Hazen is vice-president and general manager; Cuno H. Rudolph, treasurer; Horace H. Wescott, secretary, and Thomas Bones, racing manager. Lars Anderson, James A. Buchanan, W. P. Eno, E. B. Hon. Franklin Williams, member of the House of Delegates from Fairfax county, has announced that he will not be a candidate to succeed himself when his present term expires. Mr. Williams has been a member of the Legislature for several years, and has been very active, especially in matters pertaining to public schools.

"Boots" Lavendar, colored wro broke the smallpox quarantine in Winchester only to be brought back from Charles Town, W. Va., in the city's garbage truck and guarded day and night in his home by armed deputies, was released Saturday on orders of Health Officer Boland, but was at once arrested for violating the quarantine regulations. The court ordered that, inasmuch as the city was put to unnecessary expense on Lavendar's account, he should be required to do twenty days' work at the municipal stone quarry, and he was, accordingly, sent to the stone pile.

A committee of the Sarah Zane Fire Company is to leave Winchester this week in charge of a little hand fire engine, presented to it in 1840 by Miss Sarah Zane, which has been accepted by the National Museum in Washington. The old engine, which is in excellent condition, is said to be one of the oldest pieces of fire apparatus now in existence.

Approximately each person in every seventeen in Virginia owns an automobile, according to announcement by Automotive Industries of figures compiled to the beginning of 1932. With a registration of 141,000 motors and trucks, Virginia ranks twenty-first among cities of the United States in car ownership. The statistics indicate a total of 10,505,860 automobiles and trucks in the country. New York, with a registration of 812,031, ranks first, with Ohio, Pennsylvania, California, Illinois and Texas following, in the order named. The heaviest gain in registration was recorded for Florida, with a percentage of 32.40; followed by Maine, with 23.28. Virginia, in the last year, shows a gain of 5.23.

Mrs. Fannie J. Pillsbury, of Baltimore, and her twin sister, Mrs. Virginia E. Tuna, of Washington, quietly celebrated their 82nd birthday recently. They are natives of Westmoreland county, Va., and have many relatives in that section. The twin sisters are remarkably active and alert, taking much interest in the affairs of the day. Both were recipients of gifts and flowers from their hosts of friends for their anniversary.

Governor Trinkle Tuesday affixed his signature to Delegate Norvell L. Henley's House bill, No. 57, which authorizes the Commissioner of Game and Inland Fisheries to permit bona fide owners of fox hounds to release such hounds from confinement at any time. The bill was one of the first introduced in the House and it, along with the "muskrat bill," became the butt of all thrusts in debates during the session. The bill was sponsored by the Virginia Fox Hunters Association, it being contended that the fox hounds lost much of their cunning by being kept in pound as now required by law.

A considerable increase in births and a substantial decrease in deaths in Virginia last year are outstanding features in estimates completed Tuesday by the State Bureau of Vital Statistics, which show 28,267 deaths and 69,116 births. The report declares that of the persons who died the greater portion were infants under one year of age. A large number of maternity deaths were noted, but indicated a decrease over the year previous. The long dry spells, which caused resultant stale water during the year, are blamed for an increase in typhoid deaths in the rural districts.

News by radio telephone soon will be broadcasted by the Ledger-Dispatch. Subscribers and friends in Virginia and North Carolina within a radius of approximately 150 miles will be given by a powerful broadcasting transmitter the late news, market reports, baseball scores and bulletins of latest happenings each evening, says the Ledger-Dispatch.

CLIFTON

Rev. T. H. MacLeod preached at the usual hour Sunday morning in the Presbyterian Church on "The Church," giving three points of description of the church. First, its beauty; second, its strength, and third, its utility. The church to be of the best service to a community should be all these—beautiful, strong and useful. There will be no services in the Presbyterian Church next Sunday, except Sunday School.

Rev. C. H. Frye preached in the Baptist Church at night on the second part or sequel of Pilgrim's Progress. Miss Christine Taylor made the highest grade in reciting bible verses at the contest held in the Baptist Church.

The Bible class of the Baptist Sunday School was entertained at the home of the pastor, Rev. C. H. Frye, last Tuesday night.

