#### WHO DID THE ABUSING

Well to Keep the Record Straight On This Point in the Campaign.

[From New York World.]

Standing before a committee of the United States Senate, Medill McCormick a rich young man who has helped to finance and manage the Roosevelt campaign, charged that the murderous assault on Mr. Roosevelt was incited by the "falsehoods of character-assassins and liars like Charles D. Hilles," who was formerly Secretary to President Taft and is now chairman of the Republican National Committee,

Now it happens that there has been a good deal of abuse in this campaign, but most of it originated with Theodore Roosevelt and his followers. No other candidate for President ever attacked a President as Mr. Roose velt has attacked Mr. Taft. No other candidate for President ever appealed so frankly to the passion and frenzy of his audiences. To select a few of many examples:

Day after day Mr. Roosevelt has compared President Taft to a "crook," to a "thief," to a "burglar," to a "pirate," to a "pickpocket," to a "receiver of stolen goods," and Hiram Johnson, Mr. Roosevelt's associate on the ticket, has traveled from one end of the country to the other calling President Taft "the most humiliating figure in American history." Even the day that he was shot Mr. Roosevelt denounced the conduct of the Governor of Illinois as "infamous' because Governor Deneen refused to support Mr. Roosevelt on a third-party ticket.

June 3, Mr. Roosevelt said of President Taft that "high-minded and honorable men would refuse to accept delegates" such as Mr. Taft gained in Ohio.

June 8, he said that "again and again we have sent to the penitentiary election officials for deeds not one whit worse morally than was done by the members of the National Committee" in seating two Taft delegates from Alabama.

Time 11 he declared that Mr. Taft's attitude toward the Presidency "comes dangerously near being treason."

June 15 he asserted that the contest between himself and Mr. Taft for the nomination was a fight between honesty aed di honesty."

June 16 he issued a statement that rang with the words "theft" and "stealing" and "fraud."

Juune 17, in a speech, he spoke of the "naked thefts" of the National Committee, and the men who had "earned Mr. Taft's gratitude by stealing for him. He said a majority of the Nation. al Committee had "practiced political theft in every form from highway robbery to petit larceny."

When Mr. Taft was finally nominated he publicly insulted him as "the beneficiary of successful fraud," and his delight on his recent Western trip was to describe the President of the United States as a "dead cock in the pit."

As for Woodrow Wilson, Mr. Roosevelt has branded him as a "Tory" and as the nominee of the bosses, and in his recent speech in Chicago he devoted most of his time to inflaming the passion of foreign-born voters against Governor Wilson on the basis of a paragraph in Govera-

#### EVERY CITIZEN'S DUTY.

No man is really a good citizen who does not take an interest in public affairs. No man is a good citizen who fails to declare at the ballot box who shall administer the affairs of his state and country. In a country like ours this is a matter of really vital concern, because all corruption begins at the ballot box.

There can be no boss, if the oter does his duty

We do not need any new forms of government. We need more men who will fearlessly do their duty at the ballot box.

Voting is not a mere matter of party form, mor of personal friendship, nor of charity. It is a privilege conferred upon certain citizens for the maintenance of law and order and the general welfare. No man is above its interest or concern.

THE PROHIBITION PARTY OF VIRGINIA, in Convention

Recognizing Almighty God as the Sovereign Ruler of the Universe; realizing that, as our Creator and Preserver, the good in us all must emanate from Him, and believing that all our legislative enactments should, as far as possible, conform to His revealed will, as expressed in His written Word, thus restraining our selfishness Here is the handwriting on the and greed and promoting a consciousness of right in our dealings

> Therefore, we do hereby set forth to the people of Virginia the following declaration of principles:

1. We declare that the manufacture and sale of intoxicating liquors for beverage purposes have proved to be not a business, but a crime against God and man. We declare that licensing its sale for such purposes is wrong in principle and, as a source of revenue, vicious in policy; and that affixing the great Seal of the State upon fare but the individual welfare liquor license permits, conveys the lives, liberty and happiness of for it concerns even the home her people as a legal prey into the hands of a merciless traffic, and under local option laws its intrusion upon local self-government is in direct opposition to true and progressive democracy.

2. Ours is a government by the people and for the people. Local option on the liquor question by individuals, having no power We all believe in human liberty to enforce its decrees or even to restrain the traffic from wet territory into dry, cannot be effective as a means to an end, and under present political conditions, now rests, not upon the option of a weak local electorate, but upon a state wide and nation wide liquor

We declare that in so far as we may be intrusted with governmental power, we would repeal all liquor license laws and would enact in their stead, a state wide prohibitory law, thus changing proof to show that Mr. A did not the attitude of the government of our state from that of friendling tell the truth, if one has such ness and complicity with the evils of the traffic to that of direct hostility.

4. Believing that we represent the best interests of Virginia, ich as a member of our Commonwealth of States, is effected in welfare by them all, we demand, in her name, that Congress immediately revise our interstate commerce laws so that intoxicating distery revise our interstance commerce may so that intoxicating liquors for beverage purposes cannot be transported into prohibition states.

SOME men see price and mistake it for value. Other men see first-appearance and mistake it for style. But here in our varied stock of Kirschbaum clothes men see and get actual money-value that can be mistaken for nothing else.

We aim to sell garments good enough to make a man invest his money. And satisfying enough to make him come back to us when he wants another suit or overcoat. Every model, be it the Kirschbaum "Yungfello" or the more conservative business man's suit, is built on quality.

Quality that guarantees the style and cut to be authoritative; that offers to you a fabric of which every thread is "All-Wool"; that puts on your back a suit as expertly hand-tailored and as correctly finished as the finest custom-made suit or overcoat worn.

Come in and let us prove to you that Kirschbaum suits are superior in every way to clothes you have paid a great deal more for elsewhere.

Money back, if wanted, is the basis of every sale. Each suit and overcoat is sold with the maker's official guaranty.

#### Sound Values - Good Service - Courteous Treatment

HESE are the advantages you gain by trading with the I H C local dealer. He is a good judge of values in farm machines. He sells machines of guaranteed quality, and stands behind them to see that they make good. When he sells you an

#### IHC Manure Spreader Kemp 20th Century, Corn King, or Cloverleaf

he sets up the machine, tests it, and makes sure that everything is right before he delivers it. He shows you how to use the machine, to make it last longest. In case of accident he can furnish repair parts promptly—repairs that fit. He gives you service worth far more

than it costs you.

I H C manure spreaders are made in both return and endless apron styles, but all aprons run alike on large rollers. Non-friction roller bearings are used wherever practical, making the machine easy on the horses. The feed is variable and positive. The machines pulverize the manure and distribute it evenly in a light or heavy coat, as may be needed. Because they distribute manure properly, I H C spreaders use less than half as much manure as fork spreading to cover the same amount of ground. They make one ton of manure go as far as two, and do better fertilizing with far less

labor than the old-fashioned method.
