Parmenter 3/14

Keith Parmenter,
Div. Development Administrator
9305 Peabody St.
Manassas 22110

establish the question of the property boundary.
and provide background of owner's intention that house + prop. survive.
What can be done? to be preserved.

Xerox of RPC map.
include names of people who can back it up.
Chuck Sharpe,

If there is that much ^{disapproval} feedback from the county
~~extra~~ agencies then the site plan will
go to Bd. of Supv. ^{who} will approve the plan or
say no. If no then church may go to court.

~~or say no.~~

Site plan issue not
timing, so NO BZA.
boundaries are correct
meet all reqts.

PETITION —

Pharmacology

We the undersigned
want to see the
bldg preserved —

PARK AUTHORITY now says
the ~~denial~~ permit should be
deferred until hist. commission
has a chance to preserve it.

\$ need \$

HIST. COMMISSION.

could be denied on basis of sewer plans. Church
must bring it to far property line.

not just ^{to} 500 ft across Ridge's
prop, but to manor property line

However,

Greater Manassas Sanitary District. may say

Ben Lomond may not need sewer.
