THE "GLORIA" TABLE OR OFFICE LAMP.

- - ناسسانی

The simplest and most efficient gasoline lamp in the world. Constructed upon new and scientific principles. The result of fifteen years of experiment and experience by the originator of hollow wire gasoline lighting. A lamp that we guarantee and that guarantees itself through its very simplicity, ease of operation and utility. Absolutely nothing that can wear out or get out of order that cannot be removed and replaced in ten seconds without the use of tools. It is almost impossible to describe, fittingly, this wonderful lamp. Its simplicity is what recommends it.
