

PLANNING COMMISSION RESOLUTION

MOTION:

November 20, 2024

SECOND:

Regular Meeting

Res. No. 24-xxx

RE:

**SPECIAL USE PERMIT #SUP2025-00001 WALMART HAYMARKET
GAINESVILLE MAGISTERIAL DISTRICT**

ACTION:

RECOMMEND APPROVAL

WHEREAS, this is a request to allow drive-up merchandise to pick up area and the expansion of the retail use exceeding 80,000 Sq. ft and there is a concurrent request to amend proffers associated with #PLN2002-00017; and

WHEREAS, the subject site is located ±700 Feet West from the intersection of James Madison Highway and John Marshall Highway; is addressed as 6530 Trading Square and is identified on County maps as GPIN 7298-62-4616 on ±12.75 acres.; and

WHEREAS, the site is designated MU-3, Mixed Use with transect T-3 in the Comprehensive Plan; and

WHEREAS, the site is currently zoned PMD, Planned Mixed District; and

WHEREAS, staff has reviewed the subject application and recommends approval, for reasons as stated in the staff report; and

WHEREAS, the Prince William County Planning Commission duly ordered, advertised, and held a public hearing on November 20, 2024, at which time public testimony was received and the merits of the above-referenced case were considered; and

WHEREAS, the Prince William County Planning Commission finds that public necessity, convenience, general welfare, and good zoning practice are served by recommending approval of this request;

NOW, THEREFORE, BE IT RESOLVED that the Prince William County Planning Commission does hereby close the public hearing and recommends approval of Special Use Permit #SUP2025-00001 Walmart Haymarket, subject to the Conditions dated June 14, 2024.

Attachment: Conditions dated June 14, 2024.

DRAFT SUP CONDITIONS

Owner/Applicant: Wal-Mart Real Estate Business Trust

Project Name: Wal-Mart Haymarket Pickup Expansion

Special Use Permit #SUP2025-00001

Prince William County GPIN: 7298-62-4616 ("Property")

Special Use Permit Area: ±12.75 acres

Land Use Designation: MU-3, Mixed Use Transect 3

Zoning: PMD, Planned Mixed District

Magisterial District: Gainesville

Date: June 14, 2024

The following conditions are intended to offset the impacts of the proposal and to render the application consistent with the applicable chapters of the Comprehensive Plan and the surrounding areas. If the conditions of this Special Use Permit or the Special Use Permit Plan (the "Plan") are in conflict with the Zoning Ordinance, and/or the Design and Construction Standards Manual (DCSM), the more restrictive standards shall apply, except as specifically allowed by this special use permit.

The Applicant shall file a site plan within one (1) year of approval of this special use permit by the Board of County Supervisors. The Applicant shall have up to five (5) years from the date of site plan approval to commence the proposed use. Issuance of an occupancy permit constitutes commencement of the use.

The term "Applicant" as referenced herein shall include within its meaning all current owner(s) and all future owners, and successors in interest in the Property.

1. Site Development – The Property shall be developed in substantial conformance with the plan entitled SUP2025-00001 Wal-Mart Pick-Up Improvements" (the "SUP Plan"), dated December 21, 2022, revised October 10, 2024, prepared by Bohler Engineering, and the conditions herein. Minor modifications shall be permitted at the time of final site plan approval, based on final engineering, floor layout, and/or design considerations.
2. Use Parameters
 - a. Use Limitations – The use approved with this special use permit (SUP) is a drive-up pickup area as part of a retail store/commercial facility. This limitation does not prohibit other uses otherwise permitted by-right in the PBD zoning district pursuant to the Zoning Ordinance.
 - b. Outdoor Speakers – The use of any outdoor speaker and/or public address system is prohibited.
 - c. Hours of Operation- The hours of operation for the pick-up use will be 7:00 am to 10:00 pm.
3. Property Maintenance
 - a. Trash Removal – The Applicant is responsible for maintaining the site and shall pick up trash, litter, and debris on a daily basis or as needed.

- b. Trash Disposal/Management – All trash generated from the donated materials collection center shall be disposed in the dumpster location at the rear of the Property and/or shall be removed from the property, as determined by the Applicant. In order to not create clutter or visual obstruction, the front building façade and drop-off lanes for the donation center shall be kept free of debris, trash, and donated materials. No commercial dumpster shall be placed along the front of the building within the SUP area.
- c. Graffiti Removal – The Applicant agrees to remove any graffiti from the Property. Graffiti shall be deemed any inscription or marking on walls, buildings or structures not permitted by the sign regulations in Section 32-250.21, et. seq., of the Zoning Ordinance. Any graffiti shall be reported to the Prince William County Police Department before removal.

4. Signage

- a. With the exception of grand opening events, banners, pennants, streamers, balloons, figures and other attention getting devices not permitted by the Zoning Ordinance shall be strictly prohibited. This condition is not intended to prohibit flags as permitted by the Zoning Ordinance.
- b. Final location of directional signage shall be determined at final site plan review.
- c. Unless not required by the Zoning Ordinance, sign permits shall be obtained for all signs. Color, scaled renderings of all signage shall be submitted as part of the sign permit approval process.

5. Transportation

- a. Obstruction of Travelways – The Applicant shall ensure that all vehicles associated with the use do not obstruct the travelways, sidewalks, fire lanes, site access, and adjoining road network or encroach upon buffer and landscaped areas, as shown on the SUP Plan.
- b. Safety & Pedestrian Facilities – The Applicant shall not obstruct or disrupt existing pedestrian facilities.

- 6. Onsite Security & Surveillance – The Applicant shall provide a camera security surveillance system 24 hours per day, seven (7) days per week for the purpose of monitoring the pick-up area.

STAFF REPORT

PC Meeting Date:	November 20, 2024
Agenda Title:	Proffer Amendment #REZ2025-00001 Walmart Haymarket and Special Use Permit #SUP2025-00001 Walmart Haymarket
District Impact:	Gainesville Magisterial District
Requested Action:	Recommend Approval of Proffer Amendment #REZ2025-00001, Walmart Haymarket subject to proffers dated April 7, 2024, and Special Use Permit #SUP2025-00001 Walmart Haymarket, subject to the conditions dated June 14, 2024.
Department:	Planning Office
Staff Lead:	Alex Vanegas/Vanessa Watson

EXECUTIVE SUMMARY

This is a request to amend proffers associated with #PLN2002-00017. There is a concurrent request for a special use permit to allow a drive-up merchandise to pick up area and the expansion of the retail use exceeding 80,000 Sq. ft. The subject site is located ±700 Feet West from intersection of James Madison Highway and John Marshall Highway; is addressed as 6530 Trading Square and is identified on County maps as GPIN 7298-62-4616 on ±12.75 acres.

