NEED MORE OFFICERS FOR ARMY OF SAVERS NOW BEING RECRUITED

BOYS AND GIRLS INVITED TO BECOME MEMBERS OF ORGANIZATION OF SAVINGS CAPITALISTS

Generals and colonels of fourteen years, majors, captains and lieutenants of ten, and sergeants and privates even younger are now the rule in Uncle Sam's Army of Savers, which is being recruited among the school boys and girls of this district. Plans for this army were recently completed and were announced through the medium of an art poster sent broadcast to schools in this district. Within the first five days after the distribution of this poster, eleven young "officers" had received their "commissions" in the army. Nearly 5,000 have now enlisted, every part of the district being represented.

The boys and girls carry their promotions in accordance with regulations contained in the book containing the organization of Uncle Sam's Army of Savers. Their insignia is conferred, and a formal "commission" is sent by the Savings Division of the United States Treasury Department in this district.

Regulations for promotion in Uncle Sam's Army of Savers are as follows: The purchaser of one Thrift Stamp in 1921 is entitled to a private's button. The purchase of four Thrift Stamps entitles him to a Sergeant's button; the purchase of one War Savings Stamp of 1921, entitles him to a Lieutenant's button; three War Savings Stamps to a Captain's button; five to a Major's button, and ten to a Colonel's button. The purchase of twenty of the 1921 War Savings Stamps gains the award of a General's button, accompanied with a star to indicate the rank.

DO YOU KNOW THAT—

If you invest in one \$25 Treasury Certificate every month for ten years (average price \$21.74) you will at the end of that time have received back from the Treasury Department \$1,000 in cash. You will have \$1,000 more maturely value, payable \$200 a year for five years longer.

MORE THAN BILLION HAS BEEN PUT INTO SAVINGS BONDS

REDEMPTIONS ARE GROWING SMALLER AS WISE INVESTORS RECEIVE INTEREST ON THEIR MONEY

More than one thousand million dollars have been invested in Thrift and War Savings Stamps and Treasury Savings Certificates by wise and thrifty persons in this country, according to an official report recently compiled. Of this amount, over \$730,000,000 is now outstanding, and investments are steadily increasing. The heavier issue of stamps and certificates in 1921 was a strong patriotic appeal.

Total sales for 1921 were \$771,812,000. During 1920, when the sales campaign was based on the slogan "Buy rather than purchase," \$1,125,000,000 was brought into the Treasury, and in 1920 the total was \$43,292,000. Redemptions to date include \$178,250,000 of the 1918 series, \$33,641,000 of the 1919 series, \$8,880,000 of the 1920 issue and about \$126,000 of the 1921 series.

Officials of the savings division point out that by far the greater proportion of the redemptions are of the 1918 series, which indicates that the more recent issue are being purchased by individuals who plan to hold them to maturity.

The certificates pay 4 per cent interest, compounded quarterly, which is equivalent to approximately 4 1/2 per cent if held for the full five years. Those who present the certificates for redemption prior to the maturity date receive about 3 per cent interest.

Save the "small change" usually spent; it may mean a "big change" in your later life.

FOR SALE.

If you've a house or farm for sale, Some one has got to tell the tale. How many chickens, ducks and pigs. And wagons, sleighs and other rigs. How many horses, steers and cows—Binders, mowers, drills and plows, And other things about the place. Omitted here for want of space. We tell them where your farm's located And at what price it's valued. We advertise your shop and benches, Your grindstone, tools, and monkey-wrenches—

The acreage your farm contains, And how it carries off the rains, Preventing any chance of floods, That rust the beans and rot the spuds. We state what's under cultivation—And if you're near a shipping station, How much in orchard—age of trees—And prove your fruits can never freeze. How many acres in fall wheat—And if you're near the county seat, The moral of this little tale, Is, when you've anything for sale, You shouldn't hesitate to tell it—A little ad will often sell it!

—Orchard and Farm.

ELECTION NOTICE.

At a meeting of the Democratic committee held on the 24th of May it was decided to hold the primary election on the first Tuesday in August. Notice is therefore given that all candidates for offices to be voted for therein must comply with the statutes provided in such cases—H. Thornton Davies, Chairman.

