The address of Dr. C. R. C. Johnson, when presenting the diplomas, was one of unusual force, and dealt with the future needs of the high school.

The music furnished during the evening was most enjoyable and was appreciated by the large audience.

PRESENTATION OF PORTRAIT

Family of Late Judge Lipscomb Place Memorial in Circuit Room.

The circuit court room at the Prince William county courthouse was the scene of an interesting ceremony when a portrait of the late Judge William E. Lipscomb was presented to the court. Judge Lipscomb was county judge of the county court of this county from September 1, 1884, to February 1, 1904, and in his memory his family presented to the court an oil painting of the judge.

Mr. Robert A. Hutchison, a member of the local bar, made an interesting address, presenting the portrait, which was unveiled on Monday of last week by Mr. William Jamison, a great-grandson of Judge Lipscomb.

Hon. C. A. Sinclair, in a fitting response, accepted the portrait on behalf of the court, which, by an order of the board of supervisors, had already been placed on the walls of the court room and made a matter of record.

"KU KLUX" COME TO TOWN

Last Saturday night quite a sensation was caused about 10:30 by the appearance on our streets of a number of Ku Klux in full regalia. The party was in action and paraded through the main streets of the town. It is said there were a number of hoodlums in the procession, as well as a member with Washington-Maryland banner. The whole party was orderly, and after the parade through the streets left town as quickly as they came.

OFFICERS MAKE RAID—CAPTURE THREE STILLS

Prohibition Officers Receive Tip—Get 300 Gallons of Liquor and Destroy 8,000 Gallons of Mash.

Last Wednesday afternoon prohibition officers made a capture that caused a sensation from the immense quantity of contraband seized, and which was the largest amount ever secured in this county.

Information was received in Manassas Tuesday afternoon that it was thought that stills were being operated in the neighborhood of Hoadly, a distance of about ten miles from this town. The prohibition enforcement officers were notified, and a number of them went to the neighborhood Wednesday to investigate the truth of the report.

A force consisting of Special Officer W. S. Athey, State Prohibition Officers, H. D. Brown and Palmer and Deputy Sheriff J. P. Kerlin drove out in a car to a point on the Davis Ford road, about two miles from Hoadly and ten miles from Manassas, and, after secreting their machine, began a search for the stills which it had been reported were in operation in the neighborhood. They began searching in the woods on the French Davis farm, and soon uncovered a still of 200 gallons capacity, under which the fire was still burning. At this point the officers also found several vats for containing mash, and several hundred gallons of mash was found in them. Four hundred pounds of sugar were also found at this point. The officers destroyed the vats and mash and parts of the still. Officers Brown and Kerlin went in search of a team to haul the still and sugar to town; and going up to a house on the French Davis place discovered evidence that more stills were in the neighborhood and were not far from the house. The officers followed wagon tracks and soon came upon a small still with a quantity of mash scattered around. After destroying the stuff around this still the officers continued their search, and at a point about 150 yards further on discovered a third still, the largest one of the three, having a capacity of about 250 gallons, and saw four men working around it.

Officers Brown and Kerlin stole up to within 125 yards of the men, and then rushed in upon them, getting within 50 yards of them, when the four men saw the officers and made their escape, literally sliding away into the bushes, and for the time being made their escape.

At this still the officers found four vats with about 1,000 gallons of mash. The officers proceeded to destroy the mash and still, after which they went back to the house on the Davis farm, which was unoccupied. Breaking into an outhouse, the officers found a large quantity of stuff, consisting of 700 pounds of sugar, a lot of clothing, some bread, case of beans, and a lot

of scrap copper, where a still had evidently been made, together with a complete outfit for making and repairing stills. They also found 200 gallons of liquor at this point, which they destroyed, with the exception of one case of three gallons.

Deputy Sheriff Kerlin left Officer Brown and started back to get the other officers, who had been left on guard at the place where the first still was discovered, leaving Prohibition Officer Brown on guard at the place where the third still was located. While watching the still Officer Brown saw a man come out of the woods and go toward a truck standing in a by-road, and the officer arrested him. He gave his name as Richard Hampton.

While Prohibition Officer Brown and Deputy Sheriff Kerlin had left their car and gone into the woods to hide their clothes, two men had driven by in a truck, and after going down the road about 100 yards had turned off in a by-road. When Deputy Sheriff Kerlin had driven away in the car to get the two officers left to guard the first still, evidently Hampton supposed both officers had driven away in the machine and came out of hiding and crossed the road to get his truck, when the officer arrested him. Hampton's partners were not seen again by the officers.

At the various stills the officers destroyed sufficient tubs, buckets and other paraphernalia to load a large-sized truck. The officers also came across two large Colts revolvers, which they confiscated and brought in with the other stuff seized. When the officers came upon the scene, the parties were too much surprised to take their guns with them.