It is the recommendation of staff that the Planning Commission recommend approval of Proffer Amendment #REZ2025-00001, Walmart Haymarket subject to proffers dated April 7, 2024, and Special Use Permit #SUP2025-00001 Walmart Haymarket, subject to the conditions dated June 14, 2024.

BACKGROUND

- A. Request: This is a request to amend proffers associated with #PLN2002-00017. There is a concurrent request for a special use permit to allow a drive-up merchandise to pick up area and the expansion of retail use exceeding 80,000 Sq. ft.
- B. Site Location: The subject site is located ±700 Feet West from intersection of James Madison Highway and John Marshall Highway; is addressed as 6530 Trading Square and is identified on County maps as GPIN 7298-62-4616 on ±12.75 acres.
- C. Comprehensive Plan: The site is designated MU-3, Mixed Use with transect T-3 in the current Comprehensive Plan. It is located within the Haymarket Activity Center.
- D. Zoning: The site is PMD, Planned Mixed District, is located within the James Madison Highway Corridor Overlay District.
- E. Surrounding Land Uses: The properties surrounding the site are PMD, Planned Mixed District to the north, east and west. Further west and southwest consist of PBD, Planned Business District. The properties to the south are mostly M-2, Light industrial with the exception of two parcels that are B-1, General Business District.
- F. Background & Context: The Applicant is requesting building expansion of approximately 4,625 square feet to be used as a staging area for customer merchandise pickup (the "Pickup Expansion"). Customers will park in designated parking spaces, and store associates will deliver pre-purchased merchandise to the customers' cars. The expanded building area will be used for staging related to this use, and not as additional retail sales area. The existing store consists of 153,416 square feet. The proposed expansion will increase the size of the original building by approximately 3.01%.

STAFF RECOMMENDATION

Staff recommends approval of Proffer Amendment #REZ2025-00001, Walmart Haymarket subject to Proffers dated April 7, 2024, and Special Use Permit #SUP2025-00001 Walmart Haymarket, subject to the conditions dated June 14, 2024, for the following reasons:

- As proffered, the proposed building expansion of approximately 4,625 square feet to be used as a staging area for customer merchandise pickup has mitigated any impacts.
- As conditioned the use of a drive-up merchandise pickup area is permitted with a Special Use Permit along with necessary directional signage and impacts have been mitigated.

Comprehensive Plan Consistency Analysis

Long-Range Land Use: The property is designated as MU-3, Mixed-Use 3 in the County's Long-Range Land Use Map. The proposed land use of retail with a drive-up merchandise pickup area and the expansion of a retail use is allowed as a use with the approval of a proffer amendment and special use permit. The PMD, Planned Mixed District zoning is an implementing zoning district in the MU-3 land use designation as well. The surrounding uses and land use designations are consistent and compatible with the proposed special use permit.

Community Input

Notice of the special use permit application has been transmitted to property owners within 500 feet of the site. As of the date of this staff report, the Planning Office has not received any verbal or written comments on this proposal and is not aware of any opposition.

Other Jurisdiction Comments

The subject site is located within the required notification area of any jurisdiction and was sent to the Town of Haymarket.

Legal Issues

If the Proffer Amendment and Special Use Permit are approved, a drive-up merchandise pickup area and the expansion of a retail use exceeding 80,000 square feet would be allowed as proffered and conditioned. If the Proffer Amendment and Special Use Permit are not approved, the retail use could continue without the drive-up merchandise pickup area. Legal issues resulting from the Planning Commission action are appropriately addressed by the County Attorney's Office.

Timing

The Planning Commission has until February 18, 2024, which is 90 days from the first public hearing date, to take action on the rezoning proposal. A recommendation to approve or deny the request would meet the 90-day requirement.

