Dear Captain;

Thankyou for a most pleasant and interesting tour and pleasant visit yesterday.

I will try to get down within the month and get some photos of the House and Buildings, when the foliage is off the trees and shrubs. Since I only got a rough sketch of the house yesterday, I may have to take a few measurements, to be sure it is O.K. But will do that when photographing.

Stopped at the Church to look it over and had a most pleasant talk with Mr. John Ellis. I will catch photos of the Church when I am doing yours, and hopefully at that time I can discuss the History of Greenwich with him at that time.

I have checked my copy of "Landmarks of Old Prince William" and find nothing under Charles Green and/or Greenwich, except a reference to a Person Charles Green, who was an active Episcopal minister in Prince William. Thus will get off a note to Mr. Francis Watkins and see what knowledge he has on the above.

After I get the photographs, will fill out the necessary form to send to Richmond - with the photos - and will send you a copy.

Sincerely,

JOHN G. LEWIS
