If they do not, what follows when a truck with the three as occuhere may prove of some value. pants was struck at the Clifton grade crossing by Chesapeake & Ohio train

At no time in the history of Manassas has the need been more imperative for a business administration. At no time in the history of the town has the opportunity for real service to the community been greater. The present calls for sacrifices; it is a time for men to lay aside their personal inclinations and agree to inconvenience themselves, when

called upon, to serve their fellow townsmen. It is a time to prove that Manassas' really has men who have faith in their tuwn and who desire to help it.

For eight months I have studied the situation thoroughly. have weighed the needs of the town most carefully. I have time after time been convinced that Manassas needs not only an administration that will practice economy, as the present one has most faithfully done, but an administration that looks alread, plans for the future and keeps the public informed on what the town authorities are doing and what they plan to do. The citizens of Manassas, who ultimately pay the bills of the town, have a right to know what is being done and what is being planned for the future.

#### A TICKET SUGGESTED FOR A BUSINESS ADMINISTRATION

For the two-year period, beginning September 1, 1921, I suggest the following personnel for the administrative work of Manassas:

MAYOR:

R. S. Hynson COUNCILMEN:

D. J. Arrington C. L. Meetze J. M. Bell O. E. Newmen Geo. R. Coeke

B. Lynn Robertson A. A. Hooff Dr. S. S. Simutana

In taking the liberty of suggesting the above names for the important municipal work that must be done during the

rative need of Manassas for a homogenous group of men tho will work together for the interests of the town, who present the various sections of the town and who, I believe, in full sympathy with the constructive work that demands

suggesting these names I have kept in mind the lack of in the work of the present council and the expressed determination of several members to deto serve as councilmen another term. The services of the of the present administrative group is disparaged in the ast. I do feel that the town owes the mayor and councilten a vote of thanks for the way in which they have manred the finances of the town during their incumbency. The apparent lack of appreciation of what they have done in this marticular makes it evident why so many of them desire to step out at the end of the present term

#### Meat that Good to

Meats there are of all kinds-good, bad and indifferent. It is not so much the price you pay as the selection of the animal, the way it is butchered, and the sanitary manner in which dressed meat is handled.

A cheaper cut from a good, healthy animal which has been properly butchered and where the meat has been handled in the most cleanly way, is far better for one's health—and more enjoyable, toothan a more expensive piece of meat taken from a carcass where very little selection was exercised.

You are particular about the meat you buy. You have a right to be. It might mean the difference between health and sickness for you and your family.

Meats sold by us are good meats. From the selection of the animals to the final carving on our blocks, we study your interests, for we know that your continued patronage is dependent upon the quality of our meats. And as for prices, you will find them as low as the market conditions permit, considering quality always.

> Unexcelled for Baking

White Rose Flour, which is made by us only, is unexcelled for all kinds of baking. It is milled for average year-round family use-loaf bread, biscuit, pastry and cake. It is ground from good, clean grain that is thoroughly sifted and is packed in the most sanitary manner.

An all-purpose flour is what the average housewife most appreciates. To know that a sack of White Rose furnishes the basis for all baking, is indeed a comforting thought in many a Northern Virginia home. Are you one of the happy users of this highgrade flour ?

White Rose is Reasonably Priced

In these days of practical economy, the old saying "a penny saved is a penny earned." carries special significance. Buyers of White Rose flour save money, in comparison with other high grade flours. And they get all that the average cook asks of a flouradaptability to all types of baking.

White Rose is now for sale in most sections of Northern Virginia. Very likely your grocer has it in stock right now. If he has not, send us his name. We will gladly take care of your orders direct until he can supply you.

MASS MEETING CALL

Citizens of Manassas are urgently requested to assemble t mass meeting at the Town Hall Friday evening at 7:30 o'clock to select a ticket for the coming municipal election. Saturday is the last day on which the names of candidates can be filed with the names to appear on the ballot.

Your committee, appointed at the mass meeting heldon the evening of April 4th, feels it the part of wisdom to call another mass meeting to engage in the important business of selecting a ticket for the municipal election that will be held on June 14th.

Be at this meeting and bring as many fellow citizens as

# Our meats Please the Particular

Particular people are, as a rule, extra particular about the meats they buy. They are wise in this for nothing but the most carefully handled and kept meats should be set before members of the household. One's health is too much at stake to risk using anything questionable in the protein line.

As our name suggests, and as we will be glad to show you in person at any time, the sanitary handling of meats is a habit with us. Spotless cleanliness is our constant aim here at the Sanitary Meat Market. We exercise the same care. fulness in our butchering and in the preparatory work on the animals before they reach our