Attachment D – Proffer Analysis

Attachment E - Historical Commission Res. No. 24-054

Part I. Summary of Comprehensive Plan Consistency

Staff Recommendation: Approval

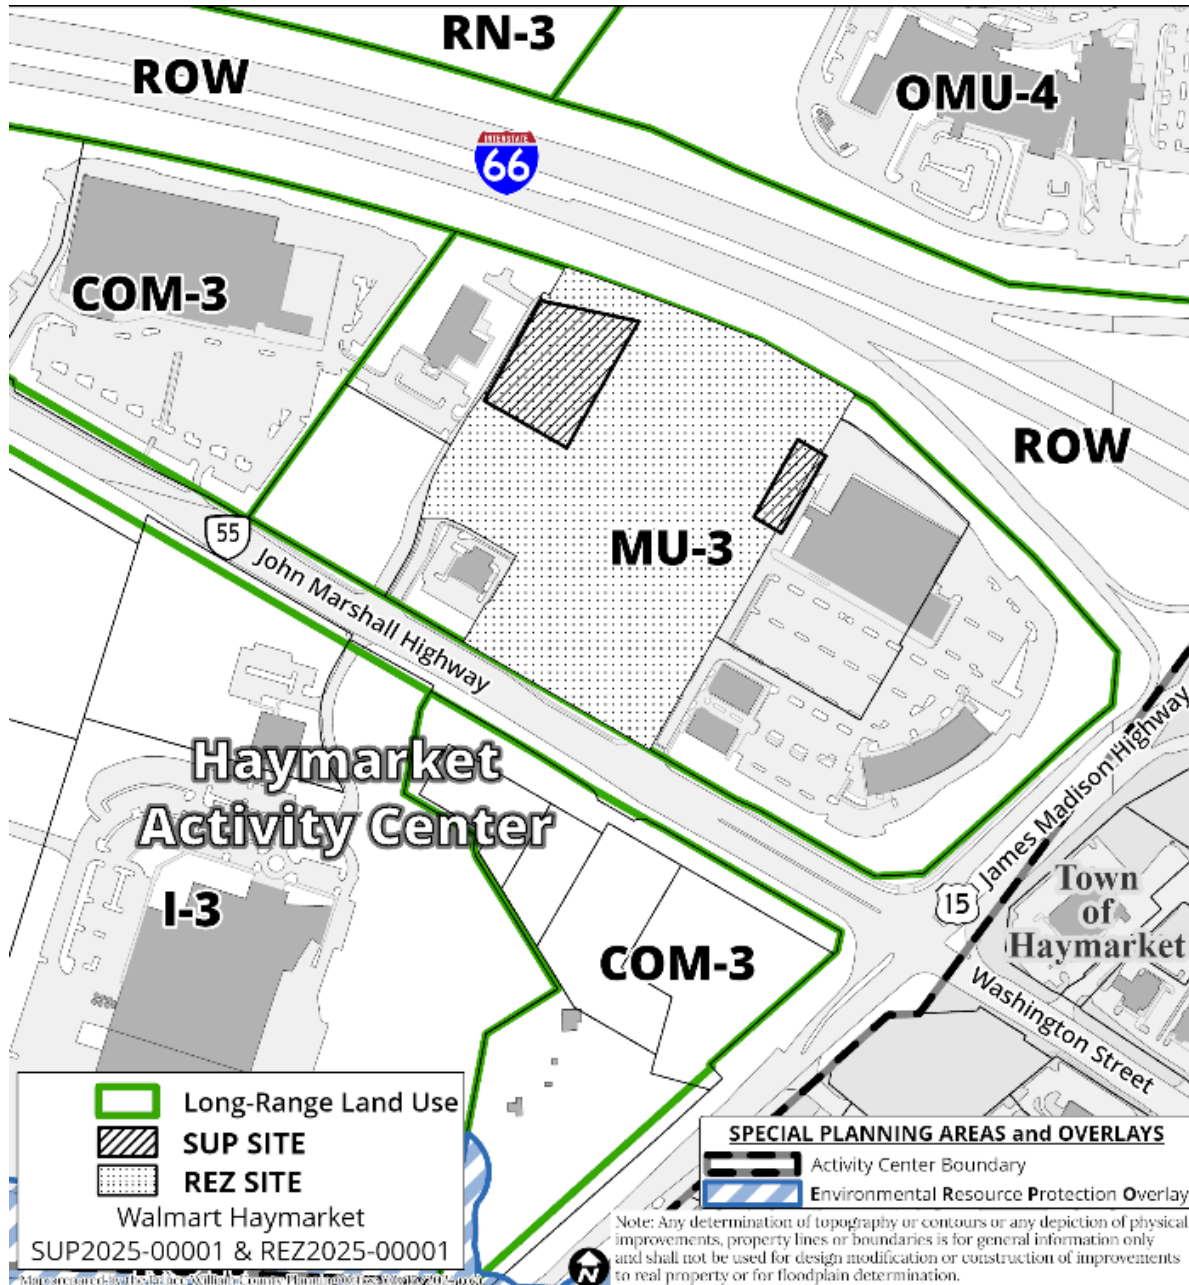

This summary analysis is based on the relevant Comprehensive Plan action strategies, goals, and policies. A complete analysis is provided in Part II of this report.

Comprehensive Plan Sections	Plan Consistency
Long-Range Land Use	Yes
Community Design	Yes
Cultural Resources	Yes
Environment	Yes
Fire & Rescue	Yes
Police	Yes
Transportation	Yes

Part II. Comprehensive Plan Consistency Analysis

The following tables and maps summarize the area characteristics:

Direction	Land Use	Long-Range Land Use Map Designation
North	UVA Health Haymarket Medical Center	MU-3, Mixed Use Community
South	Amazon AWS IAD55 Haymarket	COM-3, Commercial, Transect -3 I-3, Industrial Tech/Flex
East	Market Center at Haymarket Town of Haymarket	MU-3, Mixed Use Community, Town of Haymarket
West	Primrose School, Home Depot	COM-3, Commercial Transect 3

Staff Analysis

Direction	Land Use	Zoning
North	UVA Health Haymarket Medical Center	PMD, Planned Mixed District, PMR, Planned Mixed Residential
South	Amazon AWS IAD55 Haymarket	B-1, General Business District M-2, Light Industrial
East	Market Center at Haymarket Town of Haymarket	PMD, Planned Mixed District
West	Primrose School, Home Depot	PBD, Planned Business District

Long-Range Land Use Plan Analysis

Through wise land use planning, the County ensures that landowners are provided with reasonable use of their land while the County is able to judiciously use its resources to provide the services for residents and employers’ needs. The Long-Range Land Use Plan sets out policies and action strategies that further the County’s goal of concentrating on population, jobs, and infrastructure within vibrant, walkable, mixed-use centers serviced by transit. In addition to delineating land uses on the Long Range Land Use Map, the Plan includes smart growth principles that promote a countywide pattern of land use that encourages fiscally sound development and achieves a high-quality living environment; promotes distinct centers of commerce and centers of community; complements and respects our cultural and natural resources, and preserves historic landscapes and site-specific cultural resources; provides adequate recreational, park, open space and trail amenities that contribute to a high quality of life for county residents; and revitalizes, protects, and preserves existing neighborhoods.

The site is designated MU-3, Mixed Use with a T-3 Transect. The following table summarizes the uses and densities intended within the MU-3 designation as it relates to this project.

Long-Range Land Use Map Designation	Intended Uses and Densities
MU-3, Mixed Use Community	This classification includes both residential and commercial uses arranged in a pedestrian-friendly form. This classification includes locations for residential, community commercial, entertainment destinations, and public facilities directly accessible to surrounding neighborhoods. T-3 is usually found on the periphery of the urban areas and should be on the higher-end of the density range for this transect.

Proposal’s Strengths

- Zoning & Land Use Compatibility: The property is designated as MU-3, Mixed-Use 3 in the County’s Long-Range Land Use Map. The proposed land use of retail with a drive-up merchandise pickup area and the expansion of a retail use is allowed as a use with the approval of a proffer amendment and special use permit. The PMD, Planned Mixed District zoning is an implementing zoning district in the MU-3 land use designation as well. The surrounding uses and land use designations are consistent and compatible with the proposed special use permit.

Proposal’s Weaknesses

- None identified that were correlated to or associated with the County’s Long-Range Land Use Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Long-Range Land Use Plan.

