VOL. XXV. No. 16.

MANASSAS, VIRGINIA, FRIDAY, SEPTEMBER 3, 1920

\$1.50 A YEAR IN ADVANCE

## At These Prices Can You Afford Not to Paint?

When you think of painting—you first think of quality; then of price per gallon.

Longman & Martinez Semi-Paste Paint, for which we have just been appointed representatives, is guaranteed pure, and the equal of any paint made. In price, for a product of such purity, no other brand of paint really competes with the Longman & Martinez. And here is why—

### COST WHEN USING THE ORDINARY L. & M. SHADES

To four gallons L. & M. Paint @ \$5.20.....	\$20.80
Add three gallons Pure Linseed Oil @ \$2.00.....	6.00
Making seven gallons pure paint cost.....	26.80
Dividing by seven—THE COST PER GALLON.....	3.82 6-7

If your house is of average size, say 25 feet wide, 30 feet long and 20 feet high, you can paint it two coats with but 5 gallons of L. & M. Semi-Paste Paint and 8 gallons of pure Linseed Oil, making the total cost of material only \$32.00.

Can you afford NOT to give your house, barn and other permanent buildings longer life when the finest quality paint can be had at such a reasonable price?

## WOMEN CAN VOTE NEXT NOVEMBER

### Poll Tax Must Be Paid Treasurer at Least Thirty Days Preceding the Election.

Mr. J. P. Leachman, treasurer of the county, has received the following information in regard to the recent suffrage amendment from Hon. R. Walton Moore:

The amendment to the federal constitution having been ratified, the statute enacted at the last session of the General Assembly of Virginia is now in effect.

Under that statute women are entitled to vote subject to the provisions of the statute, the most important of which are in substance as follows:

A woman twenty-one years of age who has been a resident of the state two years, of the county, city or town one year, and of the precinct thirty days next preceding the election, will be entitled to vote if she has registered and paid a poll tax of one dollar and fifty cents. The election occurs on Tuesday, November 2, and the poll tax must be paid to the treasurer at least thirty days preceding the election.

Having paid the poll tax she must register. Unless physically unable she must make application to register in her own writing, without aid, suggestion or memorandum, in the presence of the registration officer, stating therein her name, age, date and place of birth, residence and occupation at the time and for two years next preceding and whether she has previously voted, and, if so, the state, county, and precinct in which she voted last; and, answer on oath any questions affecting her qualifications as an elector, submitted to her by the officer of registration. The registrar being satisfied of her qualifications, as stated, will administer the oath and thereupon register her. As the statute specifies that the general law concerning registration shall be complied with, so far as not in conflict therewith, the application to register must be made at least thirty days previous to the election. Each registrar is required to advertise a date (thirty days prior to the election) when he will register; but also on any day previous to that date he will consider applications.

The treasurers of this county is Mr. J. P. Leachman, whose office will be open every week day during the period in which the poll taxes can be paid, and the registrars who are located as indicated, are as follows:

Brentsville District—Aden precinct—W. B. Kerlin; Brentsville precinct, R. H. Keys; Greenwich precinct, P. M. Boley; Mokesville precinct, W. R. Hooker.

### FORMER DANCE A BIG SUCCESS

The Manassas Dance Club Will Hold Another Dance Labor Day.

(Contributed)

The success of the last dance held by the Manassas Dance Club, at Conner's Hall, August 19, was so pronounced that arrangements have been made for holding another dance on Labor Day, September 6th. The consensus of opinion is that the last dance was without a precedent in the annals of Manassas and the surrounding country. Staid chaperons, who were belles in years gone by, mixed with the younger generation in waltzes that were perfect in melody and cadence, while others attempted the later day dances. As some one very aptly said, "It was impossible to keep still." Groups of the local population gathered on the outside and braved the rain that they might hear the Terpsichorean, inspiring strains which were wafted through the open windows of the hall.

This time Conner's Hall will be decorated in golden red and new electrical effects will be attempted. A large attendance is expected, due to the fact that the races will be held at the fair grounds on the same day, and there is no doubt in the minds of the committee that this occasion will be a stupendous success. Seidenman's celebrated five-piece orchestra will be in attendance, as before, and will introduce some novel features in the harmony line. The practice of charging admission to ladies without escorts has been discontinued and all ladies are cordially invited.