Desultory peasants at Milan, Latvia, are carrying home food wrapped in thousand double securities, but they are not a bit elated over the fact. When an American Red Cross unit reached Milan recently and opened up headquarters in a vacant bank building, boxes of formerly valuable securities were found heaped in a corner. They were beautifully wrapped on fine bond paper, but their value was absolutely nothing. As paper was scarce, the crisp bonds and stocks were utilized as wrapping paper by the Red Cross workers.

If the safe deposit boxes and bureau drawers and trunk trays of American were emptied, thousands of boxes of securities equally valueless would be uncovered. Millions have been fished by Americans within the last year in stocks, which were worth more than the securities. The last government of Imperial Russia. Some investors are continuing to buy beautifully engraved certificates good for nothing but wrapping paper at the price of profitable investments.

Warnings by the hundreds have been issued against this stock sale, but it is often difficult to determine between a fake investment and one which has a chance of success and profit, and vice versa. One sure method of protection is to invest in the securities backed and protected by the government of the United States. Treasury Savings Securities (War Savings Stamps and Treasury Savings Certificates) will return a sure profit, are proof against loss or depreciation, and may be held at your post office. The stability of the United States, not of Russia, guarantees this and the promise to pay of this nation, never yet broken, is a better security than the promise of any "get rich quick" scheme or promoter.

Fresh Fish You'll Enjoy

Fish must be fresh to suit particular people. The sooner they are eaten after caught the better. The longer they are kept on ice the less you enjoy them.

That's the reason why we get our fish—nice sized and rock and herring—on Thursday evenings and Friday mornings, for Friday's eating.

When you buy fish here on Fridays you may rest assured that they are absolutely fresh. You will know this to be true when you have finished your enjoyable dinner.

The NEWS, Only \$1 A YEAR

The Prince William News
(Succeeding The Manassas Democrat)

CLARENCE W. WAGENER, Publisher and Editor.

Entered as second class matter December 9, 1909, at the postoffice at Manassas, Va., under the act of March 3, 1879.

SUBSCRIPTION RATES.
One year (in advance) \$1.00 Six months..... 50
No subscriptions accepted for less than six months.

WOMAN AND THE NEW CITIZENSHIP.

Tuesday evening and Wednesday of next week should be marked "engaged" on the calendars of the women of Manassas and Prince William county, for an unusual opportunity will be afforded on the evening of May 31 and the morning and afternoon of June 1 to hear splendid addresses on subjects pertaining to woman's new citizenship and her contribution to government. It is seldom that Prince William is afforded the privilege of hearing addresses by such able and consecrated ladies as Mrs. Deborah Kgox Livingston and Mrs. Howard M. Hoge. Let every woman in the county who can possibly arrange to attend these meetings, detailed notice of which is given in this issue of the NEWS.

"THE WHY" OF STRICTLY PAID IN ADVANCE.

Do you believe that a newspaper should be run in a business-like way? If you do, you will appreciate the reason why the NEWS is now on a strictly paid in advance basis.

Just before the expiration of each subscription a notice is mailed the subscriber. Should the subscriber desire to have the NEWS continue to visit his home for fifty-two weeks at less than two cents a week, he is expected to return the notice with his remittance. In the event his remittance is sent in, the subscriber's name is dropped from the mailing list; the NEWS meaning no slight and in no way casting any reflection upon the individual subscriber's integrity.

To continue to send the paper after the subscription expires and where no renewal has been made, merits the approval of some but the disapproval of many. To say the least, such procedure is not in accord with modern business methods and, in a way, is an unwarranted assumption upon the part of the newspaper that the subscriber desires his paper to keep on coming and that he will willingly pay for it in due course.

FIGHT THIS DEADLY ENEMY OF MAN.

Years ago he was considered bothersome. Later his presence aroused the suspicion of physicians and health workers. Today he is ranked as one of the deadly enemies of man—the plain, ordinary, ubiquitous house fly.

So voluminous and conclusive is the evidence against this little pest that it behooves everybody everywhere to wage incessant warfare against him. To kill flies and to break up their breeding places is to prevent disease and to save life.

At no time of the year should the fly be gone after more vigorously than now. To kill just one fly now will mean the elimination of countless descendants. The fly you knock out for good at this time may be the means of saving some baby's life in August.

Flies are carriers of the fatal summer complaint, dysentery, cholera, typhoid and a great variety of stomach and intestinal bacteria that cause numerous serious disorders. Flies spread most thoroughly the germs and microbes and germs which they pick up as they crawl over all manner of filth.

