MANASSAS, VIRGINIA, FRIDAY, SEPT. 15, 1922

\$1.50 A YEAR IN ADVANCE

CROPS WILL BE ABOVE AVERAGE

Good Yields Reported by Virginia Crop Reporting Service.

Richmond, Va., Sept. 14.—Crops have now reached such an advanced stage that the earlier reports of excellent yields can now be definitely confirmed, according to the September report of the Virginia Crop Reporting Service.

Prospects for the corn crop declined slightly during August, owing to lack of rain in some sections of the Valley and southwest Virginia.

Virginia has had the best tobacco-growing season for many years, and an excellent crop of fine tobacco has been produced.

Hay yields have been large in all sections of the State, and owing to the frequent rains the late crops will also be good.

The late white potato crop in the eastern part of the State was injured by the heavy rains early in August.

The peanut crop made some improvement during the latter part of August, but the season is too far advanced for any great progress to be made.

FORD BANS BOOZE

(Mrs. T. R. Bywaters)

It is gratifying to know that heads of large corporations are realizing the inefficiency of men employed by them who have formed the habit of drinking.

Mr. Ford further states: "The eighteenth amendment is a part of the fundamental law of this country and was meant to be enforced.

—Mr. W. D. Young, of the Metropolitan police force, Washington, was in town Thursday, he having been called here on account of the illness of his father, Mr. H. P. Young.

VACCINATION COMPULSORY

Without It no Child Is Admitted to County Public Schools.

The vaccination laws of Virginia are for the general protection of the public health.

This county was visited last year by an epidemic of small-pox in the Bacon Race neighborhood which subjected the county and state to great expense to check.

In order to prevent as far as possible the spread of diseases among public school children, the County School Board by resolution dated September 8, 1922, resolved that no child shall be admitted to the public schools in this county unless such child has been successfully vaccinated.

If a child is refused admission to the public schools by reason of non-vaccination, such refusal will not exempt the parents from the penalties of the compulsory education law which is now in full force and effect in the State of Virginia.

Prince William County School Board.

J. R. COOKE, Chairman.

COL. ROBT E. LEE DIES AT ROANOKE

Had Long Been in Ill Health—Body Interred in Lee Mausoleum at Lexington.

Col. Robert E. Lee, of Ravensworth, Fairfax County, grandson of General Robert E. Lee, and son of Brigadier-General W. H. F. "Rooney" Lee, died at Virginia College, Roanoke, the latter part of last week at the age of 53 years.

Colonel Lee had been in ill health since last March and was critically ill at Hot Springs during a part of the summer. He recovered sufficiently to be carried to Roanoke in June.

The funeral services were held in the Episcopal Church at Lexington, and interment was made in the Lee mausoleum at Washington and Lee University on Saturday.

In the death of Col. "Bob" Lee, Virginia has lost an outstanding figure in the social and political life of the State.

He was known far and wide as an orator and was in constant demand for political and historic speeches and memorial addresses.

Colonel Lee is survived by a widow. He was married rather late in life to the widow of Gustave M. Pinckney, of Charleston, S. C., who was Miss Mary Middleton, granddaughter of the Secretary of the Treasury of the Confederacy.

MRS. W. L. BROWNING HOSTESS

Good Housekeeper Club Entertained at Her Home Last Week.

(Chloe E. Lay Hodge, Sec'y)

The charming home of Mrs. Browning was the scene of a delightful meeting of the Bethlehem Good Housekeeper's Club on Saturday evening last. Eleven members were present and responded with splendid quotations.

Mrs. and Miss Benson were guests of the club. After adjournment the social hour was greatly enjoyed. Our hostess served delicious ice cream and home-made cake, and with many thanks for her gracious hospitality we departed homeward.

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and sympathy during the illness and death of our father, George Thomas Corwell.

ENTRIES TO FAIR CLOSE SEPT. 16TH

Fourth Annual Exhibition Promises to Be Best in History of Association.

(By H. W. Sanders, Secretary)

Many entries have already been made in the various departments of the Fair, and there is every indication that this year's exhibition will surpass all others in quantity, quality and variety of exhibits.

Owing to the extensive preparations made for the Fair last year, the grounds are in an unusually good condition, and only about a week's work will be required to place both grounds and buildings in proper condition for housing exhibits and providing for the comfort and convenience of the patrons and visitors.

Increased Housing Facilities Necessary.

As an evidence of the increasing interest in the Fair and the consequent increase in the number of exhibits, it has been found necessary to provide two large tents to house the products of the home and farm, in addition to the housing provided last year.

Poultry Exhibit Will Be Featured.

The poultry show, which has suffered to a large extent in the past from a lack of a proper kind and quantity of coops, as well as the early dates on which the fairs have been held, will be featured more strongly this year than ever before.

Through the efforts of the Stone House Good Housekeepers' Club, a bazaar or booth will be operated by the women for the benefit of the Association.

TRINKLE REVIEWS VIRGINIA TROOPS

Accompanied by Members of Family, Chief Executive Witnesses Parade.