### DEATH OF MRS. ELIZA HERNON

Passes Away at the Advanced Age of Ninety-five Years.

In the death of Mrs. Eliza Hernon, wife of Mr. Heywood Hernon, Prince William county has lost one of its oldest citizens, who was about ninety-five years of age. But few persons live to such extreme age. And in her case the fact is the more remarkable because of her helplessness, suffering for so many years. A broken hip, the result of a fall, had prevented her walking for about seven years. But through all that period she was never known to complain.

Comforted and sustained by an unflinching trust in the kindness and love of our Heavenly Father, she bore her affliction with a Christian fortitude seldom equaled.

She had been a member of the M. E. Church, South, for many years. She leaves a husband and daughter to mourn their loss.

### Woodbing School Sewing Club.

(Pauline Smith, Reporter, pro tem)  
The club met in regular session at the appointed time, and was called to order by Pauline Smith, in the absence of the president, Goldie Golihew.

The roll was called by the secretary and absentees noted.

Routine business was transacted, after which the club's exhibits were tagged and made ready for the fair.

Several fine games were enjoyed by the members, then the club adjourned to meet again Tuesday, Sept. 7, at 9 a. m. All members are urged to be present as plans for fall activities will be made at this meeting.

Boys' and Girls' Agricultural and Home Economics Club to Meet.

## TOURNAMENT AND RACES LABOR DAY

Under the Auspices of the Prince William Fair Association—Thirty Horses Entered.

(H. W. Sanders, Secretary)

The Labor Day race meet which will be held on the fair grounds next Monday under the auspices of the Prince William Fair Association, promises to be one of the most interesting events of its kind ever held in the county. About thirty horses have been entered for the races, most of them coming from Loudoun and Fauquier counties, Washington, D. C., and Rockville, Md. Post entries will also be made, especially by those entering horses in the amateur races, and all events will be well filled.

In spite of the recent heavy rains, the grounds will be in good condition. Especial attention is being given to the track which, after a few days' rest and the benefit of clear weather, will be in excellent condition.

The attention of the farmers of the county is called to the fact that entries in the farmers' race are limited to this county, this event being the only one thus restricted. The number of race horses in Prince William is limited, but the local people will have a good opportunity to win in the mule and pony races as well as the farmers' race. One of the features of the day will be the Roman races by a detachment of the third cavalry from Fort Myer. This event was scheduled for the fair but could not be held on account of the condition of the grounds.

In order to avoid a misunderstanding in regard to the rules governing the tournament a list of the rules will be ready for distribution on the day of the races. The size of rings will be one inch, distance 60 yards, and time six seconds. The \$55.00 awarded in prizes for this event will be divided as follows: First, \$25; second, \$15; third, \$10, and fourth, \$5. The tournament will begin promptly at 2 o'clock.

In order to provide for the visitors, extra cars will be provided by the Southern railway on all local trains between Washington and Harrisonburg, and Manassas. The branch line trains will stop at the grounds for the convenience of passengers from Harrisonburg and way stations.

Admission: Adults, 75c; children, 10 to 15 years, 50c; autos, 50c; horse and buggy, 25c.

CLIFTON

A fine organ has been installed in the Presbyterian Church and was used for the first time at the Sunday morning service. Besides the usual hymns, the congregation enjoyed a duet by Mrs. Sauber and Mrs. Upp. The choir rendered a beautiful offertory. Rev. Thomas MacLeod preached an excellent sermon. The amount needed to finish payment on the organ was pledged.

A special musical program was given at 7:30 Sunday evening, with Mr. R. R. Buckley presiding. Mr. Edgington offered prayer, after which the congregation joined in singing the opening hymn. Mr. W. H. Richards made an address. Duets were rendered by Mrs. Poindexter and Miss Richards, Mrs. Sauber and Mrs. Upp, and the Misses Sauber. Other features of the program were a vocal solo by Mrs. Sauber, and instrumental solo by Miss Yvonne Sauber and a selection by the choir.

Mrs. Upp entertained her parents, Mr. and Mrs. Bloom, and uncle and aunt, Mr. and Mrs. Loeffler, of Reading, Pa., for the week-end. They made the trip from Reading by automobile.