Every time you kill a fly you are serving your fellowmen. It looks like a little thing to do, but if you swat, or "side-swipe" with your hand or fan, or gas a few hundred flies every day, your work will soon begin to pay big dividends in health and happiness. Will you be a health crusher and kill daily as many of these enemies as you can?

GIVE THEM A FAIR CHANCE.

With vacation days at hand for many school-children of Prince William, and in early prospect for all, it may not be out of place to look closely into the needs of the average school child during the summer months and how best this period should be spent—for the promotion of health and future good citizenship.

Growing boys and girls need a liberal amount of outdoor recreation, which should be encouraged where the child is not already sufficiently inclined to engage in pleasant pastimes in the open. For the proper development of the body a certain amount of play is essential, but, like everything else, play can be overdone—and it often is.

Of equal importance for the child's future is an early start at some useful work. To bring children up with nothing to do during the summer months but seek pleasure is to sow the seeds of idleness and poor citizenship for the future. Give the boy and girl definite tasks around the house, in the garden and in the fields. Tell them of the nobility of work and do not continually talk about the drudgery of this and that task. Do not set them the example of avoiding all the work you can. Show them that there is real pleasure to be derived from doing a task well. Let them work for someone else, if you have nothing for them to do.

A generation or so back there would have been little need of an editorial of this nature. Today, with so many of our young people seeking "soft snap" jobs, money marriages and a continuous round of pleasure, it is high time the average parent face about and see that present day children be given a chance to become desirable citizens.

HEART-BEATS OF OCEAN.

(Caroline D. Swan, in Springfield Republican).

The moon-track streams across the silent sea; Its silvery splendor beams a vision rare Such as the world of magic weaves of air. Yet each pulsating wavellet throbs with glee, Alive with joy of its white mystery. Strange mirth of ocean; calling us to share Its fascination passionately fair. Sure of response from frail humanity.

Our daily lives pulsate with less of calm And less of beauty. This, thy spell of peace And trembling joyousness, is none of ours; Our music is a penitential psalm And joys go darkling as if glad to cease. Oh, steady ocean glow! Oh, white foam-flowers!

CATHARPIN.

Severe Storm Monday. One of the worst storms in years passed over a part of our community Monday afternoon about 4 o'clock. It was in the form of a cyclone. Immense trees were blown up and twisted off. At the home of Mr. S. W. Hunt, hail fell nearly as large as hen eggs, completely destroying his garden. At Mr. Morris Polen's, the silo was blown down, and a coop containing fifty chickens blown across a field, killing all of the chickens. A portion of the roof was blown from Mr. Grover Ebbel's house, and at Mr. L. J. Parise's the barn was struck by lightning and set on fire. However, by the timely aid of men at work on the farm, the flames were quickly extinguished. It is feared that much damage was done to wheat and corn crops.

Mr. Katherine Bailey Dier, of Mr. and Mrs. B. C. Cross, of Sunday, died at the home of her parents on Tuesday morning, May 16th, after a lingering illness, caused by the after-effects of an attack of influenza, which she suffered more than a year ago. During the many trying days of her illness, she was given attention that loving hands could perform, yet God in his all wise goodness saw it best to remove this sweet young mother from our midst, leaving the little 15 months' old daughter, Marion, and the loving care of her maternal grandmother, Mrs. Cross.

The funeral services were conducted by the Rev. Homer Welch and interment made in Sudley cemetery, beneath a beautiful, fragrant flower, among them being the flowers from the Sudley Wesley Bible class, a token of love for the departed and sympathy for her bereaved family. Besides her parents, Mrs. Bailey is survived by her husband, Mr. Bailey of Washington, five sisters and six brothers; Mrs. Nora, Stauffer, Misses Florence and Alma, Messrs. Elmer and Ray Cross, of Sudley; Mr. Asa Cross, of Trenton, N. J.; Mr. Guy Cross, of New Market, Md.; Mrs. Cora Bitter, Miss Elbert Cross, Messrs. Clarence and Walter Cross, of Washington. Another brother, Mr. Thomas Cross, of New Jersey, died last winter.

General News. Mrs. S. C. Swartz's Sunday school class will hold a strawberry festival at Sudley Friday evening, May 27th. It is a stormy Friday evening. Every body come. Proceeds for benefit of the church.

