IF YOU TOUCH your tongue to ALUM

and look in the glass—you will see the effect—
You can't help puckering—it makes you pucker
to think of tasting it.

By the use of so called cheap Baking Powders, you take this puckering, injurious Alum right into your system—you injure digestion, and ruin your stomach.

AVOID ALUM

Say plainly—

ROYAL BAKING POWDER

Royal is made from pure refined Grape Cream of Tartar—Costs more than Alum but you have the profit of quality, the profit of good health.

And the Times Dispatch is enhancing its value to readers in this section of the state if it will arrange to reach more before the news has passed into the "stare and yellow leaf."