Richmond, Va., Sept. 14.—Returning from his inspection of the 183d Infantry Regiment, Virginia National Guard, Col. John F. Bright, Richmond, commanding, Brigadier General W. W. Sale, Adjutant General of Virginia, today expressed himself as eminently satisfied with the command, which broke camp today at the State Rifle Range, near Virginia Beach.

Official inspection of the regiment was made Tuesday, September 5, when the battalions were put through their paces on dress parade. Governor Trinkle, accompanied by Mrs. Trinkle and his little daughter; Major General Charles J. Bailey, U. S. A., commanding general of the Third Corps Area; Adjutant General W. W. Sale, of Virginia; Adjutant General Richard, of Maryland; Adjutant General Jo Lane Stern, of Virginia (retired), with Brigadier General S. Gardner Walker, of Front Royal, and members of the Governor's staff, were all present at the review, which was also witnessed by quite a number of ladies.

There are approximately 1,800 acres in the camp grounds. Having reviewed the regiment, the Governor, accompanied by officers present, made an inspection of the entire encampment in automobiles. He also witnessed a test of the new sub-machine gun with which Virginia troops may be equipped.

Units composing the 183d Infantry Regiment are drawn from Richmond, Suffolk, Petersburg, Hopewell, Blackstone, Norfolk, Parkley and Newport News. The showing made by the troops was regarded as excellent.

PREPARE NOW FOR LOCAL FAIR

A Careful Reading of Rules Will Avoid Confusion—Send in Entries Promptly.

(Miss Lillian V. Gilbert, County Home Demonstration Agent)

Boys and girls, are we ready for our fairs?

Saturday, September 16, is the date entry blanks should be sent in. Be sure that you get yours in on time. Study your fair catalog department, decide what you are going to exhibit, make out your entry and mail same or bring to the office of county agents.

All club members living in districts where community fairs are held are urged to compete in the classes outlined for them in the premium lists. Boys and girls, you are urged to do everything possible to make these fairs a success—not only exhibit yourself, but urge others to exhibit.

Read rules and regulations carefully. See if all required work is done. Poultry club members should have composition and first report in. No prize money will be awarded to club members failing to meet this requirement. Be sure to get ready for the poultry judging contest. This will be held on the afternoon of the first day of the fair.

FORMER RESIDENT DROWNED

Elwood McCarthy, eldest son of Mr. D. R. and Rose V. McCarthy, formerly of this county, was drowned at Rock Point, Md., last Sunday while bathing with a party of friends.

Mr. McCarthy was connected with the United States Treasury Department, and was a graduate of George Washington University. He is survived by his father and mother, one brother and one sister.

—Dr. J. B. Maphis, of Mount Jackson, who had been in ill health for more than a year, died at his home Thursday, September 7, and was buried in the Mt. Jackson Cemetery the following Sunday.

GOV. TRINKLE TOASTS VIRGINIA

Speaks in Eloquent Language at Banquet Given at Wilmington, Del.

Richmond, Va., Sept. 14.—At Wilmington, Del., September 6, Governor Trinkle, who attended the launching of the steamship "State of Virginia," was called upon at a banquet at the Du Pont Hotel by Charles E. Miller, former Governor of Delaware, to respond to a toast to his native State.

"VIRGINIA—To Virginia—mother of States, queen among commonwealths, ancient ark of the liberties of the Republic, chief star in the nation's flag.

"To Virginia—the land of Washington. She who, with George Mason, gave birth to the Bill of Rights; she who, through Marshall, interpreted the Constitution; she who, through Jefferson, matured and presented our present plan of popular and of representative government.

"To that ancient and classic commonwealth which, standing as the natural gateway between northern and southern states, still nurses at her bosom that chastity of honor which was the glory of her youth, which became an example to the nation, and which is today a proverb and a pride with the whole people.

"Tested in battle, chastened through adversity, made strong through self-sacrifice, victorious over all; the name of Virginia has become an inspiration to humanity, a challenge and a consolation to all that is best in man.

"Like trumpet calls, the traditions of by-gone years ring forever through this storied land. The fiery eloquence of Henry, the God-like nobility of Lee, the majestic impetuosity of Jackson, such are the memories woven into the tapestry of our past by the fingers of fate and of the gods.

"It was in Virginia that Maury, the scientist, known to posterity as the 'Father of the Seas,' was born, died and is buried. It was in Virginia that Nathaniel Bacon, immortal rebel, struck the first blow for freedom against the misrule of George III; John Randolph came, to swell the endless line of immortals, as did also Monroe and Madison. The glory which began in the first days of the colonial government reaches through that intervening vista, stretching from George Washington to Woodrow Wilson.

"To name a list of great Virginians is but to call the roll of the first statesmen and soldiers of the nation. To withhold the names of Virginia's illustrious sons would be to deplete the nation's Temple of Fame.

"As no land can be greater than its women, so of noble motherhood came the great leaders of our State. Chaste and as pure as the morning, fair and as fragrant as flowers, the womanhood of Virginia adorns with its loveliness the sweetest land on which God ever smiled."

WOMEN FOR RECREATION WORK

Scholarships Offered by Three Large Settlements in Richmond.

To encourage southern women to enter recreation and playground work three of the largest settlements in Richmond offer scholarships in the recreation department of the Richmond School of Social Work and Public Health, according to announcement from the State Board of Public Welfare.

