Folks are planning for the new year, which is "just around the corner." Some are planning for one thing and some for another, and we daresay all are at least hoping for prosperity and success.

— Why not do more than hope for success? Why not really plan for it? The National Bank of Manassas, the oldest and strongest institution of 6 its kind in Prince William, offers its manifold services to all in this and adfacent counties, in their endeavors to make 1922 the best year yet. If you are not a regular customer of ours, you could choose no more ap-

propriate time to open a drawing or a savings account, or both, with us. And throughout the year the personal service we accord all accounts, large or small, it matters not, would constantly reassure you that you had started off the new year in the right manner. But whether a customer or not; make up your mind that during 1922,

you will not overlook that we stand ready at all times to render financial advice and to help you in your money problems. Whenever you feel that we ... may be of assistance in this particular, call upon us. Would it not be a good idea during the coming year to give more care

to the safe keeping of your valuable papers, heirlooms, etc.? A box in our safety deposit vault can be rented most reasonably. With your valuables entrusted here, all worry and fear of a devastating fire or a bold burglary would vanish.

For the Family's Christmas---

Good-e-e!

Do you want to give the family the finest and most appreciated gift this season? If you do and you do not now own a satisfactory motor car, let the family's present be a FORD.

Every season a greater and greater number of FORDS brighten the hearts of families in cities, towns and in rural districts. Even the little tots seem to appreciate the great joy and health and convenience afforded every member of the family when a FORD becomes a prized possession.

lust because it's winter and pleasure driving is not now at its best, is no reason why you should not give the family on Christmas Day that FORD vou've been promising them, and which they are longing for so much.

Remember, when you give a FORD you give the best motor car value ever obtainable. With a low initial cost, and with the maintenance cost way below that for any other make of car, the FORD can be pressed into service at any and all times. It's the one year-round car, especially for country use. It will take you to your destination and bring you back—on Christmas Bay or the Fourth of July, or any other day.

Prices now are bed-rock—lower than they ever were before the war, even. There are four body types—Touring, Runabout, Sedan and Coupelet. Each represents maximum value. Place your order as soon as possible, to insure delivery by Christmas morning.

DESCRIPTION OF THE PROPERTY OF We have some real bargains in used FORD cars. Note carefully the extraordinary bargains that we are listing here.

Here is afforced you an opportunity to buy a good second-hand car, i you have been contemplating the purchase of one for spring. Don't wait until spring if the price is a factor in your buying. It is rarely that such an array of real, honest-to-goodness bargains are available.
