Farmers' Night At Kiwanis

C. T. Rice Traces Dairy Development

The rapid development of dairying in Northern Virginia was outlined by C. T. Rice, Fairfax County dairyman and former dairy fieldman for the Southern Railroad, at the Farmers' Night supper program of the Manassas Kiwanis Club on Friday evening, April 7, at the Prince William Hotel. An optimistic future for the dairy industry was predicted by Mr. Rice who stated that very few dairymen ever went permanently out of the business and that the demand for milk and dairy products had steadily increased during the past thirty-five years.

Colonel Ben L. Jacobson in a few words of welcome to the approximately 35 farmer guests of the club called attention to the "Victory Farm Week" being observed by the Manassas and 2,200 sister clubs of Kiwanis International throughout the United States and Canada and to the Victory Pledge leaflets that had been placed at each plate by the Kiwanis Agricultural Committee. This voluntary pledge to combine wholehearted cooperation in the war effort read as follows:

- As my contribution to achieving early and complete victory, I pledge
- 1. To produce my farm's maximum of crops.
- 2. To maintain a Victory Garden for home needs.
- 3. To participate in salvage programs.
- 4. To cooperate with war relief agencies.
- 5. To invest in war bonds and stamps.
- 6. To do all in my power to win the war.

Guests at the meeting included N. A. Wheeler, C. S. Lyon, Jr., Walter Coverston, David Kerin, William H. Wheeler, L. J. Pattle, R. L. Lewis, Conway L. Seely, Gilmer Garber, Wilmer Garber, Harry Fletcher, C. E. Russell, Walter Pate, Hugh Lewis, Ashby Lewis, Truman E. Hurst, Ray Stuber, Wilmer Kline, W. T. Thomasson, Joseph Kemper, Wm. J. Saylor, Leo Miller, Steve Phipps, Estler Palmer, Dr. E. H. Marsteller, John Barrett, C. L. Jacobs, Harry Jacobs, L. B. Thomas, C. F. M. Lewis, C. T. Rice, Gilbert White and Charles Walton Lewis.

AAA NEWS

The date for filing farm plans has been extended so if you have not filed a 1944 FARM PLAN and made an order for material, please do so at once.

We have just been notified that some phosphate will be available after July 31, 1944. If you wish to place an order for phosphate to be received after that date please come in and make an early order.

Beginning April 15, support prices on live hogs will again apply only to good and choice barrows and gilts weighing from 200-270 pounds. April 15 will terminate the temporary emergency support for hogs from 270-330 pounds.

MARRIED OVERSEAS

Mr. and Mrs. Robert M. Weir have received word that Mr. Weir's son, Lt. Robert W. M. Weir, was married on March 7, 1944, to Miss Joan Reed of Cardiff, South Wales.

1st Lt. Robert Mitchell Weir joined the British Army and was waiting to be shipped when the attack on Pearl Harbor occurred December 7. He served with the British for one year and was then transferred to the U. S. Army with the rank of first lieutenant, and is now serving somewhere in England.

Bobby comes of good Confederate ancestry and we are all proud of him.

TO OUR READERS

We deeply regret the difficulties we are running into with regard to our soldiers' mail. The War and Navy Departments are constantly shifting the camps and sometimes the censor returns a paper. We are totally unable to deal with the situation unless the boys themselves and their families help us out. We get weary of paying postage on returned papers. We confess our inadequacy to cope with shifting directions and stamp licking.

SEVENTY-FIVE NEW MEMBERS JOIN CHAMBER OF COMMERCE

The membership of the Prince William County Chamber of Commerce has been increased by the addition of twenty-five business and professional men and women of the Quantico area and several from Manassas and vicinity as a result of a drive led by Mr. C. W. Alpaugh to enlarge the organization. The total membership now is an even hundred county citizens representing all of the six magisterial districts. The new group announced by Mr. Alpaugh at this week's meeting includes: Mayor J. H. Moncure, of Quantico, Joe Seelze, H. Ewing Wall, A. M. Bolognese, Alfred Bolognese, O. M. Sisson, Abraham Dekter, A. R. Kirby, J. W. Liming, W. M. Radcliffe, J. Ferlazzo, N. P. Purvis, Sam's Laundry, A. J. Porter, E. Louis Felazzo, S. C. Stephanides, Paris Auto Service, R. L. Carden, The Marine Shop, W. R. Pierce, and Nick Esliabous, all of the Dumfries and Osoquan District; Miss Janet Trevis, Brentville District; Cleveland Fisher, the Rev. Jesse Bell, and J. W. Merchant, Manassas District.

Special guests at the luncheon Tuesday were: Paul M. Brown of Fairfax, Judge of the 16th Judicial District; Leas Howard Cowan of Camp Croft, S. C.; and Mr. and Mrs. Robert G. Van Meter of Winchester.

At next Tuesday's meeting the Chamber will take up matters pertaining to the National organization. The possibilities of holding a fish fry for members and guests will be discussed also, and reports will be made by various committee chairmen. Entries will be accepted for the current contest being sponsored among members to produce a suggestion for an outstanding project which the Chamber can foster in the county.

The following white men have been ordered to report for pre-induction physical examination at Richmond, Va., on April 26, 1944:

- Woodrow Wilson Stanley, Indian Head, Va.
- William Wallace Partlow, Manassas, Va.
- Willis Ashley Foley, Indian Head, Md.
- Carroll Lee Fox, Manassas, Va.
- Phillip Davis, Dumfries, Va.
- David Cowan Cline, Dumfries, Va.
- George Washington Arrington, Woodbridge, Va.
- Burton Daniel Dixon, Nokesville, Va.
- William Clermont Reid, Jr., Hoadly, Va.
- William McLain Wagner, Jr., Altoona, Pa.
- Clarence Roland Corbin, Catlett, Va.
- Harrison Purcell Davis, Jr., Manassas, Va.
- Frederick Finley Liming, Jr., Quantico, Va.
- Paul Revere Grim, Jr., 402 Bashford Lane, Alexandria, Va.
- Luther Howard May, Jr., Manassas, Va.
- Robert Semarian Payne, R. F. D. No. 1, Manassas, Va.
- Weldon Wesley Hatten, Box 265, Quantico, Va.
- John Barton Payne, R. F. D. No. 2, Manassas, Va.
- Guy Rush Reynolds, Dumfries, Va.
- Miller Sylvester Reedy, Manassas, Va.
- Daniel Rudolph Tribby, Route No. 1, Manassas, Va.
- Harold Howard Hopkins, Nokesville, Va.
- Franklin Randolph Miller, Route No. 3, Manassas, Va.
- Roy Wright, care J. Carl Kinchee, Manassas, Va.
- Warren Hill McInteer, 216 Potomac Ave., Quantico, Va.
- James Morris Campbell, Nokesville, Va.
- Minter Clark Squires, Nokesville, Va.
- Mike Andrew Shuttack, Route No. 4, Manassas, Va.
- Clifford Earl Hanback, Route No. 2, Manassas, Va.
- Byron Ryfrom Bradley, Baltimore, Md.
- Edward Percy Davis, Jr., Gainesville, Va.
- Clarence Fitzwater Carrico, Nokesville, Va.
- Billy Arthur Hensley, Waterfall, Va.
- Arthur William Breen, Route No. 1, Manassas, Va.
- Clyde Edward Wampler, Route No. 3, Manassas, Va.

LEAVE HIM SOME TOOLS!

CHIEF FRIK SAYS

Alton Friks, Chief Petty Officer in Charge of the Navy Recruiting Sub Station of Manassas announced today that word had been received from Lt. Commander Charles L. Kessler, Officer in Charge of Virginia Navy Recruiting to the effect that Virginia enlistments for 17 year old boys in the Navy had increased approximately 33% per cent during the past month.

