"In the long run, people are generally apt to get what they look for; those who are seeking trouble usually find it."

COMPENSATION
 The universe pays every man in his own coin; if you smile, it smiles upon you in return; if you frown, you will be frowned at; if you sing, you will be invited into gay company; if you think, you will be entertained by thinkers; and if you love the world and earnestly seek for the good that is therein, you will be surrounded by loving friends, and nature will pour into your lap the treasures of the earth. Censure, criticism and hate, and you will be censured, criticised and hated by your fellow men. Every seed brings forth after its kind. Mistrust begets mistrust, and confidence begets confidence, kindness begets kindness, love begets love. Resist and you will be resisted. To meet the aggressive assault every entity rises up rigid and impenetrable—while yonder mountain of granite melts and floats away on the bosom of the river of love.—N. W. Zimmerman.

MISS AGNEW RETIRES
 It is with much regret that we learn of the retirement of Miss Ella G. Agnew as home demonstration agent and assistant director of the extension service in this state. We understand that she will join the Y. M. C. A. forces.

Miss Agnew was the pioneer in this work in Virginia; in fact she is the only one who has held the office. It was an unblazed trail she followed. The idea of teaching the young girls home economics and the art of canning was a novel one which met stiff opposition at every turn.

"Had not mother forgotten more about these things than these new-fangled government girls could ever hope to know?" was the question usually asked. Miss Agnew answered it but it took infinite tact and patience to overcome the natural prejudice against all innovations.

Miss Agnew leaves as a monument to her labors, the home demonstration work firmly established and its usefulness thoroughly appreciated over the entire length and breadth of the state.

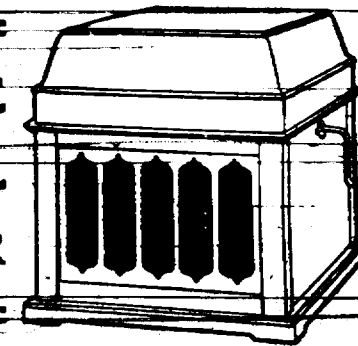

By her own charming personality, she has endeared herself to thousands of the young people with whom she came in contact and her going will be a real loss to them. We wish her much success in her new field of labor.—Southern Planter.

The Virginia Methodist conference, recently in session at Richmond, made a big step toward progress and stability by adopting a report calling for a minimum salary of \$1,500 for every Methodist minister in the conference. Starvation salaries would undermine the usefulness of any class of men, and the church can ill-afford to handicap her leaders.

FORGET IT
 If you see a tall fellow ahead of the crowd,
 A leader of men, marching fearless and proud,
 And you know of a tale whose mere telling aloud
 Would cause his proud head to be in anguish bowed,
 It's a pretty good plan to forget it.
 If you know of a skeleton hidden away,
 In a closet, and guarded and kept from the day
 In the dark, whose showing, when sudden display
 Would cause grief and sorrow and life-long dismay,
 It's a pretty good plan to forget it.
 If you know of a spot in the life of a friend,
 (We all have such spots concealed, world without end),
 Whose touching his heartstrings would play on and read
 Till the shame of its showing no grieving could mend,
 It's a pretty good plan to forget it.
 If you know of anything that will darken the joy
 Of a man or a woman, a girl or a boy,
 That will wipe out a smile or the least way away
 A fellow, or cause any gladness to clay,
 It's a pretty good plan to forget it.
 If you know of a thing, just the least little sin,
 Whose telling would cork up a laugh or a grin
 Of a man you don't like, for heaven's sake keep it in!
 Don't, don't be a knocker, right here stick a pin—
 It's a pretty good plan to forget it.

THE NEW DIAMOND AMBEROLA

No product can be bigger than the brain that evolves it. No other brain in the world today has the inventive ability of Edison's. That fact alone is sufficient proof of the absolute superiority of the Amberola.