In addition to Richard Hampton, the officers arrested French Davis, as the stills were discovered on his farm. The officers secured their car and loaded it with part of the seized contraband and drove to town with it, and sent a truck to bring in the balance.

Besides destroying 308 gallons of whiskey and about 8,000 gallons of mash, and the vats, tubs, buckets, etc., the officers brought in 1,100 pounds of sugar, three stills, and a small quantity of the whiskey, which they stored in the town prison. A photograph of the stuff was taken Thursday morning, after which it was removed to the courthouse for safe-keeping.

The seizure of such a large quantity of contraband caused a sensation, and the officers were congratulated on the success of their raid.

Richard Hampton and French Davis waived examination and were bound over to the October term of court in the sum of \$250. Both parties gave the bond and were released.

At a recent convention of the Virginia Association of Workers for the Blind, which meets at the School for the Deaf and Blind, in Staunton, Mr. Allensworth made an interesting talk on his efforts to interest the people in the needs of the blind by practical demonstration, and told how he had started up a booth at the county fair at Fairfax and demonstrated his talks by showing his own ability in broom-making, and also in operating a typewriter.

Some time ago it was reported that Carl had been elected mayor of Vienna, but in an interesting interview on the subject, said "he did not want people to think he had gone into politics, as he was a phone tapper, and he was afraid people would be afraid to

trust him with their glasses if they thought he was a politician."

Carl has been a resident of Vienna for a number of years, but his old friends in Manassas are always glad to have him pay them a visit.

REVIVAL MEETINGS CLOSE

Number of Accessions to All the Churches Interested.

The union revival meetings held in the Baptist Church and led by Rev. Dr. Clovis G. Chappell, pastor of the Mt. Vernon Place M. E. Church, of Washington, were concluded last Friday evening. These meetings were attended by congregations that taxed the seating capacity of the church and were a success from every point of view. The singing, led by a large chorus choir, was under the direction of Mr. Chas. R. McDonald; the pianists were Mrs. A. B. Jamison, Mrs. A. Stuart Gibson, Miss Letitia Myers and Rev. A. B. Jamison. A song service and prayer-meeting preceded the sermon each evening. Mr. K. B. Wagner was the soloist, with Mrs. Cloe Hodge as his accompanist. Rev. Dr. Chappell's sermons were fine examples of evangelistic preaching. He gave us the Gospel clearly. His sermons were enriched with beauty of language and enlivened with humor. He has the art of getting the truth to the audience. As a result of this revival there will be accessions to the membership of the various churches.

By the decision of the Supreme Court of Appeals of Virginia, entered yesterday at Wytheville, Mrs. William P. Meredith (formerly Miss Etta Portner) won her suit with her brothers and sisters in the contest over the will of her brother, the late Paul V. Portner.

It will be recalled that Paul Portner left the bulk of his estate, valued at a quarter of a million dollars, for the use of his sister, Mrs. Meredith, during her life; and at her death, to her daughter, Sylvia. Led by Mrs. Hal D. Flood, the other brothers and sisters contested this will in the circuit court of this county in a long drawn-out legal battle, which was characterized by many dramatic incidents.

After a trial before Judge Brent in July, 1920, lasting three weeks, the jury returned a verdict sustaining the will, and Judge Brent entered a judgment accordingly.

The effect of the decision of the Supreme Court on yesterday is understood that the precise ground on which the appeal was dismissed was that the appealing parties had neglected to have certain papers necessary to the appeal presented to the circuit judge in time.

The costs and expenses of the trial and appeal have already run up into tens of thousands of dollars.

Mrs. Meredith was represented in both courts by Messrs. John S. Barbour, Eppa Hunton and E. Thornton Davies, while the contestants were represented at various times by Judge Thomas W. Harrison, ex-Speaker R. E. Byrd, and Messrs. John L. Lee, Costigan and Thos. H. Lion.

The record in the case was very voluminous, and is said to be the largest ever filed in the Supreme Court of this state.

CAPTURE SMALL STILL

Federal Officers Bring in Two Prisoners—They Give Hope.

This (Friday) afternoon a posse of Federal revenue officers went to the neighborhood between Nokesville and Aden, looking for a still reported to be in operation in that section. They located a small still, of about six gallons capacity and arrested two negroes, Vivian Shepherd and Walter Skinner, alleged to be operating the still. The officers brought the prisoners to Manassas, and at an examining trial they were released on bond.

A meeting will be held in the Court House this (Friday) evening to reorganize the Boy Scouts in Manassas, and everyone interested in the boys is requested to come out and lend their assistance. Mr. L. Ledman, the Scout Master, will be in charge. It is hoped that a large number of the boys will be out and add their names to the roll.