The United Daughters of the Confederacy also offer a scholarship in the form of a loan. There is great scarcity of recreation and playground workers in the south, and positions must frequently be filled by people brought from a distance, or else by persons without training.

Information may be obtained from Frank Bess, Secretary of the State Board of Public Welfare, Richmond, Va.

JOB WORK IS OUR SPECIALTY—

**GOOD ROADS BODY
URGES BOND ISSUE**

Wants Special Session of General Assembly Called to Meet in November.

Richmond, Va., Sept. 14.—Following the statement made by Henry G. Shirley, chairman of the State Highway Commission, that the letting of State highway contracts out of current State and Federal funds during 1922 would be virtually at a standstill and that the State Highway Commission would have faced the necessity of borrowing money to finish out this year had not the embargo on road material curtailed work on contracts under way, the executive committee of the Virginia Good Roads Association at their meeting in Richmond last week urged in a strong resolution that a special session of the General Assembly be held in November. The holding of the elections to fill vacancies during the general election was advocated. The previous stand of the association for a bond issue of \$12,000,000 to be financed out of the proceeds of the gasoline tax was endorsed. Members of the committee from all over the State answered the call of President Hubert C. Elliott, of Roanoke, to attend the meeting. When brought in contact with the critical situation as to the lack of funds by Chairman Shirley of the State Highway Commission, each member agreed to drop his business and work to place Governor Trimble in a position to call the extra session.

A canvass of the attitude of the members of the General Assembly indicated a clear majority in both Houses for the bond issue, as a number of members of both Houses have changed their attitude to the bond issue since the 1922 session. These changes had reflected the change in sentiment on the part of the people of the State.

On invitation of the committee, Chairman Shirley made a statement of what could be expected in road building for the balance of the year and during 1923. The State Highway Commission chairman stated that were it not for the embargo on road materials, the commission would be compelled to borrow money before the end of the year to pay the monthly estimates on contracts which would have been let and under way. This would have meant holding back contracts other than those financed by loans made by counties under the Robertson act.

In 1923 there will be available approximately \$3,000,000 of Federal and State funds for new contracts, said Mr. Shirley. Of this amount \$1,600,000 or more would be from the mill tax, which would not be collected until December, 1923, and which, therefore, could not be used until late in the year. Unless provision is made by the General Assembly the State Highway Department will practically mark time on State highway construction excepting with the Robertson act funds. The amount of money available would build during 1923 a little over a mile of hard-surfaced road per county. When the large gaps on important highways are considered, there is little hope of filling these in for a long time to come.

Mr. Shirley stated that the organization had been expanded as far as the commission dared to go with the limited funds in sight. The commission, he told the good roads advocate, has an organization prepared to build fifty miles of completed road per month. This could be easily increased to seventy-five or more, as the money is provided. He stated that the commission could economically expend \$12,000,000 in 1923. To do this it would be necessary to know by January 1 that the money would be available. If the commission, he said, knew that \$12,000,000 would be available, it would be their policy to let all the contracts during the winter and early spring months, so that a greater part of the work, which could be completed during the calendar year, taking advantage of every good working day of the year. He called attention to the economies in carrying through a comprehensive program. He estimated a saving of at least 10 per cent. Larger contracting organizations would be interested in bidding if a number of contracts were offered. A large part of the overhead in the moving of machinery is the same on a small job as on a large job. This is also true with reference to the State, as engineers and inspectors can look after a large contract with small additional cost over a small contract. The best business plan, he said, would be for the State to adequately finance a road-building program for a period of two or three years, so that the commission could lay out the work to better advantage.

Buying direct, as we do, from the government in only large quantities, as they require, and paying Spot Cash---the only terms the government gives---we are naturally very much better equipped to offer REAL VALUES than any other firm in this section, barring none. We do not try to see HOW MUCH we can get, but we are actually offering you U. S. Government Army Goods at LESS than they can be bought from the MILLS in carload lots on today's market. We could actually "job" the stock we own and sell in original government sales for MORE MONEY than we offer you single items; but we bought it for you, and we want you to have it. It is not HOW MUCH we can make, but HOW WELL we can serve you. Again:---Every item we offer you as ARMY GOODS was actually bought of the United States Army Sales---not one item of "Make Believe" in our store.

Don't burn coal yet— use Kerosene

James J. Storrow, Fuel Administrator of Massachusetts during the War and special coal consignee during the present coal shortage, has issued a timely warning against drawing on the meagre coal stocks until absolutely necessary. Mr. Storrow makes the following suggestions, among others:

"Don't burn a pound of coal this month or in October."

"Cook and heat water for your household with a kerosene stove or gas stove. Buy a portable kerosene heater. It is handy. It is cheap. It can be moved easily from room to room. It will save coal and money. It will perhaps keep you out of the coal line next winter."

"Cooking by kerosene stove is cheaper than coal. It is more comfortable during these warm days."

"Kerosene can be bought anywhere. Kerosene stoves and heaters can be bought today at any hardware or probably any house furnishing store or general country store in the state."