They made the trip from Parkersburg, Pa., by automobile, leaving at 7 a. m. and arriving before 8 p. m. The only thing that in the least marred the trip was a few bad places in the road. Mrs. Quigg and Mrs. Buckley had been gone two weeks and were met at Norristown by Mr. Buckley and Miss Miriam, who left here Sunday, August 22. The party traveled together from that point.

Miss Margaret Quigg, of Richmond, was a recent visitor at the Quigg home.

**COMPANY TO SEND GIRLS TO EUROPE**

Tubize Artificial Silk Company of America Wants Girls to Learn Silk Business.

A splendid opportunity is being offered by the TUBIZE ARTIFICIAL SILK COMPANY, of Hopewell, Virginia. A selected group of young ladies will be sent to Belgium to be instructed in the manufacture of artificial silk. The party will leave this country the latter part of September and return about January 1st, and a reasonable salary and all traveling expenses will be paid. A chaperon will be in charge of the party and every arrangement is being made for the convenience and comfort of its members during the trip and while in Belgium.

The young ladies who are selected will have the advantage of seeing foreign lands, and will be trained to act as supervisors and instructors in the new plant at Hopewell upon their return to this country.

In selecting those who will go, particular attention is being given to health, character and dependability. Previous experience in handling silk yarns or in silk throwing will be required in a few cases.

The Company is not only seeking young ladies to go to Belgium, but also about 1500 young ladies for its silk yarn department when the plant is ready for operation. The work is light, clean, interesting and quickly learned. All employees are being carefully selected in order to maintain a congenial and high-grade organization. Refined young ladies will be attracted by the working and living conditions, and by the character of their associates.

For young ladies living away from home, the Company has provided dormitories with comfortably furnished rooms, parlors and dining rooms. These will be in charge of women who will seek to maintain a home like atmosphere. A large club house now provides recreation in the form of dancing, movies and tennis. For families, there are an ample number of comfortable homes near the heart of the city, each provided with bath, running water, electricity and garden.

The first thing the stranger sees upon entering Hopewell is the first completed section of the large building being erected for the silk yarn department. This building will be equipped with all facilities for the convenience, comfort and health of employees, including lockers, wash rooms, lunch rooms and rest rooms.

Young ladies who wish to become independent and earn a substantial salary should write the TUBIZE ARTIFICIAL SILK COMPANY, of Hopewell, Virginia.

Rev. Edward Taber preached an excellent sermon on Sunday, August 29. He said in part: "Everything that is worth while is the result of struggle. The essential attribute of real manhood and real womanhood is the ability to struggle. Great achievements come slowly—a great book, a great painting, a great building, is the result of long and painstaking effort. Real religion did not come to the world suddenly. It grew slowly. It has taken the world many years to catch the true significance of the Sermon on the Mount, and the religion of Christ. Character is created slowly. The road to character is a rough one. John Wesley, on seeing a drunkard in a gutter, said, 'But for the grace of God, there lies John Wesley.' Adversity is natural and to be expected. Everything worth while is a fight, a struggle."

# Special Notice To Farmers

One of the most important things ever done by the Agricultural Experiment Station of North Carolina was a test to determine if National Hog Remedy has any value to the Farmer. A bulletin issued about June first tells that in a series of tests some figures were brought out that are startling.

Fifteen pigs of similar weight were bought for a test that was continued at the Raleigh test farm 88 days. One lot of these pigs were given National Hog Remedy and another lot was given the same feed but no remedy.

In the lot where the National Hog Remedy was given the hogs gained .70 of a pound each. In the lot where nothing was given but the feed the hogs gained only .47 of a pound.

Two hogs on National Hog Remedy increased in weight on the same ration as much as three hogs did without it.

Furthermore this test showed and stated that by using National Hog Remedy a saving was realized of approximately \$2.00 on each hundred pounds increase in live weight.

National Hog Remedy is sold by all dealers at One Dollar a package. In case your dealer cannot supply you kindly send us your name and we will see you get it. We do not use a filler to enlarge the package and we use high grade chemicals only.

National Hog Remedy removes Intestinal and Kidney Worms.

It's a cinch to figure why Camels sell!

You should know why Camels are so unusual, so refreshing, so satisfying. First, quality—second, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there! And, Camels never tire your taste!

You'll appreciate Camels freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor!

For your own satisfaction compare Camels puff by puff with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a flintless-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