—Mr. J. B. Shuman, of Nokesville, was in Manassas on business Tuesday, and reported business good in his neighborhood. While in town he paid The Journal a very pleasant visit.

FIRST SERVICE IN NEW TRINITY

On Trinity Sunday, Being the Fiftieth Anniversary of the Church Organization.

Last Sunday being Trinity Sunday, it was decided to hold the first service in the new Trinity Church on that day as it marked the fiftieth anniversary of the organization of the church. Trinity Episcopal Church was founded in 1872, with about ten communicants, largely through the efforts of Rev. Kinloch Nelson and Rev. John McGill. A church was soon built, and the parish soon began to grow and prosper. The first rector was Rev. Arthur P. Gray, who took charge of the work in September, 1880. Later a rectory was built.

A few years ago it was decided that a new church was badly needed to meet the requirements of the parish, and a campaign was inaugurated, which resulted in the present handsome edifice being planned. The fruit of the campaign is realized now and Trinity Church is one that the parish and community can well be proud of.

The corner-stone of the new building was laid on the afternoon of Monday, May 1st, Right Rev. William Cabell Brown, Bishop of the Diocese of Virginia, officiating, assisted by the rector, Rev. A. Stuart Gibson, and other clergymen of the diocese, and Manassah Lodge, No. 182, A. F. & A. M.

The labors of the rector, vestry and the parish generally are beginning to receive their fitting reward, and last Sunday witnessed the first service in the new building.

The services were conducted by Rev. Mr. Gibson, the rector, and a full vested choir, which has been organized and will be heard now at all the services of the church.

Rev. Gibson gave a short historical sketch of the parish. Trinity Church is the parish church of the Parish of Dettingen, which was set apart by an act of the legislature of the Colony of Virginia in 1774, and went into effect in 1745. The original parish church was located at Dumfries.

Rev. Mr. Gibson, in his address Sunday morning, extended the thanks of the parish and vestry to the architect and the builder, who, besides their labor, have rendered valuable service in the erection of the new church building.

At some later date, the Bishop will be asked to hold a service in the church, and formally open the building. The date has not been decided upon yet.

Trinity Church can well be pleased with their efforts to provide themselves with a fitting place to worship.

J. PARKER MILBURN TENDERS RESIGNATION

Examiner of Records for Sixteenth Judicial Circuit Lays Down His Duties.

The following letter of resignation has been tendered to Hon. C. Lee Moore, secretary of the state tax board:

Vienna, Va., May 30, 1922. Hon. C. Lee Moore, Secretary, State Tax Board, Richmond, Va.

Dear Mr. Moore:—Owing to purely personal reasons, I desire to resign as examiner of records for the sixteenth judicial circuit and herewith hand you my resignation to take effect July 15, 1922. I have practically finished making up the fiduciary assessments for this year and will have this part of the work finished before then. I would suggest, however, that my successor be selected before that date, so that he can review the interrogatories of taxpayers as early as possible.

Permit me to express my sincere thanks for the many courtesies shown me by you. I assure you that I deeply appreciate them and will always remember how helpful, both you and Hon. J. Vaughan Gary have been to me. With kindest personal regards, I am,

Yours very truly, J. PARKER MILBURN.

Mr. Milburn has made an enviable record for himself during his term as examiner of records for the sixteenth judicial circuit, and his friends regret that he has found it necessary to lay down the duties of the office.

—Mr. J. B. Shuman, of Nokesville, was in Manassas on business Tuesday, and reported business good in his neighborhood. While in town he paid The Journal a very pleasant visit.

ALLENSWORTH WAS IN TOWN

Demonstrates Value of Education to the Blind—Not a Politician.

One among the visitors in Manassas during the past week was Mr. Carl Allensworth, of Vienna. Carl is an old Manassas boy, having been born and reared here, his father being Capt. Allensworth. Some years ago Carl went to Staunton to attend the Virginia school for the deaf and blind, he having been blind from birth.

Mr. Allensworth attended the school at Staunton and is now an expert piano tuner, as well as an adept at broom-making.

At a recent convention of the Virginia Association of Workers for the Blind, which meets at the School for the Deaf and Blind, in Staunton, Mr. Allensworth made an interesting talk on his efforts to interest the people in the needs of the blind by practical demonstration, and told how he had started up a booth at the county fair at Fairfax and demonstrated his talks by showing his own ability in broom-making, and also in operating a typewriter.

Some time ago it was reported that Carl had been elected mayor of Vienna, but in an interesting interview on the subject, said "he did not want people to think he had gone into politics, as he was a phone tapper, and he was afraid people would be afraid to

trust him with their glasses if they thought he was a politician."