Part of the increase was attributed to the many 17 year olds taking advantage of the Eddy Test for radio technicians. Commander Kessler added that the increased number of boys taking and passing the Eddy test had also passed the February figure. Explaining this test Commander Kessler said, "It's one of the greatest opportunities ever offered the 17 year old, and I'm certainly glad to see so many of the boys taking advantage of it." The Eddy test is given men desiring to enter the Radio Technician field of the Navy, and those passing will be enlisted as Seaman, First Class in the Naval Reserves and assured of Navy schooling in the field of radio and electronics. "The advantages in this field at the conclusion of the war will be unlimited," said the Commander, "and the man with Navy radio training will certainly be able to step out of the Navy into a good job in this type work".

Chief Friks who visits Manassas every Thursday stated that he would maintain office hours between 10 and 3 and discuss any phase of naval enlistment with those interested.

VICTORY GARDEN A WAR DUTY Cooperation of Every Town and Village Family Essential

The need for families in towns and villages to produce vegetable gardens to augment the total national food supply has been emphasized by the War Food Administration.

More of the food produced in the U. S. will have to be shipped abroad this year and there is still less labor on farms to produce food crops for sale in 1944. It is anticipated that there will be higher ration points placed on processed and canned foods and that accumulated surpluses of processed foods will be gradually wiped out during the year.

Practically every resident of the towns and villages of Prince William County has or can obtain suitable land for a Victory Garden. An extra hour's effort each day will provide a large part of the vegetables needed for each home. Every hour so spent by the town and village dweller will release an extra hour for the farmer and trucker to spend in producing food for shipment to our fighting forces and war allies. Every resident who devotes time to this urgently needed and patriotic enterprise will have the satisfaction of knowing that he or she has not fallen down in cooperation with this production phases of the total war effort.

Hit Hitler With Bonds

MESSAGE TO EMPLOYERS OF BUSINESS AND INDUSTRIAL CONCERNS

Your employer is getting ready to make his social security tax report to the Government for the first quarter of 1944. This quarterly tax report must include your name, your social security account number, and the amount of your wage earnings during the month of January, February, and March. The Social Security Board has set up an account for you. Every three months your wage earnings are reported by your employer and they are credited to your social security account. Upon this wage record is based the payments to which you may be entitled after you reach the age of 65 and retire. It will serve also as the basis for payments to your survivors, in case of your death. Make sure that your employer knows the number on your social security account card.

IN MEMORIAM

In loving memory of our dear mother, Hannah Elmira Keys, known to her loved ones as Ella, who went to sleep in Jesus March 13, 1944, after an illness of many months. She was the devoted wife of the late E. G. W. Keys—Van—who died May 3, 1933. They were partners in the true meaning of the marriage vows for 50 years, less two months and 19 days. Ten children, they said, blessed this union, five sons and five daughters. Three of the daughters had gone before—Buth, the eldest, February 22, 1920; Eunice, September 2, 1922; and Katie, March 14, 1934. Left to miss a mother's gentle smile and kindly word are Annie Shumate, Yonetta Cato, Owen, Paul, Elvan, James, Frances, and five daughters-in-law, truly her children too. Many grandchildren and great-grandchildren will cherish her memory, as well as many friends and relatives.

Mother Keys was the daughter of the late Lewis and Mary Liming. She came to Prince William County with her parents in 1880 from Ocean Grove, N. J. She was born April 8, 1863. She was a member of St. Matthew Baptist Church for many years, and recently united with Dumfries Methodist Church, where surrounded by beautiful floral tributes, sorrowing friends and relatives, funeral services were conducted by her lifelong friend, Rev. Murray Taylor, and her son-in-law, Rev. A. H. Shumate, on March 15. Her tired body was laid to rest beside the dear husband and father in the Dumfries cemetery, where lie many loved ones. They await the resurrection.

Goodbye, till morning come again,
We part, if part we must, with pain,
But night is short and hope is sweet,
Faith fills our hearts, and wings our feet;
And so we sing the old refrain,
Goodbye, till morning come again.
Goodbye, till morning come again,
The thought of death brings weight of pain,
But could we know how short the night
That falls, and hides them from our sight,
Our hearts would sing the old refrain,
Goodbye, till morning come again.
Her Children

FOOD SALE

The Westminster Group of the Presbyterian Church will hold a Food Sale at Coker's Drug Store on Saturday, April 29th, beginning at 10:00 A. M.

THURSDAY, APRIL 20!

A truck will go through Manassas on Thursday, April 20, collecting waste paper, and Mr. O. O. Holder has asked us to note this fact.

17-YEAR-OLD RECRUITS

The following 17-year-old boys recently volunteered for the Navy in the Recruiting Sub-Station in Manassas:

- Earl L. Posey, Manassas.
- Henry Stewart Wallace, Manassas.
- Elwood Frederick Tripp, Manassas.
- Charles Richard Gough, Nokesville.

They have been examined and sworn in in Richmond, and report for active duty Saturday, April 15.

RUMMAGE SALE

The Westminster Church will hold a rummage sale in the Presbyterian Sunday School Rooms on Saturday, April 22, beginning at 10:00 A. M.

Mrs. Peters Heads Woman's Club

A Most Progressive Report Made by the Retiring President, Mrs. Carper

The Manassas Woman's Club met in Parish Hall on Eastern Monday afternoon with the president, Mrs. Lewis Carper, presiding. The room was beautifully decorated with spring flowers, donated and arranged by Mrs. Margaret Lewis.

Following Scripture reading and prayer, led by Mrs. Ballantyne, church chaplain, were the national anthem and salute to the flag.

Brief annual reports from all committees and sections of the club, together with an excellent report from the Manassas Junior Woman's Club, outlined the activities of the year and made a record to which the members can justly point with pride.

One outstanding accomplishment, reported by Mrs. Wm. Lloyd, was the sale by the Garden Section of war-stamp corsages amounting to \$3,000 since the project was started a little over a year ago.

Chairmen of other committees told of sponsoring the study of the national anthem and other patriotic music in the schools and homes, the collection of music and musical instruments for service camps, providing sponsors for the local service club, various donations to Red Cross, compilation of scrap book on care of plants and flowers, the activities of the Book Study Group, donation of new books to school and town library, and the study of current legislative measures.

Mrs. Gotwaite announced that the local service club rooms were available for small community gatherings, though primarily intended as a service club. She solicited chairs and pictures for these rooms.

Mrs. Monseuritti was accepted for membership into the club.

The following slate of officers was unanimously elected:

President, Mrs. R. Worth Peters; 1st vice-president, Mrs. John Cox; 2nd vice-president, Mrs. Paul Cox; secretary, Mrs. J. L. Wood; corresponding sec'y, Mrs. J. P. Royer.

Mrs. Peters and Mrs. Douglas were named as delegates to the State Federation Convention being held in Roanoke this week.

Mrs. Carper expressed her appreciation to the club members for their cooperation and support during her term of office.

The program consisted of two piano selections, beautifully rendered by Mrs. Loren Simpson—'Whims' by Schumann, and 'Trustle of Spring' by Sinding.

Mrs. C. R. C. Johnson gave several delightful spring poems to a musical accompaniment, provided by Mrs. Carper at the piano.

The new officers will be installed and given a reception at the May meeting of the club.

CENTREVILLE BOY IN LINE FOR WINGS OF GOLD

Aviation Cadet Shreve Simpson Wolts, son of Mr. Henry A. Wolts and Mrs. Irene Wolts, has entered the Naval Flight Preparatory School at the University of South Carolina as an aviation cadet in the V-5 program.

After completing from fifteen to eighteen months of training, he will receive his wings of gold as an ensign in the Naval Reserve or a second Lieutenant in the Marine Corps Reserve.

Aviation Cadet Wolts graduated from Fairfax High School and was graduated from V.P.I. before starting his training as a pilot.

LISTEN, MR. EMPLOYEE

Before the end of April you will send to the Government your social security tax return for the first quarter of 1944. If you do not have the social security account number of each employee, who worked for you during January, February, and March, you are urged to obtain those numbers. Why? Because every employer in business or industry is required by law to include in his quarterly payroll tax report the name, the account number and the wages paid to each employee, during the three months period covered by the report.

