Index Preface

Index of Names vs. Individuals:

This document is an index of names, not necessarily unique individuals. Therefore, any particular entry could refer to two or more discrete individuals (with the same name) who appear in more than one original document. The user of the information is responsible for determining the specific identity for any individual entry.

Source Code: **RR** = Rent Roll; **VP** = Voter Poll List; **BT** = Brent Town Survey;
TL= Tithable List; **TP** = Taxpayer List; **LL** = Landholder List
LP = Legislative Petition; **TT** = Tobacco Tenders

Source Data:

Except as specified below, the source numbers in the index refer to the page of the original document wherein the named individual is found.

Exceptions & Notes:

1723, 1724, & 1729: (Stafford County) Prior to 1731, portions of present Prince William County were part of Stafford County. Therefore, the 1723 & 1729 Rent Rolls and the 1724 Tobacco Tender list from Stafford County are included in this index to provide continuity of PWC people prior to the establishment of PWC. Negros are listed alphabetically by first name (then alphabetically by landholder) in an index following the main landholder index. (See pages 100-131)

1735 – 1736: (Rent Roll) The source number refers to the column number of the original document wherein the named individual is found.

1737: (Brent Town Survey) Individual tenants are shown by the Water Course along which their land was located: **T** = Town Run; **W** = White Oak Branch; **C** = Cedar Run; **S** = Slaty Run; **K** = Kettle Run; and **B** = Broad Run

1741: (Voter Poll) Individuals are shown by the initial of the candidate for whom they voted: **F** = Wm Fairfax, **C** = Col Jno Colville, **B** = Maj Blackburn, **P** = Val Peyton, and **H** = Thos Harrison.

1746: (PWC and FFX Landholder List of Persons living elsewhere.) Initials refer to the residence location. **KG** = King George, **L** = Lancaster, **N** = Northumberland, **R** = Richmond, **Wc** = Washington Cople, **Ww** = Washington Washington.

1747: (Tithable List, Western Dettingen Parish) The source numbers refer to the column number in the original document wherein the named individual is found. Negros are listed alphabetically by first name (then alphabetically by landholder) in an index following the main landholder index. (See pages 100-131)

1751-1755: (Taxpayer List, Hamilton Parish): Original document has been lost. The source numbers refer to the page of *Newsletter of the Prince William County Genealogical Society*, December 1991, where the original data was published.

1761: (List of Voters): Individuals are shown by the initial of the candidate for whom they voted: **B** = Col John Baylis; **C** = Mr. Landon Carter Junr; **CA** = Capt Wm Carr; **E** = Mr. Wm Ellzey; **L** = Col Henry Lee; **M** = Mr. Thomas Machen; **P** = Col Henry Peyton; **T** = Majr Foushee Tebbs.

1765: (Tithable Lists) This index includes three separate lists. Source numbers refer to the compiler and the column number of the original documents. (**P**=Payton, **R**=Reno, and **T**=Tebbs). Negroes are listed alphabetically by first name (then alphabetically by landholder) in an index following the landholder index. (See pages 100-131)

Title/RMK: Supplemental information from the original document (e.g. title, suffix, location, marital status, etc.) which may help in identify the individual.

Multiple page references for an individual in a single document indicate that the individual's name is located in multiple places within that document.

Legislative Petitions: Legislative Petitions are grouped together by the year of the petitions. Individuals are indicated by a letter corresponding to the following list of petitions. Source numbers refer to the volume and page number in *Magazine of Virginia Genealogy*, available at RELIC or *Ancestry.com*

[Bracketed Data]:

The transcriber and/or the indexer has inserted [bracketed data] for clarification or correction of the original data.

Missing Data:

1738 – 1739: (Rent Roll) Original pages 1, 3, 5, 7, 9, 10, & 11 of the document were damaged, resulting in approximately 91 entries missing a name or portion thereof. Transcribers have made an effort to reconstruct the missing names by comparing surviving data with comparable information in other Rent Rolls. Note, reconstructed names are [bracketed].

Missing or illegible individual surnames are indexed on page 92 and illegible Negro names are indexed on page 119.

Throughout the collection of documents contributing to the RELIC Collection of Prince William County People, a variety of abbreviations, contractions, and terms are used by the various record compilers. The purpose of this finding aid is to assist the researcher by describing/defining these terms in 21st Century English. In some cases, a particular term may have more than one use and corresponding meaning, in which case the transcriber has attempted to include all variations that applied during the 18th Century.