General News. Mrs. T. Latham Gaines, who has been quite sick, is about well again. Mrs. Wallace E. Partlow, of "The Cottage," is now confined to her home with the grip. Mr. H. H. Akers, Mr. Walter T. Polen and Mr. Wade T. Akers, of Washington, spent the week end at the home of Mrs. Rita Lynn and also visited Mrs. L. J. Patton.

General News. Mrs. T. Latham Gaines visited Mr. L. J. Patton Sunday afternoon. Mr. Gaines and his son, Freeman, are now engaged in installing an electrical system at the home of Mr. John Adams, at Broad Run.

General News. Mrs. Holmes Robertson was a caller at Mrs. J. Worthington Atrey's on Sunday.

General News. Rev. Homer Welch made an address at Sudley Sunday morning on "Character Education." He was followed by Supt. Chas. R. McDonald, who made most excellent talk. The sacrament of the Lord's supper was also observed, as is our custom every 4th Sunday.

General News. Mrs. Chas. R. McDonald's class entertained in a very delightful social in the lecture room at Sudley last Saturday evening. Delicious refreshments were served.

General News. Mrs. Emma Holsen, of "Compton Farm," the beautiful home of Mr. and Mrs. Arthur Emmons, was the scene of a very enjoyable occasion last Thursday afternoon, when Mrs. Emmons entertained a number of ladies in honor of Mrs. Paul Goodsey's Games, music and "surprises" were indulged in, and a delicious two-course luncheon was served, consisting of fruit salad, cheese balls with greenberg and hot rolls, and huge slices of strawberry shortcake and whipped cream. Among those enjoying Mrs. Emmons' hospitality, besides the honor guest, were Mesdames J. D. Springer, Hollis Brown, D. E. Egan, S. Preston Buck, I. W. Lisk, J. W. Hedrick, John Donovan, Frank Egan, L. E. Jamison, W. E. Varner and Miss Daisy McKay.

General News. Miss Mamie Brown was hostess at a delightful party last Tuesday night. Games and dancing were the features of the evening, and dainty refreshments were served. Among those present were Mr. and Mrs. Armstrong, their son and daughter, and Mr. and Mrs. Seckford, all of Harrisonburg, Va.; Misses Florence Owens, Minnie Smith, Daisy McKay, Peggy and Margaret Brown, Alice and Sara Sammons and Mesdames Miller, Garland and Leo McKay, Ernest Kraft and Joe Brown.

Everybody had a good time. Mr. Austin Greenwood is home after a visit in Baltimore. Mr. Joe Smith, of Washington, was a caller at "Springdale" Sunday. Mr. Thos. Woolfenden, Sr., Miss Bertha Woolfenden, Mrs. James Luck and two children, Evelyn and Mary Jane, of Washington, spent Sunday morning. Ralph, have returned from their trip to Baltimore.

General News. Mrs. L. A. Turner has received the news that her sister, Miss Hatie Adams, who has been dangerously ill at the home of her niece, Mrs. Fritz Reuter, in Washington, is somewhat better.

General News. The school fair in Leesburg was very largely attended by teachers, pupils and interested public of Loudoun county. The parade was led by the ex-servicemen of Loudoun, headed by a band from Brunswick, Md.

General News. Mrs. George T. Hutchinson and family, of Washington, visited his sister, Mrs. T. G. Hutchinson, on Saturday and Sunday.

General News. Automobile thieves Friday visited the home of John Jackson, a worthy colored man, of near Little River, and stripping his car, taking everything they could get loose. The robbery occurred during the heavy rainfall of last Friday. No trace has been found of the thieves.

General News. Mrs. T. R. Galtner, of Manassas, visited her sister, Mrs. T. O. Hutchinson, last week. Miss Lillian V. Gilbert visited the Misses Ewell on Thursday and Friday.

General News. Mr. Karl Woolfenden, of Washington, is spending a few days with relatives here.

General News. Mr. Lee Abel, of Accotink, visited relatives and friends here last week. Mrs. F. Weber and daughter, Mrs. L. Carter, returned Wednesday from Philadelphia, where they visited relatives.

General News. Miss Mary Powell, of Manassas high school, spent the week end with her grandparents, Mr. and Mrs. W. Oleyar. Misses Ruth and Ray Lack spent Sunday evening at the home of their grandfather, Mr. Thos. Woolfenden.