Dr. William L. Jamison of Washington was at his home here for the week end.

REVIVAL SERVICE

The Manassas Baptist Church is planning a Revival Meeting, to begin April 30. The visiting minister will be the Rev. H. W. Connelly, Pastor of the First Baptist Church of Clifton Forge, Va. Rev. Connelly has been pastor of several of the largest churches in the state and has become one of its leading pastors as well as an evangelist. Rev. Connelly is a man who appeals to both young and old. Prior to the meeting, a series of Prayer Services will be held in the homes of the members.

PROTECTION SAFE and SURE

If you are looking for cheaper and better counsel

D. E. EARHART
Nokesville, Va.

LANGUAGE IS A COMBAT WEAPON— Knowledge of an enemy's language is important on the battle line, and American soldiers are afforded this additional facility in waging successful warfare.

The Army Education Branch of the Morale Services Division, ASF, has developed a simple method of teaching. Instruction in foreign languages is by listening and imitating. To get authentic pronunciation, the Army uses special phonograph recordings made by native speakers. These records teach everyday phrases—how to ask directions, how to order a meal, how to call the doctor, etc., repeating the foreign word or phrase twice. The soldier repeats the foreign phrases aloud after he hears them on the record. Meanwhile he follows with his eyes a pocket-size language guide which spells out the foreign word just as it sounds in English. In this way the soldier after 10 to 15 hours of concentrated "imitating" can learn enough of the language to get along with native people when he arrives overseas. Sometimes language instruction is given on transports where the loud speaker system is hooked up to a record player and the whole ship's company is given lessons in the voyage overseas. Ability to speak foreign languages increases the efficiency of the soldier in the opinion of officers in the battle zones and gives him more confidence in himself. Knowing the right thing to say at the right time may even save his life.

Julia gives 3 favorite baking recipes

SCONES

2 cups enriched flour 1 tsp. grated orange rind
1/2 cup butter 1/2 cup seedless raisins (may be omitted)
1/2 tsp. salt 1 egg
1 cup sugar 1 cup milk
1/2 cup shortening

Sift flour; measure; sift again with baking powder, salt and sugar. Cut in shortening; add orange rind and raisins. Beat egg with fork in measuring cup; add milk to make 1/2 cup; add to dry ingredients, stirring only until all the flour is dampened. Knead on lightly floured board 20 to 30 seconds; roll or pat to 1/2-inch thickness. Place in ungreased 9-inch layer cake pan; score scones with fork. Bake in hot oven (450° F.) about 10 minutes or until brown.

CREAM PUFFS

1 cup enriched flour 1/2 tsp. salt
1/2 cup butter or shortening 1 cup water
1/2 cup sugar 1 egg
Sift flour and salt; mix again. Combine butter or shortening and water in measuring cup; beat until remove from heat and add flour all at once. Working with spoon, loosen side of pan; stir slightly. Add eggs, one at a time. (Have eggs at room temperature), beating until batter is smooth after each addition. Drop by heaping tablespoonfuls on ungreased cookie sheet, or form into stiff 4 x 1-inch spreading into shape with a knife. Bake in hot oven (450° F.) about 20 minutes; reduce temperature to moderate oven (350° F.) and continue to bake 20 minutes longer or until thoroughly dry and will hold shape. Makes 12 large or 24 small puffs.

LEMON TEA SUFFERS

1 cup enriched flour 1/2 cup sugar
1/2 cup butter 2 eggs
1 tsp. baking powder 1 tsp. grated lemon rind
1/2 tsp. salt 1/4 cup lemon juice
1/2 cup shortening

Sift flour and measure; sift again with baking powder and salt. Cream shortening; add sugar gradually, creaming until light and fluffy. Add egg yolks one at a time, beating well after each addition. Add lemon rind. Add flour mixture alternately with lemon juice, a small amount at a time, beating until smooth after each addition. Fold in stiffly beaten egg whites. Fill well greased small muffin pans 3/4 full. Bake in moderately hot oven (400° F.) 10 minutes or until done. Makes 24 tiny muffins.

THE BIBLE THOUGHT AND PRAYER

And the Angel of the Lord spoke unto Philip, saying, arise and go toward the South.—Acts 8:26.

FARMING BY POINTS

The news from Washington is that after trying to revive the 16-unit system of food production as a basis for deferring farmers, Selective Service has decided to leave it all to the draft boards.

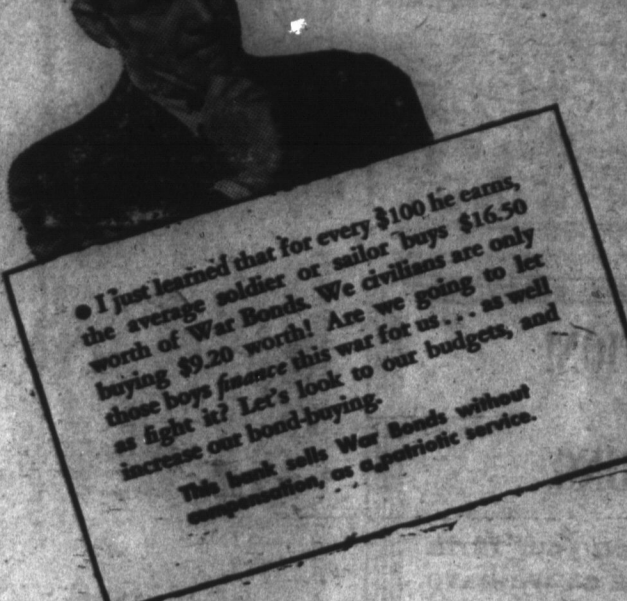

Even non-farmers may know enough to wonder at some of the decisions. If a man raised eight acres of tobacco—that excellent body and energy builder, rich in proteins, vitamins, fats and possibly riboflavin—he might be deferred.

An acre of green peas equaled one point. So did a cow. So did an acre of rutabagas. Selective Service said so, anyway. But farmers have had varying ideas about the expense, labor, and expectable profit of each.

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

Make this friendly bank your headquarters for all of your financial transactions. Whether you are aiding the war effort by purchase of bonds and stamps, or are meeting your own necessities in these difficult times, you will find us willing and able to serve you.

I'm ashamed!

I just learned that for every \$100 he earns, the average soldier or sailor buys \$16.50 worth of War Bonds. We civilians are only buying \$9.20 worth! Are we going to let those boys finance this war for us... as well as fight it? Let's look to our budgets, and increase our bond-buying.

NATIONAL BANK OF MANASSAS

BRIEF LOCAL NEWS

Mrs. Alvin Compton is in Doctors Hospital and underwent an operation last Wednesday. Mr. and Mrs. J. L. Bushong have as their guests, Mr. and Mrs. Van Meter, who live near Winchester.

The many friends of Mr. J. O. Lynch, Post Master in Alexandria, Va., will regret to learn that he is very ill in the Alexandria Hospital. The Bethlehem Club will meet Wednesday, April 19th, at the Prince William Hotel at 2:30.

Lt. Howard Cooksey has been the guest of his parents, Mr. and Mrs. Paul Cooksey. He is stationed at Camp Croft.

Lt. and Mrs. Eugene Curtice were guests of his parents, Mr. and Mrs. Neal Curtice.

Mr. and Mrs. Robert Hottle and daughters spent Easter with their parents. Misses Anna and Mary will remain for an extended visit with their grand parents.

Mr. and Mrs. Jimmie Meeks spent Easter with their parents, Mr. and Mrs. Robert Hottle. Mr. Meeks sister from Alabama was with them.

Mrs. Pearl Evans is ill at her home. This is first time she has been ill for several years.

Mr. R. Jackson Ratcliffe has returned to the Memorial Hospital in Richmond for observation after having been confined to bed several months following a back operation.