The young ladies' and men's classes were entertained Thursday night at Mrs. W. W. Woodyard's.

Mr. and Mrs. Richards entertained the Presbyterian Sunday School workers at their home Thursday night of last week.

Misses Nancy Merchant and Delsie Hitt were in the city shopping last Saturday.

Miss Towles went home sick Monday, and expects to stay a week at least.

Miss Hitt went home from school Tuesday sick. Misses Ruth Riorden and Arvis Buckley acted as substitute teachers.

Miss Hudson expects to be away Friday and that day Miss Elizabeth Detwiler will take some of the work.

The friends of Mr. C. V. Ford are very sorry to hear of his illness, and hope he will soon recover.

Miss Helen Ruffner, of Fairfax Station, was a recent visitor to her cousin, Miss Nancy Merchant.

We are having some very spring-like weather at the present time, and farmers are taking advantage of it to get things started for crops.

Mr. Abel seems to be getting things in shape the fastest in this section, having a large space plowed already. Most places are too wet to plow yet.

EDUCATION AND THE POOR

A speaker at the recent meeting of the National Education Society discussed the poor boy and the high school. He showed that the great majority of high school pupils come from comfortable homes, and the children of the poor tend to drop out. He urged that the value of education should be "sold" to the children. If they were made to see that education pays, the parents would manage somehow to keep them in school.

It is a pathetic sight to see the children of the poor drop out. They need the training more than anyone else, to overcome their handicaps and difficulties. Plenty of ambitious poor boys make good. They sell newspapers or take odd jobs, and manage to earn enough so they are no burden on their pressed families.

But the indifferent poor boy is a problem. He trains with the gang on the streets, and his overworked parents are not able to look after him. His hope is a soft job and easy money. If some one offers him work at which he can earn plenty of cash to blow in on cheap sporting life, he will throw all his chances for life by quitting school.

If he is the son of uneducated parents, lacking any intelligent association in his own home, he may fail to grasp the subjects taken up in the high school. He concludes that he can't do the work and drops out. Frequently such boys begin to fall behind in the grammar school. What they need is a course with some hand work in it, to take advantage of whatever aptitudes they may possess.

There ought to be a campaign in every school in Culpeper to convince every child that a high school education is necessary for success in these times. One of the most important things that teachers have to do is to persuade their young people to stick at their books until they get through the high school. Most young people can earn their expenses if they have the right spirit of pluck.—Culpeper Exponent.

GOOD NEWS IS NO NEWS

Good news is no news. If you will bear this in mind when you read your newspaper, you will be able to understand why it is that the world always seems to be going to the bow-wows.

I recently ran across a specific incident which illuminates the point of this article.

The directors of one of the largest paint companies in the world held a meeting early in the year and declared the regular ten per cent dividend on the common stock. This was the 145th consecutive quarterly dividend on the company's common stock. The company has never passed a dividend in its history, and for the last twenty-three years has paid at least ten per cent on its common stock.

Thinking this was news, the officers of the company endeavored to get the leading news agency to distribute it over the country as intelligence of interest to business men.

The newspaper man explained, however, that he could not do this; such information was not news. But if, on the other hand, the company had passed its dividend, that would be news.

News is nearly always misfortune—graft, robberies, murders, defalcations, failures, floods, wrecks, strikes, shut-downs, and fires. These items get the most space and the big headlines.

We are not sure that the newspapers are not right in their judgment of what is news.

As an executive, a director, or a stockholder of a corporation, it is more important that you know about what is wrong than that you know what is right.

If everything is moving along smoothly you can afford to lean back in your chair and put your feet on the desk. But if the real condition of affairs is hidden from you, and you are allowed to dose while things are going to smash out in the factory, then you have just cause for complaint.

Good news is no news; and no news is good news.

As a citizen of a community, a state, a nation, or the world, you are more interested in knowing what is wrong than in knowing what is right.

If your fellow citizens are being murdered on the highway by thugs, you would not think highly of a newspaper that concealed this fact from you on the plea that it was unpleasant information.

The news of a half-dozen payroll robberies is more important to a large employer than the information that two thousand payrolls were safely transferred from the banks to their places of business.