Carl has been a resident of Vienna for a number of years, but his old friends in Manassas are always glad to have him pay them a visit.

JOINT COUNTY SHORT COURSE

Prince William and Stafford Counties to Hold Meeting at Eastern College.

Arrangements have been completed for holding a county short course for girls in club work, Prince William and Stafford counties uniting to make the course more complete, and the attendance will be much larger and more interesting in consequence.

Miss Belle Burke, district home demonstration agent, and Miss Annie Garrett, home demonstration agent for Stafford county, were in Manassas recently, and a conference was held in the office of the Prince William county agent, at which time the final plans were made for the joint county short course.

Prof. Holiday has opened the College for the girls and June 19 to 24 the third short course will be held at Eastern College.

Someone will ask what is the county short course. It is a gathering of club members for several days at which instructions in club activities will be enjoyed. One of the greatest objects of the course is the opportunity for further development in club membership. The cost of holding this joint short course will be placed within reach of every club member who is entitled to attend.

Those entitled to attend are the girls having the room improvement work, canning club girls and officers of organized clubs. A special effort is being made to have the girls take advantage of this opportunity for a few days of intensive training.

Those who will have charge of this work are: The boarding department will be in charge of Prof. Holiday. The county home demonstration agent will be general manager of canning, preserving, jelly making, etc. Miss Bessie Dumm, agent for Albemarle county, will have charge of room improvement work and table service. Miss Annie Garrett, of Stafford county, bread making. Miss Bessie Hogden, assistant state agent, will give one day to poultry instruction. Miss Wilson, supervisor of Stafford county schools, will have charge of recreation work.

The program will provide for the proper balance between work and play. A copy of the day's schedule will be given out at breakfast each morning. Arrangements are being made with the management of the Dixie Theatre for an afternoon or evening for special movies for the girls.

Saturday, June 24th, will be visitors day. At this time it is hoped that Mr. O. B. Martin, former director of home demonstration work in the south, can be present for an address. Miss Hallie L. Hughes, state club leader for girls, will also be present.

The county club has called for a big county rally and picnic on visitors day, and it is hoped that parents will plan to spend the day at Eastern College.

Speaking, club meetings, etc., will be held in the gymnasium, the picnic on the grounds.

A special invitation has been extended to the county school board and the board of supervisors of both Stafford and Prince William counties to be the guests of the club girls.

It is hoped that club officers will see that every member of their clubs attend this rally.

Prof. Holiday states he has made necessary arrangements to accommodate the girls and that the cost for the week will only be \$6.00, which will include everything.

MISSIONARY SOCIETY

Of Presbyterian Church Held Meeting Monday Afternoon.

The Missionary Society met at the home of Mrs. D. R. Lewis on last Monday afternoon. The meeting was opened with the hymn, "What a Friend We Have in Jesus," followed with prayer by Mrs. D. R. Lewis.

Mrs. Hodge, as devotional leader, spoke on the "Fear Not" of the Bible, found in the 40th 43rd and 44th chapter of Isaiah. This was followed by a solo by Mrs. Jamison, "Be Not Afraid."

Mrs. F. R. Saunders, the treasurer of the society, gave an account of the money that had been collected during the first quarter. Mrs. Jennie Robertson contributed a number of small silk bags, which she had made, for the summer offering.

The topic for the afternoon was on the "West Indies" and Mrs. J. H. Dodge, as leader, read a paper on this subject, showing the greatest need of those people was educational facilities for the thousands of children who have never been in school.

The meeting was well attended, fourteen ladies being present at the close of the meeting. A very pleasant social hour was spent, at which time the hostess served delicious refreshments.

"REGRETS" HE WAS DRY

Prominent Georgia Attorney Says He Has Repented.

Attacking the prohibition law as it is being administered, in a speech before the annual meeting of the Georgia Bar Association, held at Tybee, Ga., and of which he was president, Judge Arthur G. Powell, declared that, in his "Calm, deliberate judgment, no enactment of such widespread, vicious, universally debasing effect on our law and the enforcement of it, of such potency in arousing disrespect for law as ever been imposed upon our people."

Judge Powell said he spoke freely because his words were "in the nature of a confession of one who has repented." "I was one of those," he said, "who helped to draw and pass the prohibition law in Georgia. I thought it was right; cold facts have convinced me to the contrary."

"Immediately following the passage of the state-wide prohibition law in Georgia in 1907, long before the war, the capital felony docket in the supreme court increased in a startling ratio, a condition that the passage of time has never relieved."

Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

The teachers have all left for their homes. As it is reported that two or three of them will be married soon, there will be several vacancies in the faculty next term.