Mr. and Mrs. E. G. Parrish had visiting them for the Easter holidays, their daughters, Miss Nancy Parrish, Miss Bettie Parrish and Miss Mildred Parrish.

Capt. and Mrs. Warren Bausermann of Richmond and Miss Marie Bausermann of Madison College, Harrisonburg, spent the week end with their parents, Mr. and Mrs. R. C. Bausermann.

Miss Louise Robinson, of Manassas, has returned to her home after spending the past two months in Atlanta, Georgia, as the guest of Misses Vivian Whetzel and Dolores Pendleton, and Mrs. Jean Pearsons, who are employed by the Southeastern Area Headquarters, American Red Cross, in Atlanta. While there she accompanied her friends to Tallahassee, Florida, and visited other points of interest in the South.

Miss Lucille Funk of Washington spent the week-end with her brother-in-law and sister, Dr. and Mrs. H. E. Pickeral.

Mrs. Allan MacKenzie of Henderson, Ky., is visiting her parents, Mr. and Mrs. M. Bruce Whitmore.

Mr. and Mrs. J. L. Bushong entertained at breakfast on Easter morning.

Miss Carolyn Rohr spent the holidays with her parents, Mr. and Mrs. Lyle Rohr.

ATTENTION NEW EMPLOYEES

During the month of April, business and industrial concerns will mail to the Collector of Internal Revenue their social security tax reports for the first quarter of 1944.

Every new employee should make sure that his employer has a record of his account number and his name. The accurate reporting of each worker's account number, along with his name—correctly spelled—is necessary to the employer as well as to the employee.

"HOLD EVERYTHING"

"Hold Everything" has been a national cry for years, but some doubt as to the possibility of doing so has crept up in the public mind.

What does "Hold Everything" mean? Is it possible to "Hold Everything"?

Why should you "Hold Everything"? Is it sensible to "Hold Everything"?

All these questions and more will be answered in the production of "Hold Everything" as presented by the Senior Class at the Erentsville District High School on Friday, April 21, at 8:15 p. m.

CARD OF THANKS

We wish to express our appreciation to our many friends and relatives for their kindness in many ways during the illness and death of our mother, Mrs. Ella Keys.

CONNER'S MARKET

GAINESVILLE

Mrs. David Reynolds and Miss Audrey McCuin were Washington shoppers on Friday and Monday. Mr. and Mrs. Ernest McCuin and family, Mrs. David Reynolds and son, Cpl. Louis Buracker of South Carolina and Miss Audrey McCuin were Sunday guests of Mr. and Mrs. G. C. Buracker of New Market.

Mrs. William Carder and family spent Easter with her parents. Staff Sgt. Theodore M. Smith, son of Mr. and Mrs. Mode-Smith, and Cpl. Thomas M. Piercy, III, son of Mr. and Mrs. Thomas Piercy, have arrived safely overseas, according to word received by their parents.

Mrs. Julian Springs of New York recently visited Mrs. Ernest McCuin. Miss Katherine Lightner of Mary Washington College spent the Easter holiday with her parents, Mr. and Mrs. S. Nim Lightner.

Mrs. Mary Smith and family spent Sunday with her parents, Mr. and Mrs. A. B. Fletcher of Thoroughfare.

Mrs. Thomas Piercy spent several days last week with her sister, Mrs. Jack Graham.

Miss Virginia Dunn of Washington spent the week end with her parents, Mr. and Mrs. J. W. Dunn. Mrs. Walter Burke and Miss Evelyn Smith visited relatives and friends in Washington last week.

EDITH B. ROBEY

Mr. and Mrs. Ernest McCuin and family and Mr. and Mrs. T. C. Palmer and family spent Sunday with Mr. and Mrs. J. E. Sloper of Arlington. Mrs. Sloper accompanied them home and will spend a few days with them.

Word has been received that Ernest Sinclair has arrived safely overseas.

ERNEST C. MOSER

Ernest C. Moser, brother of J. L. Moser, passed away at the age of 58 at his home near Culpeper, Va., on April 3 after a lingering illness. Mr. Moser was born in Tennessee but came to Virginia when a small boy. Later he came to make his home in Manassas, where he carried on a successful mercantile business for a number of years and made many beloved friends.

His funeral was conducted in Warrenton, Va., on April 5, with interment in the Warrenton Cemetery.

He is survived by his widow, two sons and a daughter, also three brothers, J. L. Moser of Manassas, James F. Moser of Culpeper, Robert L. Moser of Warrenton, and a half-sister, Mrs. J. G. Baldus of Silver Springs, Md.

EDITH B. ROBEY

Mrs. Edith B. Robey, aged 72, daughter of the late Isaiah Bready and Katherine Walters Bready, and widow of the late Dr. Ernest L. Robey, died at her home in Herndon on Tuesday, April 4, after a short illness.

Funeral services were held from the home of her brother, George R. Bready, on Wednesday, April 5, at 2 p. m. Rev. Franklin I. Winter, pastor of the Herndon Congregational Church, of which she was a member, officiated. Burial was in Chestnut Grove cemetery.

Surviving are one sister, Miss Maria R. Bready; two brothers, Harry and George R. Bready, all of Herndon, and several nieces and nephews.

Mrs. Robey was born and raised in Herndon, spending her entire life here, where she leaves a host of friends who extend their sympathy to the family in their bereavement.

NEWS BEHIND THE NEWS

By PAUL MALLON

DISCIPLINE IN OUR DEMOCRACY

WASHINGTON. — One editorialist has implied that my exposures of the laxities in discipline and scholarship in the schools strikes at the heart of democratic institutions — leaving a reader to suspect that discipline would overthrow democracy.

Now where in the world did he get that idea? The truth is the opposite, as any reasonable man should be able to deduce for himself. Why did Nazism, Communism and Tokyo dictatorship rise to their present power in the world? Because they said democracies were weak, our people undisciplined, and our systems deficient!

Democracy failed in Germany before Hitler on this very ground. The Weimar Republic was a moral forerunner of what weak France later suffered before her fall. The people were not strong, well ordered, but confused and lax in all ways.

I say we shall suffer the same fate unless we mend our easy ways and reestablish discipline in home, school and church. Juvenile delinquency is only a first crack that shows in our gift. Defiant scholarship from progressive education is another. So is adult delinquency.

These are warnings of the degenerating road that is leading on into business (condoning of black markets, etc.), into politics (easy-going acceptance of lack of common integrity and respect for promises), and into personal attitudes of some of our people who have no righteous indignation against cheapness, ignorance, laziness—or even dishonesty.

They are more apt to scorn work than crimes against nature. They not only tolerate sloth, they worship it. These are weaknesses when we need strength. At the end of this road is dictatorship, not democracy. By discipline, I do not mean German heel-clicking, Russian servility, or Tokyo bootlicking of an emperor. These critics even seem to have forgotten the meaning of democratic discipline as well as its operation.

It is only a national standard — a state of national mind — maintained insistently by a majority. It is a custom established by the people themselves.

FIX A JUST STANDARD

The army and navy do not maintain discipline with a cat-o-nine tails. They fix a just standard to which all must subscribe, and all save a very small minority of the misguided do subscribe. The guardhouse is maintained for them as a last resort of punishment based on a fair trial under majority democratic standards and customs.

If you think the example of the army too strained for civilian application, consider how order is maintained in your church. There, you have no guardhouse or sergeant-at-arms, or even written rules of conduct, yet the sternest discipline is maintained by majority demand.

You see very little vandalism such as carving of seats, such vandalism would be practically eliminated also in the movie houses, street cars, and other public places where it is now rampant if a majority of this country only firmly insisted.

SCHOOLS CAN HAVE IT

Discipline can be restored to the schools the same way. So can good scholarship. Parents can thus be induced or compelled by scorn alone to take the reins at home, and churches invited to assert themselves again.

This then is the democratic way of maintaining a strong and orderly nation, and when it fails you get dictatorship; in fact, you must have dictatorship as a necessary consequence of your own degeneration.