An executive often complains that nothing but troubles find their way to his desk; and the citizen complains that the newspapers give him reports of nothing but misfortune.

True enough, but it is better to be jolted out of bed in time to escape the fire than, like Nero, to fiddle while the city burns.—Type Model Magazine.

THE STATE SHOULD PROVIDE

Even if there had been no expressed conditions attached to Judge John Barton Payne's gift of famous oil paintings to the Commonwealth of Virginia, the obligation on the part of the State to make suitable provision for the permanent housing of the collection would still be manifest. The mere fact that the group of paintings came as a gift to the Commonwealth should point, without any sort of stated condition by the donor, to the obligation of the State to make the collection secure and to make it accessible, free of charge and at all reasonable times, to the people of Virginia.

As a matter of fact, Judge Payne, specifically laid down certain conditions. These included housing the paintings in a fireproof building, and free access to them on the part of the public on holidays, Saturday afternoons and some part of Sunday. These conditions were clearly stated in the original offer of the collection, and acceptance of the splendid gift implied acceptance of these reasonable terms.

The collection is being housed temporarily in the Battle Abbey, where it is not practicable to meet the conditions which Judge Payne attached to the gift. The fact that the Battle Abbey met the requirement of security and that its trustees were ready to co-operate with the State made it possible for Virginia to accept the collection promptly, looking to the future for permanent arrangements in full conformity with Judge Payne's conditions. Those arrangements are not now in prospect.—Richmond Times-Dispatch.

CHEERING SOME ONE ON

Don't you mind about the triumphs,
 Don't you worry after fame;
 Don't you grieve about succeeding,
 Let the future guard your name.
 All the best in life's the simplest,
 Love will last when wealth is gone;
 Just be glad that you are living,
 And keep cheering some one on.

Let your neighbors have the blossoms,
 Let your comrades wear the crown;
 Never mind the little set-backs
 Nor the blows that knock you down.
 You'll be there when they're forgotten,
 You'll be glad with youth and dawn,
 If you just forget your troubles
 And keep cheering some one on.

There's a lot of sorrow round you,
 Lots of lonesomeness and tears;
 Lots of heartache and of worry
 Through the shadow of the years.
 And the world needs more than triumphs;
 More than all the swords we've drawn,
 It is hungering for the fellow
 Who keeps cheering others on.

Let the wind around you whistle,
 And the storms around you play;
 You'll be here with brawn and gristle
 When the conquerors decay.
 You'll be here in memories sweetened
 In the souls you've saved from pawn
 If you put aside the victories
 And keep cheering some one on.

Peace Time Patriotism

¶ The American people were fairly started on the road to National Thriftiness during the war. They learned how to get along without a good many things that had theretofore been considered necessary, and many who had never saved before managed to lend money to the government.

¶ It is to be hoped that the people will not forget the war's lesson of economy and thrift, and that those who have fallen back into the old ways of extravagant living will soon come to realize that patriotism can be exemplified as well in peace as in war.

¶ Patriotism demands thrift.

A lost husband was recently found at our Lunch Counter eating his dinner. He just couldn't resist our cooking and the way we served him. Not that he loved his wife less, but he loved our cooking more.

NEABSCO

The heavy rains and snow this winter causing bad roads, did not affect the Emory Chapel Sunday School, as there was a large attendance throughout the winter and it is increasing during this beautiful spring weather.

Mr. John Cline, who is employed in Washington, spent the week-end at his home near here.

Mr. Charlie Hedges and family motored to Quantico Sunday.

Mr. P. D. Cole has purchased a small farm from Mr. L. E. Strother, on the Washington and Richmond highway, and has almost completed his dwelling. Mr. Cole expects to poultry farm.

Miss Gertrude Hedges, second lieutenant, A. N. C., resigned her position at Walter Reed Hospital, Washington, D. C., February 20, and proceeded under orders on the same date to U. S. Marine Hospital, No. 14, New Orleans, Louisiana, where she holds position as bacteriologist. Miss Hedges, although thoroughly enjoying the "Sunny South," misses old Neabasco, Virginia.

