SUDLEY HAPPENINGS

Barn Study Continues

By John and Janet Mason
368-6279

Results of the Sudley Ladies Handicap Bowling League showed Mrs. Laila Skotland was Queen of the Week for March 3, bowling 93 pins over her average. Gail Hasson was Queen of the Week for March 10 bowling 95 pins over her average.

So far this year the girl with the most pins bowled for High average is Babs Sparks with a 157, and she also holds top place for Hi Game by bowling a beautiful 222. Ann Adams holds Hi Game with Handicap with a score of 235 pins. Babs Sparks holds top place for Hi Series by bowling a 570. Top place for Hi Series Handicap is held by Myrna Schultz.

Team No. 8 consisting of Marion Painter, Laila Skotland, Peg Grant and Ann Adams is still in first place by a lead of only 2½ games.

Every Thursday morning from 10 a.m. to 11 a.m. there is an inter-denominational Bible study held at the home of Mrs. June Tyler, located at 10017 Copeland Drive (Sudley Subdivision). Mrs. Wanda Blazier is the leader and the gatherings are very informative and interesting. These Bible studies are very informal and everyone is welcome to attend. Babysitting can be arranged for anyone wishing to attend who has small children.

The first meeting of a group of area residents interested in saving Ben Lomond Barn was held March 11 under the sponsorship of the West-Gate Woman's Club. There were representatives from both West Gate and Sudley present.

Two committees were form-

ed. One, made up of engineers, with Dick Rankel as Chairman, will go through the barn within the next two weeks in order to determine whether or not it is structurally sound, and to try and formulate some idea as to what would be involved in restoring and remodeling it.

The second committee will contact the owners and begin talks with them as to the possibilities of the area acquiring the barn for a community center. Don White is chairman of this committee.

The hearings on the recycling plant have been postponed until about April 1 due to the death of C. Lacey Compton's mother. (Compton is the attorney for the recycling plant developer.) As has been stated earlier in this column, the Sudley Civic Association has gone down on record opposing the recycling plant and has committed to having a representative on hand at the hearing.
