FREESTONE
AS RECONSTRUCTED

Dear Mr Haynes:-

The picture is wonderful
I can imagine I am there &
young one again, with my little
children also Leonard & his mother.

Just two things I see different
There were only one window
in back ⁱⁿ of basement. supposed
to be made by cannon ball
fired from river. This was
fired from some warship entered
door & bursted hole in base-
ment wall, where window was
put in later. This window was
on left, facing house from
hill side. Also second floor
plans is in reverse the maids
& children should have been
on the left or south west side.

I can't write as should not try and
write educated person.

Best wishes, E. Wigglesworth.
