these who are on time and imitate their example. If the weather is bad and a meeting cannot be held at the proper time, appoint another date and be sure to hold twelve meetings in the year, as this gives a perfect score.

Although the weather conditions have been so that the home demonstration agent could not get to many of the schools, but in these schools the teachers have been very kind in helping the boys and girls with their work. In a number of schools the boys and girls have chosen their teacher as their club leader. This is going to be especially helpful to them as the teachers have such a good opportunity to help keep up the club spirit.

Now is the time for all boys and girls who are interested to decide what they want to do and start early. The Canning Club offers greater advantages this year than ever. Then there is the poultry work; boys and girls doing this work are not only making their own money but are helping with the family expenses. We will not forget the sewing and bread work. The sewing clubs are large. It is hoped that every girl who had the bread club work will continue it again this year and that others will take up the work. Last, but not least in importance, is the Girls' Room Improvement Club. Already five girls have started this work and not more than ten will be given the work this year, as it will be hard to look after more than that number.

In the next issue of The Journal we hope to have an article giving something about our county fair for 1922. It is up to the boys and girls to help make this the best all around county fair ever held in Prince William.

**A DARING ROBBERY**

Mr. Chas. Armentrout, of Washington, Victim of Hold-up.

A very daring robbery was executed in Washington about four o'clock one evening last week when Mr. Charlie Armentrout, formerly of this county and a son of Mr. Robert Armentrout, of near Manassas, was returning from his day's work at the Washington Navy Yard. Two white men, one of whom held a gun in his face, ordered him into an automobile and drove him to a nearby park where they relieved him of about seven dollars. Evidently feeling satisfied at the result of their dishonest labor they drove on with Mr. Armentrout and deposited him safely at the door of his home.

### DUMFRIES

Mud still continues to be very sticky in our town. We wish all the ground hogs had stayed at home February 2.

Games and music were enjoyed, then a huge birthday cake, decorated with candles, was cut and served, also lemonade and homemade fudge. We cannot blame the little folks from wishing birthdays did not have to come a year apart.

loe, near Smithfield, who has been quite sick.

Rev. A. H. Shumate spent Sunday at the home of Mr. and Mrs. E. F. Keys.

The flag raising at the school February 22 was largely attended and enjoyed by all. Cecil W. Garrison, representing the Jr. O. U. A. M., with a very suitable address, presented the flag to Miss Norah G. Beazley, principal of the school, who responded in a very fitting style, both for the school and community at large. After a song, our pastor, Rev. A. H. Shumate, made a thrilling address to the children (although it was enjoyed by the older people as well), and we hope they will not soon forget the inspirations for good thoughts and deeds that was called forth by the patriotic speech. America was played by one of the teachers, Mr. Leon Waters, and sung by the school. Mr. Waters also made an address to the school. The flag was raised to its lofty heights by little Catherine Brawner and Master Archie Keys, while the Star Spangled Banner was played by Mrs. C. H. Brawner.

Mr. George Waters is a frequent visitor at Breezy Heights. Messrs. M. J. Keys and Olney Powers, of Quantico, spent Wednesday evening last with Miss Goldie Keys.

Mr. Magruder Keys spent Tuesday evening with Miss Norah Beazley.

Mrs. Perry, who has been with her daughter, Mrs. Clay Brawner for some time past, has returned to Indian Head.

# He Tried SUNOCO Oil

## And this is what he said:

"That SUNOCO OIL I got from you proved to be fine; especially for the Haynes. It has worked better than it ever has since I bought it. I have been trying to buy some more of the oil since my return, but no one seems to handle it out here. I am writing to the factory today to have them send me some. Tell Ludd (I think that is the name of the fellow that works there with you all the time) that all I have to do with the Haynes is give it lots of Sunoco oil and gasoline and drive it like Sam Hill."

The writer is Mr. J. B. Gibson, who recently left here in his Haynes for Webb City, Mo.

What Mr. Gibson thinks is the opinion of many other SUNOCO users. Have you tried it on your car?

### CLIFTON

February has certainly given us a great variety of weather from the coldest blizzard to a balmy spring day, and March comes in with her usual bluster.

Rev. T. H. MacLeod preached at the usual hour Sunday morning in the Presbyterian Church, his subject being from the text found in Judges 5:23. Many of his hearers said it was the best talk Mr. MacLeod had given us in the two years that he has supplied the pulpit in this place.

Rev. J. C. Fry preached in the Baptist Church at night from the latter clause of Philippians, 2:12.

Mr. F. G. Mayhugh, a resident of Clifton for quite a number of years, until three or four years ago, when he moved with his daughter, Mrs. Robert Davis, to Clarendon, where he has made his home since, died Tuesday, February 21, of influenza, and was buried from his late home Friday, February 24. When the family came back from the funeral they found that Mrs. Robert Davis had passed away to be with her father. Mr. Mayhugh is survived by two daughters and one son. Mrs. Davis leaves besides her husband, four daughters and one son.

The Baptist young people gave an entertainment in the old hotel Tuesday night, February 23, for the benefit of the church. The crowd pronounced it very good.

Eggs are cheaper than they have been at this season of the year for several years.

The school gave holiday Friday instead of on Washington's birthday, and Misses Hitt, Wigglesworth, Towles and Davis went to the city for the holiday.

Mrs. Curtiss is clearing off land, preparatory to putting in a crop of corn; she expects to start a 200-egg incubator as soon as it arrives.