The coal shortage is already causing much inconvenience. How much actual suffering and hardship it will cause next winter no one can say. Certainly, the expedient thing to do is to save every bit of coal you now have by cooking and heating with other fuels. Tens of thousands of families are already conserving coal by burning Aladdin Security Oil—the perfect kerosene. If you need a cookstove or heater look at the improved Perfection line.

OWN YOUR OWN HOME

Buy a Lot in "Fairview"

This property, situated in the best neighborhood in or around Leesburg, adjoining and near the estates of Ex-Governor Westmoreland Davis, W. A. Metzger, W. B. Hibbs and Mrs. Henry Harrison, commands a view of the surrounding country unequalled by any location in town, naturally created for building lots, perfect drainage, set in grass, and has been consigned to me by the owners with instructions to sell each lot offered absolutely for what it will bring—no bi-bidding, no upset price and no lot will be sold having less than 75 feet frontage. I am establishing a building line, a color restriction and a reasonable building restriction, which will be placed in each deed, which PROTECTS and GUARANTEES THE GOOD DOLLARS YOU INVEST IN THE PROPERTY, and assures that this will develop as Leesburg's best subdivision.

A Few Facts Worth Remembering

That there are no vacant houses in Leesburg;
That the United States is 5 years behind with her building program;
That now is the time to build and stop hoarding rent receipt;
That the first step toward owning your home is to GET THE LOT.
That you can look Leesburg over and you cannot find a better location;
That every dollar planted in a lot in "Fairview" will increase in value;
That those who stand quiet and see the other fellow own all these lots 5 years from today will be crying that old song: "If I had only bought Leesburg real estate 5 years ago, see what I'd be worth today."

SOUVENIRS

Simply as an advertisement and to secure as large an attendance as possible, I will give away at this sale one new Ford Touring Car, and other souvenirs to those attending; whether a buyer or merely a spectator, your opportunity for the Ford is the same, if you are on hand promptly at 1:30 p. m. on the grounds.

UNCLE HANK

The mouse is behind many an up-st movement.

HE WAS IN ALL OF CIVIL WAR

Charles E. Donohoe, 85, pioneer of Omaha and a Confederate veteran of the civil war, died at his home, 1510 North Twenty-ninth Street, the other day.

At the outbreak of the war Mr. Donohoe, then living in Virginia, enlisted, and although engaged as a sergeant in all of the heavy fighting that his commander, General J. E. B. Stuart, celebrated southern cavalry leader, participated, Mr. Donohoe never suffered a wound.

Mr. Donohoe always held to the principles which the south advocated.

"Father's ideas never changed in the least about the justice of the south's position in the war," Mrs. C. E. Lathrop, a daughter, said.

For the past thirty-three years Mr. Donohoe was employed by the Carpenter Paper Company.

He is survived by two sons, Alvin T., Omaha, and Charles S., Sacramento, Calif., and three daughters, Miss Emma Donohoe, Mrs. Lathrop and Mrs. O. N. Van Ostrand.

Funeral services will be held from the Cole-McKay chapel Monday afternoon at 2 o'clock, and burial to be in Prospect Hill Cemetery.—From Omaha Evening World.

Charles E. Donohoe was a native of Prince William County and moved to Omaha soon after the close of the war between the States. He was a member of the Prince William Cavalry, and at one time was deputy sheriff of the county. His wife was Miss Martha Ayres, sister of the late Henry Ayres. He was a brother-in-law of Mrs. E. M. Donohoe.

Mr. and Mrs. J. F. Dunn and two daughters, Katie and Ruth, and Mrs. J. Dove, all of Washington, called at the home of Mrs. Belle Dunn Friday, en route to Fredericksburg.

Rev. Mr. Shumate will hold services at Forest Hill M. E. Church Sunday at 8 o'clock.

Mrs. Edith Taylor called at the home of her parents, Mr. and Mrs. John Anderson, Sunday.

Mrs. Eva Anderson and Mrs. Evelyn Williams called at the home of Miss Rosberta Abel Friday.

HORSE SHOW IS SUCCESS

The Manassas Colored Horse Show Association, John W. White, president, is to be congratulated upon the success that attended the two-day exhibition held at its grounds near here on September 6 and 7. There was an exceptionally large attendance on Labor Day, patrons of the show having come many miles to witness the exhibitions.

From a financial standpoint the show was said to have been a big success.

The Manassas show is recognized as being the largest exhibition of its kind given by colored people in Virginia.

ready. See that they are well groomed. See what a good shipping coop you can make.

Canning club girls should read section 1 carefully and see what a good exhibit can be made. Judging will be given at community fairs, thus coaching for the county fair. Read carefully Class 11. This contest will be given second day of county fair. Who is going to get the steam-pressure cooker?

The county bread contest is to be held the first day of county fair, September 27. Girls should bake their bread the day before the fair and bring same with them to the first day. Girls who will have the privilege of exhibiting bread at the community fairs are urged to do so, as their coaching in bread judging will be given. Remember that to enter the judging contest a girl must make loaf bread sixteen times and soda and baking-powder biscuits the same number of times. No girl will be allowed to enter the contest who does not have the proper reports in county agent's office.