The annual town election was held Tuesday. The following officers were elected: Mayor, J. M. Fulmer; councilmen, J. Buckley, R. R. Buckley, James Cross, Vernon Wright, Elmer Ayre.

Misses Esther Buckley, Ruth Quigg, Nina Ford and Christine Ferguson are home for their vacation.

The rumors of wedding bells are increasing all the time. There must be an epidemic of the fever.

F. H. Webb has sold his place here. The purchaser will take possession July 15th. Mr. Webb and family go to Washington. We are certainly sorry to lose them from our midst.

The Clifton baseball team played the Burke team at Burke Sunday evening. The score was 9 to 5 in favor of Clifton. The home boys were very much elated, as the Burke boys had not been beaten yet this season.

A reception was tendered Mr. Ketchum after the graduation exercises. He left later for Washington.

Rev. C. H. Fry preached the baccalaureate sermon in the Baptist church on Sunday night.

Next Sunday night Rev. C. H. Fry will preach a sermon to the Masonic order. The Masons will attend the service in a body.

"THOU SHALT NOT STEAL"

This age-old commandment is a many-sided one. There are many things that can be stolen that are more valuable to us than our dollars—one of these is our good name. We all are prone to do things that are viewed differently by different people. We participate in things that are wrong, and after giving the act second thought we realize that we have done a wrong act and are sorry, and are willing to admit our fault. But, before we have confessed our fault, it is seized upon by some one, often those who set themselves up as critics of others and are never "wrong" themselves, and magnified a thousand times; and in their statements of the sin we may have committed they rob us of our good name—something that is of inestimable value to us, and has not enriched the party in the least when the "steal" is made.

The broad-minded person is well aware that often the criticized party is by far the better man of the two, but there are many who give little heed to this point, and the wrong done is irreparable.

It is well for all, in all walks of life and in all conditions, to give heed to what they may say of their fellowman, and at all times to be broad-minded and to consider that many things they do themselves may not appear in a favorable light to others. "See yourself as others see you"—and you will seldom have occasion to comment unfavorably on the acts of your neighbor.

THE VIRGINIA CROP OUTLOOK

No better news for the people of Virginia has been published during the year than that contained in the June survey of the Virginia Crop Reporting Service. This report clearly forecasts a season of recovery for the farmers of the state, the repairing of their fortunes after a period of leanness for the whole of American agriculture. And no one will question that the rehabilitation of agriculture will contribute more than any other factor to the restoration of prosperity in all fields of business and industry.

It is hazardous, of course, to base any definite prediction for the year upon the condition of crops at the beginning of summer, and the Crop Reporting Service, naturally, makes no attempt to do so; but the figures it presents may reasonably be viewed as foreshadowing an above-the-average yield for all important Virginia crops. More than ordinarily favorable weather conditions and improved farming methods are both to be accepted as contributing factors.

Special notice should be taken of the increased acreage and the excellent condition of those crops which help the farmer to live at home. Diversified agriculture is taking hold in Virginia, and the present year promises to strengthen its position substantially; not until it has won general recognition as the only sound mode of farming will the promise of Virginia soil be fully realized. And there is no state in which its advantages are more likely to be demonstrated, year in and year out, than this selfsame Old Dominion.—Richmond Times-Dispatch.

NO OCCASION FOR DELAY

The American people, particularly, we may believe, the farmers of the country, will regard it as unfortunate that President Harding should have adopted toward the Muscle Shoals project an attitude which will be likely to encourage the congressional disposition to let the matter drift indefinitely. The President is reported to have written Mr. Mondell, expressing the opinion that the matter is too important to be considered hurriedly. To which a reasonable reply is that this business has been before Congress, the War Department, and the country for months—and that it is entirely too important to be carried over unsettled until next winter.

Mr. Harding is, of course, intensely interested in two or three other pieces of legislation now pending in Congress. His desire to have the Muscle Shoals proposals sidetracked for an indefinite period quite possibly bears some relation to the uncertain state of these measures. At any rate, the real friends of Muscle Shoals development must feel rather skeptical of his professed interest in their cause if he has in fact undertaken to force further delay on the grounds mentioned.

The Ford offer and other proposals for the Alabama plant have been in the hands of government experts and congressional committees for months. The President may not contend that the matter is in any sense new or strange. The average member of Congress, perhaps, is not expertly informed; but it is extremely doubtful if the average Congressman ever will be. Such aspects of the matter as may be considered without expert guidance should by now be thoroughly familiar. Unless Congress has been soundly asleep, it should be as well prepared to vote on this subject next week as it will be next year.—Times-Dispatch.

