

INTERESTING SESSION OF FARMERS INSTITUTE

measure of the cleanliness of the neighborhood. If we can control these we can at the same time control several of the most fatal diseases. After showing pictures of bad sanitary conditions around homes, churches and schools, Dr. Stiles declared that he had seen just as bad in this town and made the most solemn warning that unless these conditions are remedied the typhoid death rate will continue to increase. Hookworm and tape worm, and other annual parasites were shown in all detail at the evening lecture and the close relations between unclean buildings and these diseases was shown. More than two million people suffer from hookworm and though it is not so common here it has been found in a number of cases and if unsanitary conditions continue may become as bad as in any part of the South. Dr. Stiles spoke plainly, a doctor coming from a Southern man born and bred in North Carolina, he had the right to speak clearly to Southern people and protect the Southern woman and children from the fearful diseases that they are compelled to carry. Miss Straith spoke to the Women's Auxiliary of the Farmers' Institute on the relation of Nature study to country life. She pointed out that if the child does not find interest in its immediate environment it must go outside for them with the result that it soon loses all interest in home and ultimately leaves the farm. She told of the various things which can be done to interest the child in Nature and at the same time be of great value to the farm. Her talk was full of live suggestions for teachers and parents and went far to make both Nature study and teacher popular. Her talk will be fully reported by the secretary of the Women's Auxiliary.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Manassas Citizen's Experience. Something new is an experiment. Must be proved to be reasonable. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends. Now suppose you had a bad back. A Lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by "strangers from far away places." It's different when the endorsement comes from home. Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case: William Fouts, Main St., Manassas, Va., says: "I have used Doan's Kidney Pills off and on for six years or more and have always found them to be just what I needed. This remedy, which I procured at Dowell's Pharmacy, has relieved me of backache and has acted as a tonic to my kidneys." For sale by all druggists. Price 50 cents.