Community Design Plan Analysis

An attractive, well-designed County will attract quality development, instill civic pride, improve the visual character of the community, and create a strong, positive image of Prince William County. The Community Design Plan sets out policies and action strategies that further the County's goals of providing quality development and a quality living environment for residents, businesses, and visitors, and creating livable and attractive communities. The Plan includes recommendations relating to building design, site layout, circulation, signage, access to transit, landscaping and streetscaping, community open spaces, natural and cultural amenities, stormwater management, and the preservation of environmental features.

The Applicant has provided ("Walmart Site Plan") along with "Exterior Elevations" for Walmart, prepared by LK Architecture and Engineering, PC and dated November 29, 2021 ("Walmart Elevations"). The Applicant will continue to comply with the "Comprehensive Building Signage Package for Market Village Center at Haymarket, Virginia", prepared by Bignell Watkins Hasser Architects, P.C. and dated December 19, 2008 ("Façade Signage Plan") and "Comprehensive Site Signage Package for Market Village Center at Haymarket, Virginia", prepared by Bignell Watkins Hasser Architects, P.C. and dated March 10, 2009 ("Site Signage Plan").

Proposal's Strengths

- Exterior Elevations: The Applicant has proffered to substantial conformance with the "Exterior Elevations" for Walmart, prepared by LK Architecture and Engineering, PC and dated November 29, 2021 ("Walmart Elevations").

Proposal's Weaknesses

- None identified that were correlated to or associated with the County's Community Design Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Community Design Plan.

Cultural Resources Plan Analysis

Cultural Resources are tangible links to our shared history which have shaped societal values and provide us with a better understanding of who we are. Good Cultural Resources Management (CRM) practices guide smart and sustainable development while also safeguarding the County's history and retaining a sense of place. Prince William County promotes the identification, research, evaluation, preservation, and documentation consistent with state and federal guidelines and encourages interpretation of cultural resource sites and the heritage tourism opportunities these sites present. Cultural resources are found in architectural or archaeological sites, historic districts, cemeteries, battlefields, cultural landscapes, museum objects, and archival materials; and come from all time

periods and ethnicities; including minority communities. The Cultural Resources Plan's policies and action strategies provide a framework for the Board of County Supervisors, as well as boards, commissions, staff, citizens, and the development community to guide preservation decisions.

The Historical Commission have indicated that no archaeological or historic sites are recorded within the project area. The Historical Commission reviewed the Proffer Amendment and Special Use Permit application at their September 10, 2024, meeting and recommended "the applicant provide an upright framed or wall mounted exhibit displaying a map of local historic sites, with particular attention to battlefields covering the project site: Manassas 2, Buckland Mills, and Thoroughfare Gap, as well as Rt 15 intersecting with Rt 55, Journey Through Hallowed Ground on the way to Historic Haymarket from Thoroughfare. The Historical Resolution No. 24-054 is included as an attachment to this staff report.

Proposal's Strengths

- Further Cultural Resources Review is not warranted: The Cultural Resources Assessment and Record Check indicated that further cultural resource review is not warranted at this time due to ground disturbance or recommendations of no further work from prior cultural resource survey reports.

Proposal's Weaknesses

- None identified that were correlated to or associated with the Cultural Resources Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Cultural Resources Plan.

Environment Plan Analysis

Prince William County has a diverse natural environment, extending from sea level to mountain crest. Sound environmental protection strategies will allow the natural environment to co-exist with a vibrant, growing economy. The Environment Plan sets out policies and action strategies that further the County's goal of preserving, protecting, and enhancing significant environmental resources and features. The Plan includes recommendations relating to the incorporation of environmentally sensitive development techniques, improvement of air quality, identification of problematic soil issues, preservation of native vegetation, enhancement of surface and groundwater quality, limitations on impervious surfaces, and the protection of significant viewsheds.

Proposal's Strengths

- No Environmental Features Present: The proposal will be built within an existing shopping center. There are no known environmental impacts to be anticipated.

Proposal's Weaknesses

- None identified that were correlated to or associated with the Environmental Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Environment Plan.

Fire and Rescue Plan Analysis

Quality fire and rescue services provide a measure of security and safety that both residents and businesses have come to expect from the County. The Fire and Rescue Plan sets out policies and action strategies that further the County's goal of protecting lives, property, and the environment through timely, professional, humanitarian services essential to the health, safety, and well-being of the community. The Plan includes recommendations relating to siting criteria, appropriate levels of service, and land use compatibility for fire and rescue facilities. The Plan also includes recommendations to supplement response time and reduce risk of injury or death to County residents, establishment of educational programs, such as cardio-pulmonary resuscitation (CPR) training, automatic external defibrillators (AED), and encourage installation of additional fire protection systems – such as sprinklers, smoke detectors, and other architectural modifications.

The first due fire/rescue resource for this subject site is Fire/Rescue Station #24. The site is within a 4.0-minute travel time for fire and basic life support and the 8.0-minute travel time for advanced life support. In FY2023, Fire/Rescue Station # 24 responded to 1,490 incidents, while the workload capacity was 2,000 incidents per year. No additional impacts are expected from this use.

Proposal's Strengths

- Inside of 4.0-Minute Travel Time – The site is located inside the 4.0-minute travel time for fire suppression and basic life support.
- Inside of 8.0-Minute Travel Time – The site is located within the recommended 8.0-minute travel time for advanced life support.
- Station Workload – The most recent figures indicate that Fire/Rescue Station #4 is currently operating within capacity.

Proposal's Weaknesses

- None identified that were correlated to or associated with the Fire and Rescue Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Fire and Rescue Plan.

Police Plan Analysis

Residents and businesses expect a high level of police service for their community. This service increases the sense of safety and protects community investments. The Police Plan is designed to promote Prince William County's public safety strategic goal to continue to be a safe community, reduce criminal activity, and prevent personal injury and loss of life and property, as well as to ensure effective and timely responses throughout the County. This Plan encourages funding and locating future police facilities to maximize public accessibility and police visibility as well as to permit effective, timely response to citizen needs and concerns. The Plan recommends educational initiatives, such as Neighborhood and Business Watch, and Crime Prevention through Environmental Design (CPTED), which encourages new development to be designed in a way that enhances crime prevention. The Plan also encourages effective and reliable public safety communications linking emergency responders in the field with the Public Safety Communications Center.