THE BLUE AND THE GRAY

By the flow of the inland river,
Whence the fleets of iron have fled,
Where the blades of the grave-grass quiver
Asleep are the ranks of the dead;
Under the sod and the dew,
Waiting the judgment day;
Under the one, the Blue;
Under the other, the Gray.

These, in the robings of glory,
Those, in the gloom of defeat,
All with the battle-flood gory,
In the dusk of eternity meet;
Under the sod and the dew,
Waiting the judgment day;
Under the laurel, the Blue;
Under the willow, the Gray.

From the silence of sorrowful hours
The desolate mourners go,
Lovingly laden with flowers
Alike from the friend and the foe;
Under the sod and the dew,
Waiting the judgment day;
Under the roses, the Blue;
Under the lilies, the Gray.

So with an equal splendor,
The morning sun-rays fall,
With a touch impartially tender,
On the blossoms blooming for all;
Under the sod and the dew,
Waiting the judgment day;
Broidered with gold, the Blue;
Mellowed with gold, the Gray.

So, when the summer calleth,
On forest and field of grain,
With an equal murmur falleth
The cooling drip of the rain;
Under the sod and the dew,
Waiting the judgment day;
Wet with the rain, the Blue;
Wet with the rain, the Gray.

Sadly, but not with upbraiding
The generous deed was done;
In the storm of the years that are fading,
No braver battle was won;
Under the sod and the dew,
Waiting the judgment day;
Under the blossoms, the Blue;
Under the garlands, the Gray.

No more shall the war-cry sever,
Or the winding rivers be red;
They banish our anger forever,
When they laurel the graves of our dead.
Under the sod and the dew,
Waiting the judgment day;
Love and tears for the Blue;
Tears and love for the Gray.

Francis Miles Finch.

HIS MASTER'S VOICE

Halting opposite the French restaurant which he was wont to patronize, he invited his friend to dine with him. "You know," he said, "this place is famous for its horse meat. You'll find it a regular treat."
"Horse meat!" exclaimed the friend in alarm. "Wouldn't touch it if I was paid, especially after what happened to poor Duggie."
"Why, what about him?" he was asked.
"Choked to death in a hotel the other day," answered the friend. "He was eating a piece of horse meat when someone said 'Whoa!'"

"She muzzled me."

NO WONDER

"How old is your baby brother?" asked little Tommy of a playmate.
"One year old," replied Johnny.
"Ah!" exclaimed Tommy. "I've got a dog a year old and he can walk twice as well as your brother."
"Well, so he ought to," replied Johnny; "he's got twice as many legs."

COMFORTABLE LOW SHOES For the New Season

¶ Before you select the shoes you are going to wear this spring and summer, remember that Cantilever Shoes possess certain desirable features not found in ordinary shoes.

¶ Cantilevers are serviceable, being made of fine materials. They have the flexible arch, which fits and supports your foot at its most delicate point. The support is natural and beneficial, for the flexibility of the shank permits your arch muscles to strengthen. Circulation is unimpeded.

¶ They have room for your toes without crowding. The heels are sensible without being ungainly, and they are rightly placed for walking. There are different heights of heels, none too high for correct posture.

¶ Cantilever Shoes have the intelligent design which makes them favored by foot specialists and the grace of contour which makes them preferred by women who wish to look well and feel well. How will you enjoy the springtime if your feet are free and easy in Cantilever Shoes!

STREET PAVING CONTRACT LET

West Street from Railroad to Centre Street to Be the First One Paved.

The paving of the streets of Manassas is still being discussed, and the members of the street committee are actively engaged in canvassing the property owners on the subject.

The proposition of the street committee, consisting of Mr. R. S. Hynson, chairman, John H. Burke and Mr. Bruce Whitmore have placed before the citizens:

The streets in certain parts of the town to be paved with bituminous macadam pavement, the owners of the property fronting on the streets agreeing to pay the sum of \$1.25 per front foot, the town of Manassas to pay the remainder of the cost of such paving.

Mr. Albright, in charge of the state highway office in Manassas, has made an estimate on the cost of the improvements to be made on the streets, and has made some valuable suggestions to the committee that would save a large amount if carried out. One suggestion made by Mr. Albright was that Mr. C. M. Larkin be employed to superintend the construction of the streets as he has expert knowledge of the class of work to be done. It is hoped that the work on the improvement will soon be realized.

Mr. Hynson, chairman of the street committee, informs us that the contracts have already been signed for the improvement of West street from the railroad to Center street. This improvement, it is hoped, will soon be under way.

The committee is still actively canvassing the property owners on several other streets.

TRIBUTE TO ROBERT H. DAVIS

After a hard-fought battle Mr. Davis surrendered to the Grim Destroyer. During the waning hours of May he closed his eyes in the everlasting sleep of death, having passed the sixty-third milestone of Life's pathway while yet at the meridian of life's usefulness.