Master Raymond Bramble, who dislocated his ankle while playing at Bethel school, is much improved and able to be out again.

There has been quite a few cases of "flu" in this vicinity, but all are very much better.

The baby son of Mr. and Mrs. William Patterson, whose arm was thought to be broken from a fall, was later found to be only badly sprained. Rev. Henry Nichols held services at Emory Chapel Sunday.

Neabasco folks are taking advantage of the good spring-like weather. Kodaking, fishing and motoring being among the chief outdoor sports. Some are taking advantage of it by planting potatoes. No doubt the latter will win out in the end.

Several of the people of this vicinity attend the movies at the Lyric at Occoquan.

GREENWICH

Mr. J. F. Cokerille was a Warrenton visitor Tuesday evening.

Mr. Arthur Heymond, of Michigan, and Mr. Lewis, of Manassas, spent Sunday night at "Clover Hill."

Miss Myrtle Johnson and Mr. G. H. Washington were Manassas visitors last Sunday.

The Civic and School Improvement League will hold its regular monthly meeting at the school house on Friday, April 7, at 7:30 p. m. Among other things, a hot debate is expected on the following subject: "Resolved, That the bad roads in Virginia cost the people ten times more than the original tax on a \$50,000,000 bond issue."

Miss Mary Heid was operated on for appendicitis at the Emergency hospital last Monday, and we are glad to say that she is doing nicely.

Miss Lulu Mayhugh spent several days last week with Mrs. B. O. Wood, of Washington.

Miss Helen Thornton, of Washington, spent the week-end at "Clover Hill."

Mr. and Mrs. R. H. Lee spent Sunday at "The Manse."

Miss Maria Boley spent Sunday night with Miss Sallie B. Cooks.

MINNIEVILLE

Elder Alderton will conduct services at the Baptist Church Sunday, April 2, at 11 a. m.

Mrs. Fannie Shackelford spent the week-end with her sister, Mrs. W. J. Ashby, at Independent Hill.

Mr. D. C. Alexander was a Quantico visitor Tuesday evening.

Mrs. Janie Dane called on Mrs. Raymond Curtis Tuesday afternoon.

Messrs. J. T. and P. E. Clarke were Washington visitors Tuesday.

Mrs. E. J. Alexander, Mrs. P. E. Clarke, Mrs. J. T. Clarke and son, J. Thomas, jr., Philip Carter and D. C. Alexander were Sunday visitors at the Clarke home.

Mr. Raymond Curtis was called to Fredericksburg Saturday night by the death of his mother. Mr. Curtis returned to his home here Monday night.

School will be closed Thursday and Friday of this week. The teachers will attend the district conference in Alexandria.

BRENTSVILLE

Remember the reorganization of both Sunday Schools next Sunday morning at 10 o'clock.

Rev. Barnett Grimsley filled his appointment here Sunday at Hatcher's Memorial.

The box social at the school house Tuesday night was quite a success.

Mr. May has begun the erection of a large barn on his farm near here.

Mrs. Herman Lam and daughter, Vada, were Warrenton visitors this week.

Mrs. Elmer Landes and children, of Washington, came home with Miss Violet Keys last Saturday evening for a visit with their parents, Mr. and Mrs. R. H. Keys.

Mr. R. H. Keys, who has been quite indisposed, is again able to be out.

To the Farmers of Prince William

¶ I have become associated with one of the largest, strongest and most widely and favorably known fertilizer factories in the United States, under a contract and agreement whereby the factory will manufacture for me FERTILIZERS AT MANUFACTURER'S PRICES.

¶ During my past thirty-one years in business, I have sold thousands of tons of fertilizers made by this identical factory under its own brands, or under the brands of other people for whom this factory made fertilizers, just as it is now making fertilizer for me.

¶ Before signing papers completing this deal, I inspected this plant.

¶ It would require a whole day for a man to completely and intelligently inspect this plant on account of the immensity of it.

¶ I found a large number of huge buildings spread over about forty-five acres of land. Two separate railroads have their tracks running into this plant, and the same is also on the water-front, so that vessels may unload raw materials at its door, and, in turn, be loaded with finished fertilizers for shipment by water from this plant.