At this time, the Police Department does not believe this application will create significant impact on calls for service. The Applicant should coordinate with the Police Department as the site develops, and apply the various Crime Prevention Through Environmental Design (CPTED) principles, which can be found at the following: <http://www.pwcgov.org/government/dept/police/Pages/CPTED.aspx>

Proposal's Strengths

- Graffiti Removal & Reporting – As proffered, the Applicant agrees to remove any graffiti from the property. Any graffiti is to be reported to the Police Department before removal.
- Surveillance - As conditioned, the use will be under 24-hour camera surveillance and a sign will be posted indicating such.

Proposal's Weaknesses

- None identified that were correlated to or associated with the Police Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Police Plan.

Transportation Plan Analysis

By providing a multi-modal approach to traffic circulation Prince William County promotes the safe and efficient movement of goods and people throughout the County and surrounding jurisdictions. The Transportation Plan sets out policies and action strategies that further the County's goal of creating and sustaining an environmentally friendly, multi-modal transportation system that meets the demands for intra- and inter-county trips, is integrated with existing and planned development, and provides a network of safe, efficient, and accessible modes of travel. The Plan includes recommendations addressing safety, minimizing conflicts with environmental and cultural

resources, maximizing cost effectiveness, increasing accessibility of all travel modes, minimizing projected trip demand, and providing sufficient network capacity. The County recognizes that it is not possible to address congestion through road investments alone and has reduced the acceptable standard to (LOS) of "E" specifically in Small Area Plans, in Activity Centers, and on Arterials. Projects should include strategies that result in a level of service LOS "E" or better on all roadway, corridors, and intersections, reduce traffic demand through transportation demand management strategies, dedicate planned rights-of-way, provide and/or fund transit infrastructure, pedestrian, and bicycle pathways, and improved and coordinated access to transit facilities.

Due to minimal traffic generated by the proposed Walmart store merchandise pick up area expansion, a Traffic Impact Analysis ("TIA") was not required by the County or the Virginia Department of Transportation ("VDOT") as part of the application review.

Proposal's Strengths

Obstruction of Travelways – As proffered, the Applicant will ensure that all vehicles associated with the use do not obstruct the travelways, sidewalks, fire lanes, site access, and adjoining road network or encroach upon buffer and landscaped areas, as shown on the SUP Plan.

Proposal's Weaknesses

- None Identified that were correlated to or associated with the County's Transportation Plan.

Consistency Recommendation

Staff recommends that this application is consistent with the relevant components of the Transportation Plan.

Materially Relevant Issues

This section of the report is intended to identify issues raised during the review of the proposal, which are not directly related to the policies, goals, or action strategies of the Comprehensive Plan, but which are materially relevant to the County's responsibilities in considering land use issues. There are no materially relevant issues regarding this case.

Modifications / Waivers

The Applicant is not requesting additional waivers or modifications except those that were previously approved with REZ2002-00017.

Agency Comments

Staff Analysis

The following agencies have reviewed the proposal, and their comments have been summarized in relevant comprehensive plan chapters of this report. Individual comments are in the case file in the Planning Office:

- PWC Planning Office – Case Manager / Long-Range Planning / GIS Specialist
- PWC Building Official
- PWC Watershed Management
- PWC Fire Marshal's Office
- PWC Land Development
- PWC Crime Prevention Police
- PWC Zoning Administration
- PWC Transportation
- Virginia Department of Transportation ("VDOT")
- Historical Commission

LANDSCAPE PLAN NOTES:

- FINAL LANDSCAPE PLAN IS SUBJECT TO CHANGE WITH FINAL ENGINEERING DESIGN.
- ALL NEW PLANTING AREAS WILL REQUIRE SOIL REMEDIATION TO FACILITATE ADEQUATE EXPANSION OF TREE AND SHRUB ROOTS TO SUPPORT HEALTHY PLANTS. ALL LANDSCAPE AREAS, PARKING LOT ISLANDS AND BUFFERS, WHICH HAVE BEEN SUBJECT TO PAVEMENT AND/OR COMPACTION SHALL HAVE PRIORITY TO PLANTING.
 - ALL FOREIGN MATERIALS (ASPHALT, CONCRETE, ROCK, GRAVEL, DEBRIS, ETC.) REMOVED AND THE SOIL LOOSENED TO A DEPTH OF A MINIMUM OF 3".
 - BY A TOP DRESSING OF 4" TO 6" OF CLEAN TOPSOIL PROVIDED. THIS TOPSOIL SHALL BE A LOAM, SANDY LOAM, CLAY LOAM, SILT LOAM, OR SANDY CLAY LOAM. THE TOPSOIL SHALL NOT BE A MIXTURE OF OR CONTAIN CONTRASTING TEXTURED SUBSOILS. THE TOPSOIL SHALL CONTAIN LESS THAN 5% BY VOLUME OF CHIPPERS, STONES, SLAG, COARSE FRAGMENTS, STICKS, ROOTS, TRASH, OR OTHER MATERIALS LARGER THAN 1" IN DIAMETER AND SHALL NOT CONTAIN GRAVEL. THE TOPSOIL SHALL CONTAIN A MINIMUM OF 5% NATURAL FINE ORGANIC MATTER, SUCH AS LEAF MOLD, PEAT MOSS, ETC. AREAS TO RECEIVE THIS REMEDIATION WILL BE CLEARLY SHOWN ON THE FINAL SITE/SUBDIVISION PLAN.
- ALL EXISTING TREES SHALL BE PRUNED UP TO 6' ABOVE FINISHED ELEVATION SO THAT THE BRANCHES DO NOT CONFLICT WITH THE EXISTING OR PROPOSED TRAFFIC SIGNS.
- CONTRACTOR SHALL PROVIDE A MINIMUM 3' RADIUS RING OF DOUBLE SHREDDED HARDWOOD MULCH AROUND ALL EXISTING AND PROPOSED TREES AND SHRUBS WITHIN THE PROJECT AREA. ALL OTHER DISTURBED VEGETATED AREAS SHALL BE PERMANENTLY SEEDED UNLESS OTHERWISE SPECIFIED ON THE PLAN.

