BOYS AND GIRLS ORGANIZE CLUB

County Home Demonstration Agent Presides Over Well Attended Meeting.

The Prince William Agricultural and Home Economics Club for the boys and girls of the county held its first county rally in the assembly room of the Bennett Building Saturday. The room was filled with boys and girls and parents and friends, and one of the interesting features of the meeting was the attendance of the first three canning club girls and the first county agent, Miss Emily Johnson.

Club representatives, numbering from 70 to 80, were in attendance from all parts of the county. In the absence of the county superintendent of schools, Mr. Charles R. McDonald, who was to preside, Miss Lillian V. Gilbert, county home demonstration agent, took charge of the meeting. The meeting opened with the canning club song, which was followed by a very impressive prayer by Mrs. Mary Moore Davis, assistant state agent in home demonstration work.

After the address of welcome by the county agent very helpful and instructive addresses were made along the lines of agriculture and home economics and club organization by Mrs. Davis and Mr. B. O. Bradshaw, assistant state agent in boys' club work, both of Blacksburg. These addresses were illustrated with charts of the various club projects, and the close attention given the speakers by the children proved that they were interested. During the session the county club was organized and the officers were elected as follows: Oden Broaden, Manassas, president; Miss Fleta Watkins, Nokesville, vice-president; Ernest Davis, Hoadley, secretary-treasurer.

The following committees were appointed (these committees to be enlarged when the members find need of more help):

Exhibit committee—Miss Lucy Broaden, Manassas; Claude Pearson, Aden; Miss Audrey Calvert, Bethel; Program committee—Myra P. Pater, Aden; Miss Orpha Kline, Manassas; Miss Aline Davis, Hoadley.

Membership committee (one member of each club)—Miss Pearl Grisco, Nokesville; Miss Nellie Hyde, Bristol; Miss Alda Neff, Aden; Miss Olivia Athey, Manassas; Miss Anna Merrill, Woodlands; Miss Mary Pearson, Bethel; Miss Sarah Kerlin, King's Cross Roads; Miss Helen Arthur, Gainesville, and Miss Agnes Edwards, Thoroughfare.

At the close of the organization meeting, the club adjourned and all in attendance assembled on the high school grounds where a bountiful basket lunch was spread on long tables.

While all surrounded the table eating, kodak pictures were taken.

The afternoon session was given over to the moving pictures of the Dixie Theatre, which were shown free of charge to the boys and girls, through the courtesy of Mr. W. N. Warrick. The first reel shown was "Uncle Sam's Pig Club." This picture represented the farm demonstration coming to the school house and making his first talk to the boys and girls, getting several members for pig club work, and all developments up to the boys' participation in the county fair and pig club members' parade at the state fair.

The second reel shown was "Young Uncle Goes to Work." This represented Hiram, a young farmer lad, who, not making the success he wished of the new methods in agriculture, and falling heir to an estate, gives up his farm and goes off to Coney Island and Atlantic City, etc., to have a good time. He writes to Uncle Sam that he is going to grow up to be a success. Uncle Sam loads up his wagon with bulletins, fertilizers, formaldehyde and things for the protection of the seeds, goes up and takes charge of Hiram's farm, and makes a success of it. Hiram spends all of his money and later is seen trading up the railroad track on his way back home, to find Uncle Sam, harvesting crops and having a good time. Uncle Sam immediately shows Hiram what a success he has made and turns over the cash. Both of these pictures were very interesting and instructive.

It was decided that the county club will hold its next meeting the first Saturday in September at the Bennett school building in Manassas. At this time plans will be discussed and made for the exhibit at the coming county fair.

The banner which is to be presented to the champion club of the county was exhibited on the wall during the meeting. This banner is awarded to the county by the Sunday Star, which is displaying particular interest in the clubs of northern Virginia and southern Maryland and conducts a page for them each Sunday.

The year 1914 the club membership in Virginia was 1,910, and has grown until in 1918 it was 16,224.

LAST CHANCE FOR PRINCE WILLIAM

County May Be Able to Secure Experiment Farm, if Land is Available.

(Communicated)

Farmers and business men of Prince William county who have been interested in the location of an experiment farm in northern Virginia will be glad to know that this is now an assured fact. At least, we have this assurance from Dr. Drinkard, chief of the state extension department.

