

ENTERTAINMENT AT HICKORY GROVE HALL

Ladies of Eighth Virginia Regiment... Memorial Day.

(Communicated) The entertainment at Hickory Grove U. D. G. Hall on the evening of Tuesday, June 3, would have been a social success even if a financial failure...

Col. Robert E. Lee more than fulfilled our expectations. Surely no higher praise could be given than to say that he is indeed worthy of his illustrious grandfather, the General.

He spoke of and for the South in a way most gratifying to those who strive to keep green the memories of the most honorable Confederacy that the world has ever seen.

The ladies of the Eighth Virginia Regiment Chapter... honored by such a presence. More than one of them asked afterwards, "Why is he not Governor of Virginia?"

Delicious refreshments and good music contributed to the success of this occasion, which was altogether the most enjoyable held in our hall since its formal opening.

IN MEMORIAM

In memory of our beloved sister Mrs. Elizabeth Sweeney, who died June 12, 1919.

Though the shadows of death to the sunlight above, A thousand sweet memories are holding them fast, To the place they blessed with their presence and love.

The work which they left and the books which they read Speak mutely though still with an eloquence rare, And the songs that they sang and the dear words they said Still linger and sigh on the desolate air.

We, too, will go home o'er the river and rest, As the strong and the lovely before us have gone, Our sur will go down in the beautiful west To rise in the glory that circles the throne.

Until then we are bound by love and our faith To saints who are walking in paradise fair.

They have passed beyond sight, at the touching of death, But they live like ourselves, in God's infinite care.

By her sister, Mrs. A. C. Harley. Blessed is the man who discovers in the hour of his adversity that he has a lot more friends than he thought he had—but he is scarce.

IN THE PRINTING OFFICE

"I can not read it, father—father, see!
 I can not read it; spell it out for me.
 I thought that surely I my letters
 knew,
 But this I find I really can not do."
 So spake a child who, at his father's
 side,
 Walked through a printing room, and
 vainly tried
 To read the type. The printer, smiling,
 laid
 Upon the press a sheet, and kindly
 said:
 "Come, little one, and try to read once
 more
 These letters; for they were reversed
 before.
 But now they're plain." The clouds
 from that fair brow
 Seen passed away, for he can read it
 now.
 So with our Father's dealings; day by
 day
 We try to read, and puzzled turn
 away.
 We do not understand; we can not see
 Why this was done, or that allowed
 to be.
 But in the world to come, through his
 clear light,
 We, too, shall read the mystery aright.

TRIBUTE TO THE EIGHTIETH

The following is taken from the tribute of the Richmond Times-Dispatch to the Eightieth Division:
 "The Eightieth moves forward."
 What greater tribute could be paid to any military organization? None. It leaves nothing to be said by way of eulogy. The historic words were pronounced first by the Eightieth's commander as this division of America's lightning-trained army faced the German inferno. And it did move forward. Three times was this force of citizen soldiers, who received their education for war at Camp Lee, hurled into the bitterest fighting in the concluding days of the war, and as many times it moved forward and gained its objectives. The words were repeated by the same commander yesterday on the occasion of the presentation to him of a sword by a grateful Virginia. This time they were in praise of his men; the first time they were the ipse dixit of the major-general, and as one man the Eightieth responded.

INVESTORS

Probably not less than 25,000,000 different persons in the United States have become bondholders through the five liberty loan campaigns. It is impossible to overestimate the importance of this fact as a conservative influence opposed to all efforts to introduce bolshevism in this country. The man or woman who holds government bonds, and is perhaps the owner of a piece of ground which he or she calls home, offers a very poor field for extreme socialistic ideas. It is the poverty of the Russians that has been their undoing. Conversely the prosperity of Americans will save them from falling victims to false doctrine.

Charles Edison, son of the electrical wizard, has perfected and is putting into practice the newest idea of making capital and labor work in double harness. Keeping mystery out of business and sharing profits in a scientific way is the keynote of his plan, which he tells of in The Washington Star, Sunday, June 15.

—**Cut your Liberty Bond coupons** and buy Thrift and War Savings Stamps, was the advice given holders of the First Liberty Loan today by Postmaster W. Willis Davis. June 15 is the day the government pays interest on the 3 1/2 per cent bonds of the First Loan and the 4 and 4 1/4 per cent bonds into which the First Loan bonds were converted. "Liberty Bond interest coupons should be clipped promptly," he said, "and promptly re-invested. Thriftless money is of no benefit to the individual or to the community. Money should be put to work where it can earn the most in the safest way, just as the individual should be kept busy. The government, following the Victory Loan, is now paying interest to the people at the rate of nearly a billion dollars a year."