The three girls making the highest score will represent the county at the State fair, there to enter the State judging contest. Who is going to win this trip? The county home demonstration agent has received complimentary pass over R. F. and P. road to Richmond to chaperone the girls. Girls, we must go.

Girls who attended the county short course must not forget Mrs. Risha's contest. Her prizes are ready.

STATE COMMISSION HOLDS TAX HEARING

To Fix Valuation of Property to Be Assessed Against Corporations.

Richmond, Va., Sept. 14.—Hearings have been in progress for four days before the State Corporation Commission relative to the valuation for taxation of the properties of railroads and other public service corporations in Virginia. Any citizen has had the right to appear and make any statement desired as to the value of any such property. The commission assesses for the State, county, city, magisterial district and school district taxation the value of all property of all steam railroad, electric light and power, street railway, gas, water, telephone, telegraph, canal, steamboat and express companies in the State.

The commission now publishes a volume early in the year, giving the assessed value the year before of every item. These are noted by the local taxing officials, and many adjustments are made by correspondence.

It is not often that words of praise are accorded public officials, so that some pride is very naturally entertained by the Corporation Commission in a letter received by it from P. G. Ragland, commissioner of the revenue for the city of Danville, in which Mr. Ragland says:

"It is always gratifying to us, here 'on the firing line,' to know that the higher tax authorities are taking so much interest and paying so much attention to details, giving a fair and even break as to tax burdens as between corporations and the general tax-paying public. It would be very gratifying to me if in some way this information could be carried to every tax-payer in Virginia."

It is indeed a pleasure to comply with Mr. Ragland's request and to at least assist in disseminating the information which he desires to be made public.

DEATH OF GEO. T. CORNWELL

Mr. George Thomas Cornwell, 77 years of age, died Sunday morning at the home of his daughter, Mrs. E. O. Bibb, where he had made his home for the past four months. Bronchial pneumonia was the cause of death. Funeral services were held and interment made at Woodbine Church Monday afternoon at 2 o'clock, the following ministers taking part in the services: J. M. Bell, Henry Lawson, J. A. Goldsaw. Mr. Cornwell is survived by two daughters, Mrs. E. O. Bibb and Mrs. D. E. Woodyard.

NOTICE TO ELECTRIC LIGHT AND POWER CONSUMERS

There will be no service on Sunday from 8 a. m. to 4 p. m., some repairs being necessary. Unless more regular shipments of coal are forthcoming, there is a possibility of a curtailment of the light and power service until a more liberal supply of coal can be secured.

TUESDAY, SEPT. 19—ZANE GRAY'S NOVEL—"THE MYSTERIOUS RIDER"

"The Mysterious Rider," a Zane Grey story, filmed more powerfully than ever that wonderfully popular author's work has been filmed in the past even by Benjamin B. Hampton, at whose touch the great novels of the world become marvelous photo-plays. This may well be called Mr. Hampton's greatest Zane Grey interpretation. Don't miss this one. See special add in this issue. Admission, 17c-25c.

THURSDAY, SEPT. 21—DOROTHY DALTON—IN "BEHIND MASKS"

A dashing romance of society's fringe and fashion's half-world that lives by its beauty and wits. The tale of a convent girl who entered the game of life and found it "fixed" against her. But she played for love and fortune against a thousand odds—and won! Filled with the flare of "high life" and luxury. Shimmering with lovely gowns. Alluring with many a charming scene of pleasure hall, villa and seashore. Admission 10c-22c.

FRIDAY, SEPT. 22—WANDA HAWLEY—IN "TRUTHFUL LIAR"

She was eager to taste the froth of life. So, while her rich husband buried himself in his business, she frolicked along Broadway with another man. Till one night—a shot—the police—blackmailers on her trail—what should she do to prove her innocence? Was her lie justified? You'll see the answer, and enjoy thrill after thrill in this powerful drama of modern youth's follies and courage. Admission, 10c-22c.

SATURDAY, SEPT. 23—HOBART BOSWORTH—IN "COME ON"

As MacNeir challenged the fighting mob, so does this great motion picture invite comparison with any ever screened for sheer virility of action, intensity of plot, realism in acting and photography. It is a smashing story of two pals who loved the same girl—of a clash between friendship and love—and of a code of honor stricter than any written law. Do not miss this big film. Admission—Matinee, 10c. Night, 22c.

seeded the original plan which was considered by the Woman's Clubs of the county of operating lunch and refreshment stands. Members of the Stone House Club are soliciting donations, not only from the members of its own organization, but from the public at large. Sister clubs are especially urged to co-operate in the undertaking and help to make it a success. Mrs. Moss, Mrs. Hundley and Mrs. Ayres will give any desired information concerning the bazaar and will receive donations to be placed on sale during the three days and nights of the Fair.

U. S. Producing Company Midway Attractions.

Officers of the Association feel especially fortunate in closing a contract with the U. S. Producing Company for their midway attractions, as this organization will travel from Washington in eight privately operated trucks, thereby eliminating the uncertainty of railroad transportation. Mr. Edward Oliver, manager, has this to say concerning his attraction:

"After spending twenty years in the amusement business, I was brought face to face with the fact that outdoor attractions must be clean in every respect and organized for the purpose of entertaining the ladies, gentlemen and children. We have carefully investigated the reputation of every employee of this enterprise and recommend them as ladies and gentlemen."

