The commercial department, leader in the formation and developunder the instruction of Professor Hamrick and Mr. Richard A. Kelly, is larger than in former years and is doing very satisfactory work.

The music department, under Prof. Glenn C. Gorrell and Miss Monks, is doing very good work. The art class, under Miss Housenfluck, is large and many of the students are doing very excellent work in this depart-

Miss Stevens, the head of the expression department, is a very enthusiastic worker and has quit a large number of private pupils. In addition to the private pupils, she has organized a class of which quite a number of the students are members.

The Agricultural Department is making an effort through ornithologists in every section to locate a wild pigeon's nest on the American continent. It is said that so far as is known there is but one of these birds in existence and that it is in the zoological gardens in Cincinati The writer, while not an old man, re calls having seen myriads of these birds in his boyhood. They came down from the regions of the great lakes in flocks of thousands. and it was not uncommon for a hunter to kill a dozen or more atone shot. It is due to our ruthless slaughter and our lack of appreciation that not only the wild pigeon, but many very valuable members of the feathered tribe are becoming extinct.