FREE TRIAL OFFER  **PRICES \$41.00 and up**

¶ We will place an Amberola in your home for 3 days' trial, which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.
 ¶ But the Amberola can quickly and easily prove its own superiority. Its tone—oh, what a revelation, compared to metallic "talking machines" and shrill-sounding phonographs! None but Edison could work that miracle of tone.
 ¶ Then the Amberola Records, made for the Amberola alone! They are practically unbreakable and everlasting—what a contrast to the costly fragility of other phonograph records.
 ¶ And for range of music—the widest in the world—all the best, all the latest. An endless feast of fascinating melody.
 ¶ Yet the biggest surprise of all is the price! This wonder phonograph costs less than inferior competitors! There is not a single drawback to your owning an Amberola right now!
 ¶ Don't listen to the claims of other manufacturers—listen to their machines. Then come in and compare the matchless tone of the Amberola. Edison's wizardry will win you every time.
 ¶ We'll expect you in today—now don't forget.

Ford
THE UNIVERSAL CAR

During all the years the Ford Model T One Ton Truck has been on the market, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give service. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-driven One Ton Ford Truck has become an actual necessity. Come in and talk it over.

Services also were held at Trinity Episcopal Church and Bethel Evangelical Lutheran Church.

—“We are glad to be able to report that Mr. C. H. Smith, who broke his leg by his horse stumbling on the bridge on his way home and throwing Mr. Smith, pinning him under, is getting along as well as could be expected,” says the Warrenton Times. “This accident would try the patience of a saint, coming as it did just two days before the races in which Mr. Smith was booked, but we know he is facing it with the same grim determination never to say ‘die’ with which he has endured many other hard knocks.”

—The Woman's Home and Foreign Missionary Society of the Presbyterian Church was entertained Tuesday afternoon at the home of Mrs. D. R. Lewis in Quarry street. Mrs. E. L. Hornbaker, president of the society, presided, and the topic of the afternoon was “Siam,” with Mrs. J. R. Hornbaker as leader. Hymns were sung and prayers were offered and nearly every member present took part in the readings and discussions. At the close of the meeting delicious refreshments were served by the hostess.

STATE MEETINGS AT RICHMOND

Local Chapter Wins Special Recognition

The Colonel George Armistead Chapter, the Manassas society of United States Daughters of 1812, at the annual state convention at Richmond this week was awarded the prize offered by the society for sending in to the historian the most historical matter. The prize for the best essay on the war of 1812 was won by Mrs. Arthur W. Sinclair, of Manassas who had prepared, in the opinion of the society, a most excellent and instructive paper.

Mrs. Sinclair, who is regent of the Col. George Armistead Chapter, was elected corresponding secretary of the state organization. Mrs. Sinclair was the only representative of the local chapter in attendance.

IN MEMORIAM

In loving memory of Mrs. Melissa Ann Robertson, widow of the late John Robertson, who died at her home near Nokesville, Virginia, November 19, 1919. Mrs. Robertson was a consistent member of the Oakdale Baptist Church for many years. Her life was one of cheerfulness and use, marked by a desire to do for others. She was a devoted wife, an affectionate mother and a kind neighbor, and presided over her home with a dignity and charm that endeared her to all who entered her home circle. Time alone can heal the deep wound in the hearts of those who loved her and those she loved. We are left so lonely. Just to think that Mother's gone; Yet we would not, could not call her From her peaceful, heavenly home.

CARD OF THANKS

To All Whom It May Concern: I hereby tender my sincere and hearty thanks to all those who gave me their support in the recent election.

As I had stated in my announcement my objection to our present primary laws. While I got my name on the ticket as an independent candidate in the last election, the nominee had all the advantage. My canvass was entirely through The Manassas Journal and a few written posters mailed to different post offices.

I have every reason to believe that had I had the means and facilities to have made a thorough canvassing tour, my opponent's plurality would have been materially reduced; notwithstanding the fact that he was the party nominee. However, I reiterate that I am grateful to my supporters.