PLN2002-00017 / 2	Transportation	Transportation	<p>Route 55/Route 15 Intersection - The Applicant shall construct intersection improvements at Route 55 and Route 15 as shown on the Improvements Plan and described below. Construction of said improvements shall commence as a part of the first phase of development of the South Property and shall be in service for use by the time the first occupancy permit is issued for the South Property.</p> <p>a. Intersection improvements including pavement widening, striping, signage and signalization to accommodate a left turn lane and a combined left turn and through lane from eastbound Route 55 to northbound Route 15.</p> <p>b. Construction of a through lane on eastbound Route 55 east of Route 15 toward the Town of Haymarket to receive the eastbound through lane referenced in subparagraph 2.a. above, subject to the availability of right of way and/or easement as set forth in subparagraph 2.j. below.</p> <p>c. Construction of a dedicated right turn lane from eastbound Route 55 to southbound Route 15.</p> <p>d. Construction of a southbound through lane on Route 15 from Route 55 south with a transition to the existing pavement</p> <p>e. Intersection improvements including signage, striping and signalization on northbound Route 15 to improve the existing left turn, through and right turn movements south of Route 55.</p> <p>f. Intersection improvements including limited construction, striping, signage and signalization to provide a left turn lane on westbound Route 55 to southbound Route 15, subject to the availability of right of way and/or easements as set forth in subparagraph 2.j. below.</p> <p>g. Intersection improvements to include pavement, striping, signage and signalization along Route 55 east of Route 15, subject to the availability of right of way as set forth in subparagraph 2.j. below.</p>	Phase I	Satisfied	Does not affect proposed expansion of store	
	Transportation	Transportation	<p>h. Construction of a dedicated right turn lane from southbound Route 15 to westbound Route 55.</p> <p>i. Intersection improvements including pavement, striping, signage and signalization on southbound Route 15 to improve existing left, thru and right turn lanes north of Route 55.</p> <p>J. In the event off-site right of way is required in order to provide the improvements identified hereinabove and the Applicant is not able to acquire such right of way, the Applicant shall request the County to acquire the right of way and easements by means of its condemnation powers at Applicant's expense. Applicant's request shall be in writing and shall comply in all respects with the County's Eminent Domain Policy. Said request shall be made to the appropriate County agency and shall be accompanied by the following:</p> <p>(1) The names of the record owners, the property addresses, tax map parcel numbers and GPIN numbers for each landowner from whom such right of way and/or easements are sought.</p> <p>(2) Plats, plans and profiles showing the necessary right of way and/or easements to be acquired and showing the details of the proposed transportation improvements to be located on each such property.</p> <p>(3) An independent appraisal of the value of the right of way and easements to be acquired, and any and all damages to the residue of the involved property, said appraisal to be performed by an appraiser licensed in Virginia and approved by the County.</p> <p>(4) A 60 year title search of each involved property.</p> <p>(5) Documentation demonstrating to the County's satisfaction Applicant's good faith, best efforts to acquire the right of way and/or easements, at a cost of at least the appraised value of the involved property interests.</p>	Phase I	Satisfied	Does not affect proposed expansion of store	

Proffer / Condition Number	Condition Category	Sub-Category	What	When (Proffer Trigger)	Proffer / Condition Status	Comments / Clarifications	County Comment?
	Transportation	Transportation	<p>(6)A letter of credit acceptable to the County, cash or equivalent (from a financial institution acceptable to the County) in an amount equal to the appraised value of the property to be acquired, and all damages to the residue, together with an amount representing the County's estimate of its cost of condemnation proceedings, in a form permitting the County to draw upon the same as necessary to effectuate the purposes hereof.</p> <p>(6)A letter of credit acceptable to the County, cash or equivalent (from a financial institution acceptable to the County) in an amount equal to the appraised value of the property to be acquired, and all damages to the residue, together with an amount representing the County's estimate of its cost of condemnation proceedings, in a form permitting the County to draw upon the same as necessary to effectuate the purposes hereof.</p>	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 3	Transportation	Transportation	<p>Route 15 (north of I-66)</p> <p>a.The Applicant shall construct right and left turn lanes on Route 15 at the North Property Access Road as a part of the first phase of development of the North Property if not already constructed by others.</p> <p>b.At the time the first building permit is issued in connection with that plan which generates, on a cumulative basis, more than 3,000 vpd, if not already constructed by others, the Applicant shall construct two (2) additional lanes on Route 15 with a transition to the existing bridge along the frontage of the property identified with G.P.I.N. 7298-83-7664, the alignment of said improvements to be in general conformance with the plan entitled "Westmarket Route 15 Preliminary Engineering Plan", prepared by Dewberry & Davis LLC and dated January 18, 2002.</p> <p>c.The Applicant shall initiate and provide a traffic signal warrant study for the intersection of Route 15 and the North Property Access Road at the request of the Department of Public Works Transportation Division at any time during development of the Property. If warranted and approved by VDOT during the development of the Property, and if not constructed or committed by others, the Applicant shall construct a traffic signal at said intersection.</p>	Phase I	Satisfied	Does not affect proposed expansion of store	

Proffer / Condition Number	Condition Category	Sub-Category	What	When (Proffer Trigger)	Proffer / Condition Status	Comments / Clarifications	County Comment?
PLN2002-00017 / 4	Transportation	Transportation	<p>North Property Access Road</p> <p>a. In conjunction with the construction of the first phase of development of the North Property, the North Property Access Road shall be constructed between the North Property and Route 15 as generally shown on the North Property Access Road Plan. The exact location of entrances shall be determined at the time of final engineering and additional access points shall be permitted in accordance with applicable standards in the Design and Construction Standards Manual (DCSM) or as otherwise approved by the Department of Public Works. Said road shall be constructed and available for use at the time the first occupancy permit is issued for the North Property. The Applicant reserves the right to phase the construction of the said roadway improvements based on the daily vehicle trips (vpd) generated with each phase of development.</p> <p>b. The Applicant shall construct the North Property Access Road through the North Property to the westernmost access to the North Property as generally shown on the North Property Access Road Plan. Said road shall be constructed as development of the adjacent landbays occurs.</p> <p>c. The Applicant shall reserve right of way up to sixty feet (60') in width from the westernmost entrance to the North Property to the western boundary of the North Property to allow for the ultimate construction of a roadway to the western boundary of the North Property by others.</p> <p>d. The Applicant shall provide turn lanes at each entrance to the North Property from the North Property Access Road in accordance with applicable County standards or as otherwise approved by the Department of Public Works.</p> <p>e. The Applicant shall submit to the Department of Public Works an updated traffic count at the time a site/subdivision plan is submitted for each section and/or land bay on the North Property in order to confirm the road section and standard required for the North Property Access Road based on the daily vehicle trips generated by development on the North Property.</p>	Phase I	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 5	Transportation	Transportation	<p>Notwithstanding the details of the specific improvements referenced in proffers #1, #2 and #4 above, modifications to the details of such improvements may be required based on County and VDOT review and final engineering at the time of final plan review.</p>	Final Plan Approval	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 6	Transportation	Transportation	<p>The Applicant shall make a monetary contribution to the Prince William Board of County Supervisors in the amount of \$2,903 per multi-family unit for each unit constructed on the North Property to be used for transportation improvements in the area. Notwithstanding the above, the Applicant shall receive a credit against said contribution up to a maximum of \$1,400,000 for the improvements referenced in proffer #2 above (\$2,903 x 482 d.u.) and, accordingly, said per unit contribution shall be made prior to and as a condition of the issuance of each residential building permit over 482 units.</p>	Residential Permitting	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 7	Transportation	Transportation	<p>The Applicant shall make a monetary contribution to the Prince William Board of County Supervisors in the amount of \$1,000 per acre for all land developed with nonresidential uses to be used for transportation improvements in the area. The contribution for nonresidential uses shall be based on the area reflected on each such site plan and shall be paid with the issuance of the first land development permit for each such site plan.</p>	First LDP	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 8	Transportation	Transportation	<p>The Applicant shall reserve right of way consisting of approximately 1.5 acres for an urban diamond interchange in the southwest quadrant of the I-66/Route 15 interchange as generally shown on the Interchange Plan. The Applicant reserves the right to use said land for landscaping, parking and other similar types of uses prior to construction of the interchange improvements provided that no structures shall be constructed in said area.</p>	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	

