Notes

1. Map No. (Map Number), indicates position of Lease on Map of Manors accompanying this book. Those Map Numbers listed without an alphabetic prefix indicate leases within a portion of the “Manor of Leeds”
2. “GC” (Greenway Court Manor) indicates leases that are a part of this community. These leases have been crosshatched in red on the map to show their limits.
3. “GR” (Gooney Run Manor) indicates leases that are a part of this community. These leases have been crosshatched in red on the map to indicate their limits.
4. Map. Coord. (Map Coordinate), an overlay shown as a grid on the map, used to generally locate the leases. Some Map Nos. appear in more than one Map Coordinate.
5. Deed Book Ref. (Deed Book Reference) gives county, the deed book number, page number and year of the lease. This compiler noticed several discrepancies between some of the years listed and their corresponding deed book references, presumably due to typographical errors by Mr. Dickinson. To aid the user, a list of deed books, and the years they cover, is provided for each county. The Counties from which these records come are abbreviated as follows:

Fau.	Fauquier County
Fr.	Frederick County
Lou.	Loudoun County
S.	Shenandoah County

6. Notes contains the compiler’s observations and interpretations of Joshua Dickinson’s work.
7. Names and places in ***italicized bold*** appear on the map as place names and are included as geographical reference points.
8. There are some leases listed in Joshua Dickinson’s work that have no corresponding map designations as well as some leases, sited on the map, which have no corresponding index entry.
9. Dickinson listed some graveyards in the area and included the names of those buried there, family names and current landowners (as of 1959). These names are also indexed for reference.