Party fealty cuts no ice with me when I see the defects so plainly visible along party lines. Our independence and great reforms were brought about by men who did not care to follow men instead of principles. Many of them suffered martyrdom for principles that were more sacred and dear to them than life itself.

When Paul saw the true light he changed from a persecutor to a worshiper of God. I am the same American, in favor of American principles and liberties founded by Washington, Jefferson, Madison and others who helped to lay the foundation of these United States.

Let us stand for, work for and fight for our great American government, and let Europe run her affairs and let us run ours.

Respectfully, C. FITZWATER

KILLED BY FALL

Edward E. Gunby, prominent attorney of Atlanta, Ga., and brother-in-law of Clark Howell, editor of the Atlanta Constitution, was accidentally killed some time during the night recently in the home of T. C. Taliaferro, president of the First National Bank of Tampa, Fla.

His body was found next morning at the foot of a stairway in the Taliaferro home. It was evident that Mr. Gunby had fallen down the stairs some time during the night, his head striking the floor. Physicians who were summoned when the body was discovered say death was caused by concussion of the brain.

Mr. Taliaferro is a brother of Miss Lucy B. Taliaferro, of Orange.

KOPP

Excitement reigned in the neighborhood on a recent Sunday afternoon when Capt. L. C. LeBoutillier, R. A. F., lighted with his airplane in Mr. Thos. Woolfenden's field. In a few moments automobiles, horseback riders and walkers could be seen coming from every direction, the crowd consisting of preachers, teachers, merchants, farmers and mechanics.

Capt. LeBoutillier and E. M. Stouffacher, his mechanic, enlisted in the Canadian forces when the war broke out and went across to England, where they completed their aviation course. When the American forces were sent over they then joined the Americans and fought with them until the armistice was signed. After soaring at a height of 22,000 feet they are said to have brought down two Hun planes, made prisoners of the occupants and returned to their lines in safety, Capt. LeBoutillier receiving only a slight wound.

The aviators spent the night with Mr. Thos. Woolfenden and left about eight o'clock for North Carolina, where the plane will be delivered to a person who purchased it at the close of the war.

TOWN RAISES ELECTRIC LIGHT AND POWER RATE

Public Utilities Superintendent Virtually Tenders Resignation to Council.

Consumers supplied by the municipal light and power plant face an increase in rates at the beginning of the coming month, the town council at its regular meeting on Monday night having authorized an advance to seventeen cents per kilowatt hour, with \$2 instead of \$1.50 as the minimum monthly charge for lights, and an even more striking advance in the cost of electric power. The power rate to consumers of 600 kilowatt hours or less per month will be raised from four to ten cents per kilowatt hour and fifty cents per horsepower and to consumers using in excess of 600 kilowatt hours per month the rate is increased from three and a half to five cents.

The new rates are effective December 1 and will "remain in force so long as the present production conditions exist." The resolution adopted, authorizing the advance, states that the present power and light rates were established in advance of the present increased costs of production and that the present income derived from power and light furnished by the town is deemed insufficient to meet the increased cost of labor, fuel and necessary supplies.

It was ordered that George L. Rosenberger, superintendent of public utilities, be charged with the regular rates for the privilege of using the electricity and water of the town. Mr. Rosenberger thereupon stated that this action would release him from further obligation under his contract with the town and that if his services were desired the council would have to enter into a new contract after December 1.

The meeting of the council was attended by Mayor Brown, who presided, and Councilmen Arrington, Burke, Hibbs, Jenkins, Larkin, Moser, Newman and Wenrich.

—Samuel Appleton, little son of Mr. and Mrs. S. C. Appleton, died this morning at Nokesville after a week's illness of measles and complications. He was about six years old.

—Miss Eugenia H. Osbourn, principal of Manassas High School, who is attending the educational conference at Richmond, spoke at the conference of industrial education on the organization and administration of vocational home economics in high schools, from the principal's point of view.