Proffer / Condition Number	Condition Category	Sub-Category	What	When (Proffer Trigger)	Proffer / Condition Status	Comments / Clarifications	County Comment?
PLN2002-00017 / 9	Transportation	Transportation	If requested by the County at the time a site plan is filed for Landbay 3, the Applicant shall provide for an interparcel connection along the common property boundary with the adjacent property to the west identified with G.P.I.N. 7298-64-2019. The location of said interparcel connection shall be determined by the Applicant at the time a site plan is filed for that portion of Landbay 3 located adjacent to the western property boundary.	Landbay 3 Site Plan	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 10	Transportation	Transportation	The Applicant shall make a monetary contribution to the Prince William Board of County Supervisors in the amount of \$100,000 to be used for transportation studies, design/engineering and/or actual transportation improvements in the general vicinity of Route 55/Route 15/1-66. Said contribution shall be made prior to and as a condition of the approval of the first final site/subdivision plan for the Property.	First Final Site / Subdivision Plan	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 11	Uses and Site Development	Uses and Site Development	Development of the Property will be in substantial conformance with the Master PMD Zoning Plan. With reference to those Landbays which incorporate the area to be dedicated for the North Property Access Road right of way, it is intended that the boundary of each such Landbay be the centerline of the North Property Access Road as the alignment of said roadway is established at the time of final plan. The exact boundaries and acreage of each Landbay may be increased or decreased at the time of site plan/subdivision, not to exceed ten percent (10%) of the gross area of the larger Landbay impacted by each such change	Final Plan Approval	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 12	Uses and Site Development	Uses and Site Development	The maximum number of residential units constructed in Landbay 1 shall not exceed 500 units and all such units shall be multi-family.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 13	Uses and Site Development	Uses and Site Development	A minimum of two and not more than three multi-family unit types shall be constructed on the North Property, said unit types may include Housing Types J, K or L as identified in Section 306.12(6) of the Zoning Ordinance, modified unit types #1, #2 and #3 as set forth in Attachment A, or other modified multi-family housing types as approved by the Zoning Administrator.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 14	Uses and Site Development	Uses and Site Development	A minimum of fifty percent (50%) of the units constructed on the North Property shall be initially "for sale" units by the developer.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 15	Uses and Site Development	Uses and Site Development	Development in Landbay 3 shall be in substantial conformance with the layout depicted on the Illustrative Village Plan. The Applicant shall have the flexibility to shift the location of the neighborhood and destination retail and employment uses but the corner icon building and main street retail uses shown on the Plan shall be provided substantially as shown on the Illustrative Village Plan.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 16	Uses and Site Development	Uses and Site Development	A maximum of 350,000 square feet of gross floor area shall be constructed in Landbay 3.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 17	Uses and Site Development	Uses and Site Development	A minimum of five (5) acres shall be reserved for development of a minimum of 50,000 cumulative square feet of office gross floor area in Landbay 3. At the time a site plan is approved and the construction commences on a building(s) containing a minimum of 50,000 cumulative square feet of office gross floor area, the reservation of the said five acres shall no longer be required and the Applicant shall have the right to use such excess land for any uses otherwise permitted in Landbay 3. In connection with the construction of office uses in Landbay 3, the Applicant shall have the right to provide retail and service commercial uses on the first floor of buildings that are a minimum of three stories.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	