The cleanness and quality of these attractions will recommend them to every patron of the Fair.

Tentative Schedule Special Entry to Be Announced.

The tentative schedule of events for the three days is as follows: Wednesday—Children's day and judging in all departments; Thursday and Friday, horse show. Special entries, to be announced next week, will be put on for the boys and girls of the county on the afternoon of the first day. Other features are also being arranged by Miss Gilbert, who is in charge of this part of the program. It is not unlikely that holiday will be declared for the schools of the county and special admission prices granted all students.

Mark these important dates on your calendar: September 16, the day all entries close, and September 27, 28 and 29, the days on which Prince William's greatest Fair will be held.

Special Prizes Offered in Departments.

Since the premium list for the 1922 Fair came from the press the following special prizes have been offered in various departments: An all-wool blanket for the best pair of ewe lambs, presented by the Home Woolen Mills, Eaton Rapids, Mich., now on display at the Prince William Pharmacy; an all-wool blanket, presented by the Woolen Blanket Company, of Cedar Bluff, Va., for the best ram in the show; \$10.00 offered by Mackall Brothers of the Lawn Farm. The latter prize will be divided, \$5.00 to be given for the best boar and \$5.00 for the best sow of spring farrow exhibited by the Pig Club boys or boys in the Agricultural Class of the High School. The Manassas Feed and Milling Company offers a prize of \$5.00 for the best biscuits, made from Bull Run Self Rising Flour.

THE OLD ORDER PASSING
 As successive primaries pass, it becomes more manifest that the next Congress will be guided by a new group of leaders, no matter how many of the political "oaks" fall in the general election and no matter which national party finds itself in control after next March 4.
 Radical changes already are foreshadowed in both the House and Senate by the defeat of leading legislators in the primaries, and by the voluntary retirement from public life of still others. A few more will lose out in November, in all probability, and if there is a genuine political upheaval, as certain signs portend, the havoc may be general.
 At the moment it seems that the House regime will be more completely overturned than will that in the Senate, unless Lodge should be retired by the people of Massachusetts. Also there is increasing likelihood that the House will go Democratic, notwithstanding the 188 majority which the Republicans have. It is difficult to believe, however, that anything may happen in the next few weeks which would break the Republican grip upon the Senate.
 Regardless of the political perils of November, however, the next House will be dominated in large measure by men not now conspicuous upon the floor of that body. Majority Leader Mondell will go out, in any event. He is a candidate for the Senate seat now held by Kendrick, Democrat. "Uncle Joe" Cannon has elected to retire, as has Fordney, of Michigan, chairman of the powerful Committee on Ways and Means. Simon E. Fess, long an outstanding Republican figure of the House, has quit to run for the Senate in Ohio. Representative Winslow, of Massachusetts, chairman of the major Committee on Interstate and Foreign Commerce, has decided he has had enough of public life. Kelley, of Michigan, another committee chairman, is trying for the Senate.
 Of the Old Guard in the House only Speaker Gillett and Representative Mann, of Illinois, will remain, if both are re-elected. Mr. Mann, a former floor leader of his party, has announced that he would accept the speakership if it is offered him, but that he does not want to assume the burdens of the floor leadership again. Some untried Republican, therefore, will manage his party's affairs from the floor.
 Big gaps already have been made in the Republican leadership of the Senate. Boies Penrose, the ablest of them all, is dead, as is Philander Knox, another stalwart figure. Senator McCumber, who heads the Finance Committee, has been defeated for renomination and, though he is being urged to run as an independent, he shows no inclination to bolt his party. Senator New, of Indiana, has gone down in defeat. He has been an administration wheel-horse since the beginning of the Harding tenure in the White House.
 Senator Page, of Vermont, chairman of the Naval Affairs Committee, is not a candidate for re-election. He wants to go back home and enjoy his leisure for the remainder of his days. Poindexter, of Washington, is next in line for this chairmanship, but his return to Washington is in serious doubt. The people of his State have not forgiven him for his vote in behalf of Newberry.
 Kenyon, of Iowa, has gone on the Federal bench. John Sharp Williams, of Mississippi, one of the most brilliant Southerners in public life for a generation, refused months ago to stand for re-election, and a successor has now been nominated by his party.
 Some of the old faces and figures now familiar in Washington will be regretted when they drop out, but there are others to withdraw from the arena whose going will be a matter of public congratulation.—Richmond Times-Dispatch.

948 ACRES GOOD LAND, SUB-DIVIDED

The J. T. PATTON or PUTNAM PLACE At
CATHARPIN, V. A.

Monday, Sept. 25th, 1922

Also all Live Stock and Personal Property Listed Below, Commencing Promptly at 10 A. M., Rain or Shine
DINNER SERVED ON GROUNDS BY DAUGHTERS OF THE CONFEDERACY

LOCATION:

In Prince William County, Va., on both sides of Bull Run, the most famous small stream in the world, and one that never goes dry; 34 miles from Washington, 12 miles from Manassas, 6 miles from Aldie, 17 miles from Leesburg, in the famous Catharpin Valley, one of the most fertile spots in Virginia. The farm is only 1 mile from Catharpin, close to two good schools and three churches.