Dr. Drinkard has spoken favorably of Prince William as a possible location for the farm, provided a suitable acreage can be secured at reasonable terms on a long time lease. Any person who has from 100 to 200 acres of land within six miles of the railroad that will be available for this purpose is requested to communicate with Mr. H. W. Sanders, of the Manassas Agricultural High School, who will furnish further information and will report to Dr. Drinkard.

It is needless to say that it will mean a great deal for the agricultural interests of Prince William county as well as this section of the state to have the experiment farm here and landowners are urged to give this matter their consideration. Dr. Drinkard, in company with specialists from the experiment station at Blacksburg, will visit several counties of northern Virginia during the middle of August for the purpose of choosing the most desirable location. A definite decision will doubtless be made at that time.

Prince William will not be visited, however, unless a favorable report is received as to the availability of suitable land. This is our last opportunity to help the experiment station officials, make a favorable decision and we can ill afford to overlook it.

Physicians' Fee Schedule.

At a meeting of the Prince William County Medical Society at Manassas on July 9, 1919, the first held since 1917, it was found necessary, due to the present high cost of living, to adopt the following minimum medical fees:

Office calls	\$1.50 to \$5.00
Calls in town and up to one mile of corporation limits	\$2.00
Calls from one mile to five miles	3.00
Calls from five miles to ten miles	4.00
Calls, ten miles or more	5.00
Consultation calls up to 5 miles	10.00
Obstetrical cases, uncomplicated	20.00
Night calls double price of day calls.	
Minor surgery (office)	\$3.00 and up.

WADE C. PAYNE, Secretary Prince William County Medical Society.

RESOLUTIONS OF RESPECT.

Whereas, Our valued friends and physicians, Dr. J. M. Lewis and Dr. W. R. Tullose, have been removed from amongst us by the hand of death, be it Resolved, That we, the members of the Prince William County Medical Society, deplore their untimely deaths and desire to place on record their many services to their communities as physicians and citizens. They were both charter members of our society and took an active and useful part in the organization as members; and Resolved, That this resolution be recorded in the minutes of our society, published in the county papers, and a copy be sent to their respective families.

POST MOURNS DEATH OF PRIVATE DROTAR

Funeral Services for Soldier from Manassas Held at Walter Reed Hospital.

The funeral of Private (first class) George Drotar, who died on the night of July 23 at Walter Reed Army General Hospital, Takoma Park, D. C., was held with full military ceremony at the Knights of Columbus building Friday morning. As a mark of respect the flag in front of the administration building was lowered to half mast during the funeral. After the ceremonies the body was carried to the receiving ward gate, accompanied by the band and an honor guard consisting of detachment men.

Private Drotar was a son of Mrs. Anna Drotar, of Minnieville, who arrived in Washington too late to see her soldier son before his death. His illness lasted only two days.

"The death of Private Drotar is deplored by the entire medical detachment of Walter Reed," said the Come-Back, the newspaper issued by the soldiers at Walter Reed. "He was one of the most popular and well-liked men on the entire post and his sudden death was received with a shock by every one."

ROAD ADVERTISEMENTS

To the Voters of Coles District: It has come to my attention that Mr. E. E. Cornwell has been offering some criticism of my handling of the Blandford-Independent Hill road funds for the years 1917-18 and 1918-19.

In this connection I desire to state that of the 1917-18 fund there is a balance of \$888.84, which balance is, at this time, in the hands of J. P. Leachman, Treasurer of Prince William county, to the credit of the Blandford-Independent Hill road fund; and that the appropriation for the year 1918-19 has not yet been received from the office of the State Highway Commissioner.

T. M. RUSSELL, Supervisor Coles District.

We certify that the above statement with reference to the Blandford-Independent Hill road fund for the years 1917-18 and 1918-19 is correct.

ANNOUNCEMENT FOR HOUSE OF DELEGATES

To the Voters of Prince William County:

I hereby announce myself a candidate for the House of Delegates at the special election called for August 5, 1919, to fill the unexpired term of Hon. C. J. Meetze, resigned.

Because of the very limited time in which I have to get my candidacy before the public, I feel obliged to give my views more in detail than I would consider proper in an announcement under normal conditions, so I will ask you to bear with me while I do so.