A kind and generous neighbor, devoted husband, loving and indulgent father, he will be missed and mourned by the entire community, whose sympathy for the bereaved family is but a token of their regard for him whom they held in highest esteem.

Mr. Davis was a native of Prince William county, where his useful and successful life was spent.

Thomas K. Davis, his father, and Martha Purcell Davis, his mother, were members of two of the oldest and most prominent families in northern Virginia.

For many years Mr. Davis was widely known as a contractor and lumber dealer. He was much interested in educational work, and for many years was head of the school board in Brentsville district. He also was a director in the National Bank of Manassas.

He was a zealous Mason, being a member of Manassas Lodge at Manassas, of Alexandria Chapter of Royal Arch Masons, and Old Dominion Commandery, Knights Templars, of Richmond. Mr. Davis was a true man and Mason, one who never tired in his efforts to uphold the community in which he lived. He was a leader and his influence will be sadly missed.

His devoted wife, Annie Laurie Davis, a native of Clarke county, Harry P. and Jennings Davis, Mrs. Bernice Davis Carroll, Mrs. Alberta Davis Wampler, and Miss Leone Davis are members of the bereaved family who mourn the absence of husband and father.

His work ended when "the Master" erased all designs from the trestle-board, his task completed he folded his tent and silently passed over the river to the beautiful evergreen shore.

His body was consigned to Mother Earth in the Manassas cemetery with full Masonic honors. About forty members of the craft participated in the last sad rites to the departed brother. The floral display was the largest and most beautiful seen in Manassas in the last decade. The silent eloquence of the fragrant flowers was most impressive—tokens of love and esteem, mementos of confidence, love and immortality, their fragrance was wafted to the Grand Lodge above, where blooms forever the flowers of Faith, Hope and Charity. A FRIEND.

VIRGINIA PLAN USED AS MODEL

State Highway Department Receives Recognition for Its Efficient Methods.

Virginia's plan for conserving the value of \$3,000,000 worth of road building equipment turned over to the state highway department by the Federal Government is being held-up as a model to other states of the Union, according to experts who have inspected the plant of the equipment division of the state highway department at the state penitentiary. Highway departments of seven different states have sent their equipment engineers to study the method of record-keeping and salvaging material in use in Virginia. Col. H. L. Bowly, of Washington, chief of the war material division of the office of public roads, in company with Chief Engineer Downer of the Bronx Park Commission, who has received a part of the equipment turned over to New York state for the construction and maintenance of roads in Westchester county, were visitors at the Virginia equipment division on Friday. Col. Bowly has distributed over two billion dollars worth of equipment to the several states. He stated at the conclusion of his inspection that the system of record-keeping, the operation of the plant and the general plan for renewing the equipment out of the returns from the use of materials furnished by the government was the best in use in any state. He called attention of Major E. M. Evans to the immediate necessity of securing better and more commodious quarters on a railroad siding than that afforded at the penitentiary. Both Major Evans and Commissioner Coleman have appreciated this need since the equipment division was organized, and steps have been taken looking to securing the U. S. air supply station for this purpose. Colonel Bowly stated that T. H. McDonald, chief of the bureau of public roads, would inspect the plant in the near future.

As evidence of the interest which other states are taking in work Virginia is doing may be gathered from the personal visit of the equipment engineer from Montana, who recently went over the entire plant carrying back with him many valuable ideas.

A CORRECTION

In the article that appeared in last week's Journal relative to the meeting of Ewell Camp, C. V., the type read that Mrs. Hutchison served the camp with a repast of sandwiches, when it should have stated that a fine dinner was served to the old veterans. We wish to make this correction so that Mrs. Hutchison's kind act will be fully understood.

The meeting of Ewell Camp appointed Rev. A. Stuart Gibson, chaplain, as a committee of one to write suitable memorials for John L. Meetez, Geo. W. Nutt and Rev. O. Gray Hutchison, who were members of Ewell Camp.

Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.

To Maintain a Standard—

is not always an easy task. In these times when the public is clamoring for something cheaper, it's a great temptation for merchants to cheapen their products. We have always refused to do this for the quality here must be kept up. We buy only the best and sell only the best—and at prices that are consistent with standard quality. Selling only meats we have no "baits" to throw out. Our only inducement for you to buy is: Quality plus Service and Sanitation. Our steadily increasing patronage warrants us in our belief to fight along this line and not be tempted to resort to the line of the least resistance. Your children will receive every kind attention here. May we serve you?