Description and Subdivisions:

The farm having three residences with barns and outbuildings with each, will be subdivided into three main tracts, with a few smaller tracts.

TRACT No. 1

Will contain the main residence and the large barn, and will embrace about 400 acres, all good land, 10-room, 2-story modern residence, built in 1911, bath-room and acetylene lights, garage and all necessary outbuildings, well in the house. The purest water in the State. I want you to see that barn! It is 42 x 70, bank barn, of course, and big enough to suit any purpose you may have in mind. Sheep barn attached, 50 x 36, double corn house, granary and mill.

TRACT No. 2

Has a good two-story house, also built in 1911, located on Manassas and Aldie Road, now occupied by T. C. Byrnes, who will take pleasure in showing you this tract. This tract will contain about 250 acres and has a big barn and necessary outbuildings. A lot of Bull Run Bottom on this one. Enough said!

TRACT No. 3

A Dairyman's Paradise! Good six-room house; cow barn for 40 cows, stable,

granary and corn house. This one is right at the Cheese Factory. The market for your milk is at the door. We can make the size of this one to suit you, as we can sell it in one or more tracts.

GENERAL:

This is really a wonderful tract of land, and has grazed cattle from the four corners of Virginia for fifty years, and has been kept mostly in grass. You people who remember Mr. Putnam, and you who know John Patton, both cattle buyers and traders, know that this is true. ASK ANYBODY ABOUT THE PUTNAM FARM AT CATHARPIN. It is the best-watered place I ever sold. There are 150 acres of timber on the entire farm, and the balance is all tillable land. 550 acres now in grass, of which 250 acres is in blue grass. Boys, this farm is a money-maker, and it will sell at the right price.

About Catharpin and the Cheese Factory:

The men of Catharpin are men of vision. These citizens and men have created a market right at home for the farmers' milk by organizing and putting into operation a modern cheese factory, which takes all the milk the farmers can produce at excellent prices, makes high-grade cheese and sell it as fast as they can produce it, and returns the farmers' whey to feed their stock, thus avoiding the tedious bother of shipping the milk. Ask any farmer around Catharpin!

Headed by that upstanding, progressive, far-seeing merchant, F. H. Sanders, President of the Corporation, and assisted by the following able officers and directors: W. Holmes Robertson, Vice-President; C. R. McDonald, Secretary; W. Y. Elliott, Manager; L. J. Pattie, H. Haislip, W. S. Brower, L. L. Lynn, E. M. McCuin, A. W. Smith, J. J. Rowe, Leslie Hoffman and R. A. Collins, directors, and numerous stockholders, this is an institution of which the good people around Catharpin are justly proud. L. L. Lynn also owns and operates a good grist mill at Catharpin.

PERSONAL PROPERTY:

The personal property consists of \$10,000 or \$12,000 worth of Livestock, Horses, Cows, etc., also all Farm Machinery, Gasoline Engines, Feed Mills, Plows, Harrows, Carriages, 1,000 tons of Hay, Landlord's interest in about 200 acres of Corn, Cultivators, one International Truck, Seed Sowers, Saddles, Manure Spreaders, Lime Spreaders, Platform Scales, and a thousand other articles. YOU KNOW WHAT NEW MACHINERY COSTS. Attend this SALE, get WHAT you NEED and SAVE MONEY.

SOUVENIRS:

Simply as an advertising proposition, \$100.00 IN GOLD WILL BE GIVEN AWAY IN THIS SALE. Who will get the money? This might be your lucky day!

TERMS:

On Real Estate 15% at time of sale, 18 1-3% 30 days thereafter and the balance on or before 2 years from date of sale; 6% interest. Terms on personalty will be announced at sale.

A "Four" That Sets A New Standard The 1923 Buick Four Touring—'885

In beauty of appearance, dependability and economy of operation the Buick four-cylinder five-passenger Touring has established an entirely new standard for four-cylinder cars.

Its low body with its clean, straight lines, accentuated by the high radiator and straight hood, give it a long, racy appearance that is new to cars of its class. Massive crown fenders add to this distinction, as do the snug-fitting, shapely top and the handsome drum-type head and cow lamp.

And with this beauty has come a new riding comfort. The seats are deep and low with full leg room in both compartments. The steering column has been changed in position to increase driving ease and the gear shift lever has been raised to meet the driver's hand. A transmission lock, a windshield adjustable from the inside, and a transmission-driven speedometer likewise are among the many new refinements of this model.

Material changes also have been made in motor, chassis, and body construction which contribute still further to the wonderful performance record characteristic of Buick cars for twenty years.