Proffer / Condition Number	Condition Category	Sub-Category	What	When (Proffer Trigger)	Proffer / Condition Status	Comments / Clarifications	County Comment?
PLN2002-00017 / 18	Uses and Site Development	Uses and Site Development	A maximum of 750,000 cumulative square feet of gross floor area shall be constructed in Landbay 2 and all said uses shall be as permitted and regulated in the zoning districts referenced by the "OC3" designation. The Applicant shall not be permitted to exceed the 750,000 square feet of gross floor area without first submitting a revised Traffic Impact Analysis (TIA) for review and approval by the Department of Public Works Transportation Division and constructing those improvements identified in the TIA necessary to accommodate the traffic generated by the additional development.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 19	Community Design	Community Design	All development on the Property shall be in substantial conformance with the design concepts and details set forth in the Design Guidelines.	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
PLN2002-00017 / 20	Community Design	Community Design	All residential structures constructed in Landbay 1 shall include any one or a combination of the following building materials: brick, stone, vinyl siding, masonry, hardiplank or other similar material as approved by the Planning Director or his designee. Roof materials shall include asphalt shingle, cedar shakes or standing seam metal. The architectural styles of the residential units shall be in substantial accordance with the elevations of the respective alternative housing types included in Attachment A or, in the event a standard unit type as identified in the Zoning Ordinance is constructed, such units shall be of a similar architectural style as depicted in the alternatives. By way of example, some or all of the following architectural features, or similar types of features, would be used: a. Windows, porches, stairs, railings, shutters, dormers, chimneys and projecting wall surfaces to break up larger wall surfaces and to establish visual interest. b. Protective entry courts, common vestibules, covered breezeways or enclosed stair halls to reduce the number of visible doors, unless designed in a row house or townhouse manner oriented toward the street. c. Garages designed to be integrated with the building design or sited so as to avoid long uninterrupted rows of garage doors and building walls. d. Architectural embellishments of the architectural features identified above may include cornice lines, fascia boards, pilasters and columns. PLN2002-00017 / 21	Community Design	Community Design	<p>With reference to Landbay 2, the following design and development parameters shall apply:</p> <p>a.A coordinated architectural design theme shall be utilized in the development of Landbay 2. The exterior of all structures in Landbay 2 shall be composed of brick, glass, architectural pre-cast concrete, job-cast architectural concrete, wood or other comparable siding. Other similar materials may be used as approved by the Zoning Administrator, or his designee, but in no event shall metal siding buildings be allowed. In the event a hotel is constructed in Landbay 2, such use may utilize materials and a style characteristic of such use provided a reasonable effort is made to incorporate common elements which result in an overall coordinated development in Landbay 2.</p> <p>b.All development shall be constructed with four sided architecture (i.e., all elevations shall contain similar architectural features and materials).</p> <p>c.A minimum of fifty percent (50%) of each building will be brick with accent materials.</p> <p>d.Rooftop mechanical shall be screened with materials that are compatible with the primary building material.</p> <p>e.A maximum of twenty percent (20%) of the parking provided in connection with each building constructed in Landbay 2 may be located between the buildings and I-66 right of way. In the event parking is so located, additional landscaping and/or berming shall be provided in order to break up the line of sight into said parking areas.</p> <p>f.Expanses of building façade in excess of 150' shall utilize architectural treatments and design techniques to break up the massing. Examples of such architectural treatments include vertical features such as entrances, pilasters, columns, steps, modulations in the façade, color and material breaks/variations and building fenestrations, or other treatments as approved by the Planning Director or his designee.</p>	Permitting/ Development	Satisfied	Does not affect proposed expansion of store	
	Community Design	Community Design	<p>g.A minimum of seven percent (7%) interior parking lot landscaping shall be provided.</p> <p>h.Specialty paving, such as but not limited to imprinted and color asphalt, concrete unit pavers, shall be used on select pedestrian crosswalks on internal roads and travelways for accent purposes.</p> <p>i.A minimum of 20,000 square feet of plaza area shall be provided. Said plaza area may be provided in two separate locations, each containing a minimum of 10,000 square feet. A minimum of 10,000 square feet of plaza area shall be provided at the time 50% of the land area in Landbay 2 is developed and the balance shall be provided with completion of the development in Landbay 2. Each said plaza area(s) shall include the following elements: benches/seating walls, raised planters/freestanding planter pots, decorative lighting, bollards, tables and chairs, specialty paving, informational/decorative signage, and a focal feature such as sculpture, gazebo, water feature or ornamental specimen tree, or shall be designed as otherwise approved by the Planning Director or his designee.</p> <p>J.At the time the first sketch/preliminary plan is submitted for Landbay 2, an overall sketch/concept plan shall be filed, to include a minimum of fifty percent (50%) of the land area contained in Landbay 2, depicting the overall network elements within said area in order to help ensure the coordinated development of the Landbay. Examples of the types of elements to be included on the said sketch/concept plan include pedestrian connections between uses, internal roads/travelways, plaza(s) and the like. At the time the first sketch/preliminary plan is submitted which encroaches into the balance of Landbay 2, a similar sketch/concept plan shall be provided which depicts the network elements for the entire Landbay 2. Notwithstanding the submission of said sketch/concept plan, the Applicant shall have the right to modify said plan during the course of development as each subsequent final plan is submitted.</p>	Permitting/ Development	Satisfied	Does not affect proposed expansion of store

HISTORICAL COMMISSION RESOLUTION

MOTION: PORTA

September 10, 2024

SECOND: BRICKLEY

Regular Meeting

Res. No. 24-054

RE: LAND DEVELOPMENT RECOMMENDATIONS

ACTION: APPROVED

WHEREAS, the Prince William County Historical Commission seeks to identify, preserve and protect historic sites and structures in Prince William County; and

WHEREAS, the Prince William County Historical Commission's review of pending land development applications assists in determining the necessity for cultural resource surveys and other research and evaluations; and

WHEREAS, the Prince William County Historical Commission believes that the identification, preservation and protection of historic sites and structures throughout Prince William County is well served by this action;

NOW, THEREFORE, BE IT RESOLVED, that the Prince William County Historical Commission does hereby recommend to the Prince William County Planning Commission the action(s) noted for the following properties:

<u>Case Number</u>	<u>Name</u>	<u>Recommendation</u>
REZ2024-00002	Balls Ford Road Crossing 2 nd Submission	No Further Work
REZ2025-00001	Walmart Haymarket PRA	Recommend applicant provide an upright framed or wall mounted exhibit displaying a map of local historic sites, with particular attention to battlefields covering the project site: Manassas 2, Buckland Mills, and Thoroughfare Gap, as well as Rt 15 intersecting with Rt 55, Journey Through Hallowed Ground on the way to Historic Haymarket from Thoroughfare.

Case Number	Name	Recommendation
SUP2025-00001	Walmart Haymarket	See REZ2025-00001
PFR2024-00012	Public Safety Training Facility 2 nd Submission	No Further Work
REZ2023-00031	Thomas Farm at Bristow Station 4 th Submission	Recommend a permanent fence around cemetery and a hard surface access trail. Recommend applicant strongly consider the land swap recommended by the Department of Parks and Recreation.
REZ2022-00011	East Gate Apartments 2 nd Submission	No Further Work
REZ2024-00044	Wellington Glen Land Bay J Proffer Amendment 2 nd Submission	Table
REZ2023-00018	Gardner Property 2 nd Submission Updated	Recommend applicant fabricate and install an Interpretive Sign (NPS Wayside style sign) on the property, recognizing Buckland Mills Battlefield, with content provided by the Historical Commission.
REZ2024-00048	Maple Valley Grove	Table
REZ2025-00002	Chinn Landing	No Further Work
SUP2025-00006	Dunkin at Barracks Row Quantico	No Further Work
