THE CRICLER & CAMPER COMPANY announce their Annual White Goods Sale, FOR TEN DAYS ONLY Beginning Tuesday Morning, February 13, 1912. We owe cur patrons an apology for the lateness of our sales this season, but we were forced to wait until prices struck bottom, which they have now done, and we can assure you that we will give you values that will pay you for the waiting. Most of the goods were bought in case lots and you get the benefit of it. Without exaggeration in the least we can safely say that these are the greatest values ever shown by us. We will appreciate your presence.

The little machine needs no recommendation and we have naught to say other than if the "wisdom of the wise" and the fact that they are as thick as ants in the streets of this and every other country of the civilized world is worth anything at all it is sufficient endorsement of the Ford cars' merit, as there are three Fords in use to one of any other kind the world over.

The 1912, 100-inch wheel-base Ford is a wonderful 20-horse power machine of Vanadium steel construction, weighing about 1,200 pounds, with many important
improvements and refinements, is
"fool proof," has no expensive batteries, generates its own elec-tric light, any 8-year-old child can drive it and it will go any-where in any kind of company with speed to spare; but while it is being used daily in the roughest kind of work, we especially recommend it as a light Roadster, being ideal for doctors, mail carriers, contractors and general business purposes, seeting one or three passengers or trust and two passengers.

For heavy duty or family machines we strongly recommend the E-M-F-30 or Studebaker line. There is nothing on earth more dependable for 5 or 7-passenger duty at any price and but few as good or handsome. Price, \$1,185 complete.

Senator Flour!

For 25 years we have been selling SENATOR FLOUR and we are better satisfied with it today than ever before.

It is made in one ofthe most sanitary mills in the world and every care is taken to preserve its purity digestibility and unusual food value. It is so perfectly made that it mixes more redily than ordinary flour.

Hence it not only makes better bread but makes it easier and quicker.

Sold by grocers in every city and town. Bought by people of all classes.

Insist on your grocer sending you Senator Flour with tomorrow's order.