General News. Mrs. E. L. Herring and daughter, Miss Dora, spent the week end in Newmarket, visiting relatives and friends.

General News. Mr. Lee Abel has returned from Camp Humphreys, bringing with him a new Ford.

General News. Miss Anabel Merrill spent the week end with her parents at "Springdale." Mr. John Powell was a caller at the "Hill" Sunday. A delightful surprise shower was given to Miss Dora Herring at her home Thursday evening, May 19th. A large number of guests were present and were with very beautiful and useful presents. The evening was spent in playing games and music until a late hour when delicious refreshments were served.

General News. Mrs. L. A. Turner has received the news that her sister, Miss Hatie Adams, who has been dangerously ill at the home of her niece, Mrs. Fritz Reuter, in Washington, is somewhat better.

General News. The school fair in Leesburg was very largely attended by teachers, pupils and interested public of Loudoun county. The parade was led by the ex-servicemen of Loudoun, headed by a band from Brunswick, Md.

The Story of the States. On page two of this issue of the NEWS will be found the first two of forty-eight historical sketches of the states of this great country. Each week, until the series is completed, the history of two more states will thus be interestingly portrayed. The NEWS feels that this series of brief sketches, each of which can be read in about three minutes, will be heartily welcomed by its readers—young, middle-aged and old. Read the first two and you will not miss reading those that follow.

Our Meats Please the Particular. Particular people are, as a rule, extra particular about the meats they buy. They are wise in this, for nothing but the most carefully handled and kept meats should be set before members of the household. One's health is too much at stake to risk using anything questionable in the protein line. As our name suggests, and as we will be glad to show you in person at any time, the sanitary handling of meats is a habit with us. Spotless cleanliness is our constant aim here at the Sanitary Meat Market. We exercise the same carefulness in our butchering and in the preparatory work on our animals before they reach our refrigerators.

Sanitary Meat Market. F. R. SAUNDERS, Proprietor. Manassas, Virginia.

Uncle Walt's Say. If you wish to forget your cares and troubles, for a few moments at least, don't fail to read what "Uncle Walt" says. Mason has to say on Page Six. This is the same old Walt who is so popular with millions of readers of the big dailies. Read Walt's article in the NEWS and be thankful you are a subscriber. Those who find satisfaction in the plan of the NEWS to furnish a clean, instructive, entertaining newspaper are asked to tell their friends and neighbors of this county paper that goes into one's home fifty-two times for just one dollar.

Ford Producing 4,000 Cars A Day. Present Production Greater Than for Same Period Last Year. Ford is building cars at full speed. And, according to an official statement from the factory at Detroit, the demand for Ford cars and trucks still exceeds the output, despite the fact that a new high level of production has been reached. By the first of May the figures representing daily production were in the neighborhood of 4,000 a day, so the May schedule was set at 101,125 cars and trucks, not including the output of the Ford Canadian plant or any of the foreign assembling plants. The output mounted daily; May 12th brought forth 4092, the greatest number that have been produced in one day so far this year. Since the month has 25 working days, present indications point to a new high record. A comparison of Ford production figures for 1920 and 1921 discloses the fact that for April, 1921, the output was greater by 34,514 than for the corresponding month of a year ago. The output for May, 1921, will probably overshadow May, 1920, by between fifteen and twenty thousand cars and trucks. Approximately 43,000 men are at work in the Detroit plant of the Ford Motor Company. The factory is operating on full time, six days a week and three shifts a day. "We were never in a better condition than we are right now," said Henry Ford, recently. W. E. McCoy. Manassas Authorized Ford Sales and Service Virginia.