All today who condone the easy-way doctrines, easy learning, easy discipline, who have only sympathy and "understanding" for everything weak, wrong and inefficient, are the ones who are striking at the heart of democracy and will kill it by leading it to its inevitable ruin.

The majority must maintain standards of behavior in home, school and church, in business, in politics, which will require both children and adults to express their better selves, to study, to work, to develop themselves, to obey, to stop second-guessing and sympathizing with rottenness and laziness, to eliminate the standard of sloth and ease, to make this nation strong within itself and stronger than its dictator enemies or competitors.

OKLAHOMA'S TRUE MEANING

True meaning of the somewhat surprising Oklahoma special election result seems to have been lost. It simply suggested the Democrats can win if they offer the best man.

Their candidate for the congressional seat was a former state commander of the American Legion, and the more popular man. The Republican candidate had been to the same well once before, and ran close to victory then solely because the Democrat who then held the seat had become personally unpopular.

WELCOME ROBIN TELLS OF HIS ADVENTURES

DO YOU ever think of Welcome Robin as having strange adventures and narrow escapes? Peter Rabbit never did. Welcome Robin is such a cheery fellow, always singing "Cheer up! Cheer up! Cheer up! Cheer!" and making everybody glad by the sound of his voice, that somehow, Peter never once had thought that Welcome possibly could have much to worry him. A great many people are just that way. They are so much taken up with their own troubles that they never think that their cheerful neighbors may have just as great troubles and, perhaps, worse.

When Welcome Robin told Peter what a long journey he had made to get back there to the Old Orchard it was hard work for Peter to believe that anyone could possibly travel so far, and it was still harder for him to believe that anyone who had been so far away could find his way back again. And yet he never had known Welcome Robin to tell an untruth, so he just HAD to believe. But he just had to ask how Welcome found his way back.

"Oh," replied Welcome, "that is easy enough. We birds, when we take the long journey to the sunny Southland and back, have regular paths through the air which we follow."

"Paths through the air!" exclaimed Peter, as if this was quite too much for him to believe. "How can there be paths through the air?" Peter scratched his head wonderingly.

"I am simply telling you what is so," replied Welcome, as if he were a little put out by Peter's seeming doubt. "When I go back next fall I shall go just the same way that I did last fall. All the birds do. There is a great deal that you folks

"I didn't know you could see at night," said Peter.

who live on the ground do not know and cannot understand."

"I beg your pardon," returned Peter humbly. "I didn't mean to doubt your word. Only it seems so funny to think of paths in the air. You must have a great many adventures on such a long journey."

Welcome Robin sighed. "Yes," said he, "I do."

"As exciting as the adventures we have right here in the Green Forest and on the Green Meadows?" asked Peter.

"Goodness, yes!" exclaimed Welcome Robin. "You see, we never know what we may be flying into. That is one reason we fly very high and mostly by night."

Peter looked more surprised than ever. "I didn't know you could see at night," said he. "What do you fly at night for?"

"It's safer," replied Welcome Robin. "We don't have to worry about hawks then. They are always hanging around when we make our long journey. Then we have to eat, and we have to do that in the daytime, so as to be able to find the food. It is safer and better to eat and rest during the day and fly during the night. So that is the way most of us do. If you'll use those big ears of yours, you will hear birds calling to each other almost any night from now on as they pass on to the north. They'll be coming soon, for Mistress Spring is really here, and most of the birds follow her pretty closely. These long journeys are very exciting, and we have some very narrow escapes. I nearly lost my life on the way back here."

"Tell me about it!" begged Peter.

ROMANTIC SCREEN TEAM LIKED BY MOVIEGOERS

Quietly, without fanfare, two young personalities have been steadily forging ahead in motion pictures until now, they have suddenly loomed on the Hollywood horizon as the most promising new romantic team.

They are Anne Gwynne and Noah Berry, Jr., who recently became screen sweethearts in Universal's "Frontier Badmen," historic story of the cattle wars of 1869.

The initial teaming of Miss Gwynne and young Berry first took place in Walter Wanger's "We've Never Been Licked," which told of heroic achievements of the officer graduates of Texas A & M College, the nation's largest officer training institution.

Following nationwide showings of "We've Never Been Licked," Universal was besieged by such an avalanche of praise for the two youngsters that they immediately

were teamed again in "Frontier Badmen," and for the third time they are together in another Universal feature, "Top Man." The new drama-comedy, coming to the Pitts Theatre, co-stars Donald O'Connor, Susanna Foster, Lillian Gish, Richard Dix, and Peggy Ryan.

Berry, who probably plays more rugged roles than any other young film actor, rightfully inherits his ruggedness from two of the screen's outstanding he-man actors—his father, Noah Berry, and his uncle, Wallace Berry. He made his stage debut in the Hollywood Theatre Mart's "Kindling."

As for Miss Gwynne, she has done almost every sort of assignment that could be devised for a talented young player. "Top Man" was directed by Charles Lamont. Among the picture's musical features are the Barbara Minevitch Rascals, the Bobby Brooks Quartette and Count Basie and his orchestra.

LEGAL NOTICES

VIRGINIA:

In the Clerk's Office of the Circuit Court of Prince William County, this March 28, 1944.

Ernest A. Pearson, Complainant, v. Virginia P. Nagel, James Nagel, her husband, Clair P. Cheslock, J. J. Cheslock, her husband, and any and all parties having any claim or interest in the hereinafter mentioned land, the names and whereabouts thereof being unknown, who are being proceeded against and made parties hereto as parties unknown, and others.

In Chancery. The object of this suit is to have partition or sale of that certain tract of 40 acres of land on the Manassas-Buckhall-Hoadley road (Route No. 28), in Occoquan District, Prince William County, Virginia, bounded by said road, Bud Pearson, Isaac, Will Pearson, and others, and was owned by the late Luther Pearson to whom it was conveyed by J. R. Payne, and in event of sale, to have distribution of the proceeds thereof, after paying all taxes, attorney's fees, costs and expenses of said sale and this suit, and for general relief.

And an affidavit having been duly made and filed, as provided by statute, that the above mentioned defendants, Virginia P. Nagel, James Nagel, Clair P. Cheslock, J. J. Cheslock, her husband are not residents of Virginia, and any and all other persons who have any interest or claim to said property are unknown as well as their whereabouts, (being made parties to said suit and proceeded against as parties unknown), it is therefore ordered that they, the said mentioned defendants and parties unknown do appear within ten days after due publication of this order and do what is necessary to protect their interests; that it is further ordered that a copy of this order be published for four successive weeks in the Journal, a newspaper published and circulating in said County, that a like copy hereof be sent, by registered mail, to the said mentioned defendants at the last known address as shown by said affidavit and application, and that a like copy hereof be posted on the front door of the Court House of said County on or before the next succeeding rule day.

WORTH H. STORKE, Clerk A True Copy: WORTH H. STORKE, Clerk

VIRGINIA: In the Clerk's Office of the Circuit Court of Prince William County, Virginia, April 3, 1944. Bessie Douglass et als v. Lillian Lomax, Bertha Thomas, Katherine Thomas, John Harris, E. Harris, his wife, Jos. Harris, Nellie Harris, his wife, Geo. Harris, Susie Harris, his wife, William Harris, Jannie Timney, Viola E. Smith, Forchen and Forchen, her husband, Hattie Miller, Bertha Fells, Alice Proctor, and any other interested party, made defendants as Parties Unknown, et als.

In Chancery. The general object of this suit is to have partition or sale of that certain tract of 30 Acres, more or less, near Wellington, Prince William County, Virginia, Manassas District, allotted to the late Josiah Thomas, and bounded by the Gainesville Road, Wellington Road and Flannery (Robertson), distribution of the proceeds of sale, after the payment of costs of suit, sale expenses, reasonable attorney fees, and for general relief.