Children's Day Services
The Children's Day service at the Methodist Church last Sunday night was a very pleasant affair, the children doing their parts splendidly. In spite of the threatening weather, the building would not accommodate with standing room those who assembled there, notwithstanding chairs were set in the aisle to help out. After the service, though it had then begun to rain, the whole congregation went up to the U. B. Church, where they listened to Prof. Roebush, of Dayton, Va., sing and play for an hour. Though the hour was getting late, everyone seemed reluctant to have the service end.

Several families from this place attended the "All-Day" U. B. meeting at Aden last Sunday.

Grandma Speakes, of Haymarket, is visiting at the home of her son, Mr. J. T. Speakes and family.

Mr. and Mrs. Verdine Lewis Winslow and two children, Vivian May and Duane Shirley, of Saron, Wis., and Mrs. J. L. Nelson and son, Afton, of Forsyth, Mont., arrived last Tuesday morning for a visit at the W. B. Winslow and F. J. Chandler homes. They express themselves as delighted with our climate here. They will remain a fortnight or longer.

The Ladies' Aid of the Methodist Church held a special meeting at the church last Tuesday afternoon to finish some uncompleted work.

Mrs. F. J. Chandler will leave here next Monday morning to attend the summer normal at Fredericksburg, Va.

Mr. G. C. Evans, of Manassas, visited his parents and attended church and Sunday school last Sunday.

The Methodist ladies now have their portiers on exhibit at Dr. Cooke's pharmacy. Please call and see it.

Mrs. Getman and Mrs. Austin are visiting their mother, Mrs. Sonafrank.

GREENWICH

Death of J. W. Mayhugh
Mr. John William Mayhugh, a former resident of Greenwich, died in Washington last Tuesday after a long illness. He was brought to Greenwich on Thursday and interment was in the Presbyterian cemetery. The services were conducted by Rev. J. R. Cooke. Mr. Mayhugh is survived by his wife and five sisters—Mrs. Heath, of Maryland; Mrs. Lucien Hall, of near Langley; Mrs. Harrison McLaren, of Georgetown, D. C.; Mrs. Proctor, of Washington, D. C.; and Mrs. D. J. Ritenbur, of Buchland—and two brothers, Mr. D. J. Mayhugh, of Buchland, and Mr. J. L. Mayhugh, of Greenwich, and his mother, Mrs. Geo. Mayhugh. He will be greatly missed by his many friends here.

Miss Sallie and Rev. J. R. Cooke spent Tuesday at the home of Mrs. John W. Hall.

Mr. G. H. Washington spent the week-end in Washington and Maryland.

Mr. Billy Middleton is visiting Mr. and Mrs. R. N. Lee at "The Hermitage."

Mr. Isham Keith and son, of Warrenton, visited at "The Grove" Tuesday.

GAINESVILLE

Judge Love, of Washington, spent the week-end with his sister, Mrs. Bella Hite.

Mrs. Wilmer Stradley, who has been visiting Miss Louise Cave, has returned to her home in Wilmington, Del.

Mr. Alan Kemper, of Florida, who has been visiting Mr. and Mrs. Charles Allen, left on Sunday for Annapolis.

Miss Virginia Hall has returned to "Shirley," her summer home.

Miss Louise Cane has returned from a visit to her sister in Washington.

Mrs. Bella Hite was a Manassas visitor on Tuesday.

Mr. Billy Middleton, of Florida, will spend the summer with Mr. Frank Lee, near Gainesville.

Mr. Sinclair and Mr. Pete Triplett killed two hawks near Gainesville recently. The hawks were the largest ever seen in Prince William county, it is said, and measured over four feet from the tip of one wing to the tip of the other.

Build Up Your Strength

Rexall Wine of Cod Liver Extract contains all the valued drug principles of purest Cod Liver Oil without the nauseating taste of the oil itself, and has proven ideal in treating run-down, weakened conditions, especially in children. Most persons in whom are found tubercular tendencies are to a greater or less extent anemic—the blood pale and impoverished. Rexall Wine of Cod Liver Extract, in addition to the medicinal virtues of Cod Liver Oil, contains peptonate of iron to help supply this deficiency.

In the treatment of children who are pale and listless and who catch cold easily, you may confidently expect an increase in the appetite and weight and the general appearance of good health very quickly after beginning the use of

Rexall Wine of Cod Liver Extract

sometimes after two or three days' treatment. We strongly recommend, however, that the treatment with Rexall Wine of Cod Liver Extract be continued until such a time as there is every indication of a perfect healthy condition. Aged persons who find their general strength below its normal state will find in Rexall Wine of Cod Liver Extract that mild, healthful tonic of which the system is so greatly in need. Remember, Rexall Wine of Cod Liver Extract is guaranteed to satisfy, or money back. PRICE \$1.00.