¶ I saw under one roof a vessel load of pure bones imported direct from South America to be ground into pure Raw Bone Meal by this factory.

¶ I saw fifty thousand tons of manufactured fertilizers in bulk and ready to be put in bags and shipped out. But what impressed me most was the plant owned and operated by this factory for making Sulphuric Acid. This

single building in which this factory makes its own pure Sulphuric Acid would cover a city block. Row after row of huge leaden vats, and the finished Pure Sulphuric Acid running in streams large enough to turn the wheel of an old fashioned water mill. In addition to making pure sulphuric acid for its own use, this factory makes and sells thousands of tons of pure sulphuric acid to other manufacturers, as well as selling thousands of tons of finished fertilizer to other manufacturers.

¶ NO BETTER FERTILIZER MADE—NO FERTILIZER MADE BETTER.

¶ I am in the business on the ground floor, and I am in the BUSINESS FOR KEEPS. PLEASE UNDERSTAND THAT I AM A MANUFACTURER OF FERTILIZERS—NOT A DEALER.

¶ And I will tell you right here THERE IS A VAST DIFFERENCE BETWEEN THE COST PRICES OF FERTILIZERS TO A MANUFACTURER AND THE PRICES WHICH A DEALER HAS TO PAY. I HAVE DETERMINED TO SELL FERTILIZERS DIRECT TO THE FARMER AT THE IDENTICAL PRICES THAT THE DEALER HAS TO PAY TO THE MANUFACTURER.

¶ NOW THE PROOF OF THE PUDDING IS ALWAYS IN THE EATING—"SO HERE GOES MY GUN:" I WILL SELL TO ANY FARMER IN THIS COUNTY IN CAR LOAD LOTS OF FIFTEEN TONS OR OVER, DELIVERED, FREIGHT PREPAID, AT ANY RAILWAY STATION IN THIS COUNTY

Acid Phosphate Sixteen Per Cent

In One Hundred and Sixty-Seven Pound Bags at

PER TON **\$14.20** PER TON

¶ All Mixtures and all Other Analyses at Proportionate and Corresponding value.

¶ I OWN A "BIG BERTHA," AND SHE IS LOADED FOR BEAR.

¶ Now the thing I wish you to consider is that as a manufacturer of fertilizer I am always in position to PROTECT YOU IN THE QUALITY OF THE GOODS AND IN PRICES.

¶ Should for any reason the above price on Acid Phosphate Sixteen per cent of \$14.20 per ton be cut or reduced a few dollars per ton or a few cents per ton, I hereby MAKE MY PLEDGE TO YOU THAT IF YOU BUY OF ME AND I AT ANY TIME BETWEEN NOW AND JULY FIRST SELL OR OFFER FOR SALE TO ANY PARTY OR PERSON ACID PHOSPHATE SIXTEEN PER CENT AT A LOWER PRICE THAN \$14.20 PER TON IN CAR LOAD LOTS DELIVERED AT ANY STATION IN THIS COUNTY OR SURROUNDING COUNTIES, I WILL REFUND TO YOU IN FULL SUCH REDUCTION IN PRICE.

¶ THEREFORE, YOU MAY ALWAYS BUY FROM ME IN COMPLETE CONFIDENCE AND UNDER THE ASSURANCE THAT YOU WILL ALWAYS BE PROTECTED IN THE QUALITY OF THE FERTILIZERS AND IN THE PRICES THEREOF.

¶ DON'T FORGET THAT MY TERMS ARE SPOT CASH ON DELIVERY OF CAR AT YOUR STATION AND THAT MY ONLY TERMS ARE CASH.

¶ I pay sight draft bill of lading attached for every pound of fertilizer when loaded at the factory and I am unable to sell one pound of fertilizer to any party or person on credit. I AM A MANUFACTURER, NOT A BANKER. MY JOB IS TO MAKE AND SELL FERTILIZER. THE BANKER'S JOB IS TO FINANCE HIS CUSTOMERS.

¶ And if you do not happen to have cash on hand at the moment, go to your banker and tell him that you can save several dollars per ton by paying cash for your fertilizer. And that fertilizer is necessary to you to grow big crops and make farming prosperous. And if your banker is then unwilling or unable to help you, change your banker.