And an affidavit and application having been duly made and filed as provided by statute, that the said Lillian Lomax, Bertha Thomas, Katherine Thomas, John Harris, E. Harris, his wife, Jos. Harris, Nellie Harris, his wife, Geo. Harris, Susie Harris, his wife, William Harris, Jannie Timney, Viola E. Smith, Forchen and Forchen, her husband, Hattie Miller, Bertha Fells, Alice Proctor, are not residents of Virginia, it is therefore ordered that the said mentioned defendants and any other interested party, made defendants as Parties Unknown, do appear within ten days after due publication of this order and do what is necessary to protect their interests; that it is further ordered that a copy of this order be published for four successive weeks in the Manassas Journal, a newspaper circulating in said County, that a like copy hereof be mailed to the said defendants at their last known addresses, respectively, as shown by said affidavit and application, and that a like copy hereof be posted at the front door of the Court House of said County on or before the next succeeding rule day.

WORTH H. STORKE, Clerk A True Copy: WORTH H. STORKE, Clerk H. Thornton Davis, p. q.

VIRGINIA: In the Clerk's Office of the Circuit Court of Prince William County, Virginia, April 11, 1944. Mamie Cooper McLaughlin v. Daniel McLaughlin Defendant.

In Chancery. The general object of this suit is to obtain for the complainant, from the defendant, on the grounds of wilful desertion and abandonment without cause, a divorce a mensa et thoro, to be enlarged and made a vinculo matrimonii at the proper time, custody and control of their infant son, and general relief.

And an application and affidavit having been duly made and filed as provided by statute that the defendant is not a resident of the State of Virginia, it is therefore ordered that the said defendant, Daniel McLaughlin, do appear within ten days after due publication of this order and do what is necessary to protect his interests; and it is further ordered that a copy of this order be published for four successive weeks in the Manassas Journal, a newspaper published and circulating in Prince William County, that a like copy hereof be mailed, by registered mail, to the said defendant at his last known address as given in said affidavit and application, and that a like copy hereof be posted at the front door of the Court House of said County on or before the next succeeding rule day.

WORTH H. STORKE, Clerk By his Deputy Clerk LIDA S. THOMAS A True Copy: WORTH H. STORKE, Clerk By his Deputy Clerk LIDA S. THOMAS

By Order of the Circuit Court of Prince William County of June 10, 1943, Page 64, Case Book 11. I will sell by way of public auction on April 22, 1944, at two o'clock P. M. at the County Jail in the Town of Manassas, Prince William County for CASH to-wit: One Ford motor truck No. 89728551, license tag No. 186-B-4 North Carolina 1942 and owned by W. O. Page.

No Weapon - No Chow. U. S. Marines in the Cape Gloucester, New Britain, area, used their weapons at all times - even to chew. Sgt. Vic Donahue, a combat artist, sketched the above illustration as Capt. Henry J. Adams, Jr., minus his weapon, picked up a captured Jap mortar and ate it. It was good for a meal.

Peace Power Goes To War Upon Land, Sea and Air Fronts. A Diesel power unit going into one of the famed M-4 tanks. Auto engines power M-3 tanks, M-3 howitzer motor carriages. A truck finds muddy going at the front. Signal Corps photo. GM builds the "Duck," a many-purpose amphibious vehicle. The LST, a dramatic new invasion craft, is powered by Diesel engines. Marine Corps photo. Allison liquid-cooled engines power the P-38 Lockheed Lightning, high-altitude fighter. While much of General Motors huge war production consists of military products in the making of which it had no previous experience - airplanes, tanks, aerial torpedoes, guns and aircraft cannon, shells and shell cases, amphibious vehicles, etc. - yet the motive power developed by this company in peacetime is rendering great service on land, at sea and in the air in this most mobile of all wars. Among the peacetime items of motive power that General Motors has sent to war are: On land - Diesel engines for tractors and military locomotives. Truck engines for all kinds of trucks, including those used for field kitchens, ambulances, mobile repair shops and transport vehicles. Automobile engines for tanks and howitzer motor carriages. At sea - Diesel engines for landing craft and many other naval vessels such as submarines, submarine mother ships, subchasers, destroyer escorts, towboats, mine-layers, mine-sweepers and fleet tenders. Also for naval auxiliary power. On land and sea - Truck engines for the amphibious "Duck." Besides, there are the Allison aviation engines which, though never produced for peacetime civilian use, were in the experimental and development stages for quite a few years before Pearl Harbor or the war in Europe. These liquid-cooled engines are powering improved versions of U. S. Army fighter planes.

MINUTES OF THE COUNTY BOARD

AT A REGULAR MEETING OF THE BOARD OF SUPERVISORS OF PRINCE WILLIAM COUNTY, HELD AT THE COURTHOUSE THEREOF IN MANASSAS, VIRGINIA, ON THURSDAY, THE SIXTH DAY OF APRIL, NINETEEN HUNDRED AND FORTY-FOUR, THERE WERE PRESENT: MESSRS. J. MURRAY TAYLOR, CHAIRMAN, J. F. FICK, JOHN W. ELLIS, W. M. JOHNSON, C. B. ROLAND AND R. S. HALL.

The meeting was called to order and opened with prayer by the Reverend J. Murray Taylor, Chairman.

Minutes of the previous meeting were read and approved.

The following accounts were examined, allowed and Check-Warrants ordered drawn on the County Treasurer in payment of same.

Table with columns for Warrant No., Description, and Amount. Includes sections for COUNTY FUND, DOG TAG FUND, and GENERAL FUND.

Disbursements table listing various transfers and payments such as 'Transfer to V. P. A. Bd.', 'Check Warrants', and 'DOG TAX FUND'.

IN RE: APPROPRIATION TO MANASSAS SERVICE CLUB
In response to the plea of a Committee for aid to the G. S. O. in order to keep open the Service Club in Manassas: Be it resolved...

AYES: R. S. Hall, J. F. Fick, W. M. Johnson, John W. Ellis, C. B. Roland and J. Murray Taylor.

IN RE: REFUND OF TAXES TO DAN REID
It appearing that on November 9, 1943, one Dan Reid through incorrect error paid the sum of \$2.64 on land in Dumfries Magisterial District assessed in the name of Mary Thomas.

AYES: R. S. Hall, W. M. Johnson, John W. Ellis, C. B. Roland, J. Murray Taylor and J. F. Fick.

IN RE: RENTING OF NECESSARY ROAD EQUIPMENT AND LABOR
Upon a motion made and unanimously adopted it is requested that the State Highway Department rent the necessary equipment and labor to the Board of Supervisors to machine the public roads in the Lake Jackson subdivision.

IN RE: MISCELLANEOUS PAPERS FILED
Letter from League of Virginia Counties.
Copy of Distribution to Localities of Additional Revenue.

RE: ABANDONMENT OF SECONDARY ROADS
At the regular meeting of the Board of Supervisors of Prince William County held at the Courthouse in Manassas, Virginia on Thursday, April 6, 1944, upon a motion made and adopted it is ordered that the following described secondary roads be abandoned for maintenance until six months after the end of the present war.

Table listing road abandonment details with columns for Route, Length, and Location.

Charged Fence Wire Solves Problem

Single Barbed Strand Is Sufficient

An electric fence made of a single strand of wire is being suggested by Floyd W. Duffee, agricultural engineer at the Wisconsin college of agriculture, as one way for farmers to meet their present fencing needs. Many farmers are unwilling to buy expensive new fencing which besides being costly due to wartime restrictions may be of inferior quality. Duffee reports that lots of fencing has been taken down on Wisconsin farms along state highways and replaced by a single strand of electrified barbed wire.

The Wisconsin engineer sees a large measure of economy in installing an electric fence for the cost is only a matter of a few cents a rod, or but a fraction of the cost of woven wire fencing. The electric fence, of course, contains only one strand, compared to three or four up to six wires in the old barbed-wire fence. In addition, the farmer would have to buy a controller, but Duffee indicates that one controller will control miles of fence. Other engineers are also warning against the purchase at present of any more wire fencing than is necessary. It is thought that the zinc coating now used due to wartime restrictions is not enough to protect the wire from rusting for any length of time.

