

The Bridwell-Holmes and Bridwell ~~&~~ cemeteries are located ^{in the "Montezuma Section," Area 15A,} on the U.S. Marine Corps Base ~~in the~~

The Bridwell-Holmes Cemetery is on the west side of Johns Branch, about 1,000 feet south of the "Concrete Road," and about $\frac{3}{4}$ mile west of the formerly-existing commercial crossroads known as Fayman.

The cemetery was larger before 1942, when some graves were removed and reinterred in Cedar Run Cemetery, g.v.,

Those burials left remaining ~~are~~ were not moved when this land was acquired by the Federal government in 1942 because the Marine Corps could not find the descendants and/or ~~the~~ could not obtain permission for removal of the graves.

There are ~~now~~ four marked graves, the earliest of which ^{is} that of Mary H. Holmes (1817-1906). There are also plots for Randy Suthard, Grover Cleveland Groves, and possibly also a ~~to~~ Herndon. Approximately 35 pieces of cinder block mark the ~~more~~ graves that were moved to Cedar Run Cemetery.

ERC. 22 Sep.

Bridwell-Holmes Cem.

35 pieces of cinder block mark
the moved graves.

4 marked graves, c40 people,
a Bridwell,

Mary Holmes 1906 - (earliest one)

Randy ~~Sutthard~~ Sutthard

Grave Cleland graves

may also be a Herndon

some moved by USMC,
c1942

to locate
these two.