Considering its importance, I feel that this special election, coming as it does at the time of the primary, and therefore more or less confused with the same, has not been adequately advertised nor sufficiently well understood to give the voters and the prospective candidates all a fair show.

I learned of it very tardily through mere chance and have not had the time to give the matter of my candidacy at this time due consideration, and no time at all to plan a campaign, but being so earnestly urged by friends to enter the contest, I feel it would be a neglect of public duty not to do so.

In this election, I am running as an independent candidate. No party has or will make a nomination, and no voter should feel in the least bound, either legally or morally, to support any candidate or fail to support any candidate because of known or supposed party affiliations, for all the candidates are self declared and not party proclaimed.

I will state my platform as follows: 1. The object for which the special session of the General Assembly has been called is road legislation. Being an ardent believer in improved highways and having made the subject a matter of special study for years, I believe, as a member of the General Assembly, I can render real aid in the contemplated legislation.

2. I will earnestly work for better election laws and I favor immediate and full franchise for every man who honorably served with the colors in the late world war.

3. I favor laws to encourage the producer, limiting the profits of the middleman, thus cheapening the cost of living to the consumer.

4. I shall stand squarely behind Governor Davis and the present state administration in its policy of economy and efficiency, thus lowering taxes.

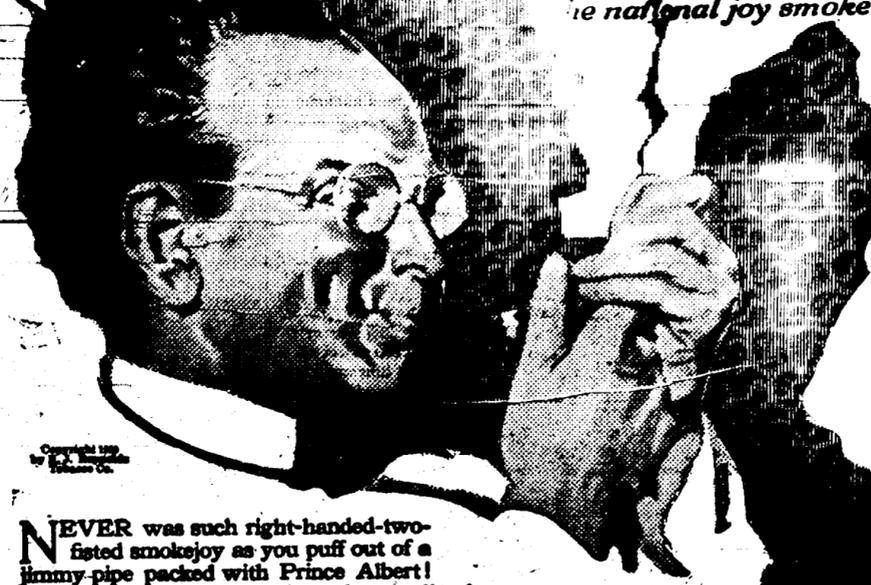

5. If elected to the General Assembly, I shall sever all official connection with and cease all activities as such in behalf of the republican party with which I have been recently affiliated, to the end that I may serve all the people and be free from any party obligations. At Richmond, I shall know nor owe no political party.

6. Being myself a farmer, an educator and a business man, these interests shall receive my special attention.

If I stand for what you believe is for the best interests of the county and of the Commonwealth, lay aside party prejudices, get busy and elect me, and I promise you to be true to the trust imposed.

Respectfully yours, J. H. DODGE.

HON. J. H. DODGE

He is in every sense a Southern gentleman and a true Virginian, having secured his education in the public and private schools of Manassas, at the Virginia State Normal, at the College of William and Mary and at the University of Virginia. He has also studied in Baltimore, Chicago and other educational centers. In his teaching experience, among other positions, he has filled the following: Instructor in the State Model School at Williamsburg, Principal of the Herndon Graded and High School, President of Tazewell College, and at Tazewell, Va., he founded and established his own business and normal college which he managed with marked business ability until it was unfortunately destroyed by fire; he was for a period of years supervising principal of two of the largest high schools of Wise county—at Coeburn and at Big Stone Gap; was for two years superintendent of the Phoebes schools; has for the past ten years resided on his farm one mile south of Manassas where he has followed intensive farming, a part of the time, combining with it educational work as Professor of the Chair of Mathematics and Accounting in Eastern College.