In citing results of tests in New York state of 840 samples of fencing material, including much woven wire and barbed wire, one engineer reported that the tests reminded observers that the life of galvanized coating depends largely on the thickness of the zinc coat. It was revealed that the zinc wears off at a regular rate, and that the thinner the coating, the sooner the steel wire is exposed.

Samples of galvanized wire now under test at Cornell university have weights of zinc coating varying from two-tenths of an ounce to two ounces per square foot of wire surface. Rust never attacks wire until nearly all the zinc coating has worn away.

Cranberry Picking

Cranberries grow close to the ground in low and often marshy fields. They are harvested with a sort of scoop, somewhat resembling a wheat cradle, which is swung with two hands. Below is a machine developed in Massachusetts. The fingers on the big cylinder pick off the berries, and drop them into a hopper.

Vicland Oats Yields Heavily, Matures Early

The Vicland variety of oats was developed by the plant breeders of the Wisconsin agricultural experiment station and the U. S. department of agriculture. It is a short, medium stiff-strawed yellow oat. One of its chief advantages is that it matures early, thus ripening before the hot, dry weather of July and early August. Because it matures early, it has a much higher weight per bushel. It also has a high degree of resistance to rust and smuts. Since Vicland does not grow so tall as the mid-season or late varieties and since it matures earlier, it is a much better companion crop for new seedlings of grasses and legumes.

During this period when maximum feed production is so important, the use of superior varieties, such as Vicland oats, is an excellent farm practice.

New Treatment for 'Red' Water Is Developed

Experiment station representatives have found that rust in the water can be removed by running it through a tank containing graded limestone and gravel. It must be a special kind of limestone, however, they say. Materials needed include a tank, valves, pipes and fittings. These probably will cost about \$50. If water is hard, but does not contain iron and carbon dioxide, this method is not applicable.

Yanks Beat Japs at Their Own Game

Myths of Japs' Superiority Exploded in Real Test.

WITH THE 37TH ARMY DIVISION IN BOUGAINVILLE.—The myth of Japanese invincibility in jungle warfare and his fanatical devotion to duty until the death, is being exploded in fighting in Bougainville.

Built up to an awe-inspiring legend of superman proportions, the Japanese warrior early in the war was typed as a "bogey man" as he swept south in the Pacific defeating ill-prepared Allied forces.

But now he's butting up against something in which he has had no experience—combat against well-trained veteran troops, bloodied by battle, with superior supplies and equipment. This has been shown to the Japanese in Guadalcanal, New Georgia, Vella Lavella, Kolombangara and now in Bougainville.

Many survivors of suicide forces sent in here to smash the American beachhead, half-starved, wounded with their morale low, are voluntarily surrendering to United States army patrols.

In one instance, patrols of the United States army and the Japanese met on a native trail. The Americans immediately deployed and began firing. The 12 Japanese constituting the enemy patrol reversed the fabled procedure by turning and running instead of standing and fighting. Consequently, 10 of the Japanese were killed outright while the Americans suffered no casualties.

Sole fighting of the Japanese was the half-hearted throwing of a couple of grenades over their shoulder as they fled. Neither grenade caused any damage. Belying their reputation as experienced jungle fighters, the Japanese were making considerable more noise than the Americans which contributed materially to the virtual annihilation of the Japanese.

Ice Output Is Cut To Tenth of High Mark

WASHINGTON.—The army's officer candidate schools, with a total of 240,000 graduates, have been reduced to a monthly output on list of 2,500 to 3,000 with a further cut in prospect Undersecretary of War Robert P. Patterson reported. The schools, which gave enlisted men an opportunity to win officers' commissions, reached a peak of 25,000 graduates in December, 1942.

Between June, 1942, and November, 1943, almost 15,000 of the graduates were enlisted men selected in the combat areas and sent home for training. In addition, four officer candidate schools were established overseas and have graduated about 2,700 men; three of these schools have been suspended, however, and the one in Australia is the only overseas OCS still operating.

In addition to OCS graduates, heater commanders overseas have given commissions directly to about 10,000 enlisted men, warrant officers and flight officers and a number of civilians, and the army in the United States has commissioned directly about 9,000 enlisted men and 5,000 warrant and flight officers.

Of the 26 officer candidate schools once operating in this country, seven have been discontinued and four are no longer accepting candidates.

He Shows He Has Grit

On Infiltration Course
FORT DEVENS, MASS.—A reception center officer really took a bite out of the live fire infiltration course.

He was crawling under a barbed wire entanglement on the course when it happened. He opened his mouth to take a deep breath and just then a land mine—simulating a mortar fire—went off right beside him. Up into the air shot his set of false uppers.

He nosed around under the barbed wire and finally located the dud, snatching them back into his mouth, cut and all. After that it took a lot of grit to reach the finish line.

Real Cud: Private Is

'Captured' in South
CAMP ROBINSON, ARK.—When "prisoners of war" were lined up before examining officers in an intra-regimental field exercise of the 6th division, one wary "prisoner" was asked to identify himself.

"Guck, Private, 3132151, sir," he replied.
"Soldier," growled the officer, "there's nothing to prevent you from giving your correct name, rank and serial number."

But apologies were due from the officer for the "prisoner" was Buck Private after all—Pfc. Arthur L. Luck of Company E.

Half-Million Workers Needed by Canneries

WASHINGTON.—Food production requirements in 1944 will necessitate recruiting an army of 500,000 cannery workers in 25 fruit and vegetable processing states, Paul V. McNutt, director of the War Manpower Commission, said recently.
Canned food quotas are larger this year than in 1943, McNutt said.

568 New Ships Set Peak in '43

WPB Solves Major Problems in Mass Production, Nelson Reports.

WASHINGTON.—"The nation has definitely solved the major problems involved in mass production of munitions," Donald M. Nelson reported. The War Production board's monthly production statement disclosed this new record for naval ship construction in 1943.

Two 45,000-ton battleships, 11 cruisers, 15 aircraft carriers, 50 carrier escorts, 128 destroyers, 306 destroyer-escorts, and 56 submarines. The navy's goal for 1944 calls for almost 50 per cent more new tonnage than was built in 1943, Mr. Nelson said.

Production of naval ships in December, however, was 5 per cent under the November peak, the statement revealed, and four of the six major munitions programs also declined, ships, guns and fire-control equipment, ammunition, combat and motor vehicles. Two programs were up, aircraft and communication and electronics equipment.

Produce Heavier Planes.
The fact that overall production held abreast of November was attributable largely to a 5 per cent increase in the tonnage of war planes, said Mr. Nelson. The number of planes delivered, 8,902, was a gain of only 13 aircraft over November, but there was growing emphasis on heavier, long-range planes. "The lack of an increase at the year-end in total munitions production reflects the fact that, in the main, the war production program is now in high gear and has settled down for the long pull," the WPB chairman said.

By major groupings, December arms production showed these changes from November: ships (value of work done), down 2 per cent; guns and fire-control, down 2 per cent; ammunition, down 7 per cent; combat and motor vehicles, down 1 per cent; signal and radar equipment and other electronics, up 4 per cent; aircraft (tonnage), up 5 per cent.

Aircraft will be expanded throughout 1944, Mr. Nelson declared. A 65 per cent tonnage increase over 1943 production is planned, including spares and parts, with about 100,000 planes turned out, as compared with the 65,919 planes delivered in 1943.

Two other major programs are scheduled to go up. For ships in general a 20 per cent increase over 1943 is planned, while signal and electronic equipment is due to go up 35 per cent. With aircraft, these groups account for more than 40 per cent of the total planned 1944 munitions program.

Increase Invasion Craft.
The downward trend of production for the ground forces is checkered with some counter-trends; heavy trucks, for instance, will be up more than 80 per cent over last year. Similarly, landing craft for invasion purposes are slated for a rise of more than 175 per cent over 1943.