¶ Now, if you are the kind of man

¶ Whose mind is free of prejudice and whose heart is free of hate,

¶ And who believes in living and letting live,

¶ And who does business on business principles,

¶ And who believes in a fair and a square deal,

¶ And who believes in open competition,

¶ And who is not tied up to or sewed up in some unholy alliance,

¶ And who is his own free agent and not another man's dummy,

¶ And who buys his necessities from the man who offers the best values,

¶ You will buy your FERTILIZERS FROM ME.

¶ I ALMOST FORGOT TO TELL YOU THAT I AM SELLING HIGH GRADE PREPARED ROOFING—SO-CALLED RUBBER ROOFING—IN ROLLS OF 108 SQUARE FEET AS FOLLOWS: ONE PLY, THIRTY-FIVE POUNDS PER ROLL, ONE DOLLAR AND TWENTY-FIVE CENTS THREE PLY, FIFTY-FIVE POUNDS PER ROLL, TWO DOLLARS PER ROLL.

¶ I WILL SELL PEAS AT PEA TIME. AND I WILL SPILL SOME BEANS AT BEAN TIME.

¶ I AM GOING TO INTEREST YOU. I AM GOING TO KEEP YOU INTERESTED.

¶ I AM GOING TO TRY TO MAKE EVERY FARMER MY FRIEND. AT ANY RATE I AM GOING TO BE THE FRIEND OF EVERY FARMER.

BETHEL CLUB MEETS
(Georgie Brockett, Reporter)

A meeting of the Bethel Agricultural Club was held in the Bethel school house on March 8. Owing to the absence of the president the meeting was presided over by the vice-president. The entertainment committee provided a St. Patrick's Day program for the occasion. Plans were made to curtain off a part of the assembly hall for the use of the sewing club. After singing the club song, "Hail! Hail! the Club's all here," the meeting adjourned.

Sunday night, as Mr. R. B. Wagoner and his young sons were on their way to church services in Manassas in the Ben Lomond Farm truck, they encountered a pig in the neighborhood of Mr. C. R. C. Johnson's farm and in the maneuvers which followed the truck landed in the ditch. Mr. Wagoner's boys on the engine hood of the truck, while Mr. Wagoner kept his seat with the assistance of the steering wheel. What became of the pig is not known although, thanks to Mr. Wagoner, he was not hurt.

Despite the institution's shortage of funds, the board of visitors of the Medical College of Virginia last week approved the recommendation of the executive committee to continue indefinitely the operation of the school. Students from the Leesburg High School called at the White House one day last week and were presented to President Harding by Representative Slemp.

MANASSAS INDUSTRIAL SCHOOL NOTES

The principal and faculty extends the public a cordial invitation to witness the rendition of their annual "Health Week" program, Wednesday afternoon, April 5, at 3:00 o'clock. Dr. T. J. Robinson, Field Agent, U.S. Public Health Service, will lecture on "Public Health and Sanitation." The week April 2-8, 1922, is designated as "Health-Week" in the schools and other institutions throughout the country, we therefore, urge our patrons to co-operate with us in this "clean-up" campaign. To "swat the fly" is good, but to burn filth and rubbish and destroy their breeding places is better.
Rev. Samuel B. Ross, of Alexandria, Va., will preach a sermon on the essentials of health, emphasizing exter-

nal and internal cleanliness, Sunday, April 2, in the school chapel at 11:30 o'clock a. m. All are invited.
The Prince William County Teachers' Association (colored branch) held a meeting here last Friday. A number of school room problems were discussed, in helpful manner.
The State Board of Education has authorized the Principal, Edward D. Howe, to arrange for a six weeks' summer school here for the rural teachers throughout Northern Virginia, beginning June 19, 1922. This is, indeed, a hopeful sign, as "Manassas" has never before had more than a four weeks institute in all its history. Bulletins giving full information about the course of study, terms, etc., will be sent to the teachers at an early date.

Plenty of romance and thrills in this article on Uncle Sam's Lighthouse Service, in the Magazine of The Washington Star, Sunday, April 2. We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.