Local News Items. Miss Martha Rexrode, a student nurse at Sibsey hospital, Washington, is at the home of her father, Mr. J. H. Rexrode, while convalescing from an operation for the removal of her tonsils. Directors and department heads of the Prince William Fair Association requested to meet at the directors' room of the National Bank of Manassas tomorrow (Friday) afternoon at 2 o'clock, to approve of the catalog plans and to take up other pressing business. Through an error, the NEWS last week inadvertently omitted from its columns mention of the marriage on Saturday, May 14th, of Mr. Hosea B. Shusher and Miss Annie Mae Turner, both of Prince William county, the ceremony being performed at the home of the officiating minister, Rev. T. D. Clark. There will be a called meeting of the alumni association of the Manassas agricultural high school at the home of Miss Ruth Smith, Thursday evening, June 2, at 8 o'clock. Members are urged to be present as there is important business to be transacted. Rev. J. A. Golliver preached a very instructive and interesting sermon to a large congregation at Orlando Sunday. Quite a number from this place are planning to attend the Sunday school convention at Belhaven next Sunday. Plans are being made to hold Children's Day services here early in June. The date will be announced later. The building for the cheese plant is completed, machinery installed, and we hope to be in full operation next Monday. There has been some delay on account of some needed boiler supplies. Just One "Boss." The subscription price of the NEWS is only \$1.00 a year. Where can you find a greater value?

SPECIAL! SPECIAL! There will be a demonstration and special sale at my store on SATURDAY, MAY 28, ONLY of The National Biscuit Company's Goods. Come in and see this demonstration, and profit by the Special Sale. J. L. BUSHONG. Delivers the Goods to Your Door and SELLS CLEAN GROCERIES. PHONE. Manassas, Va.

It Will Pay You to Be Cautious. No man or woman, rich or poor, can afford to be reckless in the matter of investments. Many a wealthy man has had his fortune reduced to nothing by unwise stock purchases; a poor man is poor because of his failure to exercise caution in investing his savings of the past. By special permission of Collier's, we reprint the following, which we ask our customers and friends to read and digest: Questions to Ask a Security Salesman. If he can answer these questions satisfactorily, the security which he has to offer is at least an investment, not a speculation.

THE DIXIE. SATURDAY, MAY 28. CORNNE GRIFFITH. "TOWER OF JEWELS." The young star appears in several tremendously exciting adventures, the aim and purpose of which is the cracking and looting of a safe, or the plotting for such projects with members of the high-class crook band to which she belongs. Also in the News and Review. Matinee 6 and 11 cents, night, 11 and 22 cents. MONDAY, MAY 30. JOHN BARRYMORE. "DR. JEKYL AND MR. HYDE." A perfectly produced Paramount Artcraft picture, adapted from Robert Louis Stevenson's novel of the same name. Special matinee, 11 and 17 cents. Night, 17 and 25 cents. TUESDAY, MAY 31. ELAINE HAMMERSTEIN. "PLEASURE SEEKERS." A charming story of young people and young ideas in which the realization is more than equal to the anticipation. 11 and 17 cents. THURSDAY, JUNE 2. ALICE BRADY. "OUT OF THE CHORUS." A drama of love and sacrifice which proves that character does not depend upon aristocratic birth. 11 and 22 cents. FRIDAY, JUNE 3. EILEEN PERCY. "WHY TRUST YOUR HUSBAND?" A snappy screen farce in which a beautiful young wife applies the acid test. Rolin Comedy. 11 and 17 cents. SATURDAY, JUNE 4. DOUGLAS MAC LEAN. "THE JAILBIRD." With Doris May. A roundabout-tour of laughs, heart-tugs, and excitement. Pathe News and Review. Matinee 6 and 11 cents. Night, 11 and 22 cents.

For Health's Sake Use Ice This Season. Did you ever stop to figure out why so many people with good cellars under their houses buy refrigerators and take ice regularly during the warmer months? It is not altogether a matter of convenience; nor is it because the cellars are no longer cool, even through the hottest spells. For one's health, it is now widely recognized that a refrigerator is a necessity. To keep foods in a good, sweet condition, especially those containing protein, dry, cold air is needed. A clean refrigerator filled with ice furnishes the most beautiful preservation of foodstuffs. Therefore, for the sake of those who are dear to you, during the greater part of the year ice should be purchased regularly. If you are not already a customer of ours, phone us for a card. Our driver will pass by daily and supply you with as little or as much ice as you may desire. DAVIS ICE COMPANY. C. B. WEATHERHOLTZ, Manager. Manassas, Virginia. SHIPLEY'S TIRE WORKS. Frederick, Md., Sept. 1, 1920. To whom it may concern: This is to certify that Mr. R. B. Sprinkel has been engaged in our rebuilding tire department and after a thorough inspection of his repair work we are pleased to say that we find it executed in a skillful and highly satisfactory manner. SHIPLEY'S TIRE WORKS. E. B. Shipley.
