

and Bridwell-Holmes

Bridwell cemeteries are located on the U.S. Marine Corps Base, in the "Montezuma Section" of Area 15 A.

The Bridwell Cemetery is on the south side of the "concrete road," about $\frac{1}{2}$ mile from the new Hope Church site (Fayman) and about $\frac{1}{3}$ mile north of the sites of Horton's Store ~~site~~ and Horton's School.

~~site~~. Located in a grove of oak trees, on the old ^{Fritter Farm,} on the east side of the road to

Horton's Store and across from the former Bridwell Place, the cemetery, large, fenced, and well-taken care of, contains about seven burials, the oldest of which dates to 1867. There were formerly more burials, but those graves were moved to Cedar Run Cemetery in 1942-43 when the

U.S. Government acquired this land. Those graves that remain were not ~~to~~ moved because the Marine Corps ~~either~~ could not find the descendants and/or did not obtain permission for removal. There are presently four graves of the Bridwell family,

one Holmes, one Fox, and one Jewell.
The graves are randomly located
in the formerly large cemetery
plot, and some of the old stones
have been repaired.

The Marine Corps is responsible
for maintaining this cemetery.

Bridwell +
Bridwell-Holmes.

ERC 22 Sep

Both have fences + are large
well maintained
wooden fences w/ strands of cable,
some old stones been repaired

Bridwell is in grove of oak trees. (on east)

7 persons in it.

earliest is 1867.

4 Bridwells

1 Holmes

1 Fox

1 Jewell

Randomly scattered
stones in a big area.

were once more but
moved to Cedar Run.

Did not move because
could not find some

descendants and/or
did not get permission

Horton's store + school +

voting precinct
was behind this

cem.

earlier site than Fayman.

moved
1942

~~was on Horton's farm.~~

cem. was on Fritter Farm.