The Buick line for 1922 comprises fourteen models. Prices—1922: Buick, \$2000; Buick Touring, \$2200; Buick Coupe, \$1775; Buick Sedan, \$1800; Buick Sedan, \$1825; Buick Sedan, \$1850; Buick Sedan, \$1875; Buick Sedan, \$1900; Buick Sedan, \$1925; Buick Sedan, \$1950; Buick Sedan, \$1975; Buick Sedan, \$2000; Buick Sedan, \$2025; Buick Sedan, \$2050. Little Minnie Janette Speakes met with a painful, but what might have been a fatal, accident last Monday. While playing about the kitchen of her home in some manner one of the legs of the cook stove became loosened, allowing the stove to tip forward, throwing a teakettle of hot water to the floor, some of it reaching the child. While the burns were quite painful, they are not as serious as anticipated at first, and she is getting along nicely.

Little Margaret Huffman is on the sick list.

The special revival services at the Baptist Church closed last Friday night. Several members were received and a great deal of interest shown.

Rev. Cox, of Culpeper, returned home Saturday morning.

The program for the community fair on September 22 is as follows: While the judging is being done from 10 a. m. until 12, there will be speaking in one of the churches from 11 to 12 and a community sing to which everyone is invited from 10 a. m. to 11 a. m.

After the usual hour for lunch a good ball game will be the principal feature. We invite everyone to come, bring your children, meet your friends and have a good time.

First to tell the public about the good and bad in tire-retailing. You remember the phrase "Go to a legitimate dealer for a legitimate tire."

First also to arouse industrial and trade minds to a new kind of tire competition for better and better quality for greater public confidence.

THESE high spots along the U. S. Road to Leadership are the history of the U. S. Rubber Company.

Now that so many car-owners have given their verdict for quality, price, and U. S. Tires in general, and U. S. CLIFTON
Rev. L. H. MacLeod preached Sunday at 11 a. m. in the Presbyterian Church, his text being one word, "Gospel."
The Women's Missionary meeting in the Presbyterian Church was led by Miss Rosemond Burke. Miss Burke gave us some very interesting accounts of the work in India, describing the work done by the mission hospital. On the home subject she told of the problem of the "Lack of religion" among the instructors in the colleges and schools of our country, and stated that with the teachers, both in the graded schools, high schools and colleges, were men and women of God and were willing and eager not only to teach the youth under them the daily lessons of their class-rooms, but to also lead them in a moral and Christian way, that the problem of the church would be largely solved. She gave an example of the condition of the three churches especially the Presbyterian one in Williamsburg, where she had been this summer attending summer school, that the church doors were largely closed most of the time, and students who were writing home that they were attending church services regularly were not in attendance one single time during the session, and there seemed to be no effort made to have them attend.
Rev. C. J. Fry preached in the Baptist Church at night.
Miss Virginia Makely and Mr. DuBois, of Washington, were married in Washington one day last week. Miss Virginia is the next oldest daughter of Mr. and Mrs. J. W. Makely, of this place, and is one of the most popular as well as prettiest of the younger set, and will be missed from her class in school. All her friends wish her a long and happy life. The young couple will reside in Washington, where the young man is employed.
Mr. and Mrs. W. W. West were visitors at Mr. and Mrs. S. H. Detwiler's last week. Mr. West is now residing at Ashland, Va., and it is said he has bought land there on which coal has been found in quantities and expects to develop the mines in a short time and will perhaps make his fortune.
Miss Frances Buckley has been appointed to teach in Falls Church School.
School begins next Monday, September 18.
Farmers are beginning to cut corn.
The weather has been unusually warm for this season of year until Monday evening, when we had quite a heavy thunder shower, and next morning it was much cooler.
Mrs. Katherine Johnson, of Washington, spent the week-end at Mrs. W. H. Richards'.
Messrs. Paul and Walter Quigg were Manassas visitors last Monday, taking up a load of wheat and bringing back flour; also had some dental work done, besides doing some shopping.
The community was very much shocked to hear of Mr. Staples being dragged after he was thrown from the vehicle, surviving only a very short time. The funeral was in Washington, where he has relatives.

"THE REXALL STORE"

To Maintain a Standard--

is not always an easy task. In these times when the public is clamoring for something cheaper, it's a great temptation for merchants, to cheapen their products. We have always refused to do this for the quality here must be kept up. We buy only the best and sell only the best--and at prices that are consistent with standard quality. Selling only meats we have no "baits" to throw out. Our only inducement for you to buy is: Quality plus Service and Sanitation. Our steadily increasing patronage warrants us in our belief to fight along this line and not be tempted to resort to the line of the least resistance. Your children will receive every kind attention here. May we serve you?

HYNISON'S FALL OPENING SALE

Prices good until October 31st. The market on cotton and on wool is wild, as you know; we feel we own sufficient stock to carry us this fall, but we may be deluged with business as last fall, and to protect ourselves we name prices up to November only. It is the policy of this store to protect the trade all we can; if we buy it cheap, we give you the benefit; we do not try to see how much we can get, as many do; we want to serve you and we want to serve you right; if we do not do so, tell us, please.

Just one word more: We honestly believe that we are offering more real values this fall than we have ever before in five seasons put together; more real values; more items materially less than you can buy the same item anywhere else.

Women's Ready-to-Wear

We will have for you this season the greatest assortment and the best values we have ever had the pleasure to offer you.

We believe we can FIT any purse or figure.

Every express brings us stock and by the time you get this we should be complete.