Mr. Dodge is a technically trained, widely experienced, liberal, broad minded, public spirited citizen. From mere youth, he has always taken a very active part in all that tends to the betterment of the communities in which he has lived; is an active member of the Red Cross, Farmers' Institute, Farmers' Union, Civic League, etc. He is an officer of the Presbyterian Church and Superintendent of the Sunday School, a Director of the Fair Association, State Forest Warden for Northern Virginia, etc., etc.

Mr. Dodge is forty-five years old, and in 1919, he married a Miss Fitzhugh-Dunnaway of prominent Virginia families. He would make an able, efficient and dignified representative in the General Assembly—one of which old Prince William might justly be proud.

WALTER T. OLIVER'S WAR RECORD

While the men and women of this district were sending their sons to fight and die, if necessary, for their country during the late war, Walter T. Oliver's contribution to the cause consisted largely in charging fees for his services in filling out the questionnaires of the drafted men.

How this practice was regarded by reputable lawyers in this state can best be shown by quoting a resolution of the Virginia State Bar Association adopted May 15, 1919, which condemned in no uncertain tones, alleged conduct of a member of the Bar of Fairfax County. The matter was brought to the attention of the Executive Committee of the Association by the office of the Adjutant-General of Virginia in a letter dated November 16, 1918, and although the Committee found that it was without authority to act in the premises by reason of the fact that the attorney against whom the charge was brought was not a member of the association, it passed the following resolution:

"The committee makes this record of its condemnation of the practices reported, as being not in accord with the ethical principles which should and do prevail in this Commonwealth among reputable members of the bar, but owing to the fact that the person charged with this violation of the proprieties of the profession is not a member of this association, we are without authority to exercise such disciplinary measures as would otherwise be appropriate, and the secretary is instructed to notify the adjutant-general accordingly."

Proof that this "member of the bar" of Fairfax County, referred to in the report of the proceedings of the association, as published in the Richmond Virginian, May 16, 1919, was the candidate Walter T. Oliver is found in the following article copied from the Fairfax Herald of December 28, 1917:

Fairfax Lawyers Should be Cautious in Filling Out Questionnaires

"Completed questionnaires from the men subject to military duty under the selective draft are now being received by the Local Exemption Board in numbers, but many of those filled out without the aid of expert advice are incorrect, and have to be returned to the senders for correction. In this connection the notice of the legal advisory board given below is timely:

"All the lawyers of the county are now very busy helping the men in the selective draft to fill out their questionnaires. No charge is being made for this work by any of the lawyers, except Mr. Oliver, who has declined to give his services. All the other lawyers in Fairfax, as well as Messrs. J. C. De Putron and W. M. Ellison, at Falls Church, wish the men in the draft to know that they stand ready at any time to give any assistance needed in respect to the questionnaires, and that the men may feel perfectly free to call upon them.

F. S. McCANDLESH, JNO. W. RUST, F. D. RICHARDSON, Legal Advisory Board."

Such a war record in deserving of the greatest commendation and ought not to be rewarded by the bestowal of political honors.

Mr. Oliver is in no position to ask for the votes of the people of this district, certainly not from the fathers of those boys whose money he took in return for services performed gratuitously and gladly by every other lawyer in the district.

To the Voters of the Fourteenth Senatorial District, who are Legally Entitled to Participate in the Democratic Primary on August 5, 1919:
At the time that I announced my candidacy for State Senator, I hoped and expected to be able to meet personally at least a majority of you and solicit your support, but circumstances beyond my control have rendered this impossible.

I have never hesitated to declare openly my views on any public question, regardless of how such declaration might affect me politically, believing that the people were entitled to know my position on such matters and preferring defeat to a surrender of my conscientious convictions, and the people have always known exactly where I stood and where to place me.

During my service of eight years in the House of Delegates, I never missed a day from my duties and, during two sessions, I did not miss a roll-call and I have always fully kept every pledge, which I have ever made to the people, and have especially looked after the interests of dairymen and farmers.

