Dear Mr. Williams:

I want to express to you again my personal gratitude, as well as that of the Elizabeth McIntosh Hammill Chapter DAR, for so kindly sharing your copy of tombstone inscriptions from the old cemetery back of the Woodbridge Brick Company with us. We did not have this record, and are so pleased to add it to our records. We will send it to our State Genealogical Records Chairman, who will then bind it with all the Virginia Genealogical items when her term of office is completed in two more years. This book will be placed in the DAR Library at Washington, D. C., where it will be available to researchers who come there. Another carbon copy of records is bound to be placed at the Virginia State Library, also, so you have given us records that will be available to countless others, as well as our local members from our file copy.

I am returning your original copy after making copies for us, as I don't know whether or not you kept one for yourself. Many thanks for sharing this information with us. I will bring up this at the next meeting in January—it may be that some of the ladies will want to go see the cemetery. In case of that, we will call on you to be our guide! I would love to go myself, but a heart ailment prevents at this time.

Wishing you and Mrs. Williams a happy Christmas, and the very best in the New Year, I am,

Sincerely,  
*M. E. King*  
(Mrs. James E. King)
