Architectural description (Note significant features of plan, structural system and interior and exterior decoration, taking care to point out aspects not visible or clear from photographs. Explain nature and period of all alterations and additions. List any outbuildings and their approximate ages, cemeteries, etc.)

This small, one-story, rural frame church is covered with weatherboards painted white and rests on a red sandstone foundation. Three bays long, the church has a double front door with overhead lights, a box cornice with gable returns, and 6/6 sliding sash windows with plain, wide, single-beaded trim and louvered shutters. There is a small (18'x24') frame addition on the rear, resting on a cinder block foundation.

The cemetery is located south of the church on this 5-acre parcel which is surrounded farm fields.

This congregation's present church is a 1933-constructed former E.U.B. church which has been moved to its present site across from the old church.

Historical significance (Chain of title: individuals, families, events, etc., associated with the property.)

Civil War veteran Newton Sayers and his wife, Annie, donated the land for the Aspury Methodist Church and Cemetery. Sayers and other Civil War veterans built the church in 1893 with materials they donated. They built the pews and pulpit out of local black walnut.

This church was closed when the Asbury Methodists united with the Calvary E.U.B. Church and thereafter held services in the 1933-built Calvary Church, which was located one mile away. In 1968, the methodists moved that church to its present site across Fleetwood Drive from the old Asbury Church. The old E.U.B. church was then renamed the Asbury United Methodist Church.

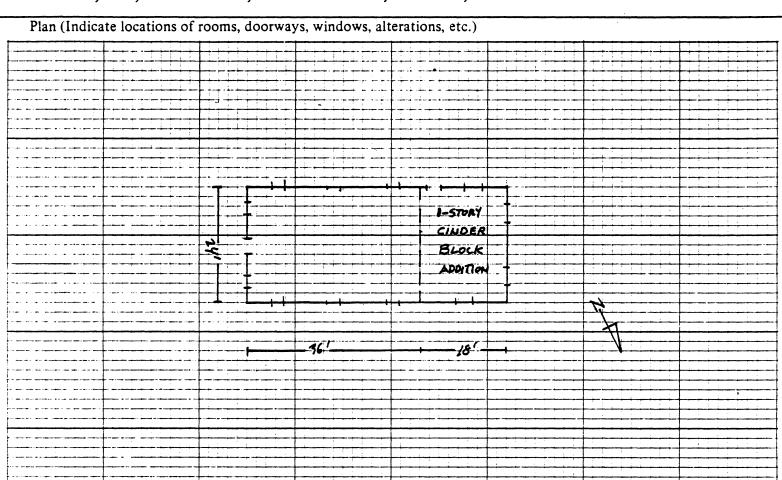

In 1970, the old Asbury Church was used as a voting place for area residents. This is one of the two remaining 19th century churches in its section of Prince William County.