I have not taken and shall not now take the time to deny, through the public press, the many false and malicious charges which have been circulated about me by some of my bitter personal enemies, because I feel certain that the people know me too well to give any credence whatsoever to such slanderous statements. I will only say that I have done my full duty.

Unlike my opponent, who, only two years ago, as an Independent, ran

against me, with the assistance of the negro vote, was elected over the Democratic nominee by a majority of two votes, I have always been a loyal Democrat and have never defeated or opposed the Democratic nominee or the Democratic ticket but, at all times, have loyally supported its nominee.

If nominated and elected by you, I promise to give to the duties of the office the same undivided attention and to discharge the same with the same fearlessness that has characterized my public service in the past.

Sincerely and faithfully yours, WALTER TANSILL OLIVER.

We have been telling you week by week about our sanitary methods and trying to impress upon your minds that the sanitary way is the better way and the progressive way; and, now, in installing a new

SANITARY REFRIGERATING COUNTER

we are merely evolving our belief in these methods. This Counter means that your meat—the meat you eat—is always in a clean, cool place, where no hands can touch it or the pesky fly swarm over it; and you can see what you are buying, or make a selection before buying.

Listen! IT'S ALL BEFORE YOU!

Seriously, don't you feel that you owe it to yourself to buy clean, wholesome meats? Come in and look at this beautiful display of meats, anyway.

AN APPEAL TO THE VOTERS OF BRENTSVILLE DISTRICT

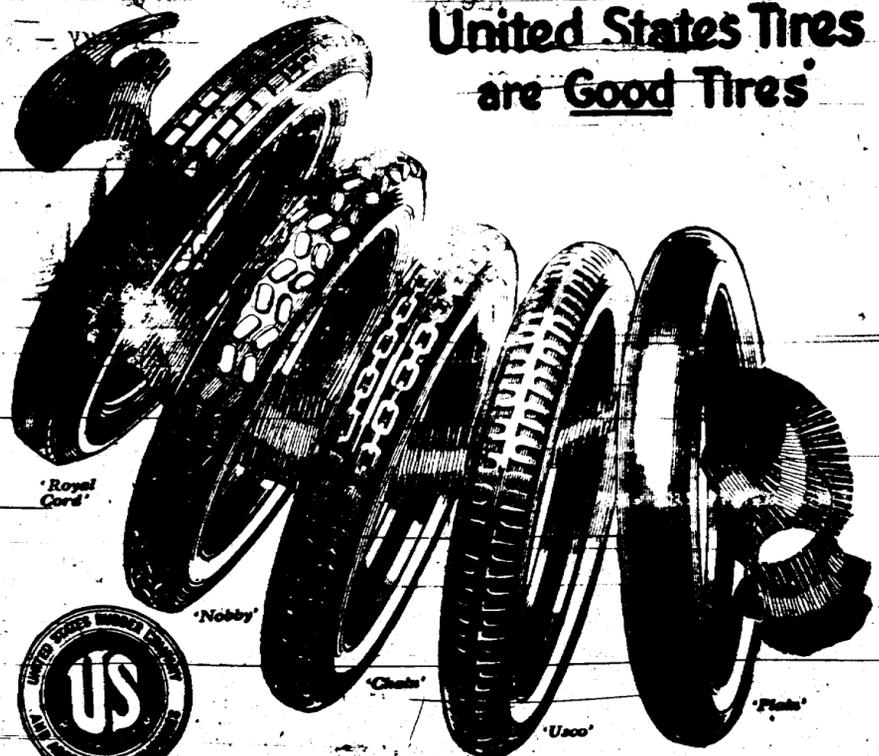

Owing to the fact I have been so engaged on my farm with wheat and hay harvesting for the past month, I regret to say it has been impossible to see and confer with each voter in our district; failing in this, I appeal to each and every voter to consider the present deplorable and wasteful method of working our roads, which can be remedied and greatly improved upon by earnest organization and adopting some system for this expenditure and needed improvement.

In the event you honor me with the nomination as our party candidate at the primary next week, which nomination is equivalent to election, I hereby pledge myself to ascertain the wishes of our people, agree with them upon some of many better plans for the betterment of the roads and in so far as it is possible to see to the enforcement of such plan that may be agreed upon, and thus receive full benefit of the taxes collected and in large measure wasted.

Respectfully yours,
E. W. HERRING.