"The job ahead will continue to demand maximum effort and ingenuity from labor, management and government," Mr. Nelson said, but he added that there were now adequate supplies of most critical materials and that critical components such as valves and heat-exchangers were, except in a few cases, no longer holding up important programs.

"There are plenty of difficult problems ahead in aircraft, coal, anti-friction bearings, tire manufacture, wood pulp, leather, lumber, textiles and landing vessels," Mr. Nelson asserted.

He reported that the 1944 cargo ship program would not be much larger than in 1943, "but its make-up will be quite different." The mass-produced Liberty ships, which made up about two-thirds of the 1943 tonnage, will be less than half of the 1944 total. The emphasis will be on better, faster ships.

Sailor Doesn't Want to Specialize in Obstetrics

SOMEWHERE IN THE PACIFIC.—Chief Pharmacist's Mate Ted Nelson doesn't mind assisting at the delivery of a baby, but he doesn't want to specialize on such cases.

Nelson, who has been in Uncle Sam's navy the last nine years, recently delivered an eight-pound son to a native woman—his fourth delivery since he joined the navy.

"I wish they'd give me time to set up my hospital before they call me for this ticklish job," Nelson smiled. "Why, we hadn't occupied this island two days when this woman was brought to the sick bay by her husband."

Nelson was first called upon to deliver a baby while stationed at Point Barrow, Alaska, five years ago.

Rare Desert Snow Lets Fliers Stage a 'Battle'

CAIRO.—For one of the few times in recorded history snow has fallen in the western desert, blanketing the countryside and temporarily canceling Allied aerial operations in the area.

South African fliers based in the area found their quarters covered by a full inch and took advantage of the enforced lull in the air war to stage a real snow battle around the grounds.

Sprouted Grain Is Source of Vitamin A

Wheat or Oat Shoots Will Supply Poultry

If you are having a hard time buying enough feeding oils, alfalfa meal and yellow corn for your poultry laying flock, Dr. M. W. Taylor, associate biochemist in nutrition at Rutgers university, suggests you try sprouted grains to supply that essential vitamin A.

Through his research Dr. Taylor has found that sprouted wheat or oats grown in flat trays for about two weeks, with exposure to sunlight to promote greenness, is a fairly good source of carotene or provitamin A.

"At least, it is a good source to use when natural grass range or silage is not available," he says. "A potency of 5,000 U.S.P. units per pound of fresh seedlings may easily be obtained and, as many poultrymen already know, this material is readily consumed by hens. Fed at the rate of 5 pounds per 100 hens per day, the seedlings will furnish about one-third the recommended amount of vitamin A which is enough to prevent a serious deficiency."

Spread Grain in Trays.

For poultrymen who have never sprouted grains before, Dr. Taylor outlines the procedure:

"Oats or wheat are your best choice, since they sprout easily, grow fairly quick and are usually available. Soak them overnight to promote rapid sprouting. Next, spread them out in one-fourth inch layers in flat trays with two or three sheets of newspapers in the bottom so the trays hold moisture around the roots. The thickness is important. If too thick, the seedlings will not develop sufficient green color. If too thin, the roots will be exposed to too much air and light.

"Keep the tray moist by sprinkling once or twice daily with water containing chloride of lime at the rate of a heaping teaspoonful to a pail (three gallons) of water. The chloride of lime will keep down mold growth.

"For the first two or three days, or until sprouting is definitely noticed, keep the tray in subdued light. After this, place it near a sunny window so it will receive as much light as possible. The stronger the light the higher the vitamin A content. Slow growth in a cool room is better than rapid growth at high temperatures.

U.S. D. A. Has 4,000 Strains Of Barley in Collection

A collection of about 4,000 established varieties and strains of barleys from all over the world is maintained by the U. S. department of agriculture to facilitate the breeding of better barleys for different parts of the country. The only larger collection is reported in Russia.

Typical of the work of government cereal specialists and barley breeders is the experiment now going on to develop new varieties of barley resistant to the green bug or aphid, which in 1942 caused a loss of more than \$3,000,000 in Texas and Oklahoma barley fields.

"That reminds me, Mac, we ought to order our insecticide early this year."

Phenothiazine Expels Many Intestinal Parasites

Phenothiazine is today the most widely used of all drugs for the removal of internal parasites of farm animals. In less than five years this synthetic coal-tar derivative has proved the effectiveness of its anthelmintic action against most of the economically important stomach and intestinal roundworms. It is used for many kinds of livestock and is extremely effective.

CENTREVILLE

Mr. and Mrs. Paul Gentry of Waterford, Va., were weekend guests of Mrs. Daisy Gentry.

Mr. and Mrs. Frank Hedge of Washington, D. C., were Sunday guests of Mrs. H. H. Howard and daughter, Mrs. Walter Orsbaugh.

A large crowd was in attendance Thursday evening at the Methodist Church to see the Easter pageant, "Fairest Lord Jesus," given by the public school. Mrs. Stuart DeBell who directed the pageant was assisted by Miss Levalley, teacher of Bible in the county schools.

Mrs. Ewell Mohler who recently underwent an operation for appendicitis has returned to her home here and is improving.

An Easter egg hunt for the smaller children of the Methodist Church was held at the home of Mrs. Eula Ehinger Saturday afternoon. The hunt was sponsored by the teachers of the smaller classes, Mrs. Othoudt, Mrs. Woodrow Buckley and Charlotte Othoudt.

The Woman's Society of Christian Service held its monthly meeting at the home of Mrs. Roger Spindle on Friday of last week.

Marilyn and Bobby Crane of Chicago, Ill., are visiting their parents, Mr. and Mrs. John Crane here.

Mrs. Agnes Robey visited relatives in Washington over Easter holiday.

Grover Spindle of Washington, D. C., spent the week end here visiting friends and relatives.

At the Easter services Sunday night at the Methodist Church Velma and Thelma Sours and Edgar Cobb were baptized and received into the church. Mr. Robert Dye and his granddaughter Louise were received by transfer of letter from a church in Arlington.

Priorities for the new Sunday School building have been granted and we hope to get started on the building very soon now.

MY 4-H WORK

I live at Lincoln, Virginia. We have about thirteen acres of land.

Last year was my first year of 4-H work. About the first of February, I bought three week old chicks which were three week old. I sold these in April and cleared about one hundred and forty dollars.

The first of May I bought three hundred more chicks which were day old chicks. All of my chicks were Hampshire Reds. I sold these chickens in the late summer and cleared about one hundred fifty dollars. I kept about twenty-two for laying.

My laying hens paid their way and I furnished my family with eggs at forty cents a dozen all winter when they were sixty-five cents a dozen in the stores. I have cleared about ten dollars on the eggs besides.

This year I bought my first three hundred chicks on February 15. These are six weeks old at present. I expect to get three hundred more on April 11th.

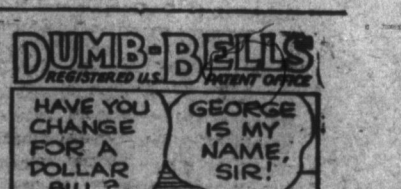

Nearly all of the money I have made on chickens has been invested in United States War Bonds. I have two hundred twenty-five dollars worth so far. I am trying to do my little bit for Victory.

Every year when the garden land has been plowed I can hardly wait to get my seeds planted. Last year I planted Golden Bantam Corn, tomatoes, cabbage, stringless beans and sunflowers. Although it was an unusually dry season, my Golden Bantam Corn grew very well. My mother and aunt canned about twenty quarts out of my little garden.

I had quite a lot of nice tomatoes. My sunflowers also grew very large and tall and in the fall when they were dry I fed them to the chickens.

I think 4-H work is very interesting. It gives boys and girls a chance to get experience in gardening and raising poultry and livestock. This is a good way for young people to earn money to start life on.