—A telegram to the Prince William Red Cross Wednesday morning asked the chapter's canteen corps to serve cake and fruit to 150 soldiers traveling south on a morning "through" train due about fifteen minutes after the receipt of the telegram. Although the chapter has no organized canteen service Red Cross members on the streets were pressed into service and when the train arrived a bountiful supply of cakes and fruit, with twelve young women to serve, was on hand. The train, however, failed to stop and the soldiers aboard called in vain for the tempting food in sight as the cars rolled by. The merchants who sold the food agreed to its return and the members of the party seemed to feel that the effort was worth while as a demonstration of what the Red Cross is able to do in an emergency.

You Can Judge Value by Comparison

Silk Waists

¶ We believe our stock of Silk Waists is larger than you will find in all the other stores in the county combined. We buy direct from maker; the garment is made to sell direct to consumer; not made so the "jobber" can get his profit; in other words it is just simply a differently made garment; made better in every way.

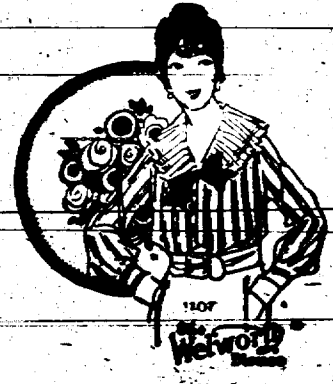

Boys' Underwear
 19 cts a Garment

¶ The fact is we have just too many Boys' Shirts and Drawers; we are overstocked and the price is made simply to unload; we guarantee they are big value at 50c each; it is saving some when you buy for 19c. The great bulk of the stock is shirts in knit and fabric; a few drawers; mostly all sizes from 22 to 34. At this price they will go fast, so do not put off buying what you want, as this special sale of 19c is for one week only beginning Saturday, June 14, and ending Saturday night, June 21.

Blouses Waists

¶ When we secured the exclusive representation hereabouts for Welworth and Wirthmor, we felt that it was a mark of prestige—shared equally by the manufacturers and ourselves.

¶ This week's new models—both in Welworth and Wirthmor—are now on display, and as usual with the weekly shipments, they introduce some entirely new style thoughts.

Jap. Silk Waists \$2.19 to \$2.49
 Crepe-de-Chine Waists \$3.50 to \$5.98
 Georgette Waists \$3.50 to \$12.50
 ¶ We are showing a fine assortment of Black Waists from \$2.19 to \$10.00. If you are Silk Waist hunting, we surely are prepared to please you.

Women's Neckwear

¶ Of COURSE you will want to be among the first to see them!
 ¶ The best way to judge value is by comparison—and so we urge you to compare—

WELWORTH BLOUSES AT \$2.50
 WIRTHMOR WAISTS AT \$1.50

with others at like prices—and then—we would like to have you compare them with those that are MORE EXPENSIVE.

¶ The better comparison, we believe, will do more than anything else to convince you of their desirability.

¶ You may always depend upon Welworth and Wirthmor to be representative of Dame Fashion's newest themes, for new designs are created each week—and in 12 days from the time the designs are accepted the blouses have been made, packed, shipped—then unpacked ready for sale.

¶ Every state in the union has its quota of Welworth and Wirthmor representatives—just one store in each of the larger cities is looked upon as the "home" of these widely known blouses.

White Goods
 27 cents a yard

¶ The much wanted White Voiles and Organzies are here in Mill ends in regular 50c grade. You will find all lengths from 2 to 20 yards—we will cut what you want if it does not leave had remnant; plenty to select from as there is nearly ten thousand yards in the lot.

¶ Every two weeks we get the newest creation direct from New York; just the same as shown in the big New York stores. Sooner out of style is nothing. Come to us and get the "last word" right from New York, the home of "style," shipped direct from factory to us.

Christopher C. Garnett, former chairman of the State Corporation Commission, has been promoted from the rank of lieutenant-colonel to the rank of colonel, on the recommendation of Major-General George W. Burr, assistant chief of staff, director of purchase, storing and traffic. While it was announced a few weeks ago that Col. Garnett would join the law firm at Fairfax from which Hon. R. Walton Moore resigned to take his seat in Congress, Major-General Burr, it is said, has asked him to reconsider his decision and remain in the service.

The Guaranteed Dairy Ration

THERE SHOULD BE nothing mysterious about a proper dairy ration. We all know just what it should contain in order to produce the desired results. The experiment stations settled that matter long ago. It's simply a question of getting the best ingredients, in unvarying quantities, at a price that will permit of a fair profit for the man who feeds it.

We have such in LARRO-FEED. It is a complete ration ready to feed, palatable and bulky, and the various ingredients of such a quality and so well proportioned that in spite of all the different conditions under which dairymen are feeding, we are willing to guarantee one of three propositions:

- (1) More milk; (2) or lower cost of feed; (3) or greater convenience without added cost or decrease in milk. Just what you can do with LARRO-FEED depends on how good a ration you have; but it will have to be a pretty good one if LARRO-FEED cannot beat it.
